

ALL YOU NEED IS A CASCARET TONIGHT

No Sick Headache, Bilious Stomach,
Coated Tongue or Constipated
Bowels by Morning

Turn the rascals out—the headache, the biliousness, the indigestion, the sick, sour stomach and foul gases—turn them out tonight and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels or an upset stomach.

Don't put in another day of distress. Let Cascarets cleanse and regulate your stomach; remove the sour, undigested and fermenting food and that misery-making gas; take the excess bile from your liver and carry out of the system all of the constipated waste matter and poison in the intestines and bowels. Then you will feel great.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep. A 10-cent box from any drug store means a clear head, sweet stomach and clean, healthy liver and bowel action for months. Children love to take Cascarets because they taste good—never gripe or sicken.

"DAUGHTER OF HEAVEN" PRODUCED

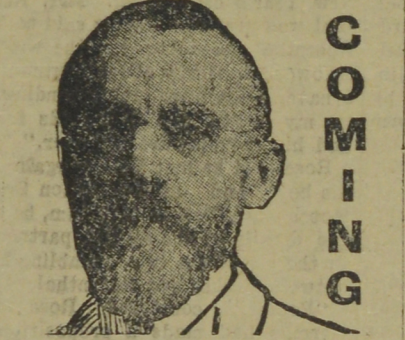

New York, Oct. 12—The initial performance of "The Daughter of Heaven" the Chinese play by Pierre Loti and Judith Gautier was given before an audience that completely filled the Century Theatre this afternoon. Pierre Loti, one of the authors attended the performance.

RUPTURE

(SEE DATES AT BOTTOM)

Truss Torture

Once Thought Necessary, but Now Your Search for Relief is Ended.
Wonderful Method Retains Rupture Without Knife, Danger or Pain.

J. V. EGAN, Specialist of Toronto

Old-fashioned truss torture is no longer necessary. Gallip, slipping trusses and barbarous methods of treating ruptures are done away with by the wonderful invention of a specialist who has devoted fifty years to this one affliction. The marvelous new Egan "CURATISS" gives to the ruptured instant relief, rest and security where all others fail. It stops all irritation and restores every part to its natural position as soon as it is thrown away. "EGAN'S CURATISS" cures absolutely without operation and the cost is small.

Multitudes of cured men, women and children testify. Also endorsed by many physicians. Where others fail is where I have my greatest success. Nothing complicated, no pain or irritation, but just a natural restorative method.

Immediate relief guaranteed. No fakers or lies—just straight business. Do not try this aside, or delay, but tear off free coupon now.

Free Consultation Coupon.
This coupon, upon presentation to J. V. Egan, rupture specialist, 331 West King Street, Toronto, who will visit the towns (on dates mentioned below) will entitle bearer to free consultation and examination of samples. Ask at hotel office for number of my room. Note dates.

Chatham, Hotel Torrance—Oct. 16-17.
Fredericton, Queen Hotel—Friday afternoon and night, Sat., Sun. (all day and night) 24 days only—October 18-19-20.
Woodstock, Carlisle Hotel—Oct. 21-22.

PROPERTIES WANTED

City free hold property centrally located with house and barn in good repair containing eight to ten rooms electric light and sewerage connections.
City freehold lot 50 x 60 feet wide to cost not more than \$500.00

The Fredericton Real Estate Co., Ltd.

232 Queen Street.

Post Office Box 406

ELECTION DAY IN U. S. IS THREE WEEKS AWAY

Washington, D. C., Oct. 11—Three weeks from next Tuesday the voters of the entire country will go to the polls to express their preference for President and Vice President of the United States. The States of the Union, with the exception of Maine and Vermont, will vote on the same day for members of the house of representatives of the Sixty-third Congress. The two States excepted have already held their elections.

On November 5 State officers will be elected in all of the States excepting Arkansas, Georgia, Kentucky, Louisiana, Maine, Mississippi, Vermont and Virginia. Earlier in the present year State officers were elected in Arkansas, Georgia, Louisiana, Maine and Vermont. The election in Virginia will be held next year, while in Kentucky and Mississippi the present State officers hold over until 1915.

The States that will elect governors at the election next month are Colorado, Connecticut, Delaware, Florida, Idaho, Illinois, Indiana, Iowa, Kansas, Massachusetts, Michigan, Minnesota, Missouri, Montana, Nebraska, New Hampshire, New York, North Carolina, North Dakota, Ohio, Rhode Island, South Carolina, South Dakota, Tennessee, Texas, Utah, Washington, West Virginia, Wisconsin and Wyoming. In the other States in which elections are to be held only minor officials are to be selected.

In many of the States legislatures will be elected November 5, which will choose successors to United States senators whose terms expire March 4, 1913. The senators whose terms will end next March and whose successors have already been selected or will be named within the next few months are as follows:

Jefferson Davis (D), Arkansas; Simon Guggenheim (R), Colorado; H. A. Richardson (R), Delaware; Augustus O. Bacon (D), Georgia; William E. Borah (R), Idaho; Shelby M. Cullom (R), Illinois; William S. Kenyon (R), Iowa; Charles D. Tamm (R), Kansas; T. H. Paynter (D), Kentucky; Murphy, J. Foster (D), Louisiana; Obadiah Gardner (D), Maine; Winton M. Crane (R), Massachusetts; William A. Smith (R), Michigan; Knute Nelson (R), Minnesota; Le Roy Percy (D), Mississippi; Joseph M. Dixon (R), Montana; Norris Brown (R), Nebraska; H. E. Buraham (R), New Hampshire; Frank O. Briggs (R), New Jersey; F. McL. Simmons (D), North Carolina; Robert L. Owen (D), Oklahoma; Jonathan Bourne, Jr. (R), Oregon; George P. Wetmore (R), Rhode Island; Benjamin R. Tillman (D), South Carolina; Robert J. Gamble (R), South Dakota; Newell Saunders (R), Tennessee; Joseph W. Bailey (D), Texas; Thomas S. Martin (D), Virginia; C. W. Watson (D), West Virginia; and Francis E. Warren (R), Wyoming.

Of the senators named in the foregoing list only five are assured of the fact that they will sit in the upper branch of Congress after March 4 next. They are Davis of Arkansas, Bacon of Georgia, Owen of Oklahoma, Tillman of South Carolina and Martin of Virginia. All five come from States that are solidly Democratic and as the Democrats in each of the States have voted for the return of the senator as re-election in each case is assured.

In many of the other States it is equally certain that the incumbent will not be returned to the senate. Senators Guggenheim of Colorado, Crane of Massachusetts, Bailey of Texas and Wetmore of Rhode Island declines to become candidates for an other term. Bailey of Texas will be succeeded by Congressman Morris Sheppard. Colorado voters of all parties have expressed their preferences in the primary for the successor of Senator Guggenheim and also, for the successor of the late Senator Hughes. In Massachusetts and Rhode Island the selections are yet to be made.

The fate of Senator Richardson of Delaware is in doubt. Borah of Idaho has been endorsed for re-election by his own party. Cullom of Illinois was defeated in the primaries. His

successor will be L. Y. Sherman (R) or J. Hamilton Lewis (D). Senator Kenyon has been named for re-election by the Republicans of Iowa; Curtis of Kansas was defeated in the primaries. He will be succeeded by Governor Stubbs (R), or Hugh Farrelly (D). Ollie James has been named to succeed Senator Paynter of Kentucky. Senator Foster of Louisiana will be succeeded by Congressman Joseph E. Ransdell. Senator Gardner (D), of Maine, will give way to former Congressman Edwin C. Burleigh (R). Senator William Alden Smith has been endorsed for re-election by Michigan Republicans. If the Democrats control the next legislature Senator Smith's successor will be Alfred Lucking of Detroit. Knute Nelson of Minnesota has been renominated by the Republicans. If the legislature goes Democratic his successor will be Daniel Lawler of St. Paul. Senator Percy of Mississippi already has given way to former Governor Vardaman. The re-election of Dixon, of Montana depends upon the successor of the third party in his State, which party has endorsed him. The regular Republicans have put another candidate in the field. Senator Norris Brown of Nebraska was defeated in the Republican primaries by Congressman George W. Norris. In the event of Democratic success in Nebraska the next senator will be former Governor Shallenbarger. Senator Briggs is the choice of New Jersey Republicans for re-election. In the event of Democratic success the Briggs toga will fall upon the shoulders of former Congressman Hughes. Senator Simmons of North Carolina will have to win out in a hot three-cornered fight. Senator Burno of Oregon was defeated in the primaries but may seek re-election as an independent. Thomas Sterling is the choice of South Dakota Republicans to succeed Senator Gamble. The activity of the Progressives, however, has badly muddled the South Dakota situation and it is doubtful who will control the legislature. Tennessee will take a preference vote on the regular election day, November 5, to decide who shall succeed Newell Saunders, the Republican appointee of Governor Hooper, in the senate. The successor of Senator Watson of West Virginia is yet to be decided. Senator Warren of Wyoming has been renominated by the Republicans. John B. Kendrick's has been endorsed by the Democrats.

WHAT MAKES A COMPLEXION?

The season's program of evening parties, social events, etc., is before you. Why not look your best? Why not ensure a good complexion? Matter of time and perseverance only if you will use Zam-Buk.

Zam-Buk is a skin food; and complexion is purely a matter of skin health. Zam-Buk smeared lightly over the face, each night, acts as a skin tonic. It stimulates the cells beneath the cuticle to healthy action, makes the capillaries and blood vessels work and the vigorous circulation thus started carries away secreted impurities. Waxy, sallow deposits are thus removed. That yellow tinge gives place to the pink of health.

Isn't this wiser than relying upon talcum powder and cosmetics? Zam-Buk builds up a complexion from blood and tissue. It lasts!

QUEENSTON HEIGHTS CENTENARY

Niagara Falls, Ont., Oct. 12—In striking contrast with the scene of battle and bloodshed enacted on the same ground one hundred years ago, when the British and Canadian troops, in repelling the invasion of the Americans, was the gathering of peaceful patriots assembled on the site of the battle of Queenston Heights today to take part in the centennial commemorating that event. Delegations representing the patriotic and historical societies of Toronto and other places took part in the exercises on the battlefield, conducted under the auspices of the United Empire Loyalists. Many handsome floral offerings were deposited about the base of the monument erected in memory of Sir Isaac Brock, the famous general who commanded the Canadian forces in the War of 1812 and who received a mortal wound as he was leading his troops to victory in the battle of Queenston Heights, October 13, 1812.

1903—Flood's at Patterson, N. J., damaged property to the amount of \$5,000,000.

Wood's Phosphodeine,
The Great English Remedy.
Tones and invigorates the whole nervous system, makes new blood in old veins, cures nervous debility, mental and brain worry, despondency, loss of memory, nervousness, general weakness, and all other ailments. Price 81 per box, six for \$5. One will please, six will cure. Sold by all druggists or mailed in plain package on receipt of price. New pamphlet mailed free. The Wood Medicine Co., Toronto, Ont.

SECOND TRIAL OF ALLEGED PRISONERS

Newark, N. J., Oct. 12—Both sides are in readiness for the opening on Monday next of the second trial of Allison M. MacFarland, who is charged with the murder of his wife. MacFarland was indicted on October 25, 1911 and his first trial took place in the early part of the present year. The prosecution had little direct evidence in that sensational case and the case hinged practically upon the admission of the "Bunny Letters," a number of affectionate missives which MacFarland had received from Mrs. Florence Bromley, his former stenographer, and which tended to show that MacFarland was in love with the writer and had expressed the intention of riding himself of his wife. Notwithstanding the strenuous objections of the defence the letters were admitted as evidence and, after a trial extending over several weeks, MacFarland was found guilty of murder in the first degree and sentenced to death.

His lawyers appealed to the Court of Errors and Appeals and the latter, after a careful review of the case decided that the lower court had erred in admitting the "Bunny Letters" as evidence and that the Justice presiding at the trial had erred in his instructions to the jury, permitting the jurors to base their judgment upon those letters. The decision of the trial court was reversed and the case remanded for a new trial. The latter was finally set for next Monday.

Allison M. MacFarland was born in Thomaston, Me., about thirty-five years ago and received a fair education, including two years high school and a course at a commercial school at Rockland, Me. It was at Rockland, in the fall of 1897 that MacFarland met Evelyn Crockett. They became engaged and on October 3, 1900 they were married at the Methodist Church in Rockland. For one year or more they continued to live in Rockland, then they moved to Quincy, Mass., where MacFarland obtained a position as foreman in the Tote River Iron Works. One year later they moved to New York, then to Chicago, then to Michigan and finally to Philadelphia. While in Philadelphia MacFarland invented an automobile tire and a company of wealthy men was formed to put the invention in the market. Officers were opened and Miss Florence Bromley was engaged as stenographer.

MacFarland soon became infatuated with his stenographer and his attentions to her caused serious domestic trouble with his wife. Finally she left him and returned to her parents where she remained two years, devoting herself to the bringing up of her two little children. In the meantime the tire concern failed and MacFarland obtained employment with the Crocker-Wheeler Company, in Newark. In 1911 the marital troubles between MacFarland and his wife were patched up and Mrs. MacFarland with her two children returned to him in the early part of August of that year.

As it appeared later, the relations between MacFarland and his former stenographer had not ceased. They kept up a lively correspondence and frequently met by appointment. On the evening of October 17, 1911, MacFarland went to New York with his son, to take the little boy to one of the theatres. They remained in New York over night and when they reached their home in Newark on the following morning, they found Mrs. MacFarland dead upon her bed, with her little daughter playing near her.

At the investigation by the coroner it was shown that Mrs. MacFarland had been poisoned by Cyanide of Potassium, a solution of which drug had been contained in a blue bottle that had formerly contained bromide, which Mrs. MacFarland had been in the habit of taking for her frequent headaches. It was suspected that MacFarland had placed the poison in the bottle with the expectation that his wife would take the poison by mistake, when in need of a headache remedy and when other circumstantial evidences had been found, showing the relations between MacFarland and Miss Bromley and thus establishing a motive, MacFarland was held to the grand jury. His indictment and trial followed. Among the effects of MacFarland a number of letters were found which Miss Bromley had written to him and his final conviction rested mainly upon their incriminating evidence.

Electric Restorer for Men
Phosphodeine restores every nerve in the body to its proper tension; restores vitality, cures nervousness, general weakness, and all other ailments. Price 81 per box, six for \$5. One will please, six will cure. Sold by all druggists or mailed in plain package on receipt of price. New pamphlet mailed free. The Wood Medicine Co., Toronto, Ont.

CARR-FITZPATRICK WEDDING

Kansas City, Mo., Oct. 12—A wedding of note today was that of Miss Aurelia Blessingame Fitzpatrick and Albert Marvin Carr, which took place at the home of the bride's parents, Mr. and Mrs. Albert Henry Munger. The bridegroom is the son of Gen. Julian S. Carr of North Carolina. The couple will reside in New York, where Mr. Carr is engaged in business.

ANOTHER MIRACULOUS CURE OF RHEUMATISM BY "FRUIT-A-TIVES"

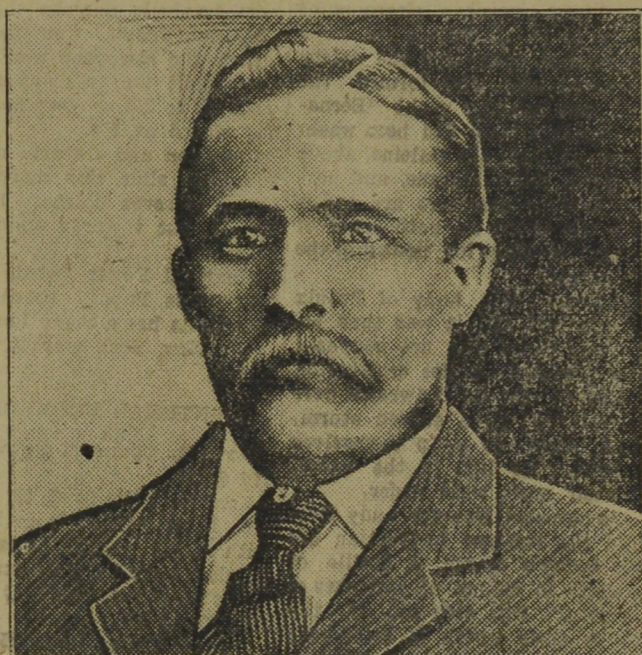

Pain Was Almost Unendurable Until He Began
To Take The Famous Medicine Made From
Fruit, Which Is Making So Many Cures.

Suffered For Five Years And Would Be Still
Suffering—Probably—Had It Not Been For
"Fruit-a-tives".

There is no doubt about "Fruit-a-tives" being the long sought cure for Rheumatism, Sciatica and Neuralgia. Every day sees some sufferer relieved by "Fruit-a-tives". Every day sees some "hopeless, incurable" case of Rheumatism yield to the magic powers of these truly marvelous tablets, which are made by a wonderful secret process from the juices of fruits.

There may be skeptics. There may be people who think that perhaps "Fruit-a-tives" is all right for others, but not for them. There may be people who insist that their cases are too far gone to be helped. To all such, we say "Try Fruit-a-tives" as Mr. Dobson did. Give them a chance to prove their value. Mr. Dobson thought his case incurable, yet a short treatment was sufficient to cure him.

"Fruit-a-tives" is the greatest remedy for Rheumatism that the world has ever known. Here is the proof.

BRONTE, OCT., March 1st 1912

"Fruit-a-tives" has made a complete cure in my case of Rheumatism, that had at least five years standing before I commenced the treatment. The trouble was principally in my right hip and shoulder, the pain from it was almost unendurable. Not being able to sleep on that side, if I chanced to turn on my right side while asleep, the pain would immediately awaken me. This kept up until I started taking "Fruit-a-tives". I started by taking one or two tablets in the morning with a large glass of water, before breakfast and experienced pronounced benefit very shortly. After a continued treatment for about six months, I was cured and am now in first-class health. This, I attribute to my persistent use of "Fruit-a-tives", and I heartily recommend your remedy to any Rheumatic Sufferers, feeling confident that if taken faithfully, a cure will result.

I keep a general store at the above address and often recommend "Fruit-a-tives" to my customers.

JAMES DOBSON.

Get a box of "Fruit-a-tives"—take them as Mr. Dobson took them—and "Fruit-a-tives" will cure you just as they cured Mr. Dobson. 50c. a box, 6 for \$2.50, or trial size, 25c. At all dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa, Ont.

MONTENEGRO IS SMALL BUT PLUCKY

Montenegro is the smallest independent kingdom in Europe, and has a population of not more than 300 people. Its area is but a little over 3,600 square miles. Poor and barren as it is, this little mountain land has always excited the deeper patriotism and an unconquerable love of freedom amongst its people. "My country," said King Nicholas on one occasion "is a wilderness of stones; it is arid, it is poor, but I adore it! If I were offered the whole of the Balkan Peninsula in exchange I would not consider the bargain for one moment." Every Montenegrin holds the same opinion. The war strength of the Montenegrin army is probably between 30,000 and 50,000 men. Every man in the country is liable to military service from the 18th to the 62nd year of his age. By sea, the warlike little kingdom on the Adriatic is quite inaccessible to the forces of Turkey, inland, it is protected by wild and rugged mountains, and its roads on the frontier have by deliberate policy been kept in almost impassable condition. No country less inviting to invasion could be imagined and as warfare has for centuries been almost a natural pastime, they are certain to give the Turks a lively time of it in any contest.

The Montenegrins freed themselves from actual Turkish domination in 1697, and the last vestige of nominal overlordship by the Porte disappeared with the signing of the Treaty of Berlin in 1878 and the acknowledgment of Montenegrin sovereignty by Turkey in 1909.

Thecession of sovereign powers to them did not eliminate their hatred of the Turks, however. That is a heritage which is the possession of every member of the Slav race in the Balkans. They have been at war for centuries with their enemies and they have never been conquered.

HEAVY SUPREME COURT DOCKET

Washington, D.C., Oct. 12—After a three months' vacation the Supreme Court of the United States will convene Monday for the term of 1912-13. The docket is one of the heaviest that ever confronted the highest tribunal. Many cases of great importance are awaiting argument and decision. Early decisions are expected in numerous cases argued at the last term of the court. Further far-reaching interpretation of the Sherman anti-trust law is looked for at an early date. Under the head of "trust" cases are the "Hard coal" case and the Union Pacific-Southern Pacific merger. Decisions in numerous railroad rate cases are expected. Also on the docket are the "cotton corner" case the Kansas election case, the "Bath-tub Trust" suit, the boundary disputes between North Carolina and Tennessee and between Arkansas and Tennessee, and various items of litigation affecting the jurisdiction of the Interstate Commerce Commission.

W. A. Brady is to produce a morality play which has been successful in London. It is called "Hindle Wakes" It is by Stanley Houghton, a young dramatist, and will be produced with the original London cast.
