A PROFESSOR OF ENGLISH

Canadian Courier: The little University of New Brunswick is set on a high hill above the city of Fredericton and its height is but indicative of its intellectual outlook. Under Chancellor Jones it is a strong influence in the life of that Province. One of its newest professors comes from Ontario—a reversal of the ordinary run of things. Professor Robert K. Gordon was educated at Upper Canada College and the University of Toronto. For two years he was a student at Magdalen College, Oxford, where he graduated with honours in English.

TURKS ARE BEING WORSTED BY THE ALLIED STATES

(Continued from page 1)
TURKS IN BAD SHAPE

London, Oct. 30.—The Daily Telegraphs correspondent at Kossanides describes Zuraish force opposing the Greeks as entirely disorganized and incapable of offering resistance. He says that the Greek force is advancing by mule road to Verria, while the Greeks also hold the Monastir railway and adds that if the Turks have no reinforcements at Saloniki that town will soon be in the hands of the Allies.

The Greeks showed great dash and bravery in assaulting and carrying the positions in the long defile of Sarandapore where they suffered very heavy losses.

Details are reaching Belgrade according to the Standard's correspondent there, of the retreat of the Turks from Kumanova. They tried to stop the Serbian advance by making breast work of dead bodies. Six thousand corpses were found on the road from Kumanova to Uskup, and six truck loads of petroleum had been brought from the rear for the purpose of burying the dead.

The Constantinople correspondent of the Standard says it is considered a bad sign by the Turkish authorities that no news has been received of Zeeki Pasha's army in the North of Macedonia.

It is officially announced that the railway to Kikilisseh is again in operation and that the Turks have begun the offensive movement.

The Turkish forces at Veles numbered eighty thousand says a Belgrade despatch to the Express. The fighting there was sanguinary. The Turks were utterly demoralized and made a wild retreat in the direction of Monastir and Saloniki.

The difficulties of the Greek army in transport and commissariat in the absence of a railway are described

in a Larissa despatch. Everything must be carried by pack animals. The roads are in a terrible condition and cut up by artillery.

The Crown Prince is pushing east with frenzied haste as the army must have bread. He wants to reach Saloniki where his supplies will be replenished by the way of the sea.

A report is given in a Vienna news despatch to the Daily Telegraphs negotiations as Serbia so far proached Servia with a view to peace negotiations as Lervia so far has taken possession of the most important places. King Peter has already warned King Ferdinand of this scheme which is regarded as a Turkish attempt to stir dissension in the Balkan Federation.

Kosni, Turkey, Oct. 30.—The Greek army under crown Prince Constantine after seizing the Turkish town of Verria cut the railroad communicating with Monastir. The principal Mussulmen residents in the district have tendered their submission to the crown Prince.

Athens, Oct. 30.—The Hashibazouks, Turkish irregulars have pillaged and burned the village in the Jaunia district. They killed many women and children. The Greek archpriest at Jaunia had been murdered.

GREEK SUCCESSES

London, Oct. 30.—The Greek's today occupied the Turkish town of Verria without resistance according to a news agency despatch from Athens the Greek army is now within fifty miles of Saloniki, and it is believed the railroad from Sterri to that city is still intact. Blaque Bey who was military attaché at Vienna and whose wife was formerly Isabel Kallman of Minneapolis, has been appointed general of division in the Turkish army according to a despatch from Constantinople.

GLADYS-KLARK COMPANY AT THE OPERA HOUSE

The Gladys Klark Co. delighted a fair sized audience at the Opera House last evening in the thrilling four-act society drama, "Ishmeal." Mr. C. E. Balfour was at his best in the leading part while Miss Klark was excellent in the role of the leading lady. The handsome gowns worn throughout the production were much admired by the ladies. Miss Klark and her excellent company have made many friends during their short engagement in Fredericton and are great favorites with the theatre-going public. The vaudeville between the acts was far ahead of the average, the trunk mystery being particularly good while the hoop rolling was excellent. The catchie songs by the little boy were much enjoyed. The music by the company's own orchestra was good, the singing being something new. Several of the ladies in the audience were compelled to keep on their coats as the hall was awfully cold. A large number present raised many complaints and a great many thought there was no fire at all.
