DOCTORS COULD

MY KIDNEYS

"Fruit-a-lives" Cured Me

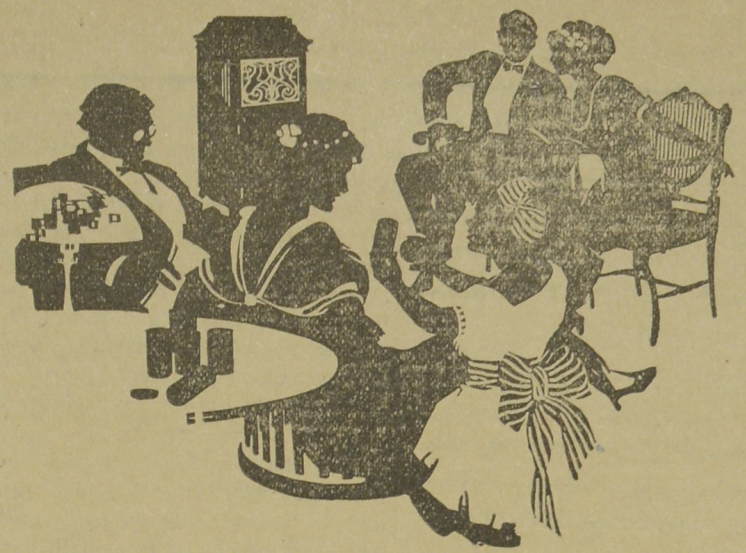

MR. GEO. W. BARKLEY

CHESTERTON, ONT., JAN. 25th, 1911

"For over twenty years, I have been  
troubled with Kidney Disease and the  
doctors told me they could do me no  
good. They said my case was incurable  
and I would suffer all my life. I doctored  
with different medical men and tried  
many advertised remedies, but there was  
none that suited my case. Nearly a year  
ago, I tried "Fruit-a-lives". I have been  
using them nearly all the time since, and  
am glad to say that I am cured. I have  
no trouble now with my kidneys and I  
give "Fruit-a-lives" the credit of doing  
what the doctors said was impossible. I  
am seventy-six years old and am in first  
class health."

## AMERICAN MINING CONGRESS

Spokane, Wash., Nov. 22—Secretary  
Cobbreath and other officers of the  
American Mining Congress have ar-  
rived to complete arrangements for  
the fifteenth annual session of that  
body to be held in this city during  
the first half of next week. The im-  
portant subjects scheduled for con-  
sideration and the prominence of the  
men who will participate combine to  
give promise of the most notable  
gathering of its kind ever held in  
this country.The congress is a practical organi-  
zation, devoting itself to economic,  
administrative and commercial mat-  
ters, or what might be termed min-  
ing politics, rather than to the tech-  
nical phases of mining. Its annual  
conventions are held for the purposes  
of keeping in closer touch with the  
mining industry. They provide an  
open forum for full discussion of the  
more important subjects, through  
which all persons who have plans for  
the betterment of mining conditions  
can be heard.The location of permanent head-  
quarters of the congress is one of  
the leading matters to be discussed  
and acted upon at the coming meet-  
ing. Inasmuch as the principal activ-  
ties of the national body have to  
do with federal legislation, it is the  
in the City of Washington, leaving  
opinion of many of the members that  
it would be wise to locate the per-  
manent home of the mining congress  
to the various State chapters the re-  
sponsibility of looking after State  
legislation.Others incline to the view that in  
Denver or some other city in the  
West the permanent headquarters  
should be established. It is pro-  
posed to erect a permanent home  
for the congress, containing a com-  
plete mineral exhibit, a complete  
mining library and other features to  
make readily available all informa-  
tion about the mines of the country.Mr. Edison  
has invented a New Recordthat will rekindle all of  
your first enthusiasm in  
your Edison Phonograph—a record that makes your Edison Phonograph far and  
away the best sound-reproducing instrument that can be  
had. The new record is called the Blue Amberol. It  
not only has greater volume and decidedly the finest  
tone of any phonograph record on the market, but is  
practically unbreakable and will never wear  
out. Go to your Edison dealer today and  
ask him to play some of these wonderful  
Blue Amberol Records. Then take them  
home to keep and play the rest of your life.

PRESS COMMENTS ON  
THE HOCHELAGA ELECTIONMr. Henri Bourassa, in a two-col-  
umn editorial in Le Devoir, claims  
that the most interesting fact about  
the election in Hochelaga is that out  
of 18,000 electors only 6,638 voted."In Westmount even," he says,  
"heated to white heat by fanaticism  
and jingoism by the most grotesque  
prejudices as well as by the most  
respectable convictions, there was  
given to save the Empire, 1,000 less  
voters than to defeat the customs  
agreement with the United States.  
Mr. Coderre Tory Minister and Imper-  
ialist received in the sainted city of  
loyalism, of temperance and of cost-  
ly fire stations, five hundred less  
votes than Mr. Coderre, Nationalist  
candidate, anti-Imperialist and 'pleb-  
iscitary'.""On the side of Mr. Doyon it is  
almost certain that all the votes cast  
imply the condemnation of the policy  
of contribution. On the other hand  
it is equally probable that the most  
of the abstentionists are opposed to  
this policy whether they are frankly  
Nationalists or favorable to the am-  
biguous policy of Mr. Laurier.""This one and that one will cry,  
this evening, for the twentieth time,  
the rout of this movement which has  
begun the awakening of the public  
conscience. Before hearing them we  
can say definitely that the mere  
sound of their clamors—clamors of  
hate, of spite, of deranged digestions,  
of interrupted sleep—will be for all  
clear-sighted and attentive spirits the  
most tangible proof that they are not  
assured.""As for us, is it necessary to say?  
We will not deviate an inch from the  
straight way victory or defeat, hesi-  
tating adhesion, or unblushing deser-  
tions, praise or injuries, nothing dis-  
turb us; for these things are neces-  
sary. In entering upon the path in  
which we are, we have foreseen and  
accepted all that."

## BOURASSA'S STAR EXTINGUISHED

La Presse declares editorially that  
the result in Hochelaga marks the  
death of the Nationalist party."Mr. Bourassa," says La Presse,  
"has never been able to admit to  
himself completely before today that  
his star was irremediably extinct.  
When one believes oneself by strength  
of vanity, a messiah sent on a pro-  
vidential mission to regenerate a  
people, it must be difficult to admit  
with good grace one's decline. But  
after the election of yesterday it istruly no longer possible for Mr.  
Bourassa to preserve this illusion.  
Nationalism is dead and its prophet  
is covered with the shroud of popu-  
lar indifference."After such a result it is clear that  
Nationalism is finished, buried. It is  
gone where go the old moons."All Mr. Bourassa can do now is  
to put his flag in his pocket and take  
up again his law studies, so inop-  
portunately interrupted. As for Mr. Ar-  
mand Lavergne there is nothing now  
to stop him from going to put his  
warlike ardor at the service of the  
Balkans."

## ONLY A FORMALITY

La Patrie says:—"The election of  
yesterday could only be a formality,  
exact by the entrance of Hon. Mr.  
Coderre into the ministry. The Na-  
tionalists wished to give it a signifi-  
cance in pretending that the principle  
of contribution to Imperial defence  
was in question, and they demanded  
of the electors of Hochelaga a ver-  
dict on this question. The verdict has  
been pronounced and turns to their  
confusion. . . . "The verdict of  
Hochelaga breaks and annuls the ver-  
dict of Drummond-Arthabaska."

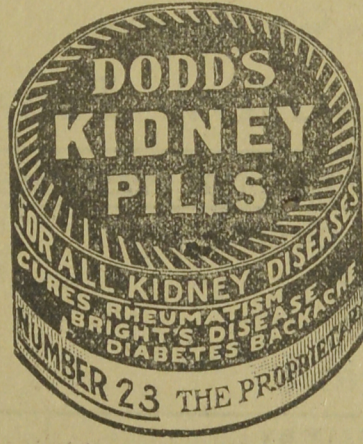

## DEATH OF NATIONALISM

Le Canada says: "It is the crushing  
of Nationalist in an electoral division  
where they pretended that their sup-  
port gave the majority to the Con-  
servative candidate on September 21.""It is the definite proof that, left  
to themselves the Nationalists are  
completely powerless to influence the  
direction of political affairs in this  
country."

## CULLOM'S GRANDDAUGHTER

Washington, D. C., Nov. 22—A new  
grandson, or more correctly speaking  
a "grandson-in-law" was the rather  
unique present received today by the  
venerable Senator Sheldon M. Cul-  
lom of Illinois on the occasion of his  
eighty-third birthday anniversary.  
The addition to Senator Cullom's  
family was brought about by the  
wedding of his granddaughter Miss  
Eleanor Cullom Ridgely, daughter of  
William Barrett Ridgely, a former  
comptroller of the currency, and Dr.  
Henry P. Parker of this city. The  
date of the wedding was selected by  
the bride because it was her grand-  
father's birthday. The ceremony was  
performed at noon at Senator Cul-  
lom's home on Highland Terrace. The  
bride had her little niece Eleanor  
Ridgely as her only attendant and  
Dr. Parker had his brother John Don-  
aldson Parker as best man.THIS CHRISTMAS GIVE YOUR
