

for the encourage-
ment of the public to produce
Hay and Clover seed,
together with a few bushels of Seed Wheat
of the first quality, belonging to the Company,
are to be purchased at Mr. Coburn's store,
Fredericton, at cost price.

We observe in addition to the other Agri-
cultural Societies which are forming in the
northern section of the Province, that one
has recently been organised in the County of
Kent. This course is highly laudable; as
whatever may be the result of the determi-
nation of Parliament with reference to the
Timber duties, there can be no doubt but that
the agriculture of the Province must be more
generally attended to; and its inhabitants
should become less dependent upon other
countries for their supplies of the necessities
of life.

We have received a communication signed
VERITAS, relative to the conduct of the Si-
pendiary Constables at a Magistrate's Court
held during the past week; the charge un-
der consideration being that of riding on the
sidewalks, or rather mud-puddles on each
side of the street. It is evidently written un-
der excited feelings, and as the Magistrate
we understand, will prevent a recurrence of
the conduct alluded to, we forbear publish-
ing it.

It were as well to observe however, that
the difficulty complained of would be pre-
vented, if the Magistrate would examine the
witnesses. The duty of the Constable is
to make the complaint if he witness the of-
fence; and if not, the person who is so offi-
cious as to inform, becomes an evidence in
his place, and the other has nothing farther
to do with the matter. Either of them there-
fore is merely an evidence, and it is the duty
of the Magistrate alone to elicit such testi-
mony as he can afford.

Monday last being Her Majesty's Birth day,
the 36th Regt. under the command of Major
CARRNES, formed near the church; having a
detachment of the Royal Artillery on the
right. At 12 o'clock, His Excellency the
Lieut. Governor arrived on the ground, and
was received under a salute from the Royal
Artillery. The 36th then fired a feu-de-joie,
running down the front rank and returning
by the rear. The regiment then presented
arms, the band playing the national anthem,
and afterwards marched past His Excellency
in slow and quick time.

At one o'clock Sir WILLIAM COLEBROOKE
held a Levee at Government House, which
was numerously attended. In St. John the
day was kept in the usual manner.

The Britannia steamer having run on the
Sisters, a ledge of rocks near Halifax har-
bour on her passage from Boston; it was
deemed necessary to send her to St. John,
for the purpose of ascertaining what injury
she had sustained. This has since been
found to be trifling, and she has sailed from
that port on her return to Halifax; at which
place the passengers remained, the private
houses of many of the inhabitants having
been thrown open for their accommodation,
the hotel not being quite completed.

It is stated in the St. John papers, and we
believe correctly, that the Salary of Sir John
Harvey, whose appointment as Governor of
Newfoundland we mentioned in our last,
will be £4000; and that his Excellency is to
succeed Lord Falkland as Governor of Nova
Scotia; who goes to Canada, upon the re-
tirement of Lord Sydenham.

The backward weather which we have had
seems to have pervaded the whole of North
America. It has set in fine however, during
the present week, and there is every prospect
of a fine season.

We have witnessed the effects produced by
the use of the Blacking advertised by Mr. HAR-
BELL, and can confidently recommend it for
general use: as preferable to that which is im-
ported.

"Caution to Postmasters, Sub-Postmasters or
other Persons employed in the Post Office."

"General Post Office, Feb. 1841."

"The complaints on the subject of missing
newspapers, stated to have been committed to
the post continue to be so numerous, that his
lordship thinks it expedient that every one en-
gaged in the Post Office service should be made
acquainted with the 32d section of the Act 1st
Vict. cap. 28th, by which it is provided, 'That
every person employed in the Post Office, who
shall steal, or shall secrete or destroy, or shall
wilfully detain or delay in the course of convey-
ance or delivery thereof by the post, any printed
newspaper, without covers or in covers, open at
the sides, shall be guilty of a misdemeanor, and
being convicted thereof shall suffer such punish-
ment by fine or imprisonment or by both as to
the court shall seem meet;' and his lordship
further desires it may be distinctly understood,
that every individual acting in any capacity in
the service of the Post Office, who shall be guilty
of such an offence, will be prosecuted with
the utmost rigour of the law."
