SOME VALUABLE HINTS  
IN REGARD TO VOTING

Each elector shall be entitled to vote only at the polling station of the polling district upon the life of voters for which his name is entered as such voter, and at no other.

Before any vote is taken, the presiding officer and clerk shall open the ballot box, and in the presence of the candidates, their agents and the electors then present, openly and publicly examine the same, and ascertain that it is empty.

Before any elector be permitted to vote, he shall state his name and residence; the clerk shall, under the direction of the presiding officer, enter his name on the check list, and the presiding officer must find it on the copy of the voters' list, mark it, and be satisfied that his vote is single, and deposit the same in the ballot box without reading it. Every ballot shall have the names of the persons voted for written or printed on white paper. The officer presiding at any poll shall state the names of the candidates to any elector requiring it, who is about to vote.

The names of all or any number of candidates at an election may be written or printed upon the ballot paper, and the voter shall mark through or strike out the names of all except the name of the candidate or names of the candidates for whom he wishes to vote, and the ballot so marked, if otherwise good and valid, shall be counted. If there are more names not marked through or struck out than there are members to be elected, the ballot shall not be counted.

In addition to the deputy returning officer and the poll clerk, the candidates and their agents, not exceeding one in number for each candidate in each polling station, and in the absence of agents, one elector to represent each candidate, on the request of said elector, and no others shall be permitted to remain in the room during the time the poll remains open; provided always, that any agent bearing a written authorization from the candidate shall always be entitled to represent such candidate in preference to and to the exclusion of any elector who might also claim the right to represent such candidate; and further provided that in any election when the number of candidates nominated does not ex-

ceed two, the deputy returning officer may, upon request of either candidate or his agent, allow of the appointment of two agents for each candidate.

Not more than one elector shall at any one time enter the room where the poll is held, and such elector, upon so entering, shall declare his name, surname and addition, and if the name of such elector is found on the list of voters, he shall receive from the deputy returning officer an envelope on the back of which said deputy returning officer shall write in black ink his initials in the presence of the voter.

The elector on receiving the envelope shall forthwith proceed into the compartment of the polling station, which compartment shall be screened off so that the voter shall be wholly concealed from the rest of the room and shall there place his ballot paper in the envelope previously handed to him by the deputy returning officer, who shall ascertain by examining his initials if it is the same which he furnished the elector and shall then immediately and in the presence of the elector place the envelope containing such ballot paper in the ballot box. No such ballot shall be received by the deputy returning officer until after the voter has proceeded to the compartment screened off, as above provided, and has, while there placed his ballot in the envelope furnished him by the deputy returning officer. The clerk shall under the direction of the presiding officer then enter the name of such elector on the check list.

The agent of each candidate shall have the right to deposit it the separated compartment of the polling booth, printed ballots bearing the names of the candidate or candidates, such ballots shall be printed on white paper in black letters only and no ballot shall be counted by the returning officer at the close of the poll unless the same is so printed, or unless the ballot is a piece of white paper having the names or surnames of the candidates written thereon in black ink or with black lead pencil; provided always that no ballot shall be rejected by the returning officer by reason of a name or names having been marked through or struck out.

Polls open at 8 a. m. and close at 4 p. m.

THE FIRST GRAY  
HAIR SIGN OF AGE

Easy way to Preserve Natural Color  
of the Hair and make it Grow

A harmless remedy, made from common garden sage, quickly restores gray hair to natural color. The care of the hair, to prevent it from losing its color and lustre, is just as important as to care for teeth to keep them from discoloring. Why spend money for cosmetics and creams to improve the complexion, and yet neglect your hair, when gray hair is even more conspicuous and suggestive of age than wrinkles or a poor complexion? Of the two, it is easier to preserve the natural color and beauty of the hair than it is to have a good complexion.

All that is necessary is the occasional use of Wyeth's Sage and Sulphur Hair Remedy, a preparation of common garden Sage and Sulphur, combined with other valuable remedies for dry, harsh, faded hair, dandruff, itching scalp and falling hair. After a few applications of this simple, harmless remedy, your hair will gradually be restored to its natural color, in a short time the dandruff will be removed, and your hair will no longer come out but will start to grow as Nature intended it should.

Don't neglect your hair, for it goes further than anything else to make or mar your good looks. You can buy this remedy at any drug store for fifty cents a bottle, and your druggist will give you money back if you are not satisfied after using. Purchase a bottle today. You will never regret it when you realize the difference it will make in your appearance. For sale and recommended by George Y. Dibble, Druggist, opposite City Hall.

## WEATHER MAN NOT HOPEFUL

Toronto, June 14—The weather man at the observatory here holds out little hope for a taste of real summer weather at least for a day or two, and for several days in the immediate future he predicts rainy conditions. There has been and is still, a large amount of high pressure in northern latitudes. The wizards said by way of explanation scientifically wintry conditions and the chilly breezes come down from the north as off-shoots of the main bury, as it were. Until this arc of high pressure in the north shifts its base of activity there will be no continuous warm weather. There is none in sight for several days at least.

Felix Morris, daughter of the late Felix Morris, is announced by Jesse Laskey as a feature in "1999."

The women membership of trade unions in England increased from 205,000 at the end of 1907 to 221,000 at the end of 1910. More than four-fifths of the women are employed in the textile trades.

that constituency there is a strong chance of electing one or more of the Liberal candidates.

York county is the big Conservative stronghold of the province in which the Liberal chances are the smallest, but a strong ticket is in the field for the opposition and a break might be made.

Queens county is also in the possession of the government but the Valley Railway and other issues may make a change there.

In Sunbury the government is also strongly entrenched and the Liberals are not claiming any chance there.

The selection last week of a strong ticket in Northumberland completes the organization of the opposition and not a single seat will go by default. The calibre of the men chosen gives the opposition an excellent chance for gain in Northumberland.

COULD NOT  
SWEEP FLOOR

Was So Terribly Afflicted  
With Lame Back.

It is hard to do housework with a weak and aching back, and no woman can be strong and healthy unless the kidneys are well.

The weak, lame and aching back comes from sick kidneys and should be attended to immediately so as to avoid years of terrible suffering from kidney trouble. Mrs. Harvey W. Brownell, Northport, N.S., writes: "I now take pleasure in writing you, stating the benefit I received by using Doan's Kidney Pills. About a year ago I was terribly afflicted with lame back, and was so bad at times I could not sweep my own floor. While looking through your B.B.B. Almanac I saw Doan's Kidney Pills were a great remedy, so I bought a box and tried a box or two. After using five boxes I was completely cured, and I am very thankful to have found so speedy a cure."

Doan's Kidney Pills are 50 cents per box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co. Limited, Toronto, Ont. In ordering direct specify "Doan's."

PROMISES OF 1908 AND  
PERFORMANCES SINCE THEN

## THE HAZEN PLATFORM.

1. The honest collection of provincial revenues and the management of loans, not so much in the special interest of the moment or of the temporary needs of the government, as upon a basis permanently of most advantage to the province.

2. The keeping of ordinary expenditure of the province within the ordinary revenue.

3. The appointment of an auditor general independent of the government, who shall have power to insist upon the accuracy and honesty of accounts before they are paid.

4. The putting up of all public works to tender, and the giving of the contract to the lowest bidder.

5. The cutting off of all needless extravagances in connection with the administration of the various departments and an absolute rule that public money shall not be paid out unless a proper voucher is first presented.

6. The repeal of the present highway act and the enactment of a law which, while not diminishing the amount of provincial money given to the roads, shall vest the management of the roads and the appointment of all officials in the county councils.

7. The survey and valuation of our crown lands, so that the interests of the province may be conserved, and the lumber operators, both large and small, have encouragement and fair and honest treatment.

8. The inauguration of an agricultural and immigration policy as well as the promotion of the settling of our own lands by our own people.

9. The improvement in quality and reduction in price of our school books, so that our people shall not be robbed of hundreds of thousands of dollars, but shall get the best possible value for their money.

10. The extension and encouragement of local schools, so that every man in the province who has a family may have an opportunity to give his children an elementary education.

11. An increase in the provincial allowance to school teachers.

12. The secrecy of the ballot, and an honest carrying out of the election laws, believing that every citizen of the province entitled to the franchise should be free to vote as his conscience directs.

GOVERNMENT PERFORMANCES  
SINCE 1908

1.—The revenue still collected in the way followed by the old government and the mismanagement of loans so that in one case in cost the province over \$40,000 paid to the Bank of Montreal and its lawyer-friends for commissions, etc.

2.—Annual additions to the public debt which total over \$1,000,000 since 1907 and the carrying over of accounts from year to year to avoid the necessity of paying all the bills incurred in a certain fiscal year in that year

3.—The frequent over-ruling of the Auditor-General by the Treasury Board, composed of three members of the government, even in cases in which the Auditor General declared accounts to be "Excessive" and declared that no attention was paid to the provisions of the Audit Act and a present attempt to bring about the dismissal of the Auditor General because he has protested against the government's method of handling the public accounts.

4.—The adherence to the day's work system in regard to public works, the letting of contracts being the rare exception rather than the rule; seven pieces of contract work being done on York bridges in 1910 out of about sixty-three.

5.—The increase of the salaries of several of the Hazen ministers and the increase of the expenses of the ministers, their office staffs, etc., as compared with the similar expenses of 1907; and the payment of money under improper vouchers and for work done absolutely without departmental authority—facts proven in the Public Accounts Committee at the last two sessions of the Legislature.

6.—The enactment of the highway law that had almost doubled the taxation for roads and places the real control of the highway affairs in the hands of the government through its appointment of the secretary treasurer of each Highway Board.

7.—Absolutely no steps taken whatever to have the promised survey and valuation made, and unfair treatment for the operators by practically compelling them in many cases to provide board and lodging for government scalers and counters for days at a time.

8.—The adherence along general lines to the agricultural policy of the former government; the appointment of a medical doctor for Commissioner of Agriculture; the expenditure of about \$7,000 of the people's money on a useless agricultural commission composed of friends of the government; the increase in 1911 over 1910 of the salaries and expenses of the Agricultural Department.

Noteworthy increase in the cost of the Immigration Department by thousands of dollars—\$4,500 in one year—and the appointment of a lawyer as Immigration agent, the encouragement of settlers from other countries to take up lands here with no similar encouragement for our own young people.

9.—Some reductions in the prices of school books and the imposition of an accompanying burden upon the people of the province by the creation of offices for friends of the government such as Mr. A. D. Thomas and others.

10.—Practically no extension of local schools and the creation of a state of affairs whereby the number of vacant schools in the province in 1910 was several hundred.

11. Some slight increase in the allowance to school teachers, but an increase not as large as that to have been given by the old government had it continued in power.

12.—Absolutely no action in regard to the ballot but after delaying the matter as long as possible was compelled by force of public opinion to make some changes in the election law.
