## I Am Willing To Prove I Can Cure You

To That End I Am Giving Away \$10,000  
Worth of Medicine

In order to show beyond all doubt that I am in possession of a medicine that will cure kidney trouble, bladder trouble or rheumatism, I will this year give away ten thousand dollars' worth of this medicine, and anyone suffering from these diseases can get a box of it absolutely free. All that is necessary is to send me your address.

I don't mean that you are to use a part of it or all of it and pay me if cured. I mean that I will send you a box of this medicine absolutely free of charge, a gift from me to the Uric Acid sufferers of the world, so I can show them where and how they may be cured. I will not expect payment for this free medicine, nor would I accept it now or later if you sent it. It is free in the real meaning of the word.

For twenty-five years—a quarter of a century—I have been trying to convince the public that I have something genuine, something better than others have for the cure of stubborn, chronic rheumatism, for torturing kidney backache, for annoying calls to urinate. But it is hard to convince people—they try a few things unsuccessfully and give up all hope and refuse to listen to anyone thereafter. Happily, I am in a position now to demonstrate to sufferers at my own expense that I have a medicine that cures these diseases. I don't want to spend any money to find out if I can't ask them to believe me, nor even to take the word of reliable people, but all I ask is that they allow me to send them the medicine at my own cost. That is surely fair.

To this end I have set aside ten thousand dollars, which will be used to compound my medicine. Much of it is ready now to be sent out, all of it fresh and standard. There will be enough for all sufferers, though there be thousands of them. And anyone who needs it can get some of it free. But in order that I shall know that you have a disease for which this medicine is intended, I ask you to send me some of your leading symptoms. If you have any of the symptoms in the list printed here you need my medicine and if you will write me I will gladly send you a box of it free with full directions for use. Look the symptoms over, see which symptoms you have, then write me about as follows: "Dear Dr., I notice symptoms number—here put down the numbers, give your age, full address, and send it to me. My address is Dr. T. Frank Lynott, 834 Franklin Building, Toronto, Can.

The ten thousand dollars I am spending for the compounding of my medicine is only a part of the money I am devoting to this cause, for the package of medicine I send you will be fully prepaid at my expense. From any standpoint you view it, YOU incur no expense or obligation. Just tell others who you know are suffering who sent you the medicine that cured you.

I am promising to give away ten thousand dollars' worth of medicine, and I will do that; I am promising to send any sufferer who writes me a box of this medicine and full directions free of charge, and I will do that.

DR. T. FRANK LYNOTT  
who is giving away \$10,000 worth of medicine.

I can say further that this medicine has been vouched for according to law as complying in every detail with all requirements. It will stop rheumatism, it will stop pain and backache, it will stop too frequent desire to urinate, it will heal, soothe and strengthen. You will be better in every way for having taken it. There is not an ingredient that can injure; not one but will benefit. All that I ask is that you use it yourself so that you may be personally convinced.

Owing to the large number of requests, I have had ten thousand more copies of my medical book printed. This book is new and up to date and contains complete descriptions, symptoms, causes, effects and cures of kidney, bladder and rheumatic diseases. All who write for the free medicine will be sent a copy of this grand illustrated medical book—the largest ever written on these diseases for free and general distribution.

If you need medicine such as I have, if you are anxious to be cured and don't want to spend any money LOOKING for cures, write me. Read the symptoms over and let me hear from you today.

### These Are the Symptoms:

- 1—Pain in the back.
- 2—Too frequent desire to urinate.
- 3—Burning or obstruction of urine.
- 4—Pain or soreness in the bladder.
- 5—Prostatic trouble.
- 6—Grip or pain in the stomach.
- 7—General debility, weakness, dizziness.
- 8—Pain or soreness under right rib.
- 9—Swelling in any part of the body.
- 10—Constipation or liver trouble.
- 11—Palpitation or pain under the heart.
- 12—Pain in the hip joint.
- 13—Pain in the neck or head.
- 14—Pain or soreness in the kidney.
- 15—Pain or swelling of the muscles.
- 16—Pain and soreness in nerves.
- 17—Acute or chronic rheumatism.

1722—Samuel Adams, the "Father of the American Revolution," born in Boston. Died there Oct. 2, 1803.

1776—Battle of Harlem Heights, in which the Americans repulsed an attack by the British.

1812—Fire in Moscow, during the occupation of the city by Napoleon's army, destroyed 12,000 houses, palaces and churches.

1852—Manila almost destroyed by earthquake.

1856—Henry Bessemer gave the first public demonstration of the process of steel manufacture that bears his name.

1892—Thomas Hill Watts, who was attorney general in President Jefferson Davis's cabinet and later governor of Alabama, died. Born Jan. 3, 1819.

## TO CONTINUE THE LAURIER NAVAL POLICY

Ottawa, Sept. 13.—One of the first tangible fruits of Premier Borden's conference with the admiralty will be the vigorous continuation of one of the cardinal features of the Laurier naval policy. The training of Canadian naval cadets at the Halifax naval college in increasing numbers will go steadily on.

The entrance examination for cadets will be held this fall as usual, and the naval department is anxious to have the full complement of twenty cadets enter for training as officers. Last fall only twelve cadets entered.

One of the chief things learned by Premier Borden and Hon. J. D. Hazen from the admiralty in London was that the most imperative need of the imperial fleet is now trained officers and men, rather than new warships. The personnel of the navy, as Lord Charles Beresford has pointed out, is considerably below the necessary standard of numbers and of efficiency and more trained officers and men to man the ships now building are urgently needed.

This first essential of a navy was fully recognized by the Laurier government, and this was the starting point of the Laurier naval policy. For Canada to make an emergency contribution of battleships to the imperial navy, as is now contemplated, without at the same time endeavoring to train officers and men for these ships, would hardly be a policy of "adequate and effective aid."

Consequently one of the first steps of the government's naval policy will be to extend as rapidly as possible the work of the naval college at Halifax with its complementary training of officers and men on the present training cruisers Rainbow and Niobe. It would not be surprising if further cruisers suitable for training purposes were purchased from the admiralty next year.

The seven senior Canadian cadets who were trained on the Niobe last year are now finishing their course on British cruisers, and will take their examinations for junior officers this fall. They all have splendid records and will doubtless pass high up in the list.

### NOTABLE BATTLE ANNIVERSARY

Washington, D. C., Sept. 14.—Fifty years ago today the national capital was anxiously awaiting news of the outcome of the great battle that was being fought by the Union and Confederate armies at South Mountain, less than fifty miles distant from Washington. This battle was really the decisive one of the Maryland campaign and led to the great fight at Antietam three days later.

South Mountain is a spur of the Blue Ridge range, extending north of the Potomac from Harper's Ferry. There are two passes through the mountains, one known as Turner's gap and the other as Crampton's gap. The first, named after a passage from Frederick to Williamsport, while while Crampton's gap, a few miles to the south, gives a similar opening to Harper's Ferry.

General Lee, after the victory at Bull Run on August 30th, had crossed the Potomac and invaded Maryland. A few days later he divided his forces, sending "Stonewall" Jackson to capture Harper's Ferry. To relieve Harper's Ferry, Gen. McClellan ordered Gen. Franklin through Crampton's gap. The remainder of the Federal army was to pass through Turner's gap and fall upon Gen. Lee's main column.

Gen. D. H. Hill, of the Confederate forces, succeeded in reaching Turner's gap before the Federals. The Confederate general McLaws likewise succeeded in getting into position at Crampton's gap. The battles of the 14th were fought to rest these positions on the Confederates.

As Gen. Lee's object in occupying and holding these positions to delay the Federal advance until the capture of Harper's Ferry and the concentration of his forces, they were held tenaciously. Gen. Hill reinforced by Longstreet's corps, succeeded in holding Turner's gap until the day was ended. Gen. Franklin forced Crampton's gap late in the afternoon but not soon enough to relieve Harper's Ferry. This important point fell into the hands of the Confederates and Gen. Lee was enabled to unite his forces for the battle of Antietam.

The first business session of the encampment will convene in the Temole Auditorium tomorrow morning. The selection of a new commander-in-chief will be the most important item of business. Those whose names are most prominently mentioned in connection with the honor are Captain Alfred B. Beers of Connecticut, Maj. Gen. Daniel E. Sickles of New York and former Congressman Washington Gardner of Michigan.

**Electric Restorer for Men**  
Phosphonal restores every nerve in the body to its proper tension; restores vim and vitality. Premature decay and all sexual weakness arrested at once. Phosphonal will make you a new man. Price \$2 a box, or two for \$3. Mailed to any address. The Scotch Drug Co., 56, St. Martin's St., London, W.

Sold in Fredericton by A. J. RYAN.

## NO INDIGESTION, GAS OR A SOUR STOMACH

"Pape's" Diapepsin stops Fermentation  
and Makes Your Upset Stomach Feel  
Fine in Five Minutes

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; your head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Diapepsin and in five minutes you truly will wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.

### HUGH JENNINGS SUSPENDED

Detroit, Sept. 12.—Manager Hugh Jennings and Oscar Vitt of the Detroit American League baseball team this afternoon received suspension notices from President Johnson as a result of their conduct during yesterday's game with Philadelphia.

Umpire Connolly ordered Jennings off the field when the manager protested a decision and later in the game Umpire Hart treated Vitt who had been coaching in the same manner.

The Wisconsin State Federation of Labor is now represented by about one hundred and fifty local unions and had a balance in the treasury on July 1, of \$2,747.

The boot and shoe workers chartered five new unions during the month of June, one of them at Amherst, Nova Scotia, and another at St. Johns, Newfoundland.

### KITCHEN HELPS

To patch linoleum take a sharp knife and cut a hollow square, or oblong, where it has worn in a hole. Then from a piece of the same material cut a piece the size of the hollow square. With the blade of a knife put glue on the under edges of the hollow square and all over the under part of the patch, and place the patch in the hollow square. Press down tightly to the floor, placing a board all over the mended part with a weight on it, till dry. The effect is much more pleasing than tacking a patch over the torn place. If the figure in the patch matches the other it will hardly be noticeable. A little care should be taken in wiping it. Do not make it too wet.

Place them in a kettle and cover with cold water. Add shavings of a pure white soap and the juice of a lemon. Place on the back of the stove and allow the water to gradually come to a boil. If very much soiled the process may have to be repeated. Rinse in tepid water, then in a slightly blue water and hang in the air to dry.

Few people realize that the gas bill may be very perceptibly reduced by exercising care to light the gas properly. Hold the lighted match to the burner, then very slowly turn on the gas full force and apply the match, a slight explosion ensues, which effects the meter and sends it forward rapidly.

"With too many irons in the fire some will burn." This old adage often proves too true to the busy housewife.

She has forgotten to add water to the cooking food, and the odor of the burning meat, vegetable or fruit reminds her of the fact.

Where this happens quickly seize the pot from the range and immerse it in a vessel containing cold water.

The steam will escape from the outside instead of passing upward through the food.

Place the food in another pan and continue cooking or dress to serve.

The most critical person cannot detect a burnt taste in the food. This is a suggestion worth trying.

In case of a sudden leak, when as usual it is impossible to get a plumber quickly, if you turn off the water and mix some common yellow soap and whiting with just enough water to make a thick, a thick paste, you can stop the leak yourself. It will be found to do temporarily as well as solder, provided you turn the water on again rather slowly, as a sudden rush might force it out.

### TO CONSUMPTIVES

And All Afflicted With Asthma, Bronchitis,  
Catarrh, Grippe or any Lung  
or Throat trouble.

After suffering for years with a severe throat trouble which ran into Consumption, Rev. E. A. Wilson was cured by following plain rules of health and using Dr. Churchill's prescription. Wishing to help all sufferers he wrote, for free distribution, a full description of his trouble and the simple means he used to cure himself.

**WILSON'S REMEDY** (Dr. Churchill's prescription) has been doing its wonderful good work for over 40 years. It has been tried and proven, and is a household remedy in many, many homes to which it has brought health and happiness. If you are suffering from any Lung or Throat trouble whatever, do not fail to give this valuable remedy a trial. Send for Mr. Wilson's book, his own remarkable case which will be sent together with a \$1.00 sample of the remedy. Write for it. Address: The Remedy Co., Westwood, N.J., U.S.A.
