Fredericton, N. B., October 7, 1912.

## MR. MORRISSEY'S PROBLEM

The North Shore Leader, the newspaper organ of Hon. John Morrissey, gets after the Newcastle Tory clique, who have been squealing because the Chief Commissioner while on a recent trip to Calgary delivered a public address in favor of the Liberal policy of wider markets and freer trade. In its last issue the Leader says:

"Mr. Morrissey is a Liberal and is a member of the Flemming coalition government. Mr. Flemming appealed to the people on coalition lines, and apart from this Mr. Morrissey has as much right to speak at Liberal gatherings as any part of the Conservative member has to speak at Conservative gatherings. As for the Conservatives electing Mr. Morrissey, who ever heard of such rot. Among the so-called leaders of the Conservative party in this county he did not get half a dozen votes at the last election. They even opposed Mr. Betts, a strong Conservative, because he happened to be nominated on a ticket with Mr. Morrissey."

As this journal took occasion to point some days ago, the Chief Commissioner, being under the impression that the present government is coalition, certainly has as good a right to publicly give expression to his views as a Liberal, as have Premier Fleming and Hon. H. F. McLeod to propound the doctrines of Toryism. The Chief Commissioner is the only member of the Flemming cabinet who claims to be a Liberal; the others are all dyed-in-the-wool Tories and do not hesitate to say so. Outside of the County of Northumberland nobody looks upon the present administration as being coalition. When it has favors to bestow they invariably go to Tories, and when there are dismissals to be made, Liberal heads fall into the basket. Through the influence of the Chief Commissioner and in face of the strenuous opposition of the Tory leaders of the county, some Liberals have been appointed to minor positions in Northumberland, but in the other counties of the province Tory heels take care of all the jobs that are offering. In the light of the facts the word coalition is a misnomer as applied to the present local government. The only cause for surprise is that an intelligent and independent man like Chief Commissioner Morrissey should allow himself to be duped by designating Tory politicians. If he is a Liberal, as he professes to be, he should travel in better company."

## WESTERN SUB-DIVISIONS

The Associated Boards of Trade of Western Canada are getting after the western sub-division fends, who are continuously foisting worthless real estate upon the people of Eastern Canada and of the Old Country. At a recent meeting the following resolution dealing with the subject was adopted:

"Whereas a great deal of harm is done in the east and in England by the selling of worthless sub-divisions which have been and are still being sold under all sorts of misrepresentation to people who have no chance of seeing the property before they invest, and whereas this sort of fraud if carried on, is bound to have disastrous results by injuring the credit of the country and discouraging legitimate real estate investments;

"Therefore be it resolved that this association ask the governments of the different provinces, where not already provided for, to enact legislation compelling all owners of sub-division property to submit all their plans to the proper provincial authorities for approval before placing them on the market; that all plans be accurately drawn to scale; that the distance of the property from the business centre of the city be indicated in such a manner as will not be misleading and that steps be taken to prevent the indiscriminate issue of false and misleading representations regarding such properties."

Easterners will save a lot of money if they will carefully investigate sub-division propositions before investing.

Messrs C. C. Ballentine and L. E. Geoffrion have tendered their resignations as harbor commissioners for Montreal. They were appointed by the old government and have discharged their duties in an eminently satisfactory manner. The Montreal Witness says that they have been driven out of office by hungry patronage seekers. A prominent business man discussing the matter with the Witness is reported to have said: "The harbor is becoming a hotbed of political wire-pulling and patronage, and, as a result there is great danger that its future greatness will be impaired forever."

A Hillsboro despatch to the Telegraph states that Mr. W. B. Dickson, M. P. for Albert is likely to be appointed secretary for agriculture. Mr. Dickson was in the city last week during the government meeting and it is believed was actively pushing his claims. He is not a farmer, but that will cut no ice with the present government as it is pull that counts with them. Having succeeded Mr. Hubbard as Tory organizer, it is perhaps only right that Mr. Dickson should succeed him as secretary for agriculture.

Hon. J. D. Hazen, Minister of Marine and Fisheries is a welcome visitor to the city today. The Minister has many warm friends here on both sides of politics and they are always pleased to see him. The Mail pays the Minister of Marine no compliment when it says that in point of ability he stands head and shoulders above the majority of his colleagues in the cabinet.

## MARYSVILLE TOPICS

Oct. 7.—Mrs. Ellis, who has been visiting her parents, Mr. and Mrs. Elias White, for the past few weeks, expects to return to her home at Woonsocket, Rhode Island, on Tuesday.

Postmaster Jas. S. Inch who has been confined to his room the past week suffering from a heavy cold, is much better and entertained many callers yesterday.

Rev. Mr. Hicks preached a very able and interesting sermon to the Methodist congregation in Oddfellows Hall at both services yesterday, while Rev. J. W. Williams held forth at the Main Street United Baptist Church in the morning and afternoon and at Olivet Church in the evening. A large congregation heard a very instructive sermon in All Saints Church yesterday afternoon by the rector, Rev. Mr. Lake.

Yesterday being an unusually delightful day a large number took advantage of the weather and drove through Marysville to Penniac on one side of the river and back the other, which is certainly a beautiful outing especially this time of year when the country is looking its best. The trees through Pine Grove and Perley Woods are magnificent with the tint of autumn on the leaves, when you see green, yellow and red intermingled making a pretty scene not soon to be forgotten. Then the mildness of the air one would imagine it were summer rather than autumn. The glimpse one gets occasionally of the Nashwaak through the thickly clustered bushes is beyond description. The river, which is usually filled with logs or lumber is at present clear, which makes the sight more beautiful. A trip through this part of the country is certainly worth taking. When it comes to autumn splendor New Brunswick is certainly a world beater.

## YOUNG PEOPLE LEAVING FOR WESTERN CANADA

Mr. and Mrs. F. Edward Winslow are to leave this evening for Vancouver, B.C., where they will make their future home. Mr. Winslow was at one time on the staff of the Bank of Montreal but has for some years been connected with the McFarlane-Neill Manufacturing Company. Both he and Mrs. Winslow will be greatly missed in the community.

Mr. James L. Neville, for several years a member of The Mail staff, and his sisters, the Misses Regina and Frances Neville, are to leave this evening for Calgary, with the intention of locating in that city. Miss Regina Neville has for some time been employed by the N. B. Telephone Company, while Miss Frances Neville has filled the position of accountant with McLellan & Hughes. They have many friends here who will wish them every success in their new home.

Mrs. John Staples and daughter, Miss Ida Staples, will leave this evening for Stillwater, Minn., where they will make their home in future.

It is said that Great Britain has more women workers in proportion to its population than any other country. There are 616,000 dress-makers.

Springfield, Mass., telephone girls have organized a union.

## FEW PRICE CHANGES IN STOCK MARKET

New York, N.Y., Oct. 7.—The stock market opening was quiet and price changes were unimportant. Steady accumulation appeared to be going on and those who conducted it were adverse to any upward movement. In Union there was an initial decline of  $\frac{1}{8}$ , while U. S. Steel and Reading opened at advances of  $\frac{1}{8}$ . There was no great activity in any of these three leaders but the undertone of all of them appeared to be strong. Strength in St. Paul was the only notable feature. The belief prevailed that the large interests at 26 Broadway had accumulated the greater part of the floating supply of that issue. Strength was displayed during the first half hour but was much more pronounced in Anthracite Coal stocks than elsewhere. Activity was largely concentrated in those issues. Lehigh Valley was strong and its strength was regarded as an indication that increasing pool manipulation on the bull side was in progress.

## LEAVING ON VACATION.

Rev. J. W. Williams, pastor of the Main Street United Baptist church at Marysville, is leaving tonight for St. John, where he takes the boat Wednesday morning for Boston and New York to spend a ten days' vacation. The pulpit of his church will be supplied next Sunday by Rev. Harry Manzer and Rev. Mr. Jenkins.

Mrs. Edward J. Thorne of Montreal, is in the city.

Mr. J. L. MacDonald of Quebec, is registered at the Barker House.

City Hall.

### FIRE AT McADAM.

A spectacular fire took place at McAdam at five o'clock yesterday morning, when the City Camp Hotel and an adjoining building were destroyed and two nearby buildings badly scorched. Owing to the early hour the fire had gained considerable headway before it was discovered and many of the people in the burning buildings had to leave in their night clothes. Some of the occupants of rooms in the upper storey made their

escape by tying sheets together and lowering themselves to the ground. One man was forced to leap from a window in the second storey and fortunately landed safely. The progress of the flames was finally checked after a hard fight.

Mrs. J. B. Mahoney of Randolph Mass., is expected to arrive this evening to visit her grandmother Mrs. Sarah Hayes of St. Mary's.
