PRESENTATION YESTERDAY TO REV. FATHER RYAN

A pleasant incident took place at St. Anthony's Church St. Mary's at the close of the Sunday morning High Mass yesterday when Rev. Father Ryan the popular pastor of the church and connected missions was presented with an address and a purse of gold from the parishioners of St. Anthony's Church, St. Mary's, St. Thomas church of Magueville and by a few friends in this city who wished to contribute. Last week Father Ryan celebrated the twentieth anniversary his ordination to the priesthood and his friends desired to express their appreciation of that event.

THE ADDRESS

The address which was illuminated was read by Mr. Leo Hayes, and was as follows:—

Rev. Father Ryan—With heartfelt sentiments of felicitations respect, honor and love, Reverend Dear Father the congregation of St. Anthony's Church, St. Mary's and that of St. Thomas Church of Magueville, meet this morning to commemorate the twentieth anniversary of your ordination to the Holy Priesthood, and to convey to you the feelings which spontaneously spring from the hearts of your spiritual children.

Many years ago, after the probation trials which naturally fall in the way of those obeying the call of Almighty God, glowing with the grace of the priesthood you had climbed alone to the heights of the glorious Transfiguration, unsmiling the prayer of Peter "Lord it is good to be here."

For twenty long years, dear Father, the royal Way of the Cross has lain before you and for nearly seventeen of these we of St. Mary's have been blessed by your example in word and in deed.

Many there are among us who are heirs to the Kingdom of Heaven because you have poured on our heads the cleansing baptismal waters; many there are whose souls are strong in faith and love of God from the fact that you have fed them with the Eucharistic Bread of Heaven; many there are whose thoughts are pure and hold, the fruits that spring from the seeds of truth sown through your holy instruction, and many there are we trust, today enjoying eternal life because you have administered to them.

But these are the great deeds hidden in the Sacred Heart the value of which will not be revealed until the day of judgment.

There are however, works in the life

of a priest that at times call for recognition—our Church, one of the finest in the diocese stands a memorial of your energy and perseverance in the uplifting of the Mission. Well do we all know, we who have gone with you to a certain extent, the trials and difficulties that fall in the way of a true progress that progress which your work in every mission has ever exemplified to mean, not only forward but forward and upward; so dear father in presenting this address and purse of gold we delight today in the opportunity of publicly proclaiming our best wishes for many long years for you in the service of Almighty God.

A beautiful bouquet was also presented to Father Ryan by the Tabernacle Society, Miss Dot Hamreby making the presentation.

Rev. Father Ryan who was very much surprised was also much moved by the expressions of affection which he received. In reply he said that twenty years was a long time in the life of a priest and that seventeen of that twenty he had spent at St. Mary's. When he came to St. Mary's he had been told by the Bishop that he was coming to a good people and he had found them so. While the work which he had to do was hard and at times discouraging he had been received with a kindness that had not abated as the years went by and which none could appreciate better than himself. The people had worked with him for God's honor and glory and whatever measure of success they had attained was due to the fact that they had worked together.

He wished to give public expression of his thanks to those of the community who were not of the household of the faith. Much of the work that had been accomplished was done with the assistance and good will of their Protestant brethren and to them he returned his best thanks. Father Ryan also expressed his appreciation of the good work done in the past year by his curate, Rev. Father Donahoe who had displayed great zeal and had become very popular with all during the time he had been in the parish. The young ladies of the Tabernacle Society who had presented him with the beautiful bouquet were also among those who had done much in connection with the church work during the short time since the society was organized. In conclusion Father Ryan wished all present as well as all members of the parish every blessing that would make them really and truly happy.

TITANIC VICTIM LASHED TO SPAR

Philadelphia, July 20—The body of a man lashed to a spar with the fingers grasping the ropes was sighted floating on the ocean about seventeen miles from the scene of the Titanic disaster by the British Steamship Hudson which just arrived here. The body was unrecognizable.

In addition the Hudson reported the presence of a great quantity of ice in the direct path of the Northern Steamship Lines and when the spar was sighted two large bergs were floating near by.

WHEAT YIELD WILL BE HEAVY THIS YEAR

July 17—A bulletin on the crops and live stock of Canada is issued by the Census and Statistics office today. The correspondents of the office report that in the Maritime provinces and generally throughout eastern Canada the weather of June continued cold and wet and growth was therefore slow. In the Northwest provinces the weather of June was hot and dry, and rain was badly needed at the beginning of July. Rains have since fallen however, and conditions have improved. Prospects for spring sown crops are generally favorable.

According to revised figures obtained at the end of June the total area under wheat this year is 10,947,300 acres compared with 10,377,159 acres as returned by the Census of 1911. The area sown to fall wheat in 1911 was 1,097,900 acres, but winter killing has reduced this area to 781,000 acres. The area sown to oats is estimated at 9,494,600 acres as compared with 9,233,550 acres in 1911. In the three Northwest provinces spring wheat covers 9,029,600 acres as against 8,946,965 acres in 1911, the increase being in Saskatchewan and Alberta. Including fall wheat the total wheat acreage in the three provinces is 9,246,100 compared with 9,301,293 in 1911. The decrease being accounted for by the large area of fall wheat killed in Alberta. Oats in the three provinces occupy 5,037,060 acres and barley 825,100 acres, as compared with last year's census figures of 4,563,203 acres for oats and 761,738 for barley.

Whilst not equal to the exceptionally high figures recorded this time last year, the condition of spring sown crops is generally good. The highest figures for spring cereals are recorded in Prince Edward Island and British Columbia, the per cent condition ranging from 97 to 99 in the former and from 90 to 95 in the latter province, the average for the Dominion being from 80 to 89. Fall wheat remains low being only 76 for Canada, 73 for Ontario and 71.6 for Alberta. Last year the condition was also low, viz. 75 for Canada; the average of the four years 1908-11 was 81.5. Spring wheat is 89.73 p. c. compared with 94.78 last year and 88.25 the four years' average, oats 86.43 against 94.46 in 1911 and 90 average barley 88.58 against 93 in 1911 and 89.28 average. Rye is 87.84, peas are 80.08 and mixed grains are 84.98. Hay and clover show a condition per cent of 85.59 against 84.97 in 1911, alfalfa 90.59 against 82.31 and pasture 95.56 against 90.77. In the three Northwest provinces spring wheat, oats and barley range from 80 to 88 p. c., figures which are close to the average of the four years 1908-11 and which are below last year's exceptional records by from about 10 to 15 p. c.

The estimated numbers of live stock show further decreases except as regards horses and dairy cattle, the former being 70,400 and the latter 14,500 more than last year's estimates. The Census figures of 1911 are not yet available. The condition of live stock in Canada is uniformly excellent the number of points being 97 horses, 98 cattle, 97 sheep and 96 swine.
