OLDEST CONVICT SEEKS RELEASE

Hartford, Conn., June 8.—Among the half hundred petitions laid before the Connecticut board of pardons for consideration and action today was an application for the pardon of John Warren, who is serving a life sentence in the state penitentiary at Wethersfield. Warren has the unenviable distinction of being the oldest convict in the United States in point of service. He had just attained his majority when he was received at the penitentiary to begin a life sentence for the murder of his young wife. Today he is an old man of seventy-four with a record of fifty-three years spent behind prison walls. The State board of pardons is familiar with every detail of Warren's case. Seven times has the board considered a petition for the old man's release and seven times has the petition been turned down. Whether the eighth petition will meet with a similar fate

ELECTRIC MEN IN SESSION

Seattle, Wash., June 10.—One of the largest and most notable gatherings ever entertained in Seattle, the thirty-fifth annual convention of the National Electric Light Association assembled today for a four days' session. Several thousand members from nearly 1,000 cities and towns throughout the country are in attendance. Business sessions will be held daily for the discussion of topics of common interest to the membership. In addition the programme provides for numerous features of entertainment prepared for the visitors. will soon be known. Warren has been a model convict and it is safe to say that there is not an official nor inmate of the State prison who would not be glad to learn that the old man would be released to spend his last years in freedom.

ACROBATIC TORY SCRIBE BROKE UP TORY SHOW

Moncton, N. B., June 9.—The Transcript today says:

"Hon. Premier Fleming was advertised to speak in one of R. C. Tait's potato warehouses, Shediac, last night. The notice calling the meeting made special reference to the fact that reserved seats would be provided for ladies, and ladies in large numbers took advantage of that offer."

"No one reading the notice could have had any idea that the Hon. Premier was leading a comic opera or an acrobatic performance, but such this meeting turned out to be. The chief acrobat was no less a person than the premier's attendant or personal scribe for the St. John Standard. At a certain point in the proceedings he took a high dive, and falling from the stage landed head first in the midst of the Artisan band, which had been engaged for the occasion. Women shrieked and children called for their parents. The reporter's eye-glasses were gone and his face was considerably discolored."

"The premier noticing the amusing event, muttered a few closing remarks and the curtain rang down and the lights were put out. Many of the Tories over here are quite superstitious, and they look upon the incident as a very foreboding omen for Fleming."

BERRY TO FACE CHARGES

Haie Springs, June 10.—What promises to be the most momentous convention in the history of the International Printing Pressmen's Union is to be held here this week at the national home and headquarters of the organization. The recent strike of pressmen employed by the newspapers in Chicago and several other cities is said to have caused considerable dissatisfaction among the membership with the present heads of the union. Criticism is aimed particularly at President George L. Berry and it is reported in some quarters that an attempt will be made in the convention to oust him from office. Friends of President Berry, however, declare that the reports of dissatisfaction are greatly exaggerated and that there is little probability of any attempt to depose him from his position at the head of the union.

Had Boils On Neck and Arms.

Had Them Lanced But Got No Relief Until He Used

Burdock Blood Bitters.

Boils in themselves are not a dangerous trouble, but still, at the same time are very painful. They are caused entirely by bad blood, and for you to get rid of them it is absolutely necessary to put the blood into good condition. For this purpose there is no remedy that can compare with Burdock Blood Bitters. This preparation has been on the market for about 35 years, and has a reputation unequalled by any other for the making of pure, rich, red blood. Mr. H. J. Batten, Stratford, Ont., writes: "I have been troubled for several weeks with boils on my neck and arms. I had them lanced by the doctor, but as soon as one went others came. I tried all kinds of so called remedies, but could get no relief till I was advised to try Burdock Blood Bitters. I am pleased to say I am now quite free from those most painful things, and feel much better in every respect."

"My boy, of nine years, had a rash come over his back and legs, so we gave him a few doses and now he is all right again."

Burdock Blood Bitters is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

A HARMLESS WAY TO DARKEN THE HAIR

A Little Sage and Sulphur makes Gray Hair Vanish—A Remedy for all Hair Troubles

Who does not know the value of sage and sulphur for keeping the hair dark, soft, glossy and in good condition? As a matter of fact, sulphur is a natural element of hair, and a deficiency of it in the hair is held by many scalp specialists to be connected with loss of color and vitality of the hair. Unquestionably, there is no better remedy for hair and scalp troubles, especially premature grayness, than sage and sulphur if properly prepared. The Wyeth Chemical Company of New York put up an ideal remedy of this kind, called Wyeth's Sage and Sulphur Hair Remedy, in which Sage and Sulphur are combined with other valuable remedies for keeping the hair and scalp in clean, healthy condition.

If your hair is losing its color or constantly coming out, or if you are troubled with dandruff or dry, itchy scalp, get a fifty cent bottle of Wyeth's Sage and Sulphur from your druggist, use it according to the simple directions, and see what a difference a few days' treatment will make in the appearance of your hair.

All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented. For sale and recommended by George Y. Dibblee, druggist, opposite City Hall.

MAYORS MEET IN UTICA

Utica, N. Y., June 10.—Municipal officials from a hundred cities of New York State were welcomed to Utica by Vice President Sherman this afternoon on the occasion of the opening of the third annual conference of mayors of New York. The attendance is unusually large. For the first time the first class cities of New York, Buffalo and Rochester are represented. City planning, home rule, efficiency of public schools, public health, sewerage disposal, street railway franchises and social evil in municipalities are among the subjects to be discussed during the three days' session. Clinton Rogers Woodruff of Philadelphia, Mayor Brand Whitlock of Toledo and several other persons of wide prominence are on the programme for addresses.

ROSE CARNIVAL IN PORTLAND

Portland, Ore., June 10.—The arrival of Rex Oregonus, king of the carnival with his triumphal march through the streets of Rex's capital city, today marked the popular beginning of Portland's sixth annual Rose Festival. The festivities will continue through the entire week. An unusually large number of visitors is in Portland and the city presents a gala appearance with its magnificent decorations of flowers and flags and its streets thronged with pleasure seekers.

Gus Macey is still at Denver with the Estabrook horses and will not ship East until next week, as Colorado E., Country Jay and C The Limit are to be exhibited at the Overland Park meeting on Friday and Saturday.
