HALIFAX,
FRIDAY, DECEMBER 26, 1823.

CUSTOM-HOUSE.—Entered, brigs George, Dougherty, Rio Janeiro; Armenia, M'Kenna, Demerara; Matilda, Dillon, Trinidad; schrs. Countess Dalhousie, Cunningham, Gibraltar; Phoenix, Skinner, Grenada; Maria, Richardson, N. York; Billow, Barker, Boston.
Cleared—Schr. Newfid. Packet, Allan, St. John's Newfld.

Our files of American papers brought by the Billow, are to the 17th inst. and contain accounts from London to the 6th, and from Liverpool to the 8th ult.

Several of the late London papers assert, that a Congress, to consist of Ministers from the Courts of Spain, France, Russia, Austria and Prussia, is to be held at an early date—for the purpose of determining on the measures requisite to be pursued in the present state of affairs in South America:—The Congress will, it is supposed, be unanimously desirous of bringing back the Spanish Colonies to a state of dependence on the Old Country; and the question, (says the *Globe* of Nov. 3.) will then be forced on us—"Will England interfere, to prevent any Enterprise against South America, should such an Enterprise be attempted?"—The question is most important; as the decision may involve us again in a war, with almost every Power in Europe against us!

GUERNSEY, Nov. 2. The Francis Free-ling packet was driven on shore in the late gale; but fortunately got off again.

Accounts from Gibraltar to October 30, say that upwards of 340 unfortunate Spaniards, amongst whom were 60 of the late Cortes, had flown to the Rock as an asylum; and were to proceed from thence to England—the favorite resort of the oppressed, from almost every country.

Riego's wife and family reside in England.—'tis said in a state of indigence.—The Morning Chronicle asserts that the General is not one of those who have profited by the recent convulsions in Spain.

Whites in Barbadoes—Blacks in Philadelphia.

Thirty three Blacks, or people of color, were lately brought to trial in Philadelphia, and fully convicted of riotous and violent conduct, in taking possession of the Wesleyan Meeting House, in Lombard street, Philadelphia.

Orders were received at the Havana Nov. 22, for the complete restoration of the Old Government, &c.

A Pirate, called The Butcher, was waiting his trial at the Havana, who boasts having put to death no less than forty two individuals of different countries.

The Ann, Thompson, from Jamaica for Picton, went on shore Nov. 5, in the Bahama channel; and was seen next day with signals of distress flying.

The Lady Louisa, packet sailed from New York for Falmouth on the 6th inst.

The Gallego brig, 31 days from Pernambuco, arrived at Boston, Dec. 15.—Passenger Capt. Tidmarsh, of this town.

Highly Pleading.—Messrs. Black and Hosterman have established a valuable Grist Mill, at the head of the N. W. Arm; and another Grist Mill has also been established on the Southern side of that sheet of water, by Mr. Dingle, on the site of that lately destroyed by fire.

PRESIDENT'S MESSAGE. A respectable American paper (the *Richmond Enquirer*), having undertaken to analyze this interesting Document, has divided it into fifteen parts, viz. 1st, Relations with Great Britain; 2d with France; 3d Russia; and 4th, S. America; 5th Slave Trade; 6th Abolition of Privateering; 7th Financials, &c. 8th Army, Military Academy and Fortifications; 9th Expedition against the Ricaree Indians; 10th Militia; 11th Navy, &c. 12th Post Office concerns; 13th Tariff; 14th Internal Improvements; 15th Struggle of Spain—of the Greeks; Mar. chinations against South America; and Internal prospects. The hints given, relating to *Privatizing, the struggles of Spain*, and of *South America*, are highly and deservedly popular; and the latter have been strengthened, by the report of a Congress to be held by the Members of the Holy Alliance, for the purpose, as is said, of forming plans for the subjugation of the Spanish States (late Colonies,) in South America.—An Alliance is even spoken of, as having been proposed, between Great Britain and the U. States—which would be highly honorable to both parties—though the weight and expense of such a plan, would lay heavy, we suppose, as is generally the case, on the British Treasury.

The same paper, *Richmond Enquirer*, whilst it expresses high approbation of the general tenor of the message, declares, that it does not "approve of ALL the suggestions in it;" one of which is, probably, that relating to the *Slave Trade*; for, we can hardly do honor to the idea of suppressing that "infamous traffic," as it is properly denominated; whilst thousands, and tens of thousands, and hundreds of thousands, of unfortunate Blacks, are still held in absolute slavery by Virginia Planters.—The principles of *Right and Wrong* are immutable, in every time and place, and under every circumstance:—Not is there the same pretext in the U. States against a general emancipation as in the W. India Islands—the overwhelming and terrific population of the Blacks!

QUEBEC, Nov. 27. It is rumoured, and

we believe correctly, that the Hon. John Hale is to succeed the Hon. Mr. Caldwell, as Receiver General; and Thomas Ainsley Young, Esq.; to be Inspector Gen. of Accounts, vice Hale. The Hon. Justice Kerr has been called to the Legislative Council.

Three Messages from the Governor in Chief have been presented to the House of Assembly.—That relating to the deficiency in the Receiver General's chest, states the amount to be £96,000; the 2d states the award to Upper Canada, under the Trade Act, at £12,000; and requires provision for the same. Under the Embarrassment of the Civil Government, in the first instance, his Excellency the Governor in Chief took upon himself the responsibility of granting Loans upon the Military Chest.

Dec. 4—Last evening the House was engaged in renewing its testimonial in favor of the Administration of the late Sir George Prevost, Governor in Chief, which was agreed to unanimously.

The brig Elizabeth, Philip Jones, master, from hence on Thursday last, was swept on shore at St. Roche by the ice, and completely lost on Sunday—Crew saved.

Weather.—Nov. 15 the thermometer was below zero.

LLOYD'S LIST.—Nov. 4. The Gen. Halset from Miramichie, was towed into Whistable Nov. 2, with loss of cables, anchors, &c. in the late gale. Arrived at Holyhead Oct. 31. Intrinsic from Miramichie; off Aberdeen 26th. Sir W. Wallace; off Cork 27th. Charles from Halifax; at Deal 26th. William, Harris; at Limerick, Prince of Wales, or Miramichie.

Two pages in the above List are filled with accounts of the various and dreadful disasters occasioned by the violent gale of Oct. 31.

Sir James Carmichael Smith, Bart. has gone out on a Special Mission to the W. Indies.

The Lively frigate, Cape Hope, goes to South America; and the Maidstone, Lord James Town send for the W. Indies.

Extract of a letter from Boston, December 17.
"You will find the highly interesting and important Message from the President in several of the papers now sent. A vessel has just arrived from Gibraltar, Nov. 3.—Sir R. Wilson, Gen. Lallemand, &c. had sailed from thence for England."

At the celebration of the Festival of St. Andrew, Dec. 1, by the N. B. Society at Baltimore, the 4th Toast was—"The President of the United States, Scotch descent—*Nothing the waur o' that.*"

POT ASH. The St. Andrews Herald of Dec. 16, contains an advertisement offering a high price per bushel for any quantity of *Hard Wood Ashes*, preparatory to the establishment of a Pot Ash Manufactory. It would be well, in every point of view, had we such an Establishment in this place. The quantity of Pot and Pearl Ash shipped last year at Quebec, produced upwards of £300,000 at the Liverpool markets.

SHIPWRECKS. Capt. Carregill, late of the brig Ne-rina, arrived here yesterday, with melancholy accounts of several shipwrecks, in the heavy gales which occurred between the 21st and 25th ult. principally between Chatecon and Cape North, viz. Ne-rina of North Shields; Whiting of Hull; Assistance of Liverpool, and Commerce, of Bristol.—Most of the crews were happily saved.

The schr. Chatham from Quebec for Newfld. in which were passengers Lieuts Harvey and Chichester, 60th Regt. was also wrecked about the same time. These gentlemen arrived in town yesterday.

☞ The FIRE WARDENS are requested to visit their respective Wards, previous to the 1st of January next.

MARRIED On Saturday evening last, by the Rev. Mr. Black, Mr. FREDERICK GEORGE HARRISON, of this town, to Miss SUSANNAH WILLIAMS, of Annapolis.

DIED Lately in Eastport, Capt. ELIAS BATES, aged 52. Remarkable for the eccentricities of his life and the peculiarities of his opinions, especially with regard to religion and a future state. By his will he directed that his body should be enclosed in lead, bound with hoops of the same, and instead of being committed to the earth, to be taken to sea, three miles S. W. from Sail Rock, (West Quoddy Head) and there at sunrise, committed to the deep, with his face towards the Sun, "in reverence to that second God of Nature whom he worshipped." And to ensure the compliance with those directions, gave very considerable legacies to two persons, on condition that they carried them into full effect; and this morning, 13th Dec. they were complied with. He also directed that the mourning dress should be dove silk, with the Sun painted on the left arm, and the plate on his coffin to bear also the emblem of the Sun, which directions have been followed. He had for about three years been unable to walk owing to a paralytic affection, but retained his senses fully till within a few hours of his death, when he became both speechless and senseless.
