A Law Regulating The Sale of Milk in the City of Fredericton.

1. No person shall sell or offer for
sale milk in the City of Fredericton
without having first procured a li-
cense so to do, from the local Board
of Health.

2. Every person applying for a li-
cense to sell milk within the City of
Fredericton shall, with the applica-
tion therefor, furnish the Board with
a declaration in writing that all
cows belonging to him which supply
milk for the purpose of sale have
been tested with the Tuberculin with-
in one month from the date of such
application by a veterinary surgeon,
recognized as such by the Board, for
the diagnosis of tuberculosis and
that he will not sell or offer for sale
in the said City of Fredericton, any
milk procured from any cow which
has not been so tested.

3. Every person so applying as
aforesaid shall also furnish along
with the application and with said
declaration, a certificate in writing
from an accredited veterinary sur-
geon, approved by the local Board of
Health, certifying that all the cows
from which the applicant procured
any milk for the purpose of sale,
have been tested within one month
from the date of such application,
with Tuberculin for the diagnosis of
tuberculosis, and that the said cows
and each and every one of them are
entirely free from Tuberculosis, Cow
Pox, Actinorhizis, Puerperal Fever,
Retention of the Placenta or any
other malignant or contagious dis-
ease. All certificates from veterinary
surgeons shall be on forms approved
of and supplied by the local Board
of Health.

4. And every person owning or
keeping herds from which milk is sold
in the City of Fredericton, shall,
upon making any additions to said
herds, have each and every addition
properly tested with Tuberculin for
the diagnosis of tuberculosis and
shall file a certificate from an ac-
credited veterinary surgeon that said
additions are free from tuberculosis.

5. And every person selling milk
in the City of Fredericton shall have
their entire herd of cows properly
tested for tuberculosis as before pro-
vided, at least once every year, be-
tween the first of April and the first
of May. Should the Board deem it
necessary in the interest of the pub-
lic health, they can order any or all
herds from which milk is supplied to
the City of Fredericton to be tested
with Tuberculin as before described,
twice during the year.

6. Every license to sell milk with-
in the City of Fredericton shall be
subject to the condition that the li-
censee shall and will observe, abide by
and perform all the restrictions, con-
ditions and regulations from time to
time adopted or enacted by the local
Board of Health during the currency
of said license or any renewal there-
of, and upon the said licensee failing
to observe, comply with or perform
any of such restrictions, conditions
or regulations, the license granted to
such vendor of milk shall forth-
with become null and void.

7. Every licensed vendor of milk
offering milk for sale in the City of
Fredericton shall at least once a
year, deliver to the Board of Health
a statement containing (1) His name
and address; (2) The source or
sources of his milk supply; (3) The
number of cows in his possession; (4)
The average quantity of milk dis-
posed of either (a) to milk shops, (b)
to milk vendors, (c) to or private
consumers; (5) The situation of his
dairy or dairies, and such other in-
formation as the Board or its officers
may deem necessary.

8. Every licensed vendor of milk
shall comply with the various clau-
ses of the Public Health Act by giv-
ing notice to the local Board of any
cases of contagious disease in his
family or in his farm house or shop
at which, from which, or in which the
milk is either sent or received, and
he shall further carry out the res-
trictions laid upon him by the local
Board under the Public Health Act.

9. No licensed milk vendor shall
sell or offer for sale in the city of
Fredericton any milk which is un-
wholesome or unfit for human food,
or any milk which has been adulter-
ated, or has been reduced or chang-
ed by the addition of water or other
substance, or by the removal of
cream, or milk known as swill milk,
or milk from cows or other animals
fed upon garbage or the like sub-
stance, or milk from diseased ani-
mals; but skimmed milk may be sold
as such if contained in cans or
vessels bearing upon their exterior
the word "Skimmed" placed conspicu-
ously in letters not less than two
inches in length; and no person shall
supply such skimmed milk unless
such quality of milk is asked for by
purchaser.

10. Every licensed milk vendor shall
permit all his milk cows and cow
boys, and all dairies and other places
in which milk is sold or kept, to be
inspected by the Health Officers, or
person or persons appointed for that
purpose by the Board of Health
whenever any such officers may desire
to do so, and no licensed vendor of
milk shall keep any milk intended for
sale, or which may be afterwards sold
or offered for sale in the said city,

adulteration, contamination with
sewage, absorption of disease germs
infection of cows, uncleanness, or
any other unrecognized cause, nor

in any place condemned by the Board
or its authorized official, nor carry
it in any wagon of vehicle used for
the conveyance of swill, manure, or
any other offensive material.

11. Every licensed vendor of milk
shall have the number of his license
conspicuously placed on the wagon
or vehicle from which the milk is
sold, and every can or vessel from
which it is sold when no vehicle is
used.

12. Every dairyman and vendor of
milk and every driver of milk wagons
or vehicles having in his possession
in the city of Fredericton milk for
sale in the said city at the time,
shall, whenever so requested, furnish
the Inspector of the Board with such
samples of milk as he may require
from time to time and at such places
as the samples may be demanded.

13. Every sample of milk shall have
a label attached to the vessel con-
taining it, which shall have written
thereon at the time of collecting it,
the number of sample, date of col-
lection and the initials of the officer
or inspector receiving the same, who
shall at once enter in a book (carried
for that purpose) for further refer-
ence, a corresponding number with
the name of the owner or driver from
whom the said sample was obtained.

14. Each sample shall be examined
separately according to its number,
by the medical health officer or per-
son appointed for the purpose, who
shall register the specific gravity, tem-
perature and percentage of butter
fat, opposite a corresponding number
in a book kept for that purpose, the
names of the owners to be subse-
quently inserted.

15. The Health Officers and Sanitary
Inspectors are authorized and
required to inspect, as often as to
them or any of them seem necessary,
all Milk offered for sale whether on
any of the streets, public places or
shops of the said City, and to seize
and destroy all such Milk which may,

TORY BARNSTORMERS ROUGHLY HANDLED

(Montreal Herald)
A wild riot in which several peo-
ple were injured and Mr. Phileas
Cousineau, Conservative candidate in
Jacques Cartier barely escaped being
rough handled occurred at St. Mar-
tin at a political meeting Sunday.
The meeting was one called by Mr.
J. W. Levesque, the Liberal candi-
date, and retiring member in Laval
and it was announced as an "as-
semblee contradictoire". Mr. Phileas
Cousineau and some Conservative
friends among them Lawyer J. C.
Bombay of Montreal, took upon
them the task of answering the argu-
ments of Mr. Levesque and his
friends.
Mr. Cousineau apparently did not
realize how strong was the feeling
for Mr. Levesque, and his first re-
marks upon mounting the platform
was a blunt statement to the effect
that Mr. Levesque had been deceiving
the people of Laval with lies for the
past four years.
There was a moment's silence, then
someone shouted "It's a lie."
"Liar, liar," shouted the others,
and the cry became a howl, and the
howl a roar, and the loyal Levesque
followers roused to fury by the calu-
mny of the man who had kept his
promises to them, descended upon
the Opposition speakers. Lawyer
Bombay who had driven to the meet-
ing in his auto was badly hurt, and
his chauffeur is still lying in the ho-
tel at St. Martin, while the machine
was wrecked. Mr. Cousineau was al-
so injured. Misses were thrown and
epithets hurled, and it was a consid-
erable time before the mob could be
quieted.

MORE AGAINST MORINE

An Ottawa despatch says that it is
a matter of current rumor that when
Mr. Borden comes back he will find
among his mail a big batch of let-
ters from Newfoundland in regard to
the controversy over A. B. Morine,
the chairman of the public service
investigating commission. Not only
are there said to be strong repre-
sentations from Archibald Howley,
St. John's, but there is reason to
believe that a number of people in
the island who were politically oppo-
sed to Mr. Morine during his political
life in the colony, have expressed
willingness to come to Ottawa and
make the "case" even stronger than it
was presented to the House of Com-
mons by F. B. Garvell, M. P., just
before prorogation.

While it was announced by the
government press that the Premier
had asked for Mr. Morine's resigna-
tion that gentleman is still doing
business and will evidently continue
to do so for some days to come.

WINTHROP TRAINING SCHOOL.

Rock Hill, S.C., May 3—The Win-
throp Training School, founded twenty-
five years ago in a little one-room
building in Columbia and since
grown to be one of the foremost in-
stitutions of the country for the
training of women teachers, today
celebrated its silver jubilee with an
all-day programme of exercises in
which many visiting educators took
part. A leading feature of the pro-
gramme was the laying of the corner-
stone for the new building soon to be
added to the school.

SERIOUS ACCIDENT TO EX-COUN. AKERLEY

A Bad Culvert Responsible for Broken
Ribs, a Broken Wagon and Brok-
en Harness

Greenbush, York Co., May 1—While
returning from Woodstock yesterday
afternoon Ex-Councillor B. W. Aker-
ley of Southampton got foul of one
of the worst culverts ever seen in
any civilized land.

This particular culvert is just op-
posite Meductic, on the east side of
the river near the residence of Mr.
David Tompkins. Mr. Akerley drove
into the place as carefully as he
could, but as the front wheels went
down nearly to the axle, the end of
an old log (buried deep in the mud
which of course he did not see) got
in the spokes of the right fore wheel.
His horse bolted ahead and tore the
spokes completely out and breaking
the breast-plate of the harness, the
shafts fell, while the "hold-backs" or
breaching straps were still fastened.
Mr. Akerley was thrown with great
force across the edge of the wheel
as the log caught it, but luckily
slung to the reins. The breaching soon
gave way and although dragged in
the mud he held the horse. His sis-
ter Miss Maggie Akerley who was in
the wagon with him was thrown clear
over her brother and alighting on her
feet escaped unhurt. She walked back
and got Mr. Norris Tompkins to
come to their assistance and drive
them home. Mr. Akerley is badly
shook up and very sore. He feels sure
that two of his ribs are cracked as
it hurts him to take a long breath.

This is the third very serious ac-
cident that has happened in this parish
since our road tax has been
doubled! The first was where young
Bartlett of Temperance Vale lost his
life in that terrible mud hole at the
foot of Maple Ridge. He was sub-
ject to fits and fell in the deep hole
and was drowned. The second was
at Howard Stairs' Corner, where a
culvert knocked Mr. Abram Schriver
off his wagon and killed him. And
now this one. Who will be the next?

COULD NOT SWEEP FLOOR

Was So Terribly Afflicted
With Lame Back.

It is hard to do housework with a weak
and aching back, and no woman can be
strong and healthy unless the kidneys are
well.

The weak, lame and aching back
comes from sick kidneys and should be
attended to immediately so as to avoid
years of terrible suffering from kidney
trouble. Mrs. Harvey W. Brownell,
Northport, N.S., writes:—"I now take
pleasure in writing you, stating the ben-
efit I received by using Doan's Kidney
Pills. About a year ago I was terribly
afflicted with lame back, and was so bad
at times I could not sweep my own floor.
While looking through your B.B.B.
Almanac I saw Doan's Kidney Pills
were a great remedy, so thought I would
try a box or two. After using five boxes
I was completely cured, and I am very
thankful to have found so speedy a
cure."

Doan's Kidney Pills are 50 cents per
box, or 3 boxes for \$1.25, at all dealers,
or mailed direct on receipt of price by
The T. Millburn Co., Limited, Toronto,
Ont. In ordering direct specify "Doan's."

It is one of the greatest time and labor saving devices imagin-
