He was a young man of high character, honest, intelligent and popular, and it was felt by his friends that the future had much in store for him. He served for three years in the Municipal Council and although the youngest member of that august body, he ranked with the best in point of industry and ability. May He who does all things well comfort the grief stricken relatives in the hour of their great bereavement.

YOUNG LADY TEACHER INSTANTLY KILLED

Petitcodiac, Oct. 4—A shocking fatality occurred at the depot here about 1 o'clock this afternoon. Miss Reta Perry, school teacher of Havelock being instantly killed by being struck by the Boston train from Moncton.

Miss Perry had been in Moncton attending the teachers' institute and had arrived here on the C.P.R. this afternoon en route to her home. She had gone up to visit the school and on her return was compelled to cross the track to reach the Havelock train which she intended boarding for home.

There was a freight train at the depot, and while Miss Perry was crossing the track watching this she failed to see the Boston train, the engine of which struck her as she stepped on the track in front of it.

The unfortunate young woman's skull was crushed and she was thrown some distance. When picked up by bystanders life was extinct. The approach of Miss Perry to the track was partially hidden from view of the engine men on the Boston train and they were unable to stop in time to prevent the tragedy.

Miss Perry was a daughter of Jesse Perry who lives two miles and a half from Havelock and she was teaching school at Dobson's Corner. She was 24 years of age and was an only daughter. Her tragic death is a great shock to her family and friends.

The Havelock train by which she was to return home this afternoon carried her dead body instead. Besides her parents, four brothers—Rainsford, Ross, Harry and Hewson—survive, all living at home.

LIPTON TO CHALLENGE FOR THE CUP

Liverpool, Oct. 5—"I am going to New York prepared to challenge for the America's cup after discussing the terms under the latest rules of the American Yacht Clubs," said Sir Thomas Lipton on his departure today for New York. The definite statement of Sir Thomas Lipton that he is about to make a fourth attempt to win back the America Cup confirms recent rumors that he intended to issue another challenge. There had however, been some doubt as to the British yachtman's willingness to risk a further effort to gain the famous trophy and conflicting reports published during the past few days have added to these. The race, if it should be arranged, cannot take place before next year as ten months must elapse between the sending in of the challenge and the race. Since the last race in 1906 a new code of rules has come into force and it is to consider the effect of these in connection with the America Yacht clubs that Sir Thomas is coming to America now.

TRYING TO AMEND HOME RULE BILL

London, Oct. 5—The correspondent at Dublin of the Times says he learns that Lord MacDonnell, the Earl of Dunraven and other influential men are making a gallant effort to save the Irish Home Rule on the basis of radical amendment of the clauses most objectionable to the Irish Unionists. The correspondent adds that he believes that William O'Brien leader of the Independent Nationalists is interested in the movement.

A CLEVER SWINDLER WORKING IN CANADA

Toronto, Oct. 5—An ambitious swindler is at work in Canada raising one dollar United States bills to five. The fraud is being so cleverly perpetrated that more than a casual glance is necessary to discover it. Recently a teller in one of the branch banks was victimized. At a quick glance a person not expert in handling money would not detect the fraud. Every place there was a figure "one" it had been covered with a "five" taken from the Government seal bands on cigar boxes.

SUFFRAGETTE WOULD SHOOT LLOYD GEORGE

London, Oct. 5—During a reception last night to the released suffragettes at Clapham, Mrs. Duval said that if she were present with a revolver at one of Chancellor Lloyd George's meetings she would unhesitatingly shoot him.

One hundred thousand persons could find work in New York if they would go into the domestic service.
