## DEMOCRATS WILL WIN

Bryan Issues an Appeal to the People of the States

Predicts a Victory for Governor Wilson  
--Roosevelts Candidature Comes in For Criticism

New York, N. Y., Nov. 1.—William Jennings Bryan issued an appeal to the people of the United States yesterday through the publicity bureau of the Democratic national headquarters. Mr. Bryan declared the outlook for Democratic success bright indeed and asserted that in no state he had visited did he find any indications that a vote would go to either President Taft or Colonel Roosevelt.

Democratic success seemed absolutely certain as anything human could be. Mr. Bryan said that of all presidential years within the last score this seemed essentially to be Democratic year. Mr. Bryan then went on:

"It is not strange that the voters of the country should turn from President Taft and condemn his failure to lead the people's fight for reform but it is strange that any one who opposes Taft should turn to Roosevelt for relief.

"Col. Roosevelt had twice as long in which to secure reforms as Taft did, and now he asks a third term, and we do not know how many more he wants in which to do what he could have done when he was president.

"After giving us Taft and then failing to help him to make good he asks us to accept him as his substitute for Taft. Could anything be more audacious?

"Woodrow Wilson is the only hope of the nation if we would be free from the burden of taxes and the menace of monopoly. He is a big, brainy statesman and particularly a man who has the courage of his convictions and who if elected, will make this country one of the best and safest presidencies it has ever seen."

One of the greatest campaigns the country had ever known was closing, Mr. Bryan said. He had not found it a campaign of noise and blunder, but on the whole one of sober attention on the part of the voters and in this attitude he could see but one thing and that was the election of Governor Wilson.

## CONNECTICUT SPORTSMAN HAD SUCCESSFUL TRIP

Dr. Lee of New London Secured His Full Complement of Big Game

Dr. H. M. Lee of New London, Conn., returned today from a three weeks' hunting trip to the headwaters of the Little Southwest Miramichi. He hunted under the guidance of the veteran Henry Braithwaite, and secured all the game the law allows, a moose, caribou and two deer. All are splendid specimens. Dr. Lee, who is a most enthusiastic sportsman and naturalist, told The Mail that he had thoroughly enjoyed his trip. The conditions for hunting, he said, were very unfavorable, yet he saw lots of game and had no difficulty in getting all the law allowed him.

Dr. Lee says that Uncle Henry did all in his power to make the outing a success. As a guide, woodsman and agreeable companion he does not think that Uncle Henry's equal is to be found on this continent.

The party had a pretty tough time getting out of the woods. The tote roads were in such a terrible condition as a result of recent rains that they were unable to get a team through and had to cover the entire distance of fifty miles on foot.

## Bulgarians Scored Great Victory Over The Turks

Immense Turkish Army of Two Hundred Thousand Men, Led by the Minister of War Routed and Put to Flight--Turkish Losses in Killed and Wounded Reported to Have Been Enormous--Representatives of the Balkan States Will Make Heavy Demands on Turkey

London, Oct. 31.—A four-days battle in Thrace has ended in the triumph of the Bulgarian commander-in-chief, General Savoff, whose skilful strategy has probably brought to a close one of the shortest and most remarkable wars on record.

A great Turkish army estimated at over 200,000 men, has been defeated, and is in retreat. Constantinople is believed to be at the mercy of the victorious Bulgarians, and a council, sitting at the Porte, is discussing the advisability of suing for peace.

Such is the news which comes from Constantinople. It is only a fortnight since Turkey declared war. The first week of the campaign closed with the dramatic fall of Kirk Kilime the lack of organization, bad morale and inefficient commissariat of the Turkish army. Today that army is defeated routed within fifty miles of Constantinople, and possibly its retreat within the capital's line of defence is cut off.

Only the briefest and vaguest accounts of the great battle have yet been received, for the war has been especially remarkable in that not a single war correspondent has been allowed at the front except in the case of the little Montenegrin campaign against Scutari.

Thus no independent personal narratives of the absorbing events have been possible and the world has had to depend on biased official accounts provided by the respective governments, or confused details supplied by wounded soldiers.

### TURKS OUTMANOEUVRED

Apparently Nazim Pasha has been completely outmanoeuvred by Savoff's stalwart generalship. The Bulgarian turning movement along the Black Sea coast now appears to have been a feint which induced the Turkish commander to throw his main army to the eastward to such effect that the Bulgarian force on this side had the greatest difficulty in holding the Turks in check.

In fact this point seems a little in doubt. The Bulgarians gave way and thus enabled Nazim Pasha to report to Constantinople some success in this direction.

In the meantime, however, General Savoff hurled his great strength against the Turks' weakened left wing which he crushed in at Lule Burgas. The fighting along the whole front, which evidently has been of the most stubborn and determined character, was carried on day and night without intermission, and both sides lost heavily.

The capture of Nazim Pasha's headquarters at Tcherlu, to which town the defeated Turks retreated, has not as yet been reported, but is hourly expected at Sofia. In which case the Turks will be forced within the defensive lines of Tcherlu, the only remaining fortified protecting Constantinople. It lies twenty-five miles to the northwest of the capital.

Probably the decisive movement on the Bulgarian right was one through Airoh, fifteen miles to the south of Eskia Baba, which turned the Turkish flank. The Turkish reserves west of Yenikim, nine divisions strong, were pushed towards the centre of the Turkish line to check the Bulgarian advance, but it is believed that these reserves are also in retreat.

### TURKEY TO SEEK PEACE?

Constantinople, Nov. 1, 1 a.m.—Serious news has been received from the front. The council of ministers is still sitting at the Porte. It is believed the ministers are discussing the question of concluding peace with the Balkan states.

The exact nature of the latest advances from the battle line in Thrace has not been made known, but last evening the government received the following report from Nazim Pasha, the war minister and commander of the Turkish forces:

"Our eastern army has been engaged for the last four days in serious fighting with the Bulgarian forces between Lule Burgas and Viza. Our army corps concentrated Viza

Burgas and to the north are offering vigorous resistance to the enemy advancing in this direction.

"The citadel in Adrianople is still holding out. Our forces in the neighborhood of Viza are making a successful advance."

### TURKS IN RETREAT

Sofia, Oct. 31.—The Bulgarian army is vigorously pursuing the Turks who are retreating in disorder and panic to Seral and Tohorlu. Many guns and large quantities of ammunition have been captured. Alvali near Lule Burgas, and Maras, have been burned. All the Christian inhabitants according to the Bulgarians were massacred.

### POWERS DISCUSS PROTECTIVE MEASURES

Berlin, Oct. 31.—The danger of anti-foreign disturbances and perhaps massacres of foreigners in Constantinople and Saloniki following the Turkish soldiery has attracted the attention of the powers. Protective measures in this connection are under discussion at the German foreign office, where it is said the German government will take steps to intervene by sending German warships in case of need. Such intervention, however, it is pointed out would be purely non-political.

### THE TURKS' NEXT STAND

Sofia, Oct. 11.—The town of Tohorlu where the Turks are expected to make another stand occupies an important position on the main road and on the railroad between Constantinople and Adrianople at the point where the road from the Port of Rodosto joins. Unless the Turks hold this place they will be unable to bring any more troops from Asia Minor by way of Rodosto.

### TURKS LEFT HORRIBLE TRAIL.

London, Oct. 31.—The Serbian legation has received a despatch from Belgrade giving accounts of returned Serbian officers of atrocities committed by the Turkish troops before abandoning the country conquered by the Serbians.

"Wherever the Turks passed," says the despatch, "the Serbian army found only land strewn with bodies of men, women and children mutilated in the most barbarous fashion. Bodies of men were found to trees. They had been burned alive by means of fires kindled under their feet. One body bore indications of having been roasted on a gridiron."

MONTENEGRINS CAPTURE IPEK. Kelka, Montenegro, Oct. 31.—General Vukotich, at the head of the Montenegrin troops entered Ipek Wednesday afternoon. The Serbian inhabitants, bearing flags acclaimed the victors.

Ipek which is also known as Petch is in the vilayet of Koscovo about 15 miles from the Montenegrin frontier. In the middle ages it was the seat of the Serbian patriarchs and after the Montenegrins occupied the town a thanksgiving service was held in the old patriarchal cathedral.

### A COMPLETE ROUTE

Sofia, Nov. 1.—Details thus far of the rout of the immense Turkish Army by the Bulgarians show that the Bulgarians forces were numerically far in force. The Turkish army is reported to have aggregated 200,000 men. It included the garrison which had retreated from the captured fortress of Kirk Kilime as well as the main body of Turkish troops which had advanced from Constantinople. It comprised practically the whole of the Turkish troops remaining in Europe apart from the garrisons of Adrianople, Saloniki, Monastir, Janina, Scutari, and a few other towns. This great army under the personal command of Nazim Pasha, minister of war and commander-in-chief, who was assisted by some of the most able Turkish generals serving in the army at the present moment.

The fight opened with the discovery by the Turks of a number of

Sofia, Nov. 1.—The official newspaper, The Mir, says today:—

"If Turkey desires peace she must negotiate directly with the Balkan states and not seek intervention of the other powers."

It is reported that a Bulgarian column has captured the Turkish town of Strumnitza fifty miles to the north of Saloniki.

Bulgarian scouts. The Turks drew in their outposts and these were closely followed by lines of Bulgarian skirmishers who were succeeded by the main Bulgarian army in fighting formation. The battle which was destined to last several days and resulting in the defeat of the Turks was soon in progress all along the line. The Bulgarian troops repeatedly delivered fierce attacks, sometimes at one point, sometimes at another, along the Turkish line extending from Luleburgas to Seral. The Turkish troops offered a stubborn and desperate resistance, but were unable to withstand the onslaught of the impetuous Bulgarians and finally they turned and fled in great disorder towards Tohorlu in the south. The losses of the Ottoman army are reported to have been enormous in killed and wounded and prisoners. The capture of a third Turkish military train near

## N. Y. POLICEMAN

### KILLED BY AUTO

New York, Nov. 1.—The body of Policeman Peter Fitzsimmons of the Central Park squad, was found early today lying across a cement sidewalk nearly 74th street entrance to the Park. It was evident from the bits of broken glass scattered about that he had been struck and killed by a speeding automobile. The automobilists had apparently stopped their car and threw the body to the side of the road before resuming their ride through the Park.

There was no clue to their identity. From the appearance of the tire marks in the road the police were led to believe Fitzsimmons had stepped out into the road for the purpose of stopping the speeders and was supposedly run down by the chauffeur.

## TWO MURDERERS

### TO HANG IN JANUARY

Calgary, Nov. 1.—Regard Bertrand, convicted of having murdered his wife at High River last June, was yesterday sentenced to be hanged January 15th.

The trial lasted less than two days. Witnesses to the murder testified that Bertrand killed his wife with a shotgun and then fired upon her as she lay prostrate following the first shot. The prisoner's defence was temporary insanity.

Lethbridge, Alta., Nov. 1.—Edwin Stockley, convicted last night of the murder of his brother, Frederick Stockley, in July last, was sentenced this afternoon by Judge Walsh to be hanged January 21.

## A GREAT OVATION

### FOR GOVERNOR WILSON

New York, Nov. 1.—Governor Woodrow Wilson, speaking last night before an audience that filled every corner of Madison Square Garden, received the greatest ovation of his campaign for the presidency.

Entering the hall at 9.11 o'clock, after speaking before an enthusiastic audience in the Bronx, the Democratic candidate stood for an hour and three minutes at the railing of the speaker's platform waiting for the demonstration to end.

Mrs. Wilson and her three daughters in a box near the speakers platform, were apparently greatly moved by the demonstration for the Governor, and exchanged smiles with him as he tried to secure order.

## COST OF LIVING STILL SOARING

Interesting Statistics Prepared by the U. S. Dept. of Agriculture

Price of Meal is Higher Than a Year Ago, But Vegetables Show Slight Decline

Washington, Nov. 1.—The high cost of living continued to soar during the past year, so far as meat eaters were concerned, according to a report issued by the department of agriculture today. Vegetarians, however, were gainers for according to the official showing virtually all vegetables enumerated in the government list fell in price with the single exception of beans, which cost on the farm \$2.34 on October 15th last, as against \$2.27 on the same date last year. Beef, veal, pork, mutton and lamb all soared in price the cost to the consumer in every case being much higher than in October 1911. Milk dropped slightly in price and both apples and peaches were lower.

The increase in the value of the farmers' live stock also kept pace with the increase in the products of the farms, for horses which could be bought for \$137 last October now average \$140, while milch cows that then were valued at \$42.69 now are sold at \$47.30.

## LOWEST DEATH RATE IN YEARS FOR PAST TWELVE MONTHS

Typhoid Only Contagious Disease Caused But Four Deaths--Of Total of 123 Thirteen Were of Non-Residents--Deaths From Tuberculosis Increase

The Board of Health official year closed yesterday and the statistics of mortality prepared by the secretary, Mr. C. W. Beckwith, show that in many ways the year has been most remarkable. The number of deaths 123, has been the lowest in fourteen years. Another gratifying feature is that but four deaths from contagious diseases occurred, they being from typhoid, and one of those was of a patient at Victoria Hospital who resided outside the city. In fact, of the total number of deaths 123 were of persons residing outside Fredericton but who died at Victoria Hospital. During the year four deaths occurred as the result of accidents. A rather disquieting feature of the statistics, however, is the marked increase in the number of deaths from tuberculosis, the total being 13. By nativity 105 of those who died were Canadians and 18 were foreign. By social position 44 were single, 48 were married, 30 were widowed and of 1 the condition was unknown.

The statistics prepared by Secretary Beckwith follow:

## HON BOB ROGERS TO TAKE PART

Doughty Westerner to Lead Tory Forces in Hochelaga Campaign

Rumor That Mr. C. H. Cahan May Enter the Field in Nationalist Interests

Montreal, Nov. 1.—Montreal is to see the Honorable "Bob" Rogers in action in his element, conducting an election, in other words, for it is currently reported, and generally believed, that that doughty practical westerner is to arrive in Montreal within a day or two to take charge of Hon. Louis Coderre's campaign for re-election in Hochelaga. Confirmation of this could not be secured today, but leading Conservatives said they would not be surprised if it were so. According to reports, Mr. Rogers is to have free and untrammelled scope in conducting the fight and is armed with instructions from Mr. Borden as to the length Mr. Coderre may go in announcing the policy of which the election will be conducted.

The government's naval policy will be announced in Westmount within a fortnight, according to expectations expressed by local Conservative leaders today. Mr. Borden has taken the position that he would make no announcement until after parliament met, but this will not be until November 21st, while the contest in Hochelaga takes place two days earlier.

The rumor was also strongly revived today that Mr. C. H. Cahan, the well known local lawyer, would enter the field in the National interests. Mr. Cahan has previously denied this report but nevertheless it persisted today in political circles.
