

Bank of British North America. CAPITAL £1,000,000 STERLING. In 20,000 Shares of £50 each, (three fourths of which have been subscribed in England, and the remainder are reserved for the Colonies,) with power to increase the Capital.

LONDON DIRECTORS: George De Boscq Attwood, Esquire. Edward Blount, Esquire. Robert Brown, Esquire. Sir Robert Campbell, Baronet. Robert Carter, Esquire. William Robert Chapman, Esquire. James John Cummins, Esquire. James Dowie, Esquire. Oliver Farrar, Esquire. Alexander Gillespie, Junior, Esquire. William Medley, Esquire. William Pemberton, Esquire. George Richard Robinson, Esquire, M. P. John Waldron Wright, Esquire.

THE rapidity with which the British North American Colonies have advanced in prosperity and Commercial importance, the vast increase of their population, the high rate of interest, the fluctuation of exchange, the inadequacy of the capital already employed for Banking operations, and increasing facility of intercourse with the Mother Country, point out the different settlements of British North America as affording a secure field for the profitable employment of capital; for which purpose, and with a view of promoting the Mercantile and Agricultural interests of the Colonies, the present Company has been established.

The management of the Company's affairs is vested in the London Court of Directors, and the Banks in the Colonies are to be conducted by local Boards appointed by them.

A general meeting of the Proprietors is to be held yearly in London, to whom a statement of the Company's affairs will be submitted.

Power has been reserved to the Directors to apply for, and accept on behalf of the establishment, a Charter of Incorporation or Act of Parliament.

A Deposit of £10 sterling per Share to be paid within a period to be named in the letter of allotment, at the rate of Exchange therein fixed, and the Deed of Settlement to be signed at the time of payment.

After payment of the Deposit, the remainder of the Capital will be required by Instalments not exceeding £10 sterling per share, at such intervals (of not less than three months) as the Directors may find necessary to carry the objects of the Bank into operation, of which due notice will be given.

The undersigned, commissioned to represent the Court of Directors in America, and to visit the several Colonies for the purpose of putting the affairs of the Bank into operation, hereby gives notice that he will be ready to receive and consider applications from persons resident in the Province of New Brunswick, who may be desirous of becoming Shareholders in the Capital Stock of the Company, addressed to him at the Post Office, at Saint John, on or before the 1st day of September next.

ROBERT CARTER. New-York, 14th July, 1836.

FORM OF APPLICATION.

To Robert Carter, Esquire, Post Office, St. John.

SIR,—I request that you will allot to me—Shares in the "Bank of British North America," and I hereby engage to pay the deposit of £10 sterling each, upon so many of such Shares as you may allot to me, at the time, place, and rate of Exchange to be specified in your letter of allotment; and at the same time to execute the Deed of Settlement. I am, Sir,

Your Obedient Servant, Signature at length, Place of abode, Date.

All Letters must be post paid.

PROSPECTUS OF THE WEEKLY NEWSPAPER, THE CHRONICLE, And Published by LEWIS W. DEBANT & Co. Sands' Brick Building, Prince Wm. Street, Saint John, (New Brunswick.)

IT cannot fail of striking every one who will reflect upon it for a moment, that the number of Newspapers published in this City bears no proportion to that published in other towns in British North America, or the United States, which are similarly situated and contain the same amount of population. To whatever causes this circumstance may be ascribed, the fact is undeniable. There is another fact which is more remarkable still;—in the last ten years the City, (to say nothing of the Province at large) has nearly doubled itself in size and population; but during that period, only one has been added to the number of the newspapers.—It may therefore be confidently asserted that there is room for another paper; and many circumstances might be mentioned to prove that another paper is wanted.

To fill the vacant space, and to supply what is thus wanted, is the object of those who take this opportunity of announcing the publication, (commencing with this date) of a newspaper, to be called THE CHRONICLE. It is a newspaper, to be called THE CHRONICLE. It is a newspaper, to be called THE CHRONICLE. It is a newspaper, to be called THE CHRONICLE.

Under the head of News, they propose to give a summary account of what is passing, and worthy of being recorded, in the various quarters of the Globe, particularly in the Mother Country, and her numerous Colonies.—Under that of Politics, the Parliamentary business of the Imperial Parliament and the neighboring Colonies will be detailed; particularly the discussions in the House of Commons relating to Colonial affairs, and more especially those in which we are ourselves interested. With reference to Commerce they propose to give both a copious Shipping List, and also the latest Price Currents from London, Liverpool and New York; for the securing of which they are making the necessary arrangements. They are also intended to insert from time to time, such notices of Science and Literature as in their judgment may be generally useful; and in this department they respectfully solicit a fair contribution from the friends of useful knowledge throughout the Province.

With respect to Domestic Politics, they need say but little. The Chronicle shall always be found ready to defend the rights of the people against the undue exercise of the Prerogative; and on the other hand, whenever there may be occasion for it, to support the prerogative against any encroachments which may be attempted on the part of the popular branches of the Commonwealth. The Chronicle shall also be found open at all times for the temperate discussion of subjects of public interest.

The Proprietors of the Chronicle would take the liberty of noticing a claim to public favour of a personal nature which they trust will not be disregarded. The name which will appear on the title page of the Chronicle will not be exhibited in such a situation for the first time; it has been connected with the public Press for nearly half a century and it is to be hoped a manner which did not disgrace it; but on the contrary which has laid the foundation of a claim for future patronage and support.

The terms of the Chronicle will be fifteen shillings per annum—half in advance. Saint John, June 21, 1836.

JOHN BELL—MILLWRIGHT. RESPECTFULLY informs his friends and the Public, that he has again commenced business in this City, in Germain-st, adjoining Scoullar's brick Building, where he will carry on the Turning business in all its branches; Cabinet-makers Bench and Hand-screws made to order; and will always have on hand Faning Machines, Box Gears, Clothes and Straw Hat-makers Mangles, Blocks, &c.

Having been employed for the last three years as Pattern maker in the New Brunswick and Phoenix Foundries, he will engage to furnish patterns for every description of Castings. He hopes by punctual attention to orders, to reap the benefit of public patronage. St. John, June 14, 1836.

STORE No. 1, North Market Wharf. The Business of the above named Store being resumed by the subscriber, he is now opening a general assortment of Dry Goods, Hardware, Cutlery, Steel, Iron, Broad Knives, Groceries, and West India Produce, (Spices, &c.) at a reasonable price for Cash, or on credit, as the case may require. On HAND—1000 pieces low-priced PAPER HANGINGS.

Notice.—Persons who have been supplied by J. B. & Estey, and have been punctual in making payments, are invited to call on the County Court, to receive a certificate of their good conduct, gratis, if so desired. HENRY BLAKSLEE. St. John, May 7, 1836.

MECHANICS' INSTITUTE. FOR the better accommodation of the readers, Books in duplicate will be delivered and received only once a week, WEDNESDAY'S noon 7 to 9, p. m. By order of the Committee. July 5.
