THE BELFAST MEETING

Winston Churchill will Hold Meeting in Nationalist Quarter

Ulster Hall has been Abandoned--Is not Anxious to Provoke Unionists to a Breach of the Peace

(Canadian Press.)
London, Jan. 26—Winston Spencer Churchill's action in giving up his intention to speak in Ulster Hall, Belfast, on February 8, is commented on favorably in today's newspapers. Only the bitterest opponents of the First Lord of the Admiralty, chide him with retreating from a position which he should never have taken up. The Home Rule meeting in Belfast will now probably be held in St. Mary's Hall which is right in the Nationalist quarter. Despatches from Ireland today express the fear that it will be difficult to prevent trouble in Belfast on the day of the meeting. The Unionists may find that they have created a force which they will be unable to control. Some of the Irish Unionist newspapers now advise Winston Churchill to cancel his visit entirely.
London, Jan. 25—Winston Spencer Churchill, first lord of the admiralty, has sent a letter to Lord Londonderry, ex-viceroy of Ireland, and one of the Unionist leaders who are opposing the proposed home rule meeting, stating that he will advise the Ulster Liberal Association not to insist upon holding the meeting in Ulster hall, Belfast, as contemplated on Feb. 8, but that he intends to deliver a speech somewhere else in Belfast on Monday.

Mr. Churchill says in his letter: "It is my duty to keep my promise to the Ulster Liberal Association and assert the right of free speech in

LIBERALS WANT THE WRIT FOR BYE-ELECTION

Unless the Matter is soon Attended to Ministerial Business Might not Advance as Rapidly as is Expected

Ottawa, Jan. 22—A largely attended caucus of the Liberals was held yesterday lasting from eleven until half past one. At the close Sir Wilfrid announced that there had been a thorough discussion upon organization. It is understood that the members gave their views of the feeling in the country on the great questions as they found it, when home during the holidays, and it was unanimously decided to continue the Opposition attack in the Commons along the lines already developed. There is no likelihood of the session going to an undue length, provided the government shows some expedition in issuing the writ for South Renfrew. Unless the writ is issued promptly the Government may suddenly find that the Opposition has a way of enforcing its rights and the Government business will probably not advance as rapidly as the Ministry hoped for.

Angell, of the University of Chicago, formerly of Michigan, and Mayor Carter H. Harrison of this city.

THE DUKE DELIGHTED OVER HIS WASHINGTON TRIP

Was Received with Great Cordiality by President Taft and Ambassador Bryce--Arrived in New York this Morning and will Return to Ottawa this Evening Gives his Impressions of America in a Published Statement--Does not Object to Being Called "Dukey"

New York, Jan. 26—His Royal Highness, the Duke of Connaught came back to New York, this morning from his visit to President Taft in Washington. The Duke was delighted with his reception at the National Capital, being especially pleased with the democratic simplicity which marked the ceremonies at the White House and the home of the British Ambassador Bryce. The royal visitor reached this city early and quite in time for this early morning walk which he has taken daily since the royal party reached here from Canada last Monday. Their Highnesses concluded their visit to New York today, and plan to return to Ottawa at 7.40 o'clock to-night. The Duke, the Duchess of Connaught, and Princess Patricia, plan to spend their final day here sight-seeing. They expressed themselves as being extremely pleased with the cordiality of their reception here, and of the delightful time they have had.

The Duke of Connaught's "impressions of America" are given in considerable detail, in a statement prepared during his railroad journey between Washington and New York. Part of the statement as published here today follows:

"The Duke has been very much gratified with the reception accorded to him in New York and says that they could not have made more fuss over him, if he had been the President or the ex-President. The Duke approves of the easy way of Americans and Canadians and does not mind in the least being called 'Dukey' as he is sometimes by persons in the street. He prefers the democratic manner to the stiff formality of England.

He has also noticed the neatness in dress of the average woman in the street and the general air of prosperity.

At the dance on Wednesday night, he was astonished at the vivacity and the beauty of the young women present and the display of wonderful jewels. The Duke had never seen such a collection of brilliant games as any court function. The Turkey Trot, which was danced in modified form, amused the distinguished visitors very much.

"The Duke has not heard anything about the King and Queen visiting the United States when they go to Canada, but he thinks they will want to come after they hear his account of the people their warm welcome and the interesting things to be seen in the United States.

"The Duke wishes it to be entirely understood that this visit to New York was his own idea, following an invitation given to him by Mr. Reid in London."

Washington, Jan. 25—The Duke of Connaught went to the "American place" in his visit to the national capital today. Arriving late in the afternoon he was whirled first to the British embassy, spent forty minutes in the White House, where he was received by President and Mrs. Taft, was then motored back to the embassy, where he was the guest of honor at a dinner to which most of the prominent members of the diplomatic corps were invited, visited the National Press Club, and then, tired but delighted, as he expressed it, sought his private car. He left about midnight for New York.

The Duke, the first royal visitor to Washington in many years, spent forty minutes in the White House and President Taft returned his call at the British embassy.

Altogether the chief executive of the United States and his vice-regal visitor were together for a little more

DETROIT UNITED RAILWAY HAD A FURTHER DECLINE

New York, Jan. 26—The markets opening was irregular, influenced by reduction of St. Paul dividend from 7 to 5 p.c. but the tone was strong. Trading was active and covering appeared to be in progress.

Stocks were supplied an opening advance and market reacted after lapse of a few minutes traders showing an inclination to sell on decline.

Bears were engaged in the "cheerful" operation of "reducing dividends" on a number of prominent stocks steel receiving that sort of attention at their hands which even Union Pacific did not escape. Bear pressure on Steel was very heavy.

DOORMOUSE HUSBAND SUBJECT OF COMPLAINT

(Canadian Press.)

London Jan. 26—A complaint about a "Doormouse Husband" was made yesterday to a Highgate magistrate by a woman who said that her husband went to bed at the end of last summer and had remained there ever since. The court missionary was deputated to attempt to waken the man.

SILAS N. PHELPS EXECUTED TODAY.

Boston, Mass., Jan. 26—Silas N. Phelps, the Monroe Bridge outlaw, was electrocuted at the Charlestown State Prison this morning for the killing of Deputy Sheriff Emmet F. Haskings at Monroe on June 12, 1910. Phelps went to his death calmly.

MORE TROUBLE IN SERBIA

Officers of the Army in a Plot to Overthrow the Dynasty

Secret Military Leagues Dominate the Political Situation--King Peter's Throne in Danger

London, Jan. 26—A despatch from Vienna to the Daily Chronicle says gloomy tidings have been received there from Serbia. They foreshadow sensational events resembling those which preceded the assassination of King Alexander and Queen Draga and several members of the cabinet on June 17, 1903. Two secret military leagues dominate the political situation. The newspapers guardedly print hints of a coup d'etat and military dictatorship. A despatch from Belgrade on January 23 stated that another plot against the dynasty had been discovered and that an organization called the "Black Hands" composed of the younger officers of the army had for its object the overthrow of King Peter. The crown prince who is inspector general of the army was compelled to resign because of the discovery of existence of such a secret organization in the army.

NE TEMERE WILL NOT BE WITHDRAWN FROM CANADA

Archbishop Bruchesi gives an Emphatic Denial to Report Given Currency by the Toronto Mail and Empire

(Canadian Press.)

Montreal, Q., Jan. 26—Positive denial was given this morning by Archbishop Bruchesi to a Montreal despatch to The Mail and Empire, which declared that the near future will see the Ne Temere decree withdrawn insofar as it applies to Canada.

"Your correspondent," said The Mail's story, "is in a position to make this statement with absolute confidence. It is based on information accuracy of which is not open to question. There is good reason for believing that a decree will be issued by the Pope, withdrawing the Ne Temere decree from operation in Canada as was done in the case of Germany before the judicial committee of the privy council has passed upon the constitutionality of the Lancaster bill."

"It is a fabrication from beginning to end," declared the Archbishop this morning, through his secretary, Canon Roy.

NORTH DAKOTA PRESS ASSOC.

Fargo, N. D., Jan. 26—The discussion of the new corrupt practice law of North Dakota with particular reference to its applicability to the newspapers is one of the most important features of the program of the North Dakota Press Association's annual meeting which opened here today with a large attendance of members and unaffiliated editors. The meeting will adjourn Saturday.

Mr. W. M. Godsoe of St. John, is at the Queen.

SENT FORECASTLE MEMBER ON PILGRIMAGE TO ROME

Interesting Bit of Information Leaks out at Ottawa--Hon. G. H. Perley Said to have been Sent by Borden Government to Discuss Canadian Questions with the Pope--Sharp Discussion over Bill to Dismiss Members of Transcontinental Commission

Ottawa, Jan. 25—The government is still having trouble with its followers. The bill to do away with three National Transcontinental Railway Commissioners produced the first evidence of this today.

Sir Wilfrid Laurier suggested the government should follow the course adopted when the annuity lecturers were retired and allow the three commissioners three months' salary.

Then in spite of ministerial disapproval, Mr. Meighen and Mr. Middleboro insisted upon coming to the rescue of the ministers with speeches.

This led to Liberal reprisals. The afternoon was consumed and the bill finally had to be held.

In the evening W. F. MacLean, moved an amendment to Mr. Borden's motion to go into supply. The amendment declared there should be no differentiation in the railway rates in Eastern and Western Canada for the same length of haul.

Mr. Borden tried to get Mr. MacLean to withdraw his motion, but Mr. MacLean, though a good Conservative, thinks more of his motions than of his leader. He refused to withdraw.

TORY AMBASSADOR TO ROME?

It is understood that Hon. George Perley of Argenteuil, minister without portfolio, made his trip to Europe for the purpose of representing the Borden government before the Vatican and discussing with the pope certain embarrassing questions in Canada in which the church is interested, and with which the Canadian government is concerned.

The government did not wish it to be generally known that they were negotiating with Rome, and therefore

WANT WHITNEY TO ACT ON NE TEMERE

Toronto, Jan. 26—The meeting of the executive of the Evangelical Alliance for the purpose of discussing the holding of a series of meetings throughout the province for the purpose of increasing the number of petitions to be presented to the Whitney government in order to obtain a ruling from the Privy Council on the validity of such a decree will take place at three o'clock this afternoon. It will be a star chamber session the press not being admitted.

Toronto, Jan. 25—The fact that the Dominion government has shelved the Ne Temere decree for a time will not defer the members of the Evangelical Alliance from putting it up to Sir James Whitney, premier of Ontario, and Hon. J. J. Foy, attorney general. They propose going on better than the Dominion government and will ask that the case be taken to the Privy Council at once for a decision. This will mean a judgment on the power of the Ne Temere decree instead of finding out what the Dominion government authority is in dealing with the laws and decrees laid down by some religious sect.

EXPERIMENTERS AT MADISON

Madison, Wis., Jan. 26—The Wisconsin Agricultural Experiment association opened its eleventh annual meeting here today with a large attendance of experts of the agricultural college, scientific agriculturists from various parts of the State and farmers in general, interested in experimental work. The program for the two days of the meeting includes a number of important and interesting papers on various agricultural subjects, to be delivered by noted authorities in their respective branches of experimental work and study.

BEHEADED AND BURNED

General Montero of Equador Met Horrible Death at Hands of Mob

(Canadian Press.)

Guayaquil, Ecuador, Jan. 26.—General Pedro Montero, who was recently the popular hero of Guayaquil, was yesterday shot by an angry populace dragged into the streets, beheaded and burned.

General Montero in November last, was proclaimed president by the troops stationed in Guayaquil, but handed over the leadership in the provisional government to General Flavio Alfaro. A revolutionary band went from Guayaquil to meet the government troops, who, under the command of General Leonidas Plaza, defeated them and eventually forced Guayaquil to capitulate. General Montero, with other leaders, were captured on January 23 and last evening General Montero was brought before a court martial and sentenced to sixteen years imprisonment in a penitentiary. When General Plaza, who presided over the court martial, announced the sentence, crowds of angry people, who had surrounded the government palace, awaiting the result, shouted violent protests.

The excitement increased rapidly, and some of them rushed into the court room, riddled General Montero with bullets, seized the body and dragged it into the open air. There they hacked the head off the shoulders, gathered fuel with which they started a fire and then cast head and trunk into the flames.

The South York man replied that he meant business and proposed to compel a lowering of rates.

"Then," said Mr. Oliver, "we will support you."

Thereupon it dawned on the front bench Conservative that he was practically joining the Liberals in a vote against the government's motion to go into supply. He hurriedly declared that he did not want to press the resolution and would withdraw it.

The Liberals objected, but amid ironical opposition laughter, the speaker allowed Mr. MacLean to withdraw his amendment rather than have to vote against the government.

"We have shown up a dyed-in-the-wool-faker," commented Dr. Clark, as Mr. MacLean left the chamber.

The rest of the sitting was spent in supply.

BEAUX AUD BELLES MUST TAKE CHANCES

Boston, Mass., Jan. 26—Under an opinion by Judge White of the Suffolk Divorce Court "Beaux and Belles when marrying must run their chances of false teeth, imported hair and cork legs." The opinion was occasioned by Harry Zukow's action for annulment of his marriage on the ground that his wife concealed a deformity from her prospective husband until after the ceremony. "Such defects" concluded the judge "are common to humanity and must be changed in contemplating conjugal bliss."

CANADIENS MAY GET TRIP ABROAD

Montreal, Q., Jan. 26—A trip to Europe for the Canadian Hockey Team if they land the championship of the N. H. A. is possible. The French-Canadians are now tied with Ottawa for first place, and will pull for everything they have in them to land the championship. Captain Jack Violette has offered to split up a big portion of his hard earned salary with his team mates if they win out.

KNOTTY POINT RAISED IN THE CHINIQUEY CASE

Can a Priest Legitimately Marry after he has Deserted the Priesthood--Suit against Religious Journal

Montreal, Jan. 26—Whether a priest in the province of Quebec can legitimately marry even after he has deserted priesthood and the Roman Catholic Church, is the question upon the damage suit instituted by the daughter of the late Rev. Chas Chiniquy, against Lacroix, a Catholic religious journal will hinge. Mrs. Morin nee Miss Chiniquy and wife of a McGill professor, claims damages of \$10,000 from Mr. Begin, editor of La Croix because of an intimation that she was illegitimate, because the wedding of her famous father now dead, also was illegitimate. Yesterday before Justice Beaudin, the point was referred to the trial which will take place later.
