

CURED OF THIS HORRIBLE DISEASE

Edmonton Girl saved By "Fruit-a-tives"

EDMONTON, ALTA., Nov. 20th 1911. "I had been a sufferer from babyhood with that terrible complaint, Constipation."

I have been treated by physicians and have taken every medicine that I heard of, but without the slightest benefit. I concluded that there was no cure for this horrible disease.

Finally, I read of "Fruit-a-tives" and decided to try them, and the effect was marvellous.

The first box gave me great relief, and after I used a few boxes, I found that I was entirely well.

"Fruit-a-tives" is the only medicine that ever did me any good for Chronic Constipation and I want to say to all who suffer as I did—Try "Fruit-a-tives"—why suffer any longer when there is a perfect cure in this great fruit medicine?

(Miss) E. A. GOODALL. "Fruit-a-tives" is the only remedy in the world made of fruit and the only one that will completely and absolutely cure Constipation.

50c a box, 6 for \$2.50, trial size, 25c. At all dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

JAMES J. CORBETT

UNDER THE KNIFE

Philadelphia, Oct. 2.—James J. Corbett, former heavyweight champion pugilist was operated on for appendicitis in the Jefferson Hospital here last night. It was found that Corbett was suffering from peritonitis and his condition was regarded as critical. Late tonight however it was reported that he was resting comfortably and was in no immediate danger.

Corbett was billed to appear during this week at a local theatre. He complained of a pain at his first appearance on Monday and yesterday his former sparring partner Jim Daly accompanied him to the hospital where physicians decided that an immediate operation was necessary.

This morning the attending physicians reported Corbett out of danger and that his condition is "satisfactory as can be expected."

The total losses of this regiment in battle were exceeded by only fourteen of the 2,600 or more regiments in the war. The memorial tablet is of bronze and was designed by Bela Pratt, the Boston sculptor.

TORONTO CLERGYMAN ATTACK THE THEATRE

(Toronto Globe)

Two preachers of this city, in sermons heated with indignation, last night in their pulpits denounced the prosecution of Rev. R. B. St. Clair, in the Criminal Court last week. One of them suggested an investigation of the conduct of the city police's Morality Department, in view of the censorship of plays, such as was recently revealed, and the other compared the Morality Department to a jungle and also said there was really no morality department in Toronto.

SHOCK TO THINKING PEOPLE

Both Rev. W. E. Pescott of Bathurst Street Methodist Church and Rev. T. T. Shields of Jarvis Street Baptist Church were strong in their criticism of the conduct of the Morality Department. Mr. Pescott said: "I feel sure that the verdict, and especially the attitude of the Judge in the criminal trial of Rev. R. B. St. Clair last week, has come with a shock to the thinking people of Toronto." He said the Judge refused to hear anything or to allow the public of Toronto to hear anything that reflected upon the police or their methods in dealing with such things. "The Judge," he said, "has threatened to send Mr. St. Clair to prison in default of a bond of good behavior. If he is thus imprisoned every right-thinking man and woman in Toronto should rise in indignation and somehow reverse this manifest miscarriage of justice." These remarks were greeted with "Hear, hear," from many in the church.

COVERING UP THE DEVIL'S WORK

Rev. Mr. Shields preached on the subject, How the Devil's Work is Covered Over in Toronto. After an exposition of his Scriptural text, he took up manuscript and said he took full responsibility for all he said, and hoped the newspapers would enlarge his audience. He said at the outset: "There is no doubt whatever that there is an institution in this city whose influence can be only corruptive of the morals of all who come within its reach. I refer to a theatre which has been much spoken of in the courts, but whose name I shall not mention. To describe it as a school of debauchery is as mild a designation of its character as could possibly be consistent with the truth. An open cesspool in front of the City Hall would be less injurious to the public health than that place of so-called entertainment is to the moral health of those who frequent it. I know whereof I speak. I have attended a theatre only once in my life and that was the place."

He said that the censorship of the play he saw by an "expert of the Morality Department," reflected the character of the Morality Department. It showed, he said, that the censor was "utterly disqualified to be a judge of moral questions, as is qualified for his special work as one would be for Medical Health Officer who would recommend an open sewer down Yonge Street."

NO MORALITY DEPARTMENT

He censured the police for failure to enforce law, and said it should not be left for clergymen to inspect the theatres and report indecent plays to the Morality Department. He said, "I have read of some who were denounced for straining at a gnat and swallowing a camel, but here are some who strain at a pamphlet and swallow a theatre." He declared there was no Morality Department in Toronto, and that the man in charge

"is wholly unreliable as a public official."

In conclusion he said: "After what I have said you must not be surprised to hear that I have been arrested by the edict of the Sultan of the Morality Department and duly photographed and measured. And disinclined and unaccustomed as I am to the work of seafarer I am disposed to feel that such an experience would not be unwelcome because of the opportunity it would afford me to assist the Morality Department to clean house. I would not promise under such circumstances to use a dustless and noiseless vacuum cleaner."

WOMEN AND BRIDGE

Before touching on the conduct of the Morality Department at the City Hall Mr. Shields made significant reference to the conviction last week and commitment of a bank clerk in this city for theft, and pointed out that the theft from the bank rose from card-playing and smaller gambling. He said, "I will not argue with you women about the morality of your bridge parties, but when you see what a little gambling in a card party has led to in this city you might well hesitate."

SHOT HIS WIFE THEN SUICIDED

Montreal, Q., Oct. 1.—The cable from Paris yesterday to the effect that the ex-Canadian commercial agent, Mr. Anatole Pointron, had committed suicide by blowing his brains out with a revolver, following an excess of grief because of the recent death of his wife, had all the more interest in financial circles because of the fact that Mr. Pointron was credited with leading up the campaign against Sir Rodolphe Forget, which has been in progress for some time past in the French capital.

The late commercial agent was appointed to that position through the influence of Senator Dandurand, but he was retired soon after the change of regime at Ottawa.

Mr. Pointron, who was born at Limoges, Belgium, first came to Montreal as the representative of several Belgium houses, afterwards organizing a line of steamers between Montreal and the continent.

PROTEST AGAINST HOME RULE.

Liverpool, Sept. 30.—A great gathering took place at Shell Park this evening to protest against home rule. The assembly numbered not less than 100,000 who arrived in three processions.

The enthusiasm was unbounded and rockets and fireworks of all kinds were discharged.

Sir Edward Carson and Frederick D. Smith, the Unionist leaders in the movement, made speeches. The latter said that three Liverpool ship owners had promised him the use of free ships to carry 10,000 men from Liverpool to Belfast to help Ulster if "it came to a fight."

Boston, Mass., Oct. 2.—President Taft came in from his summer home at Beverly today and laid the corner-stone for the new home erected in Huntington avenue for the E. Y.M.C.A. In addition to President Taft the chief participants in the exercises were Bishop Lawrence and Arthur S. Johnson, president of the association.

LEFT FOR SASKATOON.

The Chatham Gazette has the following:—"Mr. W. P. Loggie, who for the last four months has been news editor of The Gazette, left on Friday afternoon for Saskatoon, where he has accepted a position on the editorial staff of The Phoenix, a large daily newspaper of that enterprising city. Mr. Loggie was exceptionally successful in his work in this town, and judging from the ability he displayed he will make his mark in this profession in the western city. Journalism is, however, but a stepping stone in Mr. Loggie's career, as it is understood that he intends to ultimately take up the study of law. The Gazette, in particular, as well as a host of friends in this town, wishes Mr. Loggie the best of success in his new sphere of activity." (Mr. Loggie was graduated in arts by the University of New Brunswick in May last.)
