STANDARD OF REVOLT RAISED BY NATIONALISTS

Borden's Allies from Quebec Jack up on Question of Patronage--Want the Heads of the Harbor Commission--Twenty-two Nationalist Members Pack Their Grips and Leave Ottawa in a Huff--Hon. Mr. Monk Said to be Behind the Plot

Ottawa, Jan. 26—A big revolt among Mr. Borden's followers developed today. A sensation followed. This time it is not over a question of principle, like the Ne Temere decree, which brought on the crisis of Monday, but over a question of patronage. For weeks the French members from Quebec have been pressing for the dismissal of the Montreal harbor commissioners. They have boasted that in spite of the fact that they are efficient, they are Liberals and must go because they are Liberals. The failure of the government to act upon the suggestion of their Quebec following is declared to have made them ridiculous and the laughing stocks of their districts. Today they have declared that they will stand this no longer, and the whole twenty-two of them have packed

their grips and left for home with the announcement that they will not be seen in Ottawa again supporting the government until the Liberal harbor commissioners of Montreal are dismissed. It is understood that the twenty-two fiery members have taken this action with the approval of Hon. F. D. Monk, minister of public works, who has been pressing for a change in the harbor board. Being a minister he has not joined the revolt, but it is said to have his approval. It is expected that Hon. L. P. Pelletier will endeavor to bring the parties together again and that he will suggest as a compromise that Commissioners Ballantyne and Geoffroy be dismissed and that Chairman Stephens be retained. The revolt was determined upon at midday and created great excitement in the lobbies.

STOCK MARKET SUFFERS A SHARP DECLINE TODAY

(By direct private wires to J. O. Mackintosh & Co., 604 Queen St. Fredericton, N. B.)
New York, N.Y., Jan. 27—The market opening was dull and generally lower. Attendance was small and traders thought the session would develop nothing of interest. There was an almost complete absence of commission buying. New York Central showed an opening decline of $\frac{1}{8}$. There was an inclination on the part of small speculators in the stock to take profits and the street in general was skeptical regarding Friday's advance, which it attributed to stimulate a demand for a pending bond or note issue. Steel was heavy and traders affected to see evidence of good selling of the stock. Sugar was firm, selling up to $17\frac{1}{2}$, a gain of $\frac{1}{8}$. St. Paul was stronger than in London, declining only $\frac{1}{8}$ here, as compared with a full point there. In London there is little of a short interest and New York bears are making the best of that situation.

THE KING AND QUEEN EMBARK FOR HOME

(Canadian Press.)
Malta, Jan. 17—After a three days' stay here, the British steamer yacht Medina, with King George and Queen Mary on board, left today for England. Their Majesties are en route home from the Durbar. In view of the activity of Italian battleships near Maltese water, precautions were taken to prevent any interference from this source. The Medina is due at Portsmouth February 4th.

MONTREAL HAS COLD WAVE

Montreal, Q., Jan. 27—At noon today, it was sixty hours since the thermometer had achieved the zero mark as its highest ambition. Early Thursday morning, it went below and has not come up since. Five below yesterday afternoon, was the most moderate weather in 3 days.

Mr. F. Garneau of Quebec is at the Barker House.

SUFFRAGETTES ARE AFTER HARCOURT

(Canadian Press.)
London, Jan. 27—Louis Harcourt's life is to be made miserable if the suffragettes can do anything to make it so. In reply to a deputation Mr. Harcourt, who is secretary of state for the colonies, reiterated his opposition to women's suffrage and the head of the deputation declared that the women of Great Britain would do all in their power to make his life uncomfortable.

MANITOBA CENTRE OF COLD WAVE

Toronto, Jan. 27—The very cold weather continues over the greater portion of the Dominion with the cold wave centred in Manitoba. Some light snow has fallen in Southern Ontario also in Alberta and Saskatchewan.

RICHESON EXPULSED

His Name Dropped from Membership of the Baptist Church

Murderer Broke Down when he was Told that Colored Cell-mate was to Leave him

(Canadian Press.)
Cambridge, Jan. 27—Clarence V. Richeson, who is under sentence of death for the murder of his former sweetheart Avis Linnell, was expelled last night from the Baptist Church. At the regular monthly meeting of the Emmanuel Church of which Richeson was pastor at the time of his arrest a motion for his expulsion, put by Edwin S. Watson, treasurer and presiding officer, was unanimously carried. The motion was voted that the right hand of fellowship be withdrawn from Clarence V. T. Richeson, and that his name be dropped from the Church roll of members.

Boston, Jan. 26—Clarence V. T. Richeson under sentence of death by electrocution on May 19, was so broken up last evening by the thought that Harry H. Butts, a negro, would have to leave him soon to begin a sentence for manslaughter that District Attorney Pelletier will not move to have Butts sentenced until after May 19. Butts pleaded guilty to manslaughter yesterday afternoon. When Richeson learned that his guard with whom he had talked and read much of late, would have to leave him in the near future he broke down. Sheriff Quinn fearing for Richeson's health sent word to the district attorney's office and requested that Butts be allowed to stay at the jail until after May 19.

Butts has been at the Charles street jail since June, when he was arrested for shooting Robert Williamson, another negro. He has been such a model prisoner that he has been used as a "trustee" part of his duties consisting of guarding Richeson. When Butts pleaded guilty of manslaughter yesterday it was expected that he would be sentenced today.

OTTAWA WILL PLAY FRED TAYLOR TONIGHT

Will Defy the National Hockey Association and Play Man who was Suspended--Six Men Game Farcial

Ottawa, Ont., Jan. 27—Ottawa will defy the N. H. A. tonight and not only play Fred Taylor who was suspended yesterday for playing against Wanderers Wednesday night, but go on the ice with seven players.

"The six man game is farcial," declared L. N. Bate of the Ottawa Club today, and Mr. Lichtenhein had better bring up seven players. We will use Taylor on the defence and Wain, Darragh, Bonan and Kerr on the line. The seven men will be back inside of a week, and we will probably take the first step in that direction by using seven men tonight. The E. H. A. and Mr. Lichtenhein don't seem to have comprehended the fact that the Ottawa Club has all along held the key to the professional situation. Other officers of the Ottawas also declared this morning that they would in all probability further violate the N. H. A. constitution by refusing to go on the ice without seven players.

EXHIBITION DEFICIT

The report of the Agricultural Society No. 34, presented to Mr. W. W. Hubbard, secretary of the provincial agricultural department shows a deficit of \$2,494.94 on the Fredericton Exhibition of 1911. The buildings however were greatly improved and grounds greatly enlarged at an expenditure of about \$9,000.

Mr. W. R. Gillin of Hartland arrived in the city last night.

ENGLISHMEN ARE GRATEFUL

Greatly Pleased over Reception to Duke of Connaught in the U.S.

Saturday Review Thinks it Possible that the King and Queen Might Visit America

(Canadian Press.)
Montreal, Jan. 27—Almost completely unnoticed, Their Highnesses the Duke and Duchess of Connaught, the Princess Patricia and the royal entourage slipped into Montreal at 8.30 this morning and slipped out again, leaving the great majority of the hurrying throng which filled the station unaware that Montreal had been honored by a third royal visit. There was no deputation to greet Their Highnesses at the station, and the royal passage through the metropolis was about as lively as through Pike Corner of Cocatillo. The Duke and Duchess left their car and strolled about the station platform for an hour and five minutes. Meanwhile the car was switched from the Rutland train to the C.P.R. Ottawa train, and when the connection was made Their Highnesses again boarded the car and were off for the capital. The Duke declined to make any statement regarding his trip.

London, Jan. 27—The Saturday Review, issued today, admirably summarizes the well considered opinion of the Duke of Connaught's visit to the United States as follows:

"The American press has received the Duke and Duchess of Connaught with characteristic emotions and from the accounts in the English newspapers, one might think that America was populated chiefly by photographers. The fact, however, aside from the inquisitiveness and social recriminations of which the visitors are said to have been the innocent cause, that the United States of America has received them with deep pleasure and enthusiasm. For this, every Englishman is grateful."

"We cannot help entertaining the possibility that the King and Queen might be able to visit America. We can guess the greater enthusiasm and affection with which they would be welcomed."

"We doubt if it would be easy or desirable for the King to leave the United Kingdom often, yet an American visit would be an incident of great value. We know that if such a visit were seriously considered and the King felt obliged to decide against it, the reason would certainly not be any want of good will toward the American people."

New York, Jan. 26—As he boarded his private car at the Grand Central station tonight for return to Ottawa after five days' entertainment in the United States, the Duke of Connaught, governor general of Canada, and uncle of King George V, turned to Ambassador Reid, who has been his host here, and said:

"We were much impressed by the hospitality of your people. We were treated royally by the press and public. The Duchess and myself are very grateful to the people of New York and we shall look forward with great pleasure to another visit. Our visit this time seems to have been too short."

The Duke's party, including the Duchess and the Princess Patricia, Lieut.-Colonel Lowther, Capt. Rivers Bulkeley, Miss Pelly, lady-in-waiting, and eight servants, with thirty trunks and sixty hand-bags, arrived at the train gates, fifteen minutes before schedule time and before the police detailed to guard their departure had arrived.

A large crowd had gathered near their train but it was altogether respectful and the station guards had little difficulty in controlling it. Repeated cheers were given to the royal visitors and the Duke each time raised his hat in acknowledgement. Just as the train whistled for departure, the Duchess and her daughter, the Princess "Pat," each embraced Mrs. Reid and all the members of the party waved their hands as the train drew out at 7.40 p.m.

DYNAMITE CAMPAIGN

Revolutionists Intimate that one may be Inaugurated in China

Most Prominent Officials and Military Officers Likely to be Selected as Victims

Peking, Jan. 27—The agents of the revolutionary party in this city recently intimated that a dynamite campaign was not improbable in the near future, yesterday's and today's outrages may be the beginning of a series of similar crimes. It is evidently the intention of the dynamiters to pick out the most prominent officials and military officers who are known to be opposed to the republican movement. The republican agents, who do not attempt to keep the nature of their mission in Peking secret declare that fighting will not be resumed immediately although isolated conflicts may occur. They communicate openly with the staff of premier Yuan Shi Kai, many of the members of which have expressed revolutionary sympathies. One of the revolutionary agents here makes the assertion that he has been received by Premier Yuan Shi Kai, who made him the promise to release a number of suspected dynamiters who have been imprisoned recently.

Tien Tsien, China, Jan. 27—An attempt was made this morning to assassinate Brigadier General Chang Hui Chi at the railroad station here. The general was not injured and the bomb thrower was eventually arrested. The would-be assassin, who is a young Chinaman apparently arrived here on the same train as Chang Hui Chi from Peking. The general on leaving the train proceeded to his brougham, which was in waiting. The assailant followed him and threw two bombs which wrecked the carriage. The assailant fled but was eventually surrounded by soldiers and police. He kept his pursuers at bay for some time with his revolver, but he was finally overcome. Chang Hui Chi, who is well known here has been largely responsible for preventing the population of Tien Tsien from going over to the revolutionaries of whom he is one of the most bitter opponents.

TRADE MATTERS DISCUSSED IN PARLIAMENT

Mr. Ames Wants a Quid Pro Quo from Great Britain for any Further Tariff Concessions--Dr. Pugsley's Views

Ottawa, Jan. 26—Overseas trade and political dismissals engaged the house today. Hon. Dr. Pugsley brought up the question of trade saying he had noted reports that the government were negotiating for better tariff arrangements between Canada and the West Indies and Australia. This was rather in contradiction of Premier Borden's announcement that Canada would maintain her independence in fiscal matters and disbelieved in framing tariffs by negotiation.

Dr. Pugsley hoped to see Canada's trade improved with both the West Indies and Australia and also hoped St. John might be put on as advantageous a basis as Halifax with regard to steamship connections with the West Indies. Halifax has a service every eleven days, St. John only once in twenty-two days.

H.B. Ames thought that there was room for development of trade with Australia and the West Indies. He said that reciprocity with the United States had been settled for all time and he did not favor tariff reductions in favor of the mother country unless Britain gave Canada similar favorable tariff treatment.

Hon. G. E. Foster said that negotiations for better trade relations with Australia was progressing and that representatives of the West Indies

LIBERALS OF BELFAST WILL HONOR CHURCHILL

Will Make his Visit on February 8th the Occasion for a Monster Demonstration --Troops will be on Hand to Preserve Order--Chances of a Riot Seem to be Lessening--Ex-M. P. Says that Tory Press had Orders to Advocate Home Rule in 1910

(Canadian Press.)
Belfast, Jan. 26—Lord Londonderry's letter to Winston Spencer Churchill, first lord of the admiralty, concerning Mr. Churchill's address before a proposed Liberal meeting here February 8, in favor of home rule for the Island denotes a cessation of active efforts by the Unionist leaders to prevent Mr. Churchill speaking. Both sides to the controversy are now engaged in an endeavor to create a "corner" in the available halls of Belfast suitable for political meetings while the business community of the city is alarmed over the possibility of rioting if the Liberal gathering is held and has petitioned the corporation to cancel all dates for gatherings in Ulster Hall.

LONDONERRY'S REPLY

London, Jan. 26—Lord Londonderry, ex-viceroy of Ireland, and one of the Unionists who are opposing the proposed Home Rule meeting in Belfast, today sent a letter to Mr. Churchill in reply to the communication addressed to him Thursday by the first lord of the admiralty. In his letter Mr. Churchill informed Lord Londonderry that he would advise the Ulster Liberal Association that he would not insist on holding the meeting in Ulster hall but that he intended to deliver a speech somewhere in Belfast, Feb. 8.

"So far as the Ulster councils are concerned," said Londonderry in reply "its main objection which is in the interests of law and order, is removed if you determine to hold your meeting outside the districts which passionately resent your action. At the same time having regard for the intense state of feeling created by your proposed action, the Ulster Unionist Council cannot accept any responsibility with reference to your visit to Belfast and they do not desire to give any assurance they might be unable to fulfil."

Winnipeg, Jan. 27—At an enthusiastic meeting of Ulstermen last evening, a sweeping denunciation against the home rule policy was made. Resolution was unanimously carried, declaring that the stability and unity of the United Kingdom is endangered

by the home rule bill and its provisions and the despicable attempt of Winston Churchill to speak in the Ulster Hall, where his father a generation ago fought against home rule, can only be provocative of strife and bloodshed. The association condemned the policy which permits a cabinet minister to speak under circumstances which can only end in disorder and particularly condemned the spirit which allows him to speak under protection which has been denied Unionist speakers against home rule in national constituencies, a pledge to support financially and otherwise the campaign against home rule, being convinced that it is not in accord with the best interests of the Protestant people of Ireland.

Winnipeg, Man., Jan. 27—It was reported that \$8,000 had been collected to aid the anti-home rule men of Ulster and that eleven hundred Orangemen in the west were willing to go home to join the ranks of the Ulster men and fight against home rule.

Belfast, Ireland, Jan. 27—The liberal party according to report current here, hopes to compensate Winston Spencer Churchill, the first lord of the admiralty, for his disappointment of his plans in regard to speaking in favor of home rule at Ulster Hall, being upset. To do this they will organize a demonstration in connection with his visit to Belfast on more striking lines than would have been the case if the home rule meeting had been allowed to proceed without molestation.

The military authorities in Dublin have arranged to send troops here both from the capital and other points should their presence be considered necessary for the maintenance of order.

London, Jan. 27—Hilaire Belloc, former liberal member of parliament in a speech today, declared that he was actually in a certain newspaper office, when orders came from an authoritative quarter for the conservative press to demand home rule in 1910.

This happened just before the general election at a time when part of the Unionist press was already writing in favor of home rule all round.

TO INVESTIGATE EXPENDITURE ON G.T.P.

Ottawa, Jan. 27—It is expected that the order in council authorizing an investigation into the transcontinental railway will be passed at once. In addition to Mr. F. P. Guttellius, who is to conduct the enquiry into the main part of it, the railway and construction end, there is also to be a lawyer. In that connection it is probable that George Lynch Staunton K.C., the eminent Hamilton barrister will be selected. The enquiry as stated will be to determine how the money has been spent.

BRITISH CHARITY BALL

Capt. H. E. Woodbridge of the 71st York Regt. is vice chairman of the committee on Military Features of the British Charity Ball to be given at the Hotel Somerset, Commonwealth Avenue, Boston, on Tuesday evening February 13th. Mr. S. A. Starrat also well known in this city is another member of an important committee of the ball.

It would be in Ottawa on March 27 to discuss reciprocal tariffs, steamship connections and cable service. Post Master General Pelletier denied that he had said to the electors of South Renfrew, as reported in the government press, that the construction of the Georgian Bay Canal would be immediately begun, and Hon. Mr. Foster denied the reported statement that the government was preparing to nationalize the telegraphs and telephones of Canada.

FORESTRY STUDENTS HELD "HAMMERFEST"

Enjoyable Dinner at U.N.B. Camp Last Night--Speeches by Prof. Miller and Others

The Forestry students of the U. N. B. drove out to their log-cabin on Corbett's Brook at six o'clock Friday evening. Upon their arrival a bounteous dinner was served under the direction of Howe '14. After the good things had received the greatest attention possible the toasts were proposed by Fitz Randolph '12 in his usual happy style.

The Dean of the Faculty of Forestry, Prof. Miller.

The Forestry Association, Prince, '12.

University of New Brunswick, Shives, '13.

The Lumberman, Howe, '14.

The Ladies, Maimann, '15.

The professors made a very suitable and instructive reply. He told of his appreciation of the spirit of goodwill existing among the students and of the good work they are doing. The replies made by the students were very acceptable. The evening was spent in singing, giving yells and informal discussion of matters important to the Association. A committee was appointed to prepare songs, yells, etc. The happy gathering broke up with cheers for the professor. Messrs. Shives and Howe remained at the cabin. The rest of the Foresters returned to the city.
