## EX. COUNCILLOR GRAHAM IS AFTER THE GRAFTERS

Life Long Conservative Cannot Understand Why Workmen on the Valley Railway Should pay Tribute to Dr. Mullin—Thinks the Party Should Take up a Subscription and pay Him for His Alleged Services

To the Editor of The Daily Mail:  
Dear Sir:—I must first ask you as a favor to insert this in your valuable paper as it is the only means we have to reach the people and it is to them who rule we must appeal for fair play.

Now, Mr. Editor, we were all glad that we were residents of the St. John Valley when the railway got under way and many of the farmers and others looking for a job went to work on the Valley Railway before haying. I and my two sons thought we would go to work and we made a start in June and found after working about ten days in June and three in July that we were assessed fifty cents each for the few days in June and fifty cents each for the few days in July, which means a tax of fifty cents a month for every working man on this road to pay Dr. Mullin.

I would feel obliged if you would inform the people by what authority we have to be taxed to that extent to pay Dr. Mullin an enormous salary for very little service.

If the Conservative party finds it necessary to pay Dr. Mullin for ten meetings he held before the last election, addressing the voters of this county, it would be better to get up a subscription and pay him five or ten dollars a meeting than to levy a tax of fifty cents per month on every man and boy who works on the Valley Railway between Fredericton and Woodstock. It is no doubt, fresh in the minds of the ratepayers of this county that when the late government was in power the same Dr. Mullin was secretary of the county Board of Health and he at that time managed to put a tax for his services on the ratepayers of this county for what he called a smallpox epidemic, but which was only chickenpox as proved by several eminent doctors.

The late government dismissed him and now this government has to keep him at the expense of the working class of this county. If it is necessary that he should be maintained and at the expense of some party, then the men who are making the profit should be called upon to pay the bills and not the man who is toiling at small wages through the heat of the day.

Is it not too bad to see the hard working man bled for the sake of some party leader who cares only for the hoolie there is in it?

Now, I would like to ask what services he is called upon to perform for this money. If a man is taken sick the doctor could not attend him. He would not stay in the shack. He would have to go home or to some hospital. If the fifty cents was paid to the hospital management a man could go there and get the best of care and treatment and it would help to make a paying proposition of the hospital. If there were 1,000 men working on the road in this district it would mean \$500 per month, a nice

sum for the hospital and a place where a man sick or injured could go and be cared for and there would be plenty to pay all expenses and be a great help to the hospital.

Just think of the income of four or five thousand dollars to the hospital. Which is the most deserving, Victoria Hospital or Dr. Mullin? I have heard of cases of sickness in construction camps that the doctor was called for and did not attend as quickly as was necessary.

Now, Mr. Editor, I contend this is of no service to the working man, especially to residents of the St. John Valley. How good the present government is to this doctor. They have given him another nice office that of secretary of the provincial Board of Health, a \$500 job. Is it not enough to make one tired when we hear of many brilliant physicians who have done good work for the Conservative party the whole of their lives? Why is it they have been ignored for one who has come over of late?

Yours truly,  
PAT GRAHAM.  
Millville, N. B., Sept. 4, 1912.

## BALL PLAYERS ORGANIZE

Albany, N.Y. Sept. 6—Articles incorporating the Baseball Players Fraternity (Inc) were filed in the secretary of state's office today.

According to the papers the fraternity was organized "for the purpose of protecting the reasonable contractual rights and enforcing such obligations of professional ball players as to protect them in their relations to the public and to promote in every legal way the best interests of organized baseball."

## "TRY" ARUNDEL DEAD

Auburn, N.Y. Sept. 5—Relatives received word today of the death of John Arundel in the Willard State Hospital of paralysis. As "Try" Arundel, he was known 30 years ago in professional baseball. He was catcher for Indianapolis and Washington in the old National League, was with Detroit in the Western League days and with Savannah in the Southern League.

## WOLGAST CONFIDENT

Cadillac, Mich. Sept. 5—"I believe my wrist will mend all right so I can go on with the McFarland fight" said Ad Wolgast tonight after an X-ray examination of the injury which he received today while cranking his automobile revealed no reopening of a former wound.

Wolgast's physician was not so sanguine, however, and expressed doubt that the champion would be able to enter the ring within a month.

## GRANDMOTHERS

## USED SAGE TEA

To Darken the Hair and Restore Gray and Faded Hair to its Natural Color

It is easier to preserve the color of the hair than to restore it, although it is possible to do both. Our grandmothers understood the secret. They made a "sage tea," and their dark, glossy hair long after middle life was due to this fact. Our mothers have gray hairs before they are fifty, but they are beginning to appreciate the wisdom of our grandmothers in using "sage tea" for their hair and are fast following suit.

The present generation has the advantage of the past in that it can get a ready-to-use preparation called Wyeth's Sage and Sulphur Hair Remedy. As a scalp tonic and color restorer this preparation is vastly superior to the ordinary "sage tea" made by our grandmothers.

The growth and beauty of the hair depends on a healthy condition of the scalp. Wyeth's Sage and Sulphur Hair Remedy quickly kills the dandruff germs which rob the hair of its life, color and lustre, makes the scalp clean and healthy, gives the hair strength, color and beauty and makes it grow.

Get a fifty-cent bottle from your druggist today. He will give your money back if you are not satisfied after a fair trial.

## LAST MINUTE TELEGRAMS

St. Laurent, Man. Sept. 6—A brother and sister named Glover were shot by one bullet from a 22 calibre rifle held in the hands of their four year old brother, today by accident. Their wounds are not expected to result fatally.

Winnipeg, Sept. 6—Crop reports of the west today show 80 per cent in many sections cut. Following one of the hottest days of the year many showers fell last night. A peculiar peculiar of the reports is the abnormally small proportion of flax that has been cut and the small amount of threshing that has been done. While of the threshing that has been done there are a number of complaints that the wheat has not been hardening in the stack as it should do.

New Westminster, Sept. 6—Chas. Dean extradited from Los Angeles, charged with robbery of the Bank of Montreal here over a year ago was committed for trial today.
