## A Law Regulating The Sale of Milk in the City of Fredericton.

1. No person shall sell or offer for  
sale milk in the City of Fredericton  
without having first procured a li-  
cense so to do, from the local Board  
of Health.

2. Every person applying for a li-  
cense to sell milk within the City of  
Fredericton shall, with the applica-  
tion therefor, furnish the Board with  
a declaration in writing that all  
cows belonging to him which supply  
milk for the purpose of sale have  
been tested with the Tuberculin with-  
in one month from the date of such  
application by a veterinary surgeon,  
recognized as such by the Board, for  
the diagnosis of tuberculosis and  
that he will not sell or offer for sale  
in the said City of Fredericton, any  
milk procured from any cow which  
has not been so tested.

3. Every person so applying as  
aforesaid shall also furnish along  
with the application and with said  
declaration, a certificate in writing  
from an accredited veterinary sur-  
geon, approved by the local Board of  
Health, certifying that all the cows  
from which the applicant procured  
any milk for the purpose of sale,  
have been tested within one month  
from the date of such application,  
with Tuberculin for the diagnosis of  
tuberculosis, and that the said cows  
and each and every one of them are  
entirely free from Tuberculosis, Cow  
Pox, Actinomyces, Puerperal Fever,  
Retention of the Placenta or any  
other malignant or contagious dis-  
ease. All certificates from veterinary  
surgeons shall be on form, approved  
of and supplied by the local Board  
of Health.

4. And every person owning or  
keeping herds from which milk is sold  
in the City of Fredericton, shall,  
upon making any additions to said  
herds, have each and every addition  
properly tested with Tuberculin for  
the diagnosis of tuberculosis and  
shall file a certificate from an accre-  
dited veterinary surgeon that said  
additions are free from tuberculosis.

5. And every person selling milk  
in the City of Fredericton shall have  
their entire herd of cows properly  
tested for tuberculosis as before pro-  
vided, at least once every year, be-  
tween the first of April and the first  
of May. Should the Board deem it  
necessary in the interest of the pub-  
lic health, they can order any or all  
herds from which milk is supplied to  
the City of Fredericton to be tested  
with Tuberculin as before described,  
twice during the year.

6. Every license to sell milk with-  
in the City of Fredericton shall be  
subject to the condition that the li-  
censee shall and will observe, abide by  
and perform all the restrictions, con-  
ditions and regulations from time to  
time adopted or enacted by the local  
Board of Health during the currency  
of said license or any renewal there-  
of, and upon the said licensee failing  
to observe, comply with or perform  
any of such restrictions, conditions  
or regulations, the license granted to  
such vendor of milk shall forth-  
with become null and void.

7. Every licensed vendor of milk  
offering milk for sale in the City of  
Fredericton shall at least once a  
year, deliver to the Board of Health  
a statement containing (1) His name  
and address; (2) The source or  
sources of his milk supply; (3) The  
number of cows in his possession;  
(4) The average quantity of milk dis-  
posed of either (a) to milk shops, (b)  
to milk vendors, (c) or to private  
consumers; (5) The situation of his  
dairy or dairies, and such other in-  
formation as the Board or its officers  
may deem necessary.

8. Every licensed vendor of milk  
shall comply with the various clau-  
ses of the Public Health Act by giv-  
ing notice to the local Board of any  
cases of contagious disease in his  
family or in his farm house or shop  
at which, from which, or in which the  
milk is either sent or received, and  
he shall further carry out the re-  
strictions laid upon him by the local  
Board under the Public Health Act.

9. No licensed milk vendor shall  
sell or offer for sale in the city of  
Fredericton any milk which is un-  
wholesome or unfit for human food,  
or any milk which has been adulter-  
ated, or has been reduced or chang-  
ed by the addition of water or other  
substance, or by the removal of  
cream, or milk known as swill milk,  
or milk from cows or other animals  
fed upon garbage or the like sub-  
stance, or milk from diseased ani-  
mals; but skimmed milk may be sold  
as such if contained in cans or  
vessels bearing upon their exterior  
the word "Skimmed" placed conspicu-  
ously in letters not less than two  
inches in length; and no person shall  
supply such skimmed milk unless  
such quality of milk is asked for by  
purchaser.

10. Every licensed milk vendor shall  
permit all his milk cows and cow  
byres, and all dairies and other places  
in which milk is sold or kept, to be  
inspected by the Health Officers, or  
person or persons appointed for that  
purpose by the Board of Health  
whenever any such officers may desire  
to do so, and no licensed vendor of  
milk shall keep any milk intended for  
sale, or which may be afterwards sold  
or offered for sale in the said City,  
in any place where such milk is likely  
to become unwholesome or liable to  
produce disease, either by reason of  
adulteration, contamination with  
sewerage, absorption of disease germs  
infection of cows, uncleanness, or  
any other unrecognized cause, nor

in any place condemned by the Board  
or its authorized official, nor carry  
it in any wagon of vehicle used for  
the conveyance of swill, manure, or  
any other offensive material.

11. Every licensed vendor of milk  
shall have the number of his license  
conspicuously placed on the wagon  
or vehicle from which the milk is  
sold, and every can or vessel from  
which it is sold when no vehicle is  
used.

12. Every dairyman and vendor of  
milk and every driver of milk wagons  
or vehicles having in his possession  
in the city of Fredericton milk for  
sale in the said city at the time,  
shall, whenever so requested, furnish  
the Inspector of the Board with such  
samples of milk as he may require  
from time to time and at such places  
as the samples may be demanded.

13. Every sample of milk shall have  
a label attached to the vessel con-  
taining it, which shall have written  
thereon at the time of collecting it,  
the number of sample, date of col-  
lection and the initials of the officer  
or inspector receiving the same, who  
shall at once enter in a book (carried  
for that purpose) for further refer-  
ence, a corresponding number with  
the name of the owner or driver from  
whom the said sample was obtained.

14. Each sample shall be examined  
separately according to its number,  
by the medical health officer or per-  
son appointed for the purpose, who  
shall register the specific gravity, tem-  
perature and percentage of butter  
fat, opposite a corresponding number  
in a book kept for that purpose, the  
names of the owners to be subse-  
quently inserted.

15. The Health Officers and Sanitary  
Inspectors are authorized and  
required to inspect, as often as to  
them or any of them seem necessary,  
all Milk offered for sale whether on  
any of the streets, public places or  
shops of the said City, and to seize  
and destroy all such Milk which may,  
on such inspection, be found unwhole-  
some or unfit for human food.

16. Any one infringing any of the  
above regulations will be subject, for  
every offence to a penalty not ex-  
ceeding Forty Dollars.

17. These regulations will come in  
force on the first day of June, 1912.

Passed and enacted this twenty-  
sixth day of April A. D. 1912.  
CHAS. W. BECKWITH,  
Secretary Health District,  
No. 1, City of Fredericton.

JOHN M. WILEY,  
Chairman.

## THE WHITE TERROR

By F. W. Wallace.  
Oh, this is the song of the ice-berg  
strong,  
And the Lord of the Polar Seas,  
From the utmost world, by the tem-  
pest hurled  
In the teeth of the Northern breeze.  
In the changing light, of the Arctic  
night.  
To the mating seal's farewell.  
I thunder by, 'neath the Boreale sky,  
On the breast of the Greenland  
swell.

In ponderous war, by the Labrador,  
I swing from an outcast strand.  
And day by day, I wend my way,  
To the capes of New Found land.  
I heel to the shock of the iron-bound  
rock,  
And shake to my grinding keel.  
In the cold spring nights, 'neath the  
Northern Lights,  
To the Arctic tides, I reel.  
When the south wind blows, and the  
phosphor glows,  
Where the ice and billows meet.  
My bulk looms green, with an emer-  
ald sheen,  
And the seas play round my feet.  
'Neath the pale spring moon, I chant  
my tune,  
Of a primal age long past.  
And the tides swirl by, when the  
winds blow high,  
As I surge and swing to the blast.  
In the dim Bank mist, the seamen  
list,  
For the murmur of my sweep.  
And they peer by night, for my ice  
blink light,  
When the seas in slumber sleep.  
With the Stream I go, to the south-  
ward ho,  
Majestic in my stride,  
I pass the gates of the Belle Isle  
Straits,  
And steer for the ocean wide.  
At last I lift, to the Gulf Stream  
drift,  
And how to the conquering sun,  
My voyage is o'er, I sail no more,  
My life on the sea is done.

## THE FIRST GRAY HAIR SIGN OF AGE

Easy Way to Preserve Natural Color  
of the Hair and Make it Grow

A harmless remedy, made from  
common garden sage, quickly restores  
gray hair to natural color. The care  
of the hair, to prevent it from losing  
its color and lustre, is just as impor-  
tant as to care for teeth to keep them  
from discoloring. Why spend money  
for cosmetics and creams to improve  
the complexion, and yet neglect your  
hair, when gray hair is even more  
conspicuous and suggestive of age  
than wrinkles or a poor complexion?  
Of the two, it is easier to preserve  
the natural color and beauty of the  
hair than it is to have a good com-  
plexion.

All that is necessary is the occa-  
sional use of Wyeth's Sage and Sul-  
phur Hair Remedy, a preparation of  
common garden Sage and Sulphur,  
combined with other valuable re-  
medies for dry, harsh, faded hair, dan-  
druif, itching scalp and falling hair.  
After a few applications of this sim-  
ple, harmless remedy, your hair will  
gradually be restored to its natural  
color, in a short time the dandruff  
will be removed, and your hair will  
no longer come out but will start to  
grow as Nature intended it should.

Don't neglect your hair, for it goes  
further than anything else to make  
or mar your good looks. You can  
buy this remedy at any drug store for  
fifty cents a bottle, and your drug-  
gist will give you money back if you  
are not satisfied after using. Pur-  
chase a bottle today. You will never  
regret it when you realize the differ-  
ence it will make in your appearance.  
For sale and recommended by George  
Y. Dibblee, Druggist, opposite City  
Hall.

## COLLEGE ORATORS TO MEET

## FIRST TRAIN ORDER BY WIRE

Harriman, N.Y., May 2—With in-  
teresting exercises and in the pre-  
sence of a distinguished gathering, a  
tablet erected by the Association of  
Railroad Telegraph Superintendents  
and the Old Time Telegraphers' As-  
sociation to commemorate the send-  
ing of the first telegraphic train or-  
der in 1851 was unveiled here today.  
It was from the Erie Railroad Sta-  
tion at this place, which was then  
known as Turner, that the first tele-  
graphic order was sent by Charles  
Minot, the railroad's general super-  
intendent.

The tablet commemorating the  
event is of bronze and was designed  
by Charles Keck of New York City.  
It is six feet high by three feet three  
inches wide and cost \$4,000. The  
\$2,000 base upon which the tablet  
rests was quarried from the Harri-  
man estate and was given by Mrs.  
E. H. Harriman. The next largest  
contributor to the fund was Andrew  
Carnegie, who became a telegraph  
operator when he was fourteen years  
old, and who is said to have sent  
the first telegraphic train order on  
the Pennsylvania Railroad at Pitts-  
burg in 1852.
