A Law Regulating The Sale of Milk in the City of Fredericton.

1. No person shall sell or offer for sale milk in the City of Fredericton without having first procured a license so to do, from the local Board of Health.

2. Every person applying for a license to sell milk within the City of Fredericton shall, with the application therefor, furnish the Board with a declaration in writing that all cows belonging to him which supply milk for the purpose of sale have been tested with the Tuberculin within one month from the date of such application by a veterinary surgeon, recognized as such by the Board, for the diagnosis of tuberculosis and that he will not sell or offer for sale in the said City of Fredericton, any milk procured from any cow which has not been so tested.

3. Every person so applying as aforesaid shall also furnish along with the application and with said declaration, a certificate in writing from an accredited veterinary surgeon, approved by the local Board of Health, certifying that all the cows from which the applicant procured any milk for the purpose of sale, have been tested within one month from the date of such application, with Tuberculin for the diagnosis of tuberculosis, and that the said cows and each and every one of them are entirely free from Tuberculosis, Cow Pox, Actinomyces, Puerperal Fever, Retention of the Placenta or any other malignant or contagious disease. All certificates from veterinary surgeons shall be on form, approved of and supplied by the local Board of Health.

4. And every person owning or keeping herds from which milk is sold in the City of Fredericton, shall, upon making any additions to said herds, have each and every addition properly tested with Tuberculin for the diagnosis of tuberculosis and shall file a certificate from an accredited veterinary surgeon that said additions are free from tuberculosis.

5. And every person selling milk in the City of Fredericton shall have their entire herd of cows properly tested for tuberculosis as before provided, at least once every year, between the first of April and the first of May. Should the Board deem it necessary in the interest of the public health, they can order any or all herds from which milk is supplied to the City of Fredericton to be tested with Tuberculin as before described, twice during the year.

6. Every license to sell milk within the City of Fredericton shall be subject to the condition that the licensee shall and will observe, abide by and perform all the restrictions, conditions and regulations from time to time adopted or enacted by the local Board of Health during the currency of said license or any renewal thereof, and upon the said licensee failing to observe, comply with or perform any of such restrictions, conditions or regulations, the license granted to such vendor of milk shall forthwith become null and void.

7. Every licensed vendor of milk offering milk for sale in the City of Fredericton shall at least once a year, deliver to the Board of Health a statement containing (1) His name and address; (2) The source or sources of his milk supply; (3) The number of cows in his possession; (4) The average quantity of milk disposed of either (a) to milk shops, (b) to milk vendors, (c) or to private consumers; (5) The situation of his dairy or dairies, and such other information as the Board or its officers may deem necessary.

8. Every licensed vendor of milk shall comply with the various clauses of the Public Health Act by giving notice to the local Board of Health of any cases of contagious disease in his family or in his farm house or shop at which, from which, or in which the milk is either sent or received, and he shall further carry out the restrictions laid upon him by the local Board under the Public Health Act.

9. No licensed milk vendor shall sell or offer for sale in the city of Fredericton any milk which is unwholesome or unfit for human food, or any milk which has been adulterated, or has been reduced or changed by the addition of water or other substance, or by the removal of cream, or milk known as swill milk, or milk from cows or other animals fed upon garbage or the like substance, or milk from diseased animals; but skimmed milk may be sold as such if contained in cans or vessels bearing upon their exterior the word "Skimmed" placed conspicuously in letters not less than two inches in length; and no person shall supply such skimmed milk unless such quality of milk is asked for by purchaser.

10. Every licensed milk vendor shall permit all his milk cows and cow byres, and all dairies and other places in which milk is sold or kept, to be inspected by the Health Officers, or person or persons appointed for that purpose by the Board of Health whenever any such officers may desire to do so, and no licensed vendor of milk shall keep any milk intended for sale, or which may be afterwards sold or offered for sale in the said city, in any place where such milk is likely to become unwholesome or liable to produce disease, either by reason of adulteration, contamination with sewerage, absorption of disease germs, infection of cows, uncleanness, or any other unrecognized cause, nor

in any place condemned by the Board or its authorized official, nor carry it in any wagon of vehicle used for the conveyance of swill, manure, or any other offensive material.

11. Every licensed vendor of milk shall have the number of his license conspicuously placed on the wagon or vehicle from which the milk is sold, and every can or vessel from which it is sold when no vehicle is used.

12. Every dairyman and vendor of milk and every driver of milk wagons or vehicles having in his possession in the city of Fredericton milk for sale in the said city at the time, shall, whenever so requested, furnish the Inspector of the Board with such samples of milk as he may require from time to time and at such places as the samples may be demanded.

13. Every sample of milk shall have a label attached to the vessel containing it, which shall have written thereon at the time of collecting it, the number of sample, date of collection and the initials of the officer or inspector receiving the same, who shall at once enter in a book (carried for that purpose) for further reference, a corresponding number with the name of the owner or driver from whom the said sample was obtained.

14. Each sample shall be examined separately according to its number, by the medical health officer or person appointed for the purpose, who shall register the specific gravity, temperature and percentage of butter fat, opposite a corresponding number in a book kept for that purpose, the names of the owners to be subsequently inserted.

15. The Health Officers and Sanitary Inspectors are authorized and required to inspect, as often as to them or any of them seem necessary, all Milk offered for sale whether on any of the streets, public places or shops of the said City, and to seize and destroy all such Milk which may, on such inspection, be found unwholesome or unfit for human food.

16. Any one infringing any of the above regulations will be subject, for every offence to a penalty not exceeding Forty Dollars.

17. These regulations will come in force on the first day of June, 1912.

Passed and enacted this twenty-sixth day of April A. D. 1912.

CHAS. W. BECKWITH, Secretary Health District, No. 1, City of Fredericton.

JOHN M. WILEY, Chairman.

211—May 13

CHICAGO'S OLDEST CITIZEN

Chicago, Ill., May 7—Edwin O. Gale, who holds the honor of being Chicago's "oldest citizen," celebrated his eightieth birthday anniversary today at his home in Oak Park. Mr. Gale was born in New York City on May 7, 1832, and has been a resident of Chicago since 1835.

IMPERIAL VIEW OF HOME RULE

(Montreal Star)

Winston Churchill, in his speech in the house, as in his speech at Belfast, took the imperial view of the home rule question. We cannot escape the feeling that in these times of peril for the Empire, this is the true view. The policy of the British government should be conciliation towards all the different peoples who make up our motley empire. They conciliated the Boers who had lately been in arms against us, and who have ten chances to Ireland's one, to arm again. Why should they not conciliate Ireland? Even if some of the opponents of the measure sincerely believe that this implies a chance that Ireland may use her new power to weaken imperial defence—and, for the life of us, we cannot see how she can—ought they not to be willing to risk this small possibility when they realize that every ounce of the united strength of the entire British Empire will presently be needed to protect its life? Taking their own view of it, it is a small stake risked with huge possible winnings on the table.

The British Empire needs the support of the Irish race—not only in Ireland but overseas. We haven't got a man under the flag whose help we can spare—and certainly not "a first class fighting man" like the Irishman. Coercion has been tried on Ireland for a century with the worst possible results—one of which is a solid anti-British political force in the American Republic. Why not "gamble" on conciliation? This is no time to hesitate over small risks. A few years ago there were "stick-in-the-mud" Britishers who could not stomach the notion of establishing genuinely friendly relations with "our historic enemy," France. But the late King Edward brushed aside all such nonsense; and where would we be today without the French "entente"? They do say moreover, that the late King Edward was in favor of home rule. His long life at the centre of things, detached from party feeling, gave him a truly imperial outlook.

LATE GOLDWIN SMITH LEFT LARGE ESTATE

Toronto, May 7—Distribution of the estate of the late Dr. Goldwin Smith has been completed. Cornell University, the residuary legatee will receive approximately \$675,000. The estate was originally valued at \$834,297 but owing to the increase in the value of the securities it realized \$879,819. Legacies amounting to \$51,200 were paid and also the expense of keeping "The Grange" Dr. Smith's residence open for eight months. Cornell will receive the following:

Stocks in the United States \$158,377; bonds \$67,727; Mortgages, \$335,166; Cash \$100,000; Railway bonds \$12,000

THE TRADERS-ROYAL BANK MERGER

Toronto, May 4—Definite announcement that the directors of the Traders and Royal banks had agreed on a basis of merger, and that the deal required only the ratification of two-thirds of the shareholders of the take effect, was made at the close of the regular weekly assembly of the directors of the Traders Bank of Canada yesterday afternoon.

The basis on which the amalgamation is to take place is, as has been already stated \$180 a share for Traders and \$240 for Royal stock. This is the first authoritative announcement given since the negotiations were begun.

Mr. Stuart Strath general manager of the Traders Bank, interviewed immediately after the meeting, said a statement was being prepared and would be sent to the shareholders next week. He intimated that the directors were still working on the details of the merger.

McFARLAND TO MEET VETERAN

Fall River, Mass., May 8—The fight fans of Fall River and vicinity will have an opportunity to see Packey McFarland in action tomorrow night, when he will mix it up before a local club with Martin Canole, one of the veterans of the ring. The agreement calls for a ten-round bout at 135 pounds.

"Never dispute anything trifling with anyone even though should be in the right"

A WEAK, ACHING BACK CAUSED HER MUCH MISERY

Could Not Work and Had No Ambition For Anything.

Those who have never been troubled with kidney trouble do not know the suffering and misery which those afflicted undergo.

Weak, lame or aching back comes from the kidneys, and when the kidneys are out of order the whole system becomes deranged.

Doan's Kidney Pills are a specific for all kidney troubles.

Mrs. W. R. Hodge, Fielding, Sask., writes:—"A few lines highly recommending Doan's Kidney Pills. For this last year I have been troubled very much with nasty sick headaches, and a weak, aching back which caused me much misery, for I could not work and had no ambition for anything. My kidneys were very badly out of order, and kept me from sleeping at nights. I tried many kinds of pills and medicines but it seemed almost in vain. I began to give up in despair, when a kind neighbor advised me to try Doan's Kidney Pills, which I did, and am thankful for the relief I obtained from them, for now I am never in trouble with a sore back or sick headaches. I will always say Doan's Kidney Pills for mine, and can highly recommend them to any sufferers."

Price 50 cents per box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

When ordering direct specify "Doan's."

A YANKEE SEED POTATO CUTTER

It is one of the greatest time and labor saving devices imaginable. With it a man can cut 50 bushels in a day and cut them as uniformly as could be done by hand. You can hardly afford to cut by hand when you can get one of these cutters for \$3.00.

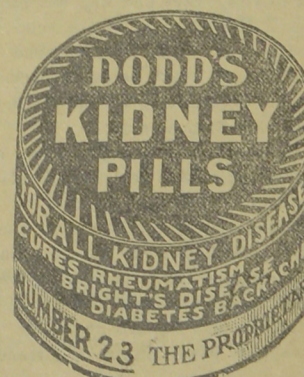

Let us demonstrate it to you or write for circular. We have wired for a third carload of Bissell Disc Harrows. It is the harrow that progressive farmers insist on having.

J. CLARK & SON FREDERICTON and ST. JOHN

SOME HIGH PRICES.

New York, May 6—The next twelve months will see some new records in high prices for meats, eggs and butter, is the belief of L.L. Preston, editor of The Produce News. The cold season has put the hens far behind on their work, the expert declares, and the supply of butter in sight is not likely to balance with the public demand.

The prices for potatoes would go to \$8 per barrel, he adds if it were not for the Irish and Belgian importations! The cabbage crop is short and cabbages, like artichokes are becoming luxuries. Poultry is the one product he declares that has not risen in price by leaps and bounds.

FOR HER GRADUATION GIFT

Give your daughter a small, plain watch with her monogram on it. She will be delighted with it because of its beauty and usefulness.

An 0 size, hunting case, "F. E. Blackmer" watch is the Ideal Watch for your purpose, it is a small convenient size, is made very accurately, and has proven an excellent timekeeper. Watch can be had in a 14K Solid Gold Case at \$23.00, or in a first class gold filled case at \$17.

A beautiful monogram engraved on watch free of charge. For a young man's watch, see our special 15 jewel, gold filled Watch at \$10.00.
