DR. FOWLER'S Extract of Wild Strawberry

The Medicine with a record of Cures extending over 65 Years.
You don't experiment when you buy it.

Beware of the dealer who tries to sell you a substitute.

Mr. Jno. R. Childhouse, Orillia, Ont., writes:—"When in Fort William, last summer, I was taken sick with diarrhoea, and became so weak and suffered such great pain, I had to quit work. Our manager advised me to try Dr. Fowler's Extract of Wild Strawberry, so on my way home I bought a bottle, and after taking four doses I was cured. We always keep a bottle in the house. We have also used it for our children, and find it an excellent remedy for summer complaint."

MAN WITH REVOLVER CREATES A PANIC

London, Sept. 27.—Four people were shot and seriously wounded, by a man with a revolver today and for a time caused a semi-panic in the west end of London.

The man, whose name is Titus, and who claims citizenship of the United States, but speaks English poorly had a dispute with a bar maid of the hotel where he was staying in the Tottenham Court Road. He drew his revolver and shot her and then rushed to the street. On the way out he shot down two men, who tried to stop him, and also fired at a third man, he was finally overpowered by a passerby and arrested.

TESTIMONIAL FOR MADAM ALBANI

Montreal, Sept. 27.—A movement to organize a monster testimonial performance in honor of Mme. Albani, has been started by friends of the Diva in view of the fact that the great singer is reported to have suffered severe financial losses and to be now in straitened circumstances. It is felt that as Mme. Albani spent the early years of her life in and near Montreal and made several of her greatest triumphs in this city such a benefit would be a fitting expression of the esteem in which she is held.

USE OF ELECTRICITY ON THE FARM

Electricity seems destined to be the farmer's best hired man. The Hydro-electric Commission of Ontario is carrying on an active educational campaign, and is arousing keen interest amongst the farmers of Western Ontario.

In addition to the work of the Commission, some individual farmers have shown commendable enterprise in testing electricity driven machinery on their own farms. The experience of farmers in such a matter is of considerable interest. Mr. R. E. Gunn, proprietor of Dunrobin Stock Farm at Beaverton, Ontario, has furnished the following details concerning the use of electricity on his farm.

"Electricity costs me \$175.00 per annum at the farm for 100 lights and 20 H. P. in motors. This low rate was secured from the local power company for the season that they had power going to waste and wished to get some return for it. The power company built the line to the farm (two miles) and put in and own the transformers. I wired the farm buildings and bought all other equipment.

"In relation to other powers as to cost you can readily see that it is much cheaper than any other form of power possibly that which could be generated by water, if we had it.

"It is a most efficient power for farm purposes. We run our milking machines, pump water, grind feed, cut hay and straw, cut wood, fill silos, and run other machinery where belt driving is possible and have no trouble in any way. The motors need but slight attention which is more than can be said of any other gasoline, both of which we have power available such as steam or used.

Its advantages are:—

(a) Low cost.
(b) Ease in moving power units from place to place owing to light weight.
(c) The little attention required to operate.

(d) Speed in starting.
Mr. Gunn claims that electricity can be generated profitably by a farmer if water-power is available, it can also be done economically by and be inclined to the view that gasoline power. He further states that the insurance companies show a preference for the use of electricity if the wiring is done by a reputable firm of electricians.

FAULTY AUDITING CAUSED BANKS COLLAPSE

Toronto, Sept. 25.—I feel satisfied that had the directors of the Ontario Bank employed a proper system of auditing it would have been the means of preventing the institution from closing its doors. This might be likewise applied to the case of the Farmers Bank which might have been averted had it been under the observation of a first class auditor.

Replying to the toast of the 'Parliament of Canada' last night at the annual banquet of the Dominion Association of Chartered Accountants at the King Edward Hotel, the Hon. W. T. Abbott, minister of finance, made the foregoing statement in the course of an eulogy of the high standards set up by the association with respect to the qualifications required of an expert accountant.

DOCTORS COULD NOT HELP MY KIDNEYS

"Fruit-a-lives" Cured Me

MR. GEO. W. BARKLEY

CHESTERVILLE, ONT., JAN. 25th, 1911
"For over twenty years, I have been troubled with Kidney Disease and the doctors told me they could do me no good. They said my case was incurable and I would suffer all my life. I doctored with different medical men and tried many advertised remedies, but there was none that suited my case. Nearly a year ago, I tried 'Fruit-a-lives'. I have been using them nearly all the time since, and am glad to say that I am cured. I have no trouble now with my kidneys and I give 'Fruit-a-lives' the credit of doing what the doctors said was impossible. I am seventy-six years old and am in first class health."
GEO. W. BARKLEY.

50c a box, 6 for \$2.50, trial size 25c. At all dealers or sent on receipt of price by Fruit-a-lives Limited, Ottawa.

JEWISH MERCHANT COMMITTED SUICIDE

Montreal, Sept. 27.—Tying his neck to a wall gas jet only about five feet from the floor, Jacob Atlas, a Jewish merchant of Sudbury knelt down in his room this morning and in an attitude of prayer strangled to death. He was despondent over business and affected with consumption. A slight piece of packing twine, which easily snapped in the hands of the police was tied around his throat, why it did not snap under the weight of his body is a mystery. Trying to ascertain if the gas bracket would bear his weight, Atlas, was weighed and measured in a penny arcade last night and paid particular attention to having his exact height recorded.

PREMIER ROBLIN DENIES A REPORT

Winnipeg, Man., Sept. 27.—Premier Roblin, denies the report in a Montreal paper that he stated in his Mac Donald speech Wednesday night Mr. Borden had pledged himself to a contribution of one or two dreadnoughts to the British navy. What he said was according to a verbatim report in the Winnipeg Telegraph:—"Liberals and Conservatives join in the request and the hope and the expectation that Hon. Mr. Borden will provide funds for at least one, if not two dreadnoughts to be constructed at the earliest possible date and placed at the disposal of the British admiralty."

Dr. de Van's Female Pills
A reliable French regulator; never fails. These pills are exceedingly powerful in regulating the generative portion of the female system. Refuse all cheap imitations. Dr. de Van's pills sold at 25c a box, or three for \$1.00. Mailed to any address. The Goodell Drug Co., 250 St. Catharines, Ont.
Sold in Fredericton by A. J. RYAN.

SWEATER FOR PRESIDENT

Malden, Mass. Sept. 27.—A visit from President Taft brought Malden's trade carnival week celebration to a climax today. After reviewing the trades parade the President visited the exposition of Malden-made products. As a memento of the occasion he was presented with a navy blue sweater made of the finest lamb's wool. The sweater is size 54 and the largest garment ever manufactured at the local factory.

SUFFRAGETTES ARE NOW WEARING ARMOR

London, Sept. 27.—The suffragettes latest dodge is the wearing of protective armor. It is learned that several of the women who disturbed Chancellor Lloyd George's meeting, wore quilted and padded garments with sharp pins pointed outward, firmly fixed in the padding.

Geraldine Malone has just been engaged by Frederick McKay to play the Western girl with Blanche Ring in 'The Wall Street Girl.'
It is said Lillian Russell is really to return to the vaudeville stage.

TO CONSUMPTIVES

And All Afflicted With Asthma, Bronchitis, Catarrh, Grippe or any Lung or Throat trouble.

After suffering for years with a severe throat trouble which ran into Consumption, Rev. E. A. Wilson was cured by following plain rules of health and using Dr. Churchill's prescription. Wishing to help all sufferers he wrote, for free distribution, a full description of his trouble and the simple means he used to cure himself.

WILSON'S REMEDY (Dr. Churchill's prescription) has been doing its wonderful good work for over 40 years. It has been tried and proven, and is a household remedy in many, many homes to which it has brought health and happiness.

If you are suffering from any Lung or Throat trouble whatever, do not fail to give this invaluable remedy a trial. Send for Mr. Wilson's history of his own remarkable case which will be sent FREE, together with a \$1.00 package of the remedy, to all who write for it. Address: Wilson Remedy Co., Westwood, N.J., U.S.A.
