## THE PEOPLES SERVANT

Again I am the servant of the  
people. It matters not to me  
what is the post assigned to me  
I am ready to serve as captain  
in the ranks, and whatever post is  
assigned to me I shall in the  
future as in the past give it the  
best of my heart and my life.  
In the words of the Canadian  
poet, my orders were not to win  
or lose, but to fight, and fight  
I will. Fight I will, and so will  
you--so shall we all fight--in  
the sense in which fighting is  
meant under the British Constitu-  
tion--we shall fight with malice  
towards none, with charity  
towards all, and with firmness  
towards the right as God gives  
us to see the right. We are met  
perhaps under the shadow of de-  
feat, but today I come before  
you and feel as undaunted as  
ever. I asked my friends in the  
last contest to follow my white  
plumes. Now again I ask them  
to follow my white plumes, and  
never shall they say that I  
showed the white feather."--SIR  
WILFRID LAURIER

Ryan Has a Preparation  
That Will Grow Hair  
Abundantly

This is an age of new discoveries.  
To grow hair after it has fallen out  
today is a reality.

ADVERTISE IN THE MAIL.

NOT ONE WOMAN  
IN TWENTY  
HAS A STRONG BACK.

THE KIDNEYS ARE TO BLAME  
NINE TIMES OUT OF TEN.

Women are coming to understand that  
weak, lame and aching backs from which  
they suffer are due to wrong action of the  
kidneys.  
The poisons that ought to be carried off  
are sent back into the blood, taking with  
them a multitude of aches and pains.  
There is no use of expecting relief until  
the kidneys are restored to health.  
Doan's Kidney Pills are the quickest  
and most reliable remedy. Mrs. Ed.  
Baxter, Upham, N.B., writes: "I take  
a good deal of pleasure in telling you  
what Doan's Kidney Pills have done for  
me. I was troubled with my kidneys  
for a number of years, and my back was  
so lame I could not sweep the floor.  
A friend of mine advised me to try a box  
of Doan's Kidney Pills, which I did, and  
after using three boxes I am as well as  
ever. I highly recommend them to any-  
one suffering from lame back or kidney  
trouble."  
Doan's Kidney Pills are 50 cents per  
box, or three boxes for \$1.25, at all dealers,  
or mailed direct on receipt of price by  
The T. Milburn Co., Limited, Toronto,  
Ont.

When ordering direct specify "Doan's."

## UPPER KINGSCLEAR

Upper Kingsclear, June 7--The  
leath occurred at the Victoria Hospi-  
tal on Friday May 31st., of Myrtle  
daughter of Mr. and Mrs. Henry E.  
Coffey of Upper Kingsclear. Deceased  
was sixteen years of age and of a  
quiet disposition and much loved by  
her many friends. She was stricken  
with typhoid fever the last of April  
and was removed to the Victoria  
Hospital where she lingered until the  
loving Saviour called her home.  
The funeral was largely attended.  
Service was held in the church at  
Acton by the Rev. M. J. McPherson  
the remains being afterward interred  
in the Acton Cemetery at 3 o'clock  
June 2. Besides a sorrowing Father  
and mother, three brothers and seven  
sisters at home, and one sister Mrs.  
George Dwyer at Danforth, Me. are  
left to mourn the sad loss.

AN OUTSIDE  
OPINION OF MR.  
COPP'S POLICY

(Toronto Globe)

Mr. A. B. Copp, the leader of the  
Liberal Opposition in New Brun-  
swick, has availed himself of the gen-  
eral election a fortnight hence to put  
forward a platform of eighteen planks  
accompanied by a manifesto, in which  
he gives a clear outline of the exist-  
ing political situation. One of his  
contentions is that the railway pol-  
icy of the present Conservative Gov-  
ernment would, if carried out, draw  
the Province into a dangerous en-  
tanglement with the Canadian Pacific  
Railway instead of working for the  
completion of the St. John Valley  
line as a feeder for the Intercolonial.  
The railway policy of the government  
has, he says, been both expensive and  
ineffective, and he offers pledges for  
himself and his party, that they will,  
if allowed a chance, see that the Pro-  
vince gets full value for this and  
other expenditures.

One of Mr. Copp's planks is "gen-  
erous and practical encouragement  
to farmers." There is no other Prov-  
ince in which this is more necessary,  
for as New Brunswick's lumber and  
fisheries shrink in value her people  
must rely more and more on agricul-  
ture as an industry. It is possible  
to do much for the lumbering indus-  
try by reforestation, but that takes  
time, and agriculture might be great-  
ly improved long before the results of  
the renewal of the forests become  
appreciable. One form of encourage-  
ment to farmers is definitely out-  
lined; the granting of financial aid,  
under proper safeguards, to enable  
them to improve their farms. This  
has been done for many years in On-  
tario, not merely by the construction  
of arterial drains but by advances of  
money for the tile drainage of farms  
actually under cultivation. There is  
also a promise of aid to establish  
cheap rural telephones, and of a  
better organization of the Depart-  
ment of Agriculture under the admin-  
istration of a practical farmer. One  
of the motives for the adoption of so  
progressive a policy is to retain the  
young people of New Brunswick in  
their own Province instead of practi-  
cally constraining them to emigrate.

Mr. Copp's promised policy regard-  
ing forestry, fisheries, and water pow-  
ers would, if well carried out, pro-  
duce a very noticeable change for the  
better in the natural resources of  
New Brunswick. The promise is to  
execute a resurvey and a valuation of  
the Crown lands, to provide for the  
conservation of the timber under  
scientific direction, to preserve the  
customary privileges of the fisheries  
and prevent the creation of fishery  
monopolies, to promote the coloniza-  
tion of Crown Lands fit for settlement,  
to secure the development of water pow-  
ers "with a view to transmitting and  
supplying electricity at actual cost  
to both manufacturers and farmers,"  
and to withholding such franchises  
from those who desire to use them  
only for private speculation.

The Liberal leader does not in his  
comprehensive summary of the politi-  
cal situation ignore the working peo-  
ple. He promises "to provide such  
conditions in all government con-  
tracts as will secure the payment of  
such wages as are generally accepted  
as current in each trade for compe-  
tent workmen in the district where  
the work is carried out," and to put  
up all public works to tender and  
award the contracts to the lowest  
bidders, with this restriction.

Under such a policy as is here out-  
lined Mr. Copp and his supporters  
should be able to give a good account  
of themselves. According to The St.  
John Telegraph the Liberal conven-  
tions are choosing able and popu-  
lar candidates, always an indispen-  
sable condition of success in a gen-  
eral election. The Conservative party  
has been weakened by the withdrawal  
of the late Premier, Mr. J. D. Hazen,  
who is now Minister of Marine for  
the Dominion.

## ANGLO-CANADIAN WEDDING

London, June 12--Many prominent  
Canadians resident in London attend-  
ed the wedding today of Miss Gladys  
Howland and Lieut. Col. Percival E.  
Thacker, formerly of Ottawa. The  
bride is a daughter of the late W.H.  
Howland and neice of Lady Tilley of  
St. John, N. B. The wedding took  
place at All Saints' Church, Emili-  
more Gardens and was followed by a  
large reception at the Hyde Park  
Hotel.

## SAD DAY FOR INDIANA RATS

Princeton, Ind., June 11--In accord-  
ance with the plan originated by J.  
R. Strickland, a druggist of Owens-  
ville, the citizens inhabiting the First  
congressional district of Indiana co-  
operated today in an attempt to  
round up and kill as many rats as  
possible. Many thousands were killed  
and it is expected that the destruc-  
tion of these rodents will mean a  
substantial saving to the farmers  
and other citizens in the district.  
Last year 3,000 rats were killed in  
this county alone, equivalent to a  
saving of about \$22,000 for the year.

YOUR GRAY HAIRS  
QUICKLY VANISH

A Harmless Remedy made from Gar-  
den Sage, Restores Color to Gray  
Hair

A feeling of sadness accompanies  
the discovery of the first gray hairs,  
which, unfortunately, are looked up-  
on as heralds of advancing age.  
Gray hair, however handsome it may  
be, makes a person look old. We all  
know the advantages of being young.  
Aside from the good impression a  
youthful appearance makes on others,  
simply knowing that you are "look-  
ing fit" gives one courage to under-  
take and accomplish things. So why  
suffer the handicap of looking old on  
account of gray hairs, when a simple  
remedy will give your hair youthful  
color and beauty in a few days' time?

Most people know that common  
garden sage acts as a color restorer  
and scalp tonic as well. Our grand-  
mothers used a "Sage Tea" for  
keeping their hair dark, soft and  
luxuriant. In Wyeth's Sage and Sul-  
phur Hair Remedy we have an ideal  
preparation of Sage, combined with  
Sulphur and other valuable remedies  
for dandruff, itching scalp and thin,  
weak hair that is split at the ends or  
constantly coming out. A few appli-  
cations of this valuable remedy will  
bring back the color, and in a short  
time it will remove every trace of  
dandruff and greatly improve the  
growth and appearance of the hair.  
Get a fifty cent bottle from your  
druggist today, and notice the dif-  
ference in your hair after a few days  
treatment. All druggists sell it, un-  
der guarantee that the money will be  
refunded if the remedy is not exactly  
as represented. For sale and recom-  
mended by George Y. Dibblee, drug-  
gist, opposite City Hall.

## BIG CONFERENCE ON CHARITIES

Cleveland, T., June 12--The most  
notable gathering of its kind ever  
held in America is the designation  
applied to the annual meeting of the  
National Conference of Charities and  
Correction which assembled in Cleve-  
land today for a week's session. In  
addition to the conference proper  
meetings are to be held simultane-  
ously by the American National Red  
Cross Society, the Federated Boys'  
Clubs of America, the National Fed-  
eration of Remedial Loan Associa-  
tions, the National Association of  
Public Relief Officials and the National  
Association for the Advancement  
of Colored People.

The several gatherings have at-  
tracted to this city a mighty host of  
prison reformers, settlement workers,  
practical philanthropists, charitable  
visitors, officials of public institu-  
tions, heads of juvenile republics and  
other men and women who have  
made their life's work the scientific  
study of the best means of caring for  
or reforming the defective and in-  
corrigibles, feeding the hungry, cloth-  
ing the naked, educating the ignorant  
and reforming the transgressor.

The national conference will devote  
most attention this year to prob-  
lems relating to the improvement of  
the condition of the working classes.  
Under this general head many men  
and women who are well qualified to  
deal with the subject will discuss the  
problems of congestion of population,  
the economic and physical effects  
of the eight-hour day, the hazard of  
labor in coal mining and other dan-  
gerous occupations, the high cost of  
living as affected by industry and as  
affecting poverty, the relations of  
employers and numerous kindred sub-  
jects.

## WELL POSTED

A California Doctor with 40 Years  
Experience

"In my 40 years' experience as a  
teacher and practitioner along hygienic  
lines," says a Los Angeles physician  
"I have never found a food to com-  
pare with Grape-Nuts for the benefit  
of the general health of all classes  
of people."

"I have recommended Grape-Nuts  
for a number of years to patients  
with the greatest success and every  
year's experience makes me more  
enthusiastic regarding its use."

"I make it a rule to always recom-  
mend Grape-Nuts, and Postum in  
place of coffee, when giving my pa-  
tients instructions as to diet for I  
know both Grape-Nuts and Postum  
can be digested by any one."

"As for myself, when engaged in a  
much mental work my diet twice a  
day consists of Grape-Nuts and rich  
cream. I find it just the thing to  
build up gray matter and keep the  
brain in good working order."

"In addition to its wonderful  
effects as a brain and nerve food  
Grape-Nuts always keep the digestive  
organs in perfect, healthy tone. I  
carry it with me when I travel  
otherwise I am almost certain to  
have trouble with my stomach."  
Name given by mail by Canadian  
Postum Co., Windsor, Ont.

Strong endorsements like the above  
from physicians all over the country  
have stamped Grape-Nuts the most  
scientific food in the world. "There's  
a reason."

Look in pkgs. for the famous little  
book, "The Road to Wellville."

## THE OPPOSITION PLATFORM

The new administration will inaugurate a POLICY FOR  
THE RELIEF AND BETTERMENT OF AGRICULTURE;

By introducing legislation with a view to assisting provin-  
cial farmers, who lack the necessary capital to bring their lands  
up to a satisfactory productiveness, such assistance to be by  
financial aid under proper safeguards, by long term loans upon  
the provincial credit, at a low rate of interest and easy terms of  
repayment, thereby increasing development and production and  
encouraging our farmers and their sons to remain in the pro-  
vince--

By associating a practical farmer with the administration  
of the Department of Agriculture--

By abolishing unnecessary offices in the Department of  
Agriculture so that the appropriations therefor may serve their  
purpose and no longer be largely wasted in the salaries and  
travelling expenses of useless officials--

By aiding the establishment of cheap rural telephone ser-  
vices throughout the province--

We will also remove the administration of the roads abso-  
lutely from politics, and place the expenditure of the road monies  
directly in the hands of the people, thereby abolishing the waste  
of the monies passing through expensive and unnecessary offi-  
cials--

We will provide for the taxing for school purposes of grant-  
ed forest lands lying contiguous to school districts (which now  
escape taxation), thereby improving the schools of remote and  
depopulated sections, and relieving from the present excessive  
rates the farmers who remain upon the land and in these dis-  
tricts--

We will except in cases of imperative urgency, put up all  
public works to tender and award the contract therefor to the  
lowest bidder--

We will provide in all government contracts, conditions to  
secure the payment of such wages as generally are accepted as  
current in each trade for competent workmen in the district  
where the work is carried out; this to apply also to work under-  
taken by the government which is done by necessary day's  
work--

We will keep ordinary expenditures of the province within  
the ordinary revenues--

We will undertake a re-survey and valuation of the Crown  
Lands of the province and to provide for the conservation of our  
forest revenue under the direction of scientific foresters--

We will promote and encourage the colonization and settle-  
ment of the Crown Lands, which are adapted to agriculture--

We will amend the mining laws of the province in the in-  
terests of bonafide development and to prevent the holding of  
mineral areas by speculators.

We will not permit any legislation or departmental regu-  
lation to interfere with the customary privileges of the fishermen  
respecting the oysters, clam and quahaug beds along our shores  
or support the creation of any monopoly in such oyster, clam  
or quahaug fisheries to the injury of the small fishermen--

We will introduce legislation to set aside certain streams,  
lakes and rivers, wherein the residents of this province, upon  
the payment of a nominal license fee and subject to proper reg-  
ulations, may have the right to fish--

We will give careful attention to the development of the  
various water powers of the province under government control  
with a view to transmitting and supplying electricity at actual  
cost to manufacturers, farmers and others who might with ad-  
vantage, use this modern source of heat and power--

We will no longer permit the granting of these valuable  
water powers and franchises to companies for the purpose of  
private speculation to be held for gain against bonafide manu-  
facturing interests seeking cheap power--

Upon this platform and my criticism of the administration  
I confidently appeal for your support.

I am, yours faithfully,

A. B. COPP
