Holder of New High Jump Record of Athletic Family

Horine's Ancestors all Noted Broad-Jumpers--Californian Expected to Better his Mark of 6 feet 6 1-8 inches--Record Already Sanctioned by American Athletic Union

 (Boston Globe.)

For seventeen long years the hitherto unbeatable record of M. A. Sweeney in the high jump--6 ft., 5 1/2 in.--has withstood all attack until Friday, March 29, 1912, when George Horine, a young junior at Leland Stanford University, Palo Alto, Cal., went Sweeney a full half inch better and established a new world's record for the high jump--6 ft., 6 1/8 in.

There is not the least doubt about the authenticity of the record. Nine of the best known athletic followers of the Pacific Coast, all thoroughly competent men, saw, measured and attested to the facts of the jump and set their seal of approval on the record by jointly signing a petition, which is now in the hands of the Pacific Athletic Association records committee, and by it will be forwarded to Secretary James E. Sullivan of the A.A.U. in New York for recognition as an American record. The latter in turn, will ask the sanctioning of the record by every opportunity in the world.

MADE AT DUAL MEET.

The great record was made in a dual meet between Stanford University and University of Southern California at Stanford's field. Twice in that week Horine gained a world's record. Tuesday, March 26, in competition with the Pomona College of Los Angeles, he cleared the bar at 6 ft., 4 1/2 in., breaking the world's intercollegiate high jump record, which was 6 ft., 4 in. The old record was held jointly by Horine, who made the

jump last year, and W. B. Page of the University of Pennsylvania. In his record-breaking jump he cleared easily 6 ft., 8 1/2 in., taking in the 2 1/2 odd inches between himself and the bar.

OF ATHLETIC FAMILY.

George Horine has come by his great jumping by heritage, his forefathers, back to his great-great generation, being noted for their prowess as "long jumpers," as they used to be called, or broad jumpers as we know them today. However, not one of his relatives took any part in high jumping contests, but confined themselves to broad jump work, while his father was a sprinter of ability.

Entering Stanford, Horine went out for track work, intending to take up mile running and pole vaulting. Trainer Dad Moulton of the Stanford squad, saw him doing a high jump one day, and that was the turning point of Horine's career. He heralded his entry to Stanford by winning the interclass high jump with 6 ft., 7 1/2 in., establishing an interclass record, and from then on he soared right up, taking record after record.

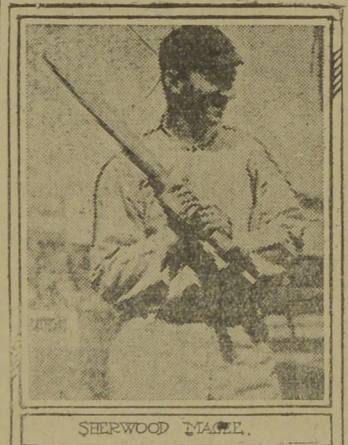

THIS YEAR'S WORK.

His first leap this year was in a class meet at Stanford, when he got over the bar at 6 ft., 1 1/2 in. Following that he did 6 ft., 2 1/2 in. twice in succession in competition, then he raised the Olympic Club and Stanford dual meet record to 6 ft., 3 1/2 in., and on March 26th he went one better with 6 ft., 4 1/2 in. Then came the big feat of March 29th.

As in his jump earlier in the week, Horine was given the worst of the deal. That, however, is all in the game. He actually got over 6 ft., 6 1/2 in. at the point he crossed the bar, but the sag made the lowest point one-quarter of an inch lower. This was the height attested to and Horine will be given credit for 6 ft., 6 1/8 in.

Horine's record is the second made by Stanford students. In May, 1910, Leland Stanford Scott made a great pole vault, setting new figures of 12 ft., 10 1/2 in., which stand today as the pole vault record of the world.

DREXEL BIDDLE BECOMES EVANGELIST

Philadelphia, April 6--Anthony J. Drexel Biddle, a man of wealth and an ardent devotee of boxing and athletics, has taken up evangelistic work in connection with his Bible class. He was chief speaker at a large meeting in "Hell's Half Acre," a notorious section of this city. He went at it in a regular "Billy" Sunday style and before he got through he had aroused some of the old delinquents.

"Some of you fellows think you are sports," he shouted "because you stand up against a bar and see how many drinks you can take. You're not sports."

"Christ gave an example of athletic achievement. He fasted forty days and if he didn't have a great constitution He couldn't have done it. Not one of you fellows could fast forty days. You couldn't fast ten days and get over it. If you want to be athletes forget the saloons and make men of yourselves."

Chapped Hands AND Cold Sores

Are your hands chapped, cracked or sore? Have you "cold cracks" which open and bleed when the skin is drawn tight? Have you a cold sore, frost bite, chilblains, or a "raw" place, which at times makes it agony for you to go about your household duties? If so, Zam-Buk will give you relief, and will heal the frost-damaged skin. Anoint the sore places at night, Zam-Buk's rich healing essences will sink into the wounds, end the smarting, and will heal quickly.

Mrs. Yellen, of Portland, says: "My hands were so sore and cracked that it was agony to put them near water. When I did so they would smart and burn as if I had scalded them. I seemed quite unable to get relief from anything I put on them until I tried Zam-Buk, and it succeeded when all else had failed. It closed the big cracks, gave me ease, soothed the inflammation, and in a very short time healed my hands."

Zam-Buk also cures chafing, rashes, winter eczema, piles, ulcers, festering sores, sore heads and backs, abscesses, pimples, ringworm, etc., cuts, burns, bruises, scalds, sprains. Of all drugstore and stores, or post free from the Zam-Buk Co., Toronto. Price 60c a box.
