TAFT HAS LEAD OVER TEDDY

New York, N. Y., May 30—With the New Jersey primaries mark the practical ending of the big fight on the Republican side and only 22 delegates remaining to be chosen.

The Times today finds that on the face of the returns, New Jersey leaves Taft with 571 votes or 31 more than is necessary and Roosevelt with 439 or 101 less than is necessary to secure a nomination.

The number instructed or pledged for Taft and not contested is 391. The number instructed or pledged for Roosevelt and not contested is 425.

With the Democrats New Jersey and Texas have jumped Governor Wilson ahead by 64 votes. Speaker

A TORY PAPER HITS AT COL. HUGHES

(From the Montreal Star, Cons.) Except for the expense, and in some instances the noise, there is no reason why the Hon. Sam Hughes should not have a salute of seventeen guns before and after each meal and at any other time he wants it. Until the people get accustomed to it however it might be as well to use the sub-target ammunition or even fire crackers. The intentions could be just as honorable and the cost to the country and the inconvenience to business would be much less.

Salutes are, in no way, exclamation points. There is no member of Mr. Borden's Cabinet who is more in need of being set off by exclamation points than his Minister of Militia, Col. Hughes' career has been largely declamatory. Beginning with his struggles to obtain permission to win the South African war and culminating in his triumphant capture of a portfolio, it has been one constant succession of autobiographical episodes, well worthy of spectacular punctuation. If the exclamation point has been a little late in arriving, there is no reason why they should not be massed imposingly at the end of the penultimate chapter—assuming it to be the penultimate chapter.

As for the expense we think the fire-cracker suggestion is worth serious consideration. Fire-crackers are much easier to carry around than 4.7 guns. Seventeen of them can easily be packed away on railway platforms private verandahs or even street corners which it is known Colonel Hughes intends to pass. Setting them off will amuse the children as well as gratify the Minister and in case the community is careless and neglects to lay in its own supply. The Minister or his staff could carry an emergency supply of salutes in their hip-pockets. There is in fact, no reason why Col. Hughes' wanderings through the Dominion should not be marked by an inexpensive but glorious series of practically incessant explosions.

A comic opera from the French, called "The Tale of a Tub," will be produced in New York some time next season.

FELL FROM A HAY LOFT

Suffered Tortures With His Kidneys Until He Tried Gin Pills

You might think that Mr. Baker needed a surgeon more than GIN PILLS. But there were no bones broken. His back was strained, which was harder to cure because nothing seemed to do any good. It is the same with a sprained ankle and broken leg. You can set the fracture and it will be well in six weeks—but the sprain may take months to get well.

However, Mr. Baker found the quick way to get relief from the pain—here are his own words.

"I have been a great sufferer from Kidney Trouble from an injury to my back caused by falling from a hay loft about six years ago. This left my kidneys weak, so that every cold I got would settle in my kidneys and cause intense suffering. I was advised to try GIN PILLS. I found, to my surprise, after taking two boxes, that the pains were relieved and I began to feel better. I am still taking GIN PILLS and feel sure I will be completely cured. I recommend GIN PILLS to all who suffer from any Kidney Trouble." C. BAKER.

You see, the fall had strained the kidneys and they were affected by the slightest chill. GIN PILLS immediately strengthened the kidneys—soothed any irritation and thus enabled the kidneys to overcome the effects of the fall.

If you are having pain in the back—or trouble with kidneys or bladder through accident or over-work—do just as Mr. Baker did—take GIN PILLS. They will help you—cure you—or we will promptly refund your money. Buy six boxes at your dealer's. If, after taking them, you feel that GIN PILLS have not helped you, return the empty boxes and get your money. We will take your word for it. 50c. a box, 6 for \$2.50. Sample box sent free if you write National Drug and Chemical Co. of Canada, Limited, Dept. B. N. Toronto.

DR. LANDRY DOWNED IN A JOINT DEBATE

Acadieville, N. B., May 29—The latest meeting ever held in this parish took place last night. Some time ago P. J. Veniot, organizer of the Liberal party, of the North Shore, challenged Hon. Mr. Landry, minister of agriculture, to meet in joint debate the issue by calling a series of meetings to be addressed by himself and colleagues, and invited Mr. Veniot to meet them.

The first meeting was last night and although called for the day of the Liberal convention in Gloucester Co., Mr. Veniot left his county to come here and meet the three Conservative candidates. To say that he did not meet them in good style is but mild expression.

The only arrangement Mr. Veniot could get from Dr. Landry was for Colonel Sheridan to speak first, Dr. Bourque next, then Mr. Veniot for one hour, followed by the minister for an hour and a quarter with fifteen minutes reply by Mr. Veniot.

This was accepted as Mr. Veniot said he had come a long distance to meet them and would accept any and all conditions, since they were too much afraid to accord him the courtesy due an invited guest.

Colonel Sheridan found himself badly caught in his attempt to show how permanent bridges were now being built and charged to current revenue, when Mr. Veniot made him admit by the production of the accounts of bridges named that parts if not all were still being charged to permanent account. The colonel harped on the old government's conduct for half an hour.

Dr. Bourque spoke briefly and covered some of the same ground as Sheridan.

During Mr. Veniot's speech the greatest attention was given, as he drove home point after point. With Dr. Landry's speech on the budget in one hand and the agricultural report in the other he showed where the minister made statements which were in direct contradiction to his report.

When called upon to say which was correct he (Landry) remained silent and even in his speech did not attempt to explain the unenviable position of a minister of the crown contradicting in a speech that which he gives as reliable in the printed report of his department.

Mr. Veniot made the charge that public moneys were being misspent on bridges and said that certain pay lists in Kent County had been stuffed by putting thereon the names of children ten years of age; that cheques for these amounts were issued and he defied the minister to name a date for a joint meeting at Buctouche at which he would undertake to name the parties implicated and prove his statements. The meeting adjourned without the doctor accepting the challenge.

Dr. Landry spoke for over an hour, but never said a word about agriculture and religiously avoided Flemington's policy of immigration. He contented himself with reviewing the history of the old administration.

In a reply of fifteen minutes, Mr. Veniot dressed his points none so hard that Mr. Robidoux, the federal member, hidden behind the crowd, attempted to interrupt to save the doctor by demanding the production of the names and documents. He was completely baffled when Mr. Veniot immediately produced the same.

The applause that greeted Mr. Veniot's production of papers clearly showed Mr. Robidoux that his prestige had taken a serious drop. If one were to judge by the enthusiasm

SIR HIBBERT FOR RAILWAY COMMISSION

Ottawa, May 28—The name of Sir Charles Hibbert Tupper, K. C., is now being mentioned in connection with the chairmanship of the Railway Commission. The vacancy has not yet been filled, nor has the matter come before the government since the return of the minister of railways from Toronto.

It is believed that while the vacant office has not been offered to Sir Hibbert Tupper his name has been under consideration. It is not known whether or not he would be willing to accept the position in view of his large professional interests in the west. At the same time he is regarded as a likely man for the office, having an exceptionally wide knowledge of railway law as well as close familiarity with the conditions of railway development in Canada, and of its relation to private and municipal rights.

Mr. Veniot meets Dr. Landry tonight at St. Ignace and again this week at St. Louis. He is putting up a great fight.

Doan's Kidney Pills Are the Best Remedy In The World FOR BACKACHE.

Many people fail to understand the significance of a lame, weak, sore or aching back.

You overtax the kidneys—give them more work than they can possibly do—then they cry out in protest through the pain in the back.

Backache is simply kidneyache and the best remedy in the world for backache and all kidney troubles is Doan's Kidney Pills.

We have thousands of testimonials from all quarters of the globe to prove this. Here is one from a party who used them in England, but who is now a resident of Canada.

Mr. P. R. Glanville, Wycliffe, B.C., writes:—"When living in the 'Old Country,' three years ago, I suffered severely from pains in the back, and had to give up work. The pain was so bad that when I stooped down to pick anything up, I felt my back must break. I tried all sorts of remedies and several doctors, but all to no purpose. One day I read of Doan's Kidney Pills, and thought I might as well try them, and to my surprise, before I was half through one box the backache had entirely disappeared, and it has not caused me any trouble since. I always keep 'Doan's' in the house and shall always recommend them to all sufferers."

Price 50 cents per box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont. When ordering direct specify "Doan's."

LOCOMOTIVE 'STRUCK BY LIGHTNING

(Canadian Press.) Philadelphia, Pa., May 30—Struck by lightning the locomotive of a Baltimore and Ohio freight train left the tracks in the extreme southern portion of this city last night, overturned and crushed the conductor, Daniel Edwards, to death. Thomas McCullen, the engine driver, was probably fatally burned and three other members of the crew were seriously hurt.

A GOOD EXAMPLE FOR N. B.

(Canadian Press.) Wellington, New Zealand May 30—The Government of New Zealand intends to educate young farmers for the future. The cabinet has allowed a large sum for the immediate erection of apprentices quarters at an experimental farm outside of Wellington.

The lads will be instructed by officers of the Agricultural Department. After three month's training a slight remuneration will be paid increasing in proportion to the degree of industry and ability of the students.
