## Doan's Kidney Pills

Are the Best Remedy in The World FOR BACKACHE.

Many people fail to understand the significance of a lame, weak, sore or aching back. You overtax the kidneys—give them more work than they can possibly do—then they cry out in protest through the pain in the back.

Backache is simply kidneyache and the best remedy in the world for backache and all kidney troubles is Doan's Kidney Pills.

We have thousands of testimonials from all quarters of the globe to prove this. Here is one from a party who used them in England, but who is now a resident of Canada.

Mr. P. R. Glanville, Wycliffe, B.C., writes:—"When living in the 'Old Country' three years ago, I suffered severely from pains in the back, and had to give up work. The pain was so bad that when I stooped down to pick anything up, I felt my back must break. I tried all sorts of remedies and several doctors, but all to no purpose. One day I read of Doan's Kidney Pills, and thought I might as well try them, and to my surprise, before I was half through one box the backache had entirely disappeared, and it has not caused me any trouble since. I always keep 'Doan's' in the house and shall always recommend them to all sufferers."

Price 50 cents per box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Millburn Co., Limited, Toronto, Ont. When ordering direct specify "Doan's."

## THE STEAMBOAT SERVICE

Fredericton, June 25, 1912. To the Editor Daily Mail, Dear Sir:—The following from the volume entitled "Canada Her Natural Resources etc." will strike tourists and others who take a trip on the St. John River this season, as rather amusing: "At the North end of the city, commonly called Indian town, fine steamers can be taken for points up the river, and a sail up this magnificent waterway is something to delight and impress the visitors. It is 84 miles by water to Fredericton, the capital of the province a very beautiful city of some 10,000 people."

I fear when the visitors gets aboard the so-called fire steamer now plying between these two cities he will not be at all anxious to take the trip a second time. A more disgraceful service has never been given the travelling public than the one now existing upon this route. While talking about "Old Home Weeks" and "Back to New Brunswick" booms? Those who are taking such a lively interest in these movements should devote their attention to some move to remedy the existing conditions now governing our beautiful river. Otherwise I fear the impression will be anything but favorable.

Thanking you Mr. Editor for the space, I remain Yours truly, NEW BRUNSWICKER.
