## GUNMEN DENY KNOWLEDGE OF ROSENTHAL MURDER

**Lefty Lewis Claims That He was out of Town Visiting Relatives at the Time the Crime was Committed—Refused to Tell However, Where His Relatives Live—Assistant District Attorney Does not Think the Graft Figure has Been Underestimated**

New York, Aug. 3.—With Whitley Lewis and Dago Frank locked in the battle as two of the four gunmen who murdered Herman Rosenthal, the gambler on July 16, police headquarters professed tonight to expect to receive news at any moment of the capture of "Gyp the Blood" and "Lefty Lewis," the two of the quartette who are still at large.

Lewis, who was arrested last night at a resort near Kingston, N. Y., and brought here today, refused to admit when examined by the deputy police commissioner, Dougherty, that he had any knowledge of the shooting and said that on the day before the murder he went out of town to visit relatives. He was very vague, however, as to just where these "relatives" lived. He was held for further examination on Tuesday.

That the two gunmen still missing are in hiding in the same region where Lewis was picked up was the belief expressed at headquarters tonight, and it was reported that a squad of detectives, still securing the neighborhood, are hot on their trail. It was said by Assistant District Attorney Moss, however, that he had received word from Auburn that the men were hiding in or near that city, and it is understood that detectives from the district attorney's office have been trying to run them down there for several days.

Mr. Moss took charge of the case today in the absence of District Attorney Whitman, who left for Boston early in the day expecting later to go

to Manchester, Vt., to remain over Sunday with his family.

### POLICE GRAFT UNDERESTIMATED

Directing his attention to the police graft phase of the case, brought into prominence by the allegations of "Jack" Rose and "Bridgie" Webber that the annual levy of blackmail by the police on illegal resorts amounted to \$2,400,000, Mr. Moss had brought him a number of gamblers and other characters of the underworld, whom he closely questioned. The assistant prosecutor would not tell however what information he had gained. "I do not think that the \$2,400,000 graft figure named by Jack Rose is an exaggeration," said Mr. Moss tonight. "But the only absolute knowledge of how much it really amounts to is in the possession of the grafters and not the grafted. Just who the grafters are, where the money is going, is the vital question. The arrest of Whitley Lewis and Dago Frank while important, is less important than to determine who is responsible at the top for a system which results at the bottom in murder."

Mr. Moss added that he expected to go very deeply into the graft feature of the case in the course of the grand jury investigation. The grand jury did not meet today but it will resume the inquiry next week. Police Lieutenant Becker, locked in the Tombs on the charge of instigating the murder, still maintained his attitude of silence today when efforts were made to elicit a story from him.

## MUCH INTEREST MANIFESTED IN THE LIBRARY CONTEST

Mr. E. Gladhill of Toronto who promoted the Merchants Library voting contest was in the city yesterday and arranged with Mr. J. J. H. Doone to count the votes each week and to publish the standing of the different clubs, churches, societies and other organizations in the Daily Mail exclusively one evening each week. The contest is not open to private individuals but to lodges, libraries,

churches, societies and similar bodies. There seems to be a keen interest and since the last vote was published in The Mail, friends of the different organizations are hustling. The Victoria Hospital, Brunswick Street Baptist Church and Presbyterian Church were in the lead at the last count with other local bodies making a good run. The Library is in Le-mont & Sons window.

## CANADIAN CANNERS IS FEATURE OF MARKET

(By direct private wires to J. C. Mackintosh & Co., 604 Queen Street, Fredericton, N.B.)

New York, Aug. 3.—The market opening was moderately active with a firm tone. The attendance was good for a Saturday at this time of the year but it was thought that business would be largely directed to the evening out of traders' accounts over the week end. Quite a number of traders were short. The first transaction in Union Pacific was at 17 1/2, a gain of 1 and the first sale of United States Steel was at 7 1/2, was an advance of 1 over night. The first sale of Can. was unchanged at 3 1/2, but the second transaction was at a gain of 1. Some commission houses were quite bullish on that stock, predicting very high prices for it next year.

The earnings of Sgo for June, gross, increased \$281,829, net increased \$113,251; for fiscal year and the gross increase was \$3,969,778; net increase \$2,175,846.

## GERMANY WANTS WAR

**British M. P. Thinks She is Preparing for a Scrap with England**

**Building a Great Navy at a Tremendous Sacrifice and Will Strike When the Time Comes**

Montreal, Aug. 3.—Sir Geo. Doughty, one of the most prominent merchants and ship owners on the east coast of Great Britain and a member of parliament for Great Grimsby now on a visit to Canada, declared today that every sensible man in Great Britain no matter in what party he belonged was now fairly convinced that Germany was bending all her energies to prepare for war with Great Britain.

"The Germans," he declared, "have never done anything without design. They prepared for years for the Franco-German war and when they were ready they struck. Similarly they are preparing now for war with Great Britain and because that war must be on the sea, they are building up at a tremendous sacrifice to themselves, the great German navy which we see evolving before our eyes. They are hoping that despite the fact that the present relations between the German and the British Governments are of a friendly character. They are doing it despite the fact that there is no single cause for difference between the two nations, despite the fact that Great Britain is in no way menacing them, despite the fact that they are allowed to trade quite as freely in every port of the British Empire and on every sea in the world as are the British themselves."

"Great Britain is now thoroughly aroused to this danger and determined at all costs to keep the British navy overwhelmingly superior to that of Germany."

### A UNANIMOUS SUGGESTION

London, Aug. 3.—The Spectator in its issue of today suggests that each Dominion should contribute to the Imperial navy loan a sum equaling one pound per head of the white population which tide the empire over their perilous period of the next ten years. It should be a shipbuilding and not a maintenance loan the admiralty and Imperial defence committee to have the freest possible hand in the distribution of the money. Such a scheme, the Spectator goes on to say would put a damper on Germany's extensive naval program as far as contemplating an attack on British naval supremacy.

## EVEN BETTING IN TODAY'S BOUT

San Francisco, Aug. 3.—Before the fight today, another referee was named for the twenty round match between Harlem Tommy Murphy and Abe Attell. Jim Griffin was chosen. Jack Welch backed out at the last moment. It is thought by friends that he felt keenly the criticism of his ruling in the Rivers-Wolfe fight in Los Angeles recently.

The long standing feud between the fighters awoke interest in today's fight. Betting was even.

### WILL NOT COMPETE

An effort was made by the committee of the Old Home Celebration to have the Marathon baseball team of St. John, which plays Fredericton here in a N. B. & Maine League fixture on Thursday next transfer to this city the game scheduled to be played in St. John by the same teams on the day following. The attempt was made in order to give members of the Fredericton team an opportunity to compete in the water-sports to be held Friday afternoon. Manager D. B. Donald to keep his team here an extra day demanded a guarantee of \$175 and all gate receipts above that amount which might be taken in at the game to be played Friday morning. His demand was considered out of the question and the local ball-players will not take part in the water-sports. Manager Donald's disobliging action in this matter has come in to some laudic comment.

## THE MUNROE DOCTRINE

**The Pall Mall Gazette Comments on Senator Lodge's Resolution.**

**The Monroe Doctrine would be More Acceptable if the U. S. would stop Seeking Territorial Expansion.**

London, Aug. 3.—Commenting on the resolution introduced by Senator Lodge in the United States senate and passed by a large majority, yesterday in reference to the Monroe doctrine and declaring that the United States could not see "without grave concern," the title to any advantage position, on the American continent pass into the control of a foreign corporation that might be dominated by a foreign government the Pall Mall Gazette today speaks strongly. It says:

"International relations would be made easier and the Monroe doctrine more acceptable to other powers if the opportunity were taken to reaffirm the termination of the United States to seek no further territorial expansion and to avoid the same kind of Colorable Acquisition of places convenient for naval bases which the senate declared it would view with concern on the part of other nations."

## CLAIMS TO BE THE OLDEST INHABITANT

Windsor, Ont., Aug. 3.—Henry Washington, a well known colored citizen of Kingsville, who attended the emancipation day celebration at Sandwich on Thursday, claims to be the oldest man in the whole of Canada. Washington's birthday is on August 19th and if he lives he will be 116 years old on that day. The oldest residents of Kingsville say they can remember Washington as far back as 1850 and at that time he was grey-headed and bent. The old man was sold into slavery at the age of four years and for forty years was owned by a southern planter. He escaped to Canada previous to the outbreak of the civil war.

## GREAT INTEREST TAKEN IN GRAND CIRCUIT MEET

Cleveland, O., Aug. 3.—Postponed from yesterday, when the track was rendered impossible by a deluge the concluding card of the grand circuit races at North Randall was scheduled for this afternoon. Chief interest attached to the championship sweepstakes in which every entry had a mark of less than 2.04.

Another feature of the final of the Tavoyn stakes, saw six entries horses that finished first and second in the three preliminaries. C. K. G. Billings promised that the crowd would be shown Uhlman and The Harvester, the great horses he but recently brought back from their European tour.

If rain forces postponement today, the Tavoyn Stake will be raced Monday and the other races called off.

The card—2.07 Pacing, Purse \$1000 (2 in 3)  
Tavoyn Stake, final 2.14 Pacing, \$2000 (2 in 3)  
Champion Pacing, Sweepstake added \$1000 (2 in 3)  
2.15 Trotting, Purse \$1000 (3 in 5)

## A BIG SHORTAGE OF ANTHRACITE COAL

New York, Aug. 3.—Coal dealers here estimate that by October the anthracite shortage in this and other cities will amount to 6,500,000 tons. This shortage is caused by the cessation of mining in April and May, which will begin to be felt severely, it is believed, as soon as the winter demand for coal begins.

Nova Scotia dealers who have found it impossible to fill their orders in their territory came to this city this week and placed orders with local dealers.

## BORDEN IS STILL TALKING

**Premier to Deal with Naval Question Upon His Return Home**

**Tory Party of England Wants no Alliance With the Tory Party of Canada**

London, Aug. 3.—The Carlton Club last night for the first time in its history, opened its doors to non-members when it entertained at dinner the premier of Canada and his colleagues, the distinguished company numbering 350.

"We take no share in Canadian politics and the last thing in the world we should desire is a political alliance between the Conservative party in England and the Conservative party of Canada," declared Mr. Borden last night.

Mr. Borden, responding, expressed great appreciation to the Carlton Club for the honor conferred. The premier emphasized the work of confederation in Canada and suggested that it might prove an inspiration to guide in the wider and greater task of imperial consolidation. Ament the naval negotiations, Mr. Borden said:

"We will return to Canada with valuable information. We will confer with our colleagues upon the proposals and will arrive at a result, I believe, which will make for the strengthening of the empire. I believe the future organization of the empire and the preservation of its world-wide influence depends in no small measure upon the attitude of the people of the British Isles."

"The people of Canada are determined that they were at the last election, to keep control of their own destiny. They feel capable of developing their splendid heritage and completing their civilization in such a way as to be worthy of the British race."

"The people of Canada are not of a type that will permit them to become merely silent partners in such a great empire. If there is to be imperial co-operation the people of Canada propose to have a reasonable and fair voice in that co-operation."

## GRAND TRUNK PRESIDENT VISITING NEW YORK

New York, Aug. 3.—Mr. A. W. Smithers, president of the Grand Trunk Railway arrived here this morning on the Lusitania. He spoke optimistically of the business situation and admitted that he was going to make an investigation of the associations of Charles W. Morse steamship lines with the Grand Trunk.

## DAIRY COW HAS WONDERFUL RECORD

Newark, N. J., Aug. 3.—To Valdesa Scot II, a Holstein-Friesian, owned by Bernard Meyer of Rindera, N. J., goes the honor of being the best dairy cow in the world. The cow has just completed a seven day official record, in which she produced 695.9 pounds of milk, 33.50 pounds of butter fat and 41.87 pounds of butter.

### TODAY'S MARKET

There was a fairly well attended country market today. New potatoes were dear, selling for 40 cents per peck. Other prices were, eggs, 23 to 25 cents per dozen; chickens, \$1.00 per pair; lamb, \$1.00 to \$1.25 per quart; veal, 6 to 10 cents per lb.; mutton, 5 to 6 cents per lb.

### HERE FOR VACATION.

Mr. and Mrs. G. T. Dodge of Sherbrooke, P. Q., arrived here at noon today and are at the Queen. They will spend a fortnight's vacation in this city and vicinity. Mrs. Dodge is a daughter of Mr. and Mrs. John B. Stocker of Ormoco. Mr. Dodge is an engineer in the employ of the Dominion Public Works Department, with headquarters at Sherbrooke.

## DISTINGUISHED HEAD OF R. C. CHURCH IN OFFICE 9 YEAR

**Pope Pius was Invested With the Insignia of His Office on August 4th 1903—Owing to the Delicate State of the Pontiff's Health There Will be no Public Celebration of the Anniversary—Speculation is Rife as to Probable Successor.**

Rome, August 3.—It will be nine years tomorrow since the memorable Sunday on which Giuseppe Sarto, who had been Patriarch of Venice, was crowned Pontifex Maximus of the Catholic Church and invested with the insignia of his office in the great Basilica of St. Peter, filled to its capacity with interested spectators from all parts of the globe. Owing to the extremely delicate condition of the Pope's health, which compelled him some time ago reluctantly to follow the urgent advice of his physicians and to suspend all public audiences and functions, there will be no public observance of the anniversary.

The fact that tomorrow Pius X will enter upon the tenth year of his reign as supreme pontiff partakes of additional importance inasmuch as it disproves the superstitious prediction that Pope Pius who was nine years a parish priest, nine years a bishop and nine years a patriarch, would not be pope more than nine years. Superstitions concerning the probable duration of the reign of popes have always been quite common but almost invariably their fallacy was shown by the actual facts. During the reign of Pius IX the superstitious belief was quite general that he would not be pope more than twenty-five years, two months and seven days, that is, not longer than St. Peter reigned after the establishment of the papal see in Rome. Yet Pius IX disproved the superstitious theory by reigning thirty-one years, seven months and twenty-one days.

There have been but three popes who have reigned more than twenty-five years. The first was St. Peter, who spent the first seven years of his pontificate at Antioch and then came to Rome, where he reigned an additional twenty-five years, two months and seven days before he died a martyr. Next to him came Pius IX, who reigned thirty-one years, seven months and twenty-one days and then came Leo XIII, who was pope twenty-five years and five months. Six pontiffs have reigned more than twenty-three years; eleven more than twenty years; three hundred less than one year and nine less than one month. Of the first thirty popes twenty-nine were martyrs, except St. Dionysius, who was the twenty-fifth. The total number of popes who died martyrs was thirty-three.

In view of the precarious condition of the Pope's health and the possibility that he may not survive his anniversary more than a few months speculation is rife as to his probable successor in the pontificate. Of course, there is nothing definite to be based on a forecast, but one thing seems to be tolerably certain—that the next pope will not be an American. In fact it seems to be generally understood that the successor of Pius X is to be an Italian. The tremendous growth and development of the Roman Catholic church in the United States had given rise to the hope that sooner or later one of the American cardinals would be selected for the papacy. That time may eventually come, but at present that hope is undoubtedly premature.

In the selection of a candidate for the pontificate many things have to be considered and so intricate are the conditions which have their bearing upon the choice that few men outside of the church, in fact, outside of the highest hierarchy of the church, can fully realize and appreciate them. A great body, especially a religious one, is, necessarily, conservative and the Catholic church is no exception. The time has not yet come for selecting a pontiff from outside of Italy. But, even if the church were ready and willing to go outside, the Italian government is not yet ready to permit this. The Catholic church is not wholly free in its selection of supreme pontiff, hence the agitation, not yet ended by any means, for the sovereignty of the pope. The Vatican Palace itself, it must be remembered, belongs to the Italian government, and it is exceedingly doubtful that the Italian government would consent to the occupation of the Vatican by a pope who is an American citizen, an Englishman, an Austrian, a Frenchman or a Spaniard.

The choice of a successor to Pius X being thus narrowed down to the Italian contingent of the Sacred College, it becomes comparatively simple to mention the six cardinals who are considered the strongest candidates for the papacy. First come the leaders of the three parties in the Sacred College, Cardinal Rampolla, who was a candidate at the last conclave; Cardinal De Lai and Cardinal Maffi, and next in line Cardinal Ferrata, Cardinal Richelmy, Archbishop of Turin, and Cardinal Gasparri. It is the general belief in well informed circles that one of these six is practically sure to be selected for the honor.

## ALL READY FOR BIGGEST CELEBRATION CITY EVER HAD

What is expected to be the greatest celebration in the history of Fredericton will be officially opened on Monday morning next. Fredericton's Old Home Week will be inaugurated with quite elaborate ceremonies at the Parliament Buildings.

For every day during the week there is an attractive program of amusements and fine weather for the week alone is needed to make the celebration a banner success.

Last evening at a very enthusiastic meeting of the Marrying Committees at the City Hall the final arrangements of the big demonstration were perfected and Secretary McDade is today completing the details. Reports were made last evening from the representatives of all the committees, the report of the chairman of the Finance Committee being particularly gratifying. Mr. Jennings made the announcement that practically the whole amount subscribed had been collected and was being expended judiciously.

His Worship Mayor Hooper presided last evening until the arrival

of the permanent chairman, Mr. G. Y. Dobbie.

### OPENING PROCEEDINGS

On behalf of the Reception Committee, Judge Wilson reported that arrangements had been made to have addresses delivered by Mayor Hooper, Hon. H. F. McLeod and the Rev. F. L. Carney. There will be four choruses by the pupils of the local schools with band accompaniment. It is planned to have the pupils assemble at the City Hall at ten o'clock and in this connection the pupils of the schools of Fredericton and vicinity are asked to make it a point to attend. The procession will leave the City Hall going to the Parliament Buildings, where a large stand has been erected to accommodate the members of the chorus. Both the local bands will be in the procession and arrangements have been completed for the proper marshalling of the parade.

For Monday afternoon (base ball will be in the chief attraction, the Woodstock and Fredericton teams (Continued on Page five.)
