

MORE LIQUOR SOLD IN FEWER SALOONS

Reports from Chicago that saloon keepers by the score are quitting business this month and that some estimates placed the number as high as 500 out of the 7,000 establishments for dispensing liquors over the bar has led naturally to inquiry as to whether similar conditions are prevailing in New York. There has been a steady decrease in the number of licenses in recent years, but not in any such proportion as that reported from Chicago, and various reasons are given for the decline.

And while the number of saloons in New York City has been decreasing there appears to be no diminution in the amount of liquors consumed, for the last report of the State Commission of Prisons says that public drinking and imprisonment for intoxication is increasing in the cities of the state. The report of last year shows that 29,774 men were committed for disorderly conduct while intoxicated, an increase of 2,080 over the previous year, and 7,649 women were sentenced for public intoxication.

The excise year in New York runs from September 30 to September 30. For the year September 30, 1909-9, there were 5,982 licenses issued for saloons in Manhattan and the Bronx, according to John B. Trainor, cashier for the Excise Department. In 1909-10 there were 5,927; in 1910-11 there were 5,610 and for the period September 30, 1911, to date, 5,491, and Mr. Trainor estimates that perhaps thirty more may be issued this year, which would bring the total up to 5,521.

"Yes, there has been a decrease in recent years," Mr. Trainor said to a Herald reporter recently. "The cause? One reason lies in the changing of neighborhood characteristics. The erection of many loft buildings in the avenues has driven out many of the small saloons and restaurants, so that there were many small places there are now a few large ones. Then, too, tenants of loft buildings are usually not the kind who are best patrons of these places."

"Another reason, of course, lies in the fact that under the law passed two years ago, no new licenses may be issued in Manhattan until the ratio of saloons to population has become as 1 to 750 persons; now it is about as 1 to 466. Old licenses can be renewed and transferred, but under the new law also it is necessary for applicants to obtain consents from two-thirds of the owners of dwellings

Danderine

**Stops Falling Hair and
Destroys Dandruff**

**Makes the Hair Grow Long, Heavy
and Luxuriant and We Can
Quickly Prove It**

**If You Wish to Double the Beauty of
Your Hair at Once, Just Get a 25
Cent Bottle and Try This**

Surely try a Danderine Hair Cleanse if you wish to immediately double the beauty of your hair with little trouble and at a cost not worth mentioning—just moisten a cloth with a little Danderine and draw it carefully through your hair, taking one small strand at a time, this will cleanse the hair of dust, dirt or any excessive oil. In a few moments you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance, the beauty and shimmer of true hair health.

Besides beautifying the hair, one application of Danderine dissolves every particle of Dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. It's exhilarating, stimulating and life-producing properties cause the hair to grow abundantly long, strong and beautiful. It at once imparts a sparkling brilliancy and velvety softness to the hair, and a few weeks' use will cause new hair to sprout all over the scalp. Use it every day for a short time, after which two or three times a week will be sufficient to complete whatever growth you desire.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will just get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it as directed.

within 300 feet of the desired location, and this often is difficult.

"Licenses pay at the rate of \$1,200 a year, or \$100 a month, except in that portion north and east of the Bronx River, known as the 'annexed district,' where \$525 is paid. Breweries control many of the saloons, taking mortgages on fixtures and on stock, and the saloon-keepers giving an assignment or power of attorney, which is filed in our office."

Varying reports on the status of the liquor traffic resulted from inquiries in sundry dispensaries. "Business, very slow. Too many saloons," said one proprietor in Chambers street, where several bartenders are employed. "People are drinking too much grape juice nowadays, instead of juice of the grape. As the old poet said:—'Water, water everywhere, but I few want booze to drink.' And I see that's an anti-

treating law being pushed. Bad, very bad for us."

"Can't kick; it's about as usual," was the reply of the man behind the bar in "The Doctor's" place in Park Row, where "the Doctor's" five cent whiskey is advised for that tired feeling, beer is served in glasses ten inches high and there's hot port and sherry on top. "Oh, yes; complain. It's about as usual."

THE LIBERALS HAVE WINNING PLATFORM

(St. John Telegraph.)

The chances of the opposition to win when the provincial elections are called on are excellent.

Mr. Copp has surprised even his most sanguine friends by his energy, and the splendid progress his party is making under his leadership. His speech at Hampton on Thursday has created a very favorable impression and will be read with more than usual interest all over the province.

He struck the keynote of success when he advocated the same liberal treatment to farmers as the railways and other corporations have been receiving.

Cheap money for the progressive farmers. Rural telephones at small cost for all those villages and settlements which wish to avail themselves of the opportunity.

No politics in the management of the highways, the abolition of the structural superintendent, the expenditure of highway money by the people themselves.

Surely these are attractive features of a policy for the opposition. There will be other planks in Mr. Copp's platform, no doubt, but these are enough now.

ROSY OUTLOOK FOR LIBERALS.

When Mr. Spaker is in the chair in the House of Assembly the government of Premier Flemming has a majority of seventeen members. If the Counties of Northumberland, Kent and Albert changed their minds and sent supporters to Mr. Copp instead of Premier Flemming the government would only have one majority and if the Liberal County of Gloucester sent a colleague to assist Messrs. Byrne, Leger and Sormany (or whoever may succeed him) the government would cease to be a government and the opposition leader would find himself premier. Far stranger things have happened.

The Kings County government ticket in view of the intense dissatisfaction in that county, cannot be returned. The same is true in Queens, where the opposition is ready with two splendid candidates and in Sunbury, where a surprise is in store for the government without a doubt.

Premier Flemming will have to fight for his political existence in Carleton. The opposition has one member there, George W. Upham, the embodiment of energy, an aggressive fighter and popular with all parties. He will surely take one or two colleagues with him.

It is evident that Premier Flemming is as unready there as else. Yesterday he went to the rescue of his agricultural medico, Dr. Landry, whose signals of distress have been flying so long. Kent will surely show its doctors that there is something doing when the time comes in spite of J. K. Flemming's trip. The latter has had no convention in his own county and there has been no evidence of any interest in Tory circles in Madawaska, where the Liberals propose to follow the example of Quebec and at the same time properly rebuke Messrs. Cyr and Baker, whom they elected to support them. Premier Robinson, but who preferred spoils to principles and majorities to minorities.

TORY DISSATISFACTION.
The break-up of the St. John support of the premier and his government has had a most discouraging effect upon his followers. The desertion of the president of his council, Hon. Robt. Maxwell, and his wretched complication in connection with the temperance delegations request seemed to start the ball rolling.

Then Mr. W. F. Hatheway expressed his dissatisfaction and notified his colleagues, and presumably the premier, that he could not be relied upon to face the music again. Dr. McInerney's illness makes his candidature impossible again, and J. E. Wilson is the only one standing by the standard. How long he will remain depends upon the premier. If he keeps his promise and makes Mr. Wilson an "Honorable," John will remain steadfast.

The Liberals of St. John will have a splendid ticket, and their county combination is sure of success.

With Gloucester and Restigouche confident for the opposition, with Moncton City as sure as a most popular candidate will make it, with the County of Westmorland ready to return the opposition leader again, with Premier Flemming and his majority? In York? York has done some queer things and will again. The Liberals there do not despair, no matter how often they suffer defeat. They know it is only a matter of time when the Crockett-McLeod faction will lose as certainly as they have won in the past, and they will have a ticket ready to meet the force of prejudice, when nominating day arrives.

The government has had conventions in Restigouche, Gloucester, Northumberland, Kent, Kings, Victoria and Moncton City.

The opposition has candidates in Victoria, Kent, Kings, with primaries held in Moncton City, St. John City and St. John County, and conventions in Restigouche and Gloucester.

WAS SO RUN DOWN COULD NOT DO ANY WORK.

Thought She Was So Far Gone Nothing Could Cure Her.

MILBURN'S HEART AND NERVE PILLS Made Her Strong and Healthy.

Many women get run down, and are unable to look after their household duties, owing to their nervous system becoming unstrung, and when this happens, the heart starts to work in sympathy with the nerves. In Milburn's Heart and Nerve Pills is combined a treatment that will cure all forms of nervous disorders, as well as act on the heart itself. Mrs. F. McFadyen, Brookside, Sask., writes:—"It is with the greatest of pleasure I write you stating the benefit I have received from using Milburn's Heart and Nerve Pills. This spring I was so run down I could not do any work, and one day a neighbor advised me to try your Pills. I told her that I thought nothing could cure me, as I was too far gone. But she told me to get a box of Milburn's Heart and Nerve Pills, which I did, and before I had finished them, I began to improve, and when I had finished the one box I was as strong and healthy as any person. Anyone who is suffering from heart or nerve troubles should take your Heart and Nerve Pills and they will soon discover their worth."

Price 50 cents per box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

ter next week. All of the other counties are ready for the fray, and as Mr. Copp said in Hampton Thursday, the government cannot bring on the contest too soon to suit the opposition forces.
