THAW WANTS HIS FREEDOM

Another Attempt is Being Made to Liberate White's Slayer

Hearing on a Writ of Habeas Corpus before Judge Keogh at New Rochelle, N. Y.

New Rochelle, N. Y., April 27.—A fourth attempt through the agency of the law to liberate Harry K. Thaw from the Mattewan State Hospital where he has been imprisoned for the slaying of Stanford White, six years ago "because of insanity," was made today before Justice Keogh of the Supreme Court in New Rochelle. Harry Thaw was brought down from Mattewan this morning, and taken to New Rochelle where she hearing was scheduled to be held in the home of Justice Keogh. The hearing today on a writ of habeas corpus was expected to be preliminary in character, and it was understood that no witness would be examined or exhibits produced. An adjournment for several weeks, in order that counsel for the state may go over the voluminous records in previous habeas corpus proceedings, was predicted.

PROF. C. M. CARSON TO PRAISE FOUNDERS

Chemistry Professor to Deliver Address at U.N.B. Encoenia--Program to be Announced Shortly

Chancellor Jones of the University of New Brunswick announced this morning that the address in Praise of the Founders at the encoenia exercises on Thursday, May 16th, could be delivered by Dr. C. M. Carson, Professor of Chemistry. The address being delivered by a member of the scientific branch of the U. N. B. faculty the advance of the provincial university in applied science will probably be emphasized.

The complete program for encoenia will probably be announced next week. It is not likely that any new features will be introduced. It has not yet been decided whether there will be an address to the graduating class.

ASSOCIATION INCORPORATED

Toronto, April 27.—Dr. Augusta Stowe Cullen, Dr. Margaret Johnson Dr. Isabella Smithwood, Mrs. Flora McDonald, Denison and William Munn of Toronto, have been incorporated as the Canadian Suffrage Association.

It is to supplant the Dominion Women's Enfranchisement Association, to obtain for women the municipal and parliamentary franchise on the same basis of which it is now or hereafter to be given to man and promote the welfare and best interests of women.

LARGE MARKET TODAY

Today's country market was one of the largest in some weeks. Prices were as follows: Eggs, 18 to 20 cents per dozen; potatoes, \$2.75 to \$3 per bbl.; turnips, 90 cents per bbl.; veal, 5 to 10 cents per lb.

FINED FOR LOITERING

Summonses are out for three citizens charged with loitering on the public streets. One has paid his fine in advance. The other cases will come before the police court on Monday.

\$260 FOR C.P.R. SOON

Canadian Pacific touched a new high level this morning at 254 1/2 while in London and the New York equivalent was equalled at about 255 1/2. We are of the opinion that C.P.R. will sell up to 260 on present move and the intervening recessions of the stock are not likely to be extensive unless the general market is affected by some bad news.

P. E. I. WOMAN ARRESTED

Mrs. McGee, of St. Mary's is Charged with Poisoning Children

Eleven Year Old Boy Lost his Life in a Most Peculiar Manner Yesterday

Charlottetown, P. E. I., April 26.—A warrant has been issued for the arrest of Mrs. McGee, of St. Mary's Road, charged with poisoning her six children. Dr. McMillan, provincial health officer, has gone to Montreal with the stomach and other organs of the deceased children for chemical analysis.

In the legislature yesterday, a bill was passed giving the premier a salary of \$1,500. This is the first time the premier has been paid. Premier Matheson's total salary, including \$1,200 as attorney general, will now be \$2,750. The bill to charge travellers taking orders for liquors \$200 is now up for second reading and the measure will go through. The late government tried to prohibit such travellers from soliciting orders, but the bill was declared ultra vires by the federal department of justice.

Harry Arbing, eleven year old son of James Arbing, Tryon, was killed this morning in a peculiar manner. He went to the school house to light the fires, and having no key, he endeavored to climb through the window by means of a piece of board he stood against the building. The board slipped and the window came down on his neck, leaving the boy suspended. Half an hour later the dead body was discovered by neighbors. The coroner decided an inquest was unnecessary.

Hughes, Liberal federal member for Election petitions against J. J. Kings, and A. A. McLean, Conservative for Queens were dismissed by Supreme Court today.

TO SUPPORT CANDIDATES FOR TEMPERANCE REFORM

Toronto, April 27.—To ally itself with no political party but to support those candidates for the legislature who stand for the most advanced temperance reform is the declared policy of the Ontario Branch of the Dominion Alliance as announced after prolonged deliberation by the executive committee which adjourned early this morning, after a prolonged night session.

Mount Temple's Captain Testifying Before the U. S. Senate Committee

Says he Heard the Titanic's Call for Help and Started Towards her with all Speed--Was about Forty-five Miles Distant from her when Signal was Received--Came in Contact with a Schooner and was Delayed--Mourners at Halifax Awaiting Arrival of Mackay-Bennett--Death Ship not Expected until Monday

London, April 27.—The Times commenting on the Titanic enquiry at Washington says:

We all feel that the circumstances are unprecedented, and although the inquiry by the senate and the compulsory detention of their subjects seem strange, yet the American desire for a prompt and searching investigation is perfectly natural and the senate is within its rights.

The criticism here is directed rather to Senator Smith's manner and amazing ignorance he has displayed. He would have wished for a more judicial mind at the head of the committee and one more conversant with the matters to be investigated.

THE DEATH SHIP

Halifax, N. S., April 27.—Citizens of the United States, here representing the families and relatives of the victims of the Titanic disaster, have been successful in learning the program to be carried out by the White Star Line officials, when the death Mackay-Bennett arrives.

An indignation meeting followed unsuccessful enquiries to which was invited Mayor Chisholm of this city the coroner, the United States consul, and the White Star officials here, and an announcement of the arrangements made for the receipt of the bodies of the victims, was demanded. United States citizens were inclined to be ugly, but, 'Mr. Mitchell assistant manager of the White Line in Montreal, was able to placate them by a recital of the program to be put in force. In the end everybody was satisfied, but the reporters who under Mr. Mitchell's scheme were to be kept off the dock when the boat arrives.

Only the relatives of the victims of the Titanic wreck will be permitted to be present on the dock and these are being urged by the company to keep away as the shells will not be opened until they reach the undertaking establishments. The newspaper men from New York and Boston finally drew up a protest against the action of the White Star Line and wired it to Vice President Franklin in New York. Others wired the Hon. Col. Sam Hughes, minister of militia, whose department has control of the gun dock, to which the death ship will come, asking him for permission to enter it. The hotels cannot house the mourners here. A committee was appointed to get a list of the boarding-houses with rooms to let, as by Monday morning it is expected that over a thousand relatives and friends will have arrived.

CAPT. MOORE AT WASHINGTON.

Washington, April 27.—Capt. Thos. H. Moore of the Canadian Pacific Railway steamship Mount Temple, arrived in Washington today to testify before the Senate Committee of Inquiry into the Titanic disaster. Passengers of the Mount Temple, which was in the vicinity of the Titanic on the fateful night of Sunday April 14th, have declared they saw the Titanic's lights and signals. Wireless Operator Cottam of the Carpathia, testified that he did not believe the Mount Temple got the Titanic's wireless signals of distress because the operator of the Mount Temple had given him "Good night" shortly after ten o'clock that night. The committee has yet to examine a number of the British sailors who survived the Titanic's wreck and contemplates putting some of them on the stand today. A Crawford, one of the stewards, who was examined in New York, is also awaiting recall. J. Bruce Ismay, managing director of the White Star Line, who has been waiting in Washington five days, attending the hearings from beginning to ending each day, still is waiting to testify. He said today that he was now not so impatient since the testimony of twenty-five survivors of the crew had been taken in one day by the arrangement whereby each senator spent nearly a whole night examining them. He expected to take the stand again cer-

tainly within a few days. The committee does not wish to recall him until it has cleared up all the points it can through surviving members of the crew and those on ships known to have been in the Titanic's vicinity the night of the catastrophe. Chairman Smith reiterated today the statement that no more passenger survivors will be heard, until officials

members of the crews and crews of other boats have been heard. The four surviving officers of the Titanic who are anxious to return are still held. Fifth officer Lowe is contemplating demanding of Senator Smith upon what information, he based his interrogation of himself as to his sobriety. Senator Smith asked officer Lowe, if he was a drinking man, stating that he had been informed he had been drinking the night the Titanic sank. This Lowe indignantly denied, asserting that he was a "Tee totaler."

THE FUND GROWING

London, April 27.—Including the fund raised in New York, the total amount subscribed to date for the relief of the sufferers by the Titanic disaster, is over \$1,350,000. The London Daily Mail fund alone is \$114,590.

The Corporation of the town of Godalming has passed a resolution to open a subscription for the erection of a memorial to J. A. Phillips, chief wireless operator on the Titanic. The White Star Line yesterday issued a strict order to detain the members of the Titanic crew on board the Lapland when they arrive at Plymouth dock until they have been seen (Continued on page five.)

HON. FRANK COCHRANE TO INSPECT I.C.R.

Ottawa, April 27.—The Intercolonial Railway will be thoroughly inspected by the minister of railways and canals, Hon. Frank Cochrane who sets out on his journey next Wednesday. The inspection will last for about a month. The minister will go to Quebec, inspecting the transcontinental railway east and west of that point. Then he will travel the provinces of Quebec, New Brunswick, Nova Scotia and Prince Edward Island, returning to Ottawa where he will make improvements in the system as he thinks are demanded. Then he will proceed on a trip over the canals of the Dominion.

MEET TO UPLIFT THE NEGRO

Chicago, Ill., April 27.—Methods by which race prejudice may be eliminated and by which friendly relations between the white and negro races may be promoted will be discussed by prominent representatives of both races at the fourth annual conference of the National Association for the Advancement of Colored People which will meet in Chicago tomorrow for a three days' session. Miss Jane Addams is to preside at the initial session tomorrow evening and the scheduled speakers include Dr. Emil G. Hirsch of Chicago, Oswald G. Villard of New York and Professor William Pickens of Talladega, Ala.

GRANT DAY AT GALENA

Galea, Ill., April 27.—Galea, the home of General U. S. Grant today held its customary celebration in honor of the birthday anniversary of the famous commander. Thousands of visitors attended the exercises which were held as usual in Grant Park. The oration of day was delivered by Archbishop Ireland of St. Paul, who served as two years as chaplain of one of the Minnesota regiments included in General Grant's army.

POLICE PAY INCREASED.

The police commission last night decided to increase the pay of the policemen from \$45 to \$50 per month and also made changes in organization of the force.

It is often easier to be frank with strangers than a friend.

WILL ARRIVE MONDAY

Halifax, April 27.—The cabin ship Mackay-Bennett bearing the bodies of the Titanic victims which have been recovered, will not arrive here until Monday. This was confirmed this morning in a wireless message received from the steamship. It was signed simply Mackay-Bennett and was as follows: "Confirm bodies of Astor and Strauss on board, due Monday with 189 bodies." 205 bodies have been picked up it is assumed that 16 were so mutilated that burial at sea was necessary.

Members of the crews and crews of other boats have been heard. The four surviving officers of the Titanic who are anxious to return are still held. Fifth officer Lowe is contemplating demanding of Senator Smith upon what information, he based his interrogation of himself as to his sobriety. Senator Smith asked officer Lowe, if he was a drinking man, stating that he had been informed he had been drinking the night the Titanic sank. This Lowe indignantly denied, asserting that he was a "Tee totaler."

THE NIAGARA RIVER IS JAMMED WITH ICE

Niagara Falls, April 27.—Ice jams on the Niagara River have stilled the mighty cataract. The American channel of the upper river today is nothing more than a respectable trout stream, while but three little streams trickle over the brink. The flow of the Canadian Channel too, has been considerably lessened. The rapids below the falls are subdued and many rocks barred. The upper river is filled with ice from the head of the Rapids to Lake Erie and the pack reaches as far as the range of the vision down the Lake. It was possible to walk almost across the river from Goat Island to the American mainland, and the more venturesome equipped with high boots and a staff made the trip.

CHILD FATALLY INJURED BY KENTUCKY MULE

Eminence, Ky., April 27.—The thud of galloping hoofs on the turf and shrill screams, brought Mrs. Newton Roberts wife of a stock breeder here out of her house yesterday afternoon to see a mule charging across a field in front of the house, with Mrs. Roberts' three year old son dangling from its mouth. When Mr. Roberts and a field hand cornered the mule, it required their united efforts to make the animal release its teeth from the child's foot. The child will die.

BRICKLAYERS TO ADOPT PENSION PLAN

New York, April 27.—Thomas R. Prece, vice president and general organizer of the Bricklayers and Stonemasons' International Union, sailed today for England, where he will spend two months in studying the pension systems of various English labor organizations. At its convention last January the Bricklayers and Stonemasons' organization decided to adopt an old age pension plan. The results of Mr. Prece's investigation abroad will be used in determining the various features of the proposed pension system and later the plan will be submitted to the membership of the organization for ratification.

MAKING GOOD PROGRESS

Mediators will Meet Commission of Engineers on Monday

Belief that the Railway Dispute will Ultimately be Settled in Satisfactory Manner

New York, April 27.—United States Commissioner of Labor, Chas. P. Neill and Judge Knapp of the United States Commerce Court believe that their negotiations with the representatives of fifty railways in the eastern territory and the engineers, over the question of increased pay, will not permit them to discuss the present situation other than to say that progress was being made. The two mediators conferred again this morning with the sub-committee of Railway managers and Monday will meet the committee of engineers. The belief is that the whole dispute will ultimately be settled by an arbitration board but the railroads and the engineers are said to be not in accord on how this arbitration board should be made up.

Neither side is discussing the situation as the mediators are said to have requested that no statement be made.

Judge Knapp left for Washington to be absent until Monday. After the brief conference today with the sub-committee of railroad managers, commissioner Neill announced that there would be no further conference until Judge Knapp's return. In the meantime Warren S. Stone, Grand Chief of the Engineers and chairman of their sub-committee, is expected to make known to Mr. Neill what manner of procedure would meet with the support of the engineers.

WESTERN FARMERS MAKING GOOD PROGRESS

Winnipeg, Man., April 27.—Despatches from the three prairie provinces show that seeding has been largely completed. Winter wheat in Alberta is sprouting well, heavy rains all over the west Thursday night, will suspend farm operations for several days.

RETURNED FROM MASSACHUSETTS

Miss Alice Clark who has spent the winter in a sanitarium in Massachusetts has returned home much improved in health.

MEMORIAL WINDOW.

Among the memorial windows to be placed in the Cathedral will be one to the memory of Professor and Mrs. d'Avery, donated by Dr. and Mrs. L. W. Bailey. The beautiful design is the work of Miss Laurence Bailey, granddaughter of Prof. and Mrs. d'Avery.

THE STOCK MARKET WAS ACTIVE AND LOWER TODAY

(By direct private wires to J. C. Mackintosh & Co., 604 Queen Street, Fredericton, N.B.)

New York, N.Y., April 27.—The market opening was active and lower, influenced by the heavy tone in London. Reading opened at 174 to 173 1/2, as compared with 175 at Friday's close. In some places it was thought that short interest had been decreased on Friday's advance. Lehigh Valley sold off to 1 1/2. U.S. Steel was heavy.

A SURPRISE FOR NESBIT

A Straight Charge of Theft will be Preferred against Him

Matter has been Kept Quiet up to the Present--Royal Bank in a Merger

Toronto, April 27.—A straight charge of theft of \$5,000 from the Farmers Bank which has been kept quiet is said to be awaiting Dr. Beattie Nesbit, in addition to the several charges which have been published and are figuring in the extradition proceedings. The authorities have documents to show that the doctor acknowledged receipt of the money in question, and that the information upon which the allegation is made, was supplied by former manager Travers. Inspector Duncan stated today that if the extradition proceedings now in progress failed a contingency which he did not in the least anticipate, Dr. Nesbit would for the time being remain an exile from the country, but efforts would be instituted to bring him back on other charges.

Toronto, Ont., April 27.—The Mail and Empire says this morning. The persistently denied absorption of the Traders Bank of Canada by a larger institution, will at last receive official confirmation within the next few days, when it will become necessary for the directors to announce the terms upon which the Traders Bank shares will be retired in exchange for an issue of the Royal Bank of Canada. The Mail and Empire learns definitely that the plan for amalgamation was completed yesterday, by both parties.

This new combination of the Traders and the Royal Bank, will result in a bank which will rank third in the Canadian list with paid up capital aggregating nearly \$12,000,000.

MARYSVILLE TOPICS

Marysville, April 27.—The "Active Workers" Mission Band of the Methodist Church, met at the parsonage on Friday at the close of the day school, when after the opening of the mite boxes, including the funds that were sent in previously, it was found the sum of \$25.31 was realized. The mite box holders included the following: Edith Gorman, Miriam Stafford, Barbara Nickerson, Christine Chisholm, Blanche Dunbar, Florence Armstrong, Tapley Gibson, Sandy Gibson, Grace Collins, Dorothy Robertson, Bertha Gibson.

Rev. Dr. Dawson of Sussex will take charge of the Methodist Services here tomorrow.
