THE GUNMEN ARE SILENT

**Me Under Arrest
For Rosenthal's
Murder Will
Not Confess**

**District Attorney Balked in His Efforts
to Prove Who Actual Conspirators are**

(Canadian Press.)

New York, July 27.—The anticipated breakdown and confession of one or more of the men now under arrest in connection with the murder of the gambler Rosenthal, has failed to materialize. The real players are still at large and District Attorney Whitman is balked so far in his efforts to show who the actual conspirators were behind the plot to kill Rosenthal.

The proceedings of the Grand Jury have been adjourned until next week, and District Attorney Whitman, has left the city until next Monday. In the meantime Deputy Police Commissioner Dougherty is scouring the city to round up the slayers of Rosenthal.

Commissioner Dougherty says the developments in the last few days have been very important, but does not expect any more arrests for a day or so.

Threats have been received by Louis Greese, the waiter who yesterday identified "Bridget Webber" and Jack Sullivan as having been in front of the Hotel Metropolitan when the murder took place, and a guard of detectives have been given him to prevent him from being harmed or spirited away.

EMPEROR'S CONDITION IS IMPROVED

(Canadian Press.)

Tokio, July 27.—The condition of Mutsu, Emperor of Japan, which was said by the court physicians yesterday morning to have reached an extremely grave crisis, has since fluctuated greatly, at some times giving rise to hopes of recovery and at others casting those around His Majesty into despair. Several cabinet ministers remain in constant attendance at the palace.

The bulletins issued in the course of the day indicate that there has been little change in the imperial patient's condition, the announcement published in the early morning hinting that his strength was ebbing and that he was very restless. One of the state secretaries in attendance said that artificial methods of prolonging the Emperor's life were being continued and that an injection of salt solution was to be tried today. Later in the day the Emperor was said to be resting easily and his temperature had been reduced while his general condition has somewhat improved.

Owing to the nature of His Majesty's illness, which is described as consisting of a complication of diseases, comprising nephritis, diabetes and uric poisoning, he is unable to take much nourishment and his strength diminishes daily. Since July 19th he has been in a very critical condition and only his robust constitution has enabled him to maintain life.

The bulletins issued this evening showed that his condition remained practically the same as it was yesterday, although his pulse varied considerably.

At five o'clock this evening his pulse had gone down to 96 from 100 at noon. At eight o'clock, however, it had risen again but otherwise there was no change.

ALDERMEN IN TROUBLE

**Eight of the City
Fathers of Detroit
Are Under Arrest**

**Are Charged With Accepting Bribes
To Transfer Property To Wabash
Railway Company**

(Canadian Press.)

Detroit, Mich., July 26.—Eight aldermen and the secretary of the common council committees were placed under arrest this afternoon on charges of accepting bribes and conspiracy to accept a bribe for their votes and influence in the passing of a measure affecting city property recently transferred to the Wabash railroad.

At least six other arrests of aldermen are expected at any moment and it is alleged that \$3,700 passed hands in sums of from \$100 to \$1,000. The bribery was consummated and the arrests accomplished under the personal supervision of Detective William J. Burns.

The officials already arrested are: Thomas Clinnan, president of the council, who is alleged to have received \$1,000; E. R. Schreiter, jr., secretary of council committees, and also secretary of the American League of Municipalities, who is charged with conspiracy to bribe and agreeing to accept \$500; Alderman Joseph L. Theison said to have accepted \$500; Alderman Martin J. Ostrowski, alleged to have received \$200; Alderman Patrick O'Brien, conspiracy; Alderman Louise T. Ossy, said to have received \$200; Alderman Frank J. Mason, Alderman Louis Brozo, and Alderman Deimel, the last three being charged with accepting \$100 each.

Alderman Clinnan has long been known in the city politics as "Honest Tom," and when arrested this afternoon it is said he turned over \$1,000 and made a complete confession. Schreiter, who it is claimed by the authorities engineered the affair, was arrested in his office. He had not received any money, but the officers claim that he went to the office with the detectives, who acting under the guise of Wabash railroad officials, to get his money and discovered the officers who had just arrested Clinnan. It is said he also made a statement to the officers.

The detectives claim that they have caught their men with the masked money.

The investigation, which culminated in the arrests today, has been going on since February, when rumors of graft in the councilmanic body began to assume serious proportions. Mayor William B. Thompson sought the services of detectives and Andrew H. Green, a prominent manufacturer, agreed to finance the project.

Soon after the investigation was begun the Wabash railroad applied for the closing of a Detroit street on the grounds that it wanted to erect a warehouse and otherwise increase its shipping facilities. The application was held up in the council for a time. Then suddenly the council granted the application by a vote of several members who had previously opposed the measure.

BRITISH PRESS COMMENTS ON THE NAVAL SITUATION

**London Times Suggests That Premier
Asquith and Winston Churchill Should
Spend Part of the Recess in Canada---
Thinks That Borden Should Announce
His Policy in the Canadian Parliament---
Too Much Gush Says Pall Mall Gazette**

London, July 26.—An interesting suggestion was made by The Times in an editorial today:

"It would be unbecoming," it says, "for Mr. Borden to announce his policy on so large and momentous a matter as Canada's contribution to the navy anywhere but in the Canadian parliament. There are few things we can suppose which would more surely deepen the effect of his statement, when it comes, and do more to knit yet more closely the ties which his visit here, and his conferences with ministers have done so much to strengthen, than on his return to the dominion for two or three statesmen with whom he has taken counsel in Whitehall to accompany him."

"The prime minister and the first lord have been to see with their own eyes the position in the Mediterranean and we doubt not they will have learned much by their visit. Could not Mr. Asquith and Mr. Churchill devote part of the coming recess to visit Canada? We are confident that such a step would be taken by all the world as marking a new date in the annals of the empire."

FRENCH ADVICE TO BRITAIN.

The Standard's Paris correspondent noting the arrival of Mr. Pelletier there, announces that Premier Poincaré will preside at a luncheon given in honor of the Canadians by the Franco-American committee on Tuesday. The correspondent also sends the news published in L'Action.

"England," it says, "cannot do otherwise than foster the Franco-Canadian sympathies, which is an excellent speculation for her. The more love Canada bears towards

TORY LEADERS IN ENGLAND ADDRESS LARGE GATHERING

Woodstock, England, July 27.—A great rally of the Unionist party, which sees in the recent differences of opinion between the Liberal and Labor forces and the natural less of strength to the Government as a result of home rule, disestablishment and other reform measures and opportunity of regaining power was held in the court yard of Blenheim Palace today.

Three thousand delegates representing the various unionist organizations throughout the country and some 3,000 members of the party gathered for the occasion. The Unionist working men's clubs, a new organization started to offset the advance of the labor party which usually supports the Liberals in parliament sent delegates here alongside the representatives of the primrose league and the younger members of the party had an opportunity of conferring with the veterans. The Duke of Marlborough received the delegates and guests at the entrance to the court yard which accommodates at least 26,000 and they were escorted through the palace and afterwards served with luncheon on the broad lawns.

Speeches were delivered in the court yard, which possesses excellent acoustic properties, being enclosed on three sides by the palace building. Bonar Law, the leader of the opposition; Sir Edward Carson, the Ulster leader, and F. E. Smith, another of the keen fighters of the party, delivered addresses which contained lots of fire. These men belong to the hard hitting section of the Unionist party, and those who took part with them in the demonstration were all ardent unionists.

The immediate supporters of the speakers were the Duke and Duchess of Norfolk, the Marquis and Marchioness of Londonderry, Viscount and Viscountess Miltoun, Lady Caron, and Mrs. F. E. Smith and about a hundred members of the parliament. Many of those present recalled a similar meeting held ten years ago at the same place. Arthur J. Balfour, former premier, Joseph Chamberlain, then Chief Lieut. of Mr. Balfour, and Winston Churchill at present Liberal First Lord of the Admiralty, but then a Unionist were the speakers.

The ten years have wrought many changes, Mr. Balfour was compelled to give up his position at the head of the party because he was not an ardent supporter of Mr. Chamberlain's tariff reform policy as the majority of the party desired and Mr. Churchill has entirely left the Unionists because of that same policy.

At the meeting Mr. Chamberlain's speech was full of biting references to Lord Roseberry, now more of a Unionist than a Liberal.

Other events that will figure in the news of the week will be the national open golf championship at Buffalo, the conference of Western States governors at Boise, the annual Canadian Henley regatta at St. Catharines and the reception of the American Olympic team upon its arrival in New York.

The mine in question exists on a lot recently purchased by Illeff and on which he had started operations with a view to erecting a three story tenement house. Samples of the sand, on being washed, are said to have shown the yellow dust, will be submitted to an analysis.

White Plains, N. Y., July 26.—

Harry K. Thaw, in the eyes of the law is still insane and must remain in the asylum where he was placed on Feb. 1st, 1908, after he had killed Stanford White. Justice Keogh of the Supreme Court today denied Thaw's application for freedom. The court took the ground that Thaw's release would be dangerous to public safety.

HARRY THAW WAS REFUSED HIS LIBERTY

This is the third attempt made by Harry K. Thaw to gain his liberty from Mattawan Asylum for the Criminal Insane on a writ of habeas corpus. The sole question tried before Justice Keogh without a jury was whether Thaw is now sane.

During the present trial which began on June 17 and was much briefer than the previous habeas corpus proceedings, Mrs. Evelyn Nesbit Thaw took the witness stand and Thaw himself was called to testify to the authenticity of several letters written by him. Several noted alienists were called in the case.

In announcing his decision Justice Keogh said: "Having listened to all the testimony I am of the opinion that Harry K. Thaw is still insane and that his discharge would be dangerous to the public peace and safety."

The writ of habeas corpus upon which Thaw obtained his temporary release from the Mattawan State Asylum is dismissed and the court orders that Thaw be returned to the custody of the superintendent of the institution. Thaw has been living at the local jail in charge of the sheriff since his case opened early in June.

DOCK STRIKE IS SETTLED

**Long Drawn Out
Struggle Declared
at an end This
Morning**

**All Efforts Made by Seaman's Union
To Organize an International
Strike Proved Fruitless**

London, July 27.—The strike at the London Dock which started early in May and has caused about fifty thousand dock workers and their families to live in a state of semi-starvation for ten weeks, was declared at an end today by the strike committee. Work is to be resumed on Monday.

The dockers strike which involved dock laborers, lightmen and other branches of laborers and has caused so much distress in the shipping district of London was originally brought about by a dispute between the workmen and their employers over the engagement of a non-unionist workman. This man was a foreman who refused to join the union and the men refusing to work under him orders were locked out, upon which the committee of the men's union ordered several thousand of the men to strike.

Endeavors were made to get the transport workers and dockers at other points in the British Isles to join in a general strike movement but with little success.

The London packers, however, continued obstinate and Lord Devenport chairman of the port of London authority and a leading employer refused to give way. Several sharp conflicts occurred between the police and strikers and indignation meetings were frequently held to protect against the action of Lord Devenport, on Wednesday of this week 50,000 of the striking dockers met and Ben Tillet, their leader, asked the men to bear heads and join him in prayer. They then in union prayed "Oh God strike Lord Devenport dead."

Joseph Havelock Wilson, president of the International Seamen's Union this week tried to organize a national strike once more, but his efforts failed as a consequence the strike committee decided that work should be resumed.

ONLY USED HALF OF TITANIC FUND

New York, July 27.—The committee appointed last April to administer the fund raised by members of the New York Stock Exchange for the relief of survivors of the Titanic is as follows:

There has been charged after making its final report to the subscribers the amount received reached a total of \$21,150 of which only \$10,600 was used. The remainder was returned to the subscribers each one receiving back half the amount of his original contribution.

The report says that "Because of the very prompt and thorough work of relief carried on by the other committees, the Committee of the Stock Exchange became satisfied that all further demands could be fully met."

The committee considered the advisability of presenting the balance not used, to some organization for benevolent work. It was finally decided however, that the money had been raised for a special purpose and that the committee was not empowered to dispose of the fund in any way but for this one use.

U. S. SENATE AND RECIPROCITY

**The U. S. Upper
House Votes for
the Repeal of
Trade Pact**

**Favors the Retention However of the
\$2 Per Ton Duty on Print Paper IM-
PORTED From Canada**

Washington, July 26.—The senate by a vote of thirty-seven to eight, today passed the house ex-cess bill, which would extend the corporation tax law to individuals and co-partnerships on income in excess of \$5,000.

The bill as passed included a provision for the repeal of the Canadian reciprocity pact and a substitution of a \$2 per ton rate on print paper. Senator Borah's income tax bill was defeated.

The chief fight, aside from that centering about Senator Borah's income tax measure, came upon the Canadian reciprocity amendment offered by Senator Groening, of North Dakota. The amendment adopted by the senate thirty-seven to twenty-six provides for the complete repeal of the reciprocity law and for an establishment of a rate of \$2 per ton on print paper imported from Canada, in place of the present duty of \$3.75. The text the provision fixing a new tariff on paper is as follows:

"That from and after the passage of this act the duty on chemical wood pulp be one-twelfth of one per cent. per pound, dry weight of un-

McNamara, serving a life sentence in San Quentin Penitentiary for murder committed in the dynamiting of the Los Angeles Times building, Oct. 1, 1910, is held in solitary confinement in an effort to make him confess further details of that conspiracy is charged against Warden John E. Hoyle, by a delegation of nationally prominent labor leaders.

Warden Hyle denied the accusation, told the committee, that McNamara was in the "Solitary" because he was recalcitrant, and assured his guests that their visit would neither lengthen nor shorten McNamara's punishment, which has already lasted 20 days, or twice the usual time. The warden said John J. McNamara was a well behaved prisoner, but James B., had been a leader in a recent "bread riot."
