CITY CIRCULATION AGENT

Of Leading Montreal Daily Endorses GIN PILLS

I have been suffering from Kidney Trouble for over five long years. I had also Rheumatism in all my bones and muscles, could not sleep nights and on some occasions could hardly walk. I had been treated by some of our best Physicians but without relief and I lost over fifteen pounds. One day I met one of our leading hotelkeepers, who had been cured by your famous GIN PILLS, and he advised me to try them. So I bought two boxes at my druggist's and before I had used one box I felt a big change. Before I finished the second one I was completely cured. I can assure you I can hardly believe it for I had only known what I know now I would not have spent over One Hundred Dollars for nothing when two boxes of GIN PILLS cured me."

EUGENE QUESNEL, GIN PILLS are gaining a world-wide reputation, by the way they conquer the most obstinate cases of Rheumatism and all kinds of Kidney Trouble. See a box, 6 for \$2.50. Sample free if you write National Drug and Chemical Co. of Canada, Limited, Toronto. 149

COSTLY WAR OF LABOR UNIONS

Chicago, Ill., Nov. 22.—James A. Anderson and Charles Cameron principals in the war of arson and murder alleged to have been waged by the two rival local unions of the International Brotherhood of Electrical Workers, were given a preliminary hearing in court today. Many sensational disclosures are expected when the two defendants are tried. According to the police, Anderson and Cameron have admitted that they were delegated by their unions to destroy the rival union by burning the buildings in which the rivals were employed. One business agent was killed in the war and buildings aggregating \$100,000 in value were burned. It is asserted.

Had Pains Around The Heart AND SMOTHERING FEELINGS.

The terrible smothering and choking up sensations and sinking turns, that come to those whose heart and nerves are deranged or disordered call for prompt relief.

There is nothing that brings with it such a fear of death as to wake up in the night with that awful feeling of smothering.

Milburn's Heart and Nerve Pills are the only remedy that can give prompt relief and effect a complete cure in cases of such severity.

Mrs. Wm. Lee, Uthoff, Ont., writes:—"I have taken three boxes of Milburn's Heart and Nerve Pills, and am now well. I had such pains around my heart and such smothering feelings that I thought I would surely die. My head used to be propped up with pillows to keep me from smothering. One day I read in a paper about your Milburn's Heart and Nerve Pills, and three boxes cured me."

Price, 50 cents per box; 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

IMPORTANT STATISTICS ON CROPS OF CANADA

Ottawa, Nov. 20.—A bulletin issued recently by the Census and Statistics Office contains estimates of the yield, quality and value of the root and fodder crops of Canada during the past season, based upon returns from agricultural correspondents at the end of October. Upon total areas for potatoes, turnips, mangolds, etc., hay and clover, alfalfa, fodder corn and sugar beets, amounting to 8,732,000 acres as compared with 9,160,000 acres last year, the total value of the products is \$192,500,000 compared with \$223,790,000, a decrease in value of \$33,290,000. This decrease is caused by the diminution, both in area and yield, of the hay and clover crop, which is less than last year in area by 426,000 acres, in yield by 2,000,000 tons and in value by \$28,380,000. All the other crops show increases, except alfalfa, the area of which in Canada is relatively small. The yield of potatoes is 81,343,000 bushels of the value of \$32,173,000; of turnips and other roots 87,505,000 bushels, value \$20,713,000; of fodder corn 2,858,900 tons, value \$13,529,000; of sugar beets 204,000 tons, value \$1,020,000, and of alfalfa 310,000 tons, value \$3,610,000. In quality all these crops are marked high, the standard percentage being about 87, excepting for turnips, etc., which are 93 and for fodder corn, which is 82. A word of caution is necessary with regard to potatoes, for whilst yield and quality are generally good at harvesting, there are numerous reports of rotting in the cellars, the produce of the heavier soils having been considerably affected by the constant rains.

The area estimated to be sown to fall wheat in five provinces of Canada this season aggregate 1,086,000 acres as compared with 1,156,900 acres, the area sown last year. This represents a net decrease of 70,100 acres, or 6 per cent. In Ontario the acreage sown is 696,000 acres, compared with 797,200 acres, a decrease of 101,200 acres or 12.6 per cent; in Alberta the figures are 312,000 acres, as against 300,700, a decrease of 11,300 acres, or 3.7 per cent; and in Saskatchewan the area sown is 72,000 acres, against 53,000 acres, an increase of 19,000 acres or 36 per cent. Small areas in Manitoba and British Columbia complete the totals. The decrease in area is due to the persistent rains which have hindered ploughing and sowing operations.

The condition of this crop on October 31 was 92.67 per cent. of the standard for the five provinces. It was above 90 in each province, except Manitoba, where the small area of about 4,000 acres had a per cent. condition of 88.3.

The percentage of fall ploughing completed upon land intended for next year's crops ranges from 45 in Ontario to 77 in Prince Edward Island for the east and from 24 in Alberta to 38 in British Columbia for the west. It is remarkable that both this year and last year the seasons in the three northwest provinces have been adverse to fall ploughing and less than about 25 per cent. of such ploughing has been possible in both years as compared with a more normal percentage at the same date of from 50 to 75. In the three northwest provinces the area summer fallowed this year is estimated as being from 2 to 5 per cent. more than last year.

PRICE OF DRINKS GOES UP IN MONTREAL

Montreal, Que., Nov. 22.—By order of the Licensed Victuallers Association of the city, the price of drinks of the hard variety increased by five cents a glass. Seven hotels mostly located in the business section of the city, have declined to comply with the order.

Narrow bands of ermine, mole and other short-haired furs are used on the collars, sleeves and in trimming arrangements on the fronts of dressy waists. Fur bands are used in some cases in the upper section of the sleeve to hold the extra fullness or drapery in place, or in simple arrangement to produce a trimming effect. Other styles show the fur bands at the edge of the sleeve. The collar trimming usually takes the form of an edge around the Robespierre collar or the flat Directorate collar which extends over the shoulder.

HAD A DREADFUL COUGH FOR OVER SIX MONTHS. Thought It Would Turn Into Consumption.

Miss Jane Dousette, Point a la Garde, Que., writes:—"Just a few lines of praise I must write on account of your famous remedy, Dr. Wood's Norway Pine Syrup. I had been suffering from a dreadful cough, for over six months, and tried everything but in vain. I thought it was going to turn into consumption. A friend happened to come to my house, and was so frightened when he saw me he nearly dropped. He asked me what I was taking, so I showed him some medicine I had, but he said for me to try Dr. Wood's Norway Pine Syrup. I bought a bottle and before it was finished I was well, and did not cough a bit. I will recommend your medicine to every suffering friend, for I know it did me good to them just the same as it did me."

See that you get "Dr. Wood's" when you ask for it. Do not accept any imitation. Price, 25 and 50 cents. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

NEW YORK INTERESTED IN HYDE TRIAL

New York, Nov. 22.—After a delay of many months, Charles Hiram Hyde, former City Chamberlain, is to be called to the bar to answer for the part he is alleged to have played in the great scandal involving the heads of the Carnegie Trust indictment charging that he accepted enterprises and the New York Company, the Joseph G. Robin bank political machine. Hyde is under an indictment charging that he accepted a bribe and forced Joseph G. Robin, formerly head of the Northern Bank to aid Joseph B. Reichmann, president of the Carnegie Trust Company, and William J. Cummins, executive chairman of the same bank, by making them a loan of \$100,000 when Robin had stated that to do so meant ruin to the bank. The work of selecting a jury has commenced in the Criminal Branch of the Supreme Court and it is expected to have everything in readiness to begin the Hyde trial before Justice Goff the first of the week.

The former City Chamberlain was indicated chiefly on the testimony of Robin. According to Robin, Hyde told him that he would come through with a loan to the then tottering Carnegie Trust Company, he, Hyde would see that the municipal deposits were increased in Robin's Northern Bank. If Robin had refused, according to his story, he was threatened with having the city money then in his bank withdrawn. The bank was in the condition to stand withdrawals, and he had to accede to Hyde's demands, Robin avers.

Hyde's affiliation with Mayor Gaynor, whose administration of the city's affairs is very unpopular in some quarters, has brought forth charges of a political plot that have added to the interest with which his trial has long been anticipated. The former City Chamberlain has been a law partner of Mayor Gaynor. At the time of the Robin bank failures and the crash of the Carnegie Trust Company he mysteriously disappeared, remaining away until the hue and cry over the distinction of the city's funds in the defunct institution was spread from New York city to almost every city in the East. He then returned to the city, alleging illness as the cause of his absence, and was promptly indicted on a charge of swindling the city's millions to benefit his own ends, which constitutes the act of bribery in the eyes of the law.
