BOARD OF TRADE

(Continued from page one)
gestion that the plans and documents dealing with the matter be discussed informally is one that will work."

Mr. Slipp—"What's the use of informal discussion?"

Mayor Hooper—"That's my suggestion, Mr. Slipp. Perhaps it does not meet with your approval."

Mr. Slipp—"You must have some new western ideas."

Mayor Hooper—"Perhaps I have."

Several members, including Messrs. Slipp, Dibblee and Harrison, informally expressed their opinion on the situation that had arisen. Appeal was made to both Mayor Hooper and President Jennings to alter their decisions but both claimed that such action on his part would be inconsistent and the meeting dispersed without considering the available data on the matter or without taking any action.

RESOLUTION STANDS.

The resolution passed a week ago last night at the regular meeting of the board by which the resolution of the City Council supporting the application of the railway company was endorsed, still stands.

GIBSON NEWS

Gibson, Oct. 22—The York and Sunbury Milling Company's mills will close down in a few days for the winter after a very successful season's cutting. The plant has been running steadily ever since the ice ran out last spring, giving employment to over fifty hands. The provincial inspector visited the mills this morning and found everything running satisfactorily and in good shape.

Last Saturday night when Mr. Ward, chairman of the Gibson Fire and Water Committee, was burning out his chimney the smoke and flame were so thick that a crowd soon gathered, thinking a big fire was in progress. Mr. Gilbert Henry, the chief of the fire department, being away at the time with the key of the hose station, it was impossible to get the cart out, therefore several of the citizens took it upon themselves and broke in the door of the hose station, which action was reported in The Daily Mail of yesterday. They did it to save property and not to destroy the building, which was the first impression sent broadcast.

BECKER WILL NOT TESTIFY

(Continued from page one)

New York, Oct. 21—What Sam Schepps told his friends in Hot Springs (Ark.) about the murder of Herman Rosenthal was read into the records today at the trial of Police Lieutenant Charles Becker who is charged with instigating the crime.

"I don't want you fellows to think we killed a man of any account," Schepps told Postmaster Johnson of Hot Springs, according to Mr. Johnson's testimony before the commission sent to Hot Springs to examine him and other persons.

"That fellow Rosenthal was a dirty cur. He should have been killed. I don't want you fellows to think of me as a common murderer."

Mr. Johnson's testimony was read by John W. Hart, Becker's lawyer, with intent to support the contention that Schepps was one of four men who desired Rosenthal's death on his own account and conspired to kill him. For two hours this afternoon, Mr. Hart read extracts from the testimony at Hot Springs. In that which went on record was a talk between Schepps and Michael Berkholz, of Argenta, (Ark.), in which Schepps is alleged to have said:

"You don't know what a dirty dog Rosenthal got to be. He thought everybody was abusing him. Why he even wanted the gang to kill Louis Kaufman."

TURKS ARE ON THE RUN

(Continued from page one)

The Serbian army is steadily advancing and now has its headquarters at Vrnja in the movement against Uskub. The Greeks have captured Dissikata, from which position the Turks retired on the town of Tervia where a big battle is expected shortly.

According to a Constantinople report an important battle is imminent near Udranopole; meanwhile the rival fleets are both active, the Greeks blockading the island of Lemnos and the Turkish bombarding Kavarna and Varna.

The report of the sinking of a Bulgarian torpedo boat is discredited at Constantinople where it is stated that the Turkish warships in the Black Sea fired at torpedo boats but the latter took refuge in port, the warships not venturing to follow for fear of mines.

The Greek consul at Cardiff, acting under instructions from his government, is laying claim to all the Greek tonnage entering that port. Every vessel so commanded becomes the property of the Greek government, and the captain an officer of the Greek navy. Ship owners have requested the British foreign office to protest against this procedure.

A SACRED WAR.

Athens, Oct. 21—King George of Greece has received telegraphic replies from his three sovereign allies to a message informing them that the Greek army had crossed the frontier.

King Ferdinand of Bulgaria said: "Filled with a sentiment of sublime, reciprocal and mutual confidence, our people, brothers in the faith, united in a sacred agreement and ask the Almighty Defender of the rights of the weak and protector of the oppressed, to grant the fervent prayers that ascend to His throne from the four allied nations to the God of Battles to crown with success the joint efforts of our arms for the triumph of the doubly righteous cause of faith and liberty."

King Nicholas of Montenegro, telegraphed:

"Our cordial greetings and most sincere wishes for the victory of the worthy descendants of Themistocles and Miltiades. May God bless our efforts for our sacred cause."

King Peter of Serbia, sent the following message:

"Trusting in God that the forces of the Balkan States, united in religion and led by the traditional sentiment of their peoples, will triumph in their generous work, I hail with confidence the commencement of our joint action and wish complete success for the valiant Greek army."

The Aegean squadron under command of Admiral Countouriotis, arrived yesterday at Kastro, capital of the Island of Lemnos, and demanded that the authorities surrender. The squadron today anchored at Port Mydros and landed troops which advanced to occupy the town.

Admiral Countouriotis has proclaimed a blockade of all the ports of Lemnos; a blockade is also effective on the coast of Epirus.

"Inasmuch as many of our pastors are receiving salaries inadequate to provide their reasonable living expenses with all the consequent embarrassment which this involves, and inasmuch as this condition incapacitates them from doing their best work for our churches and places them at a disadvantage before the world, and inasmuch as this is reacting unfavorably on the beneficence of our churches, therefore,

"Resolved, that we institute a practical policy looking toward the assurance of a minimum salary of \$800 and parsonage to all our ordained pastors.

"Further resolved, that we ask all our churches for two offerings each year to be paid in the treasurers of our home mission boards, and to be set aside and constitute a separate fund from which pastors' salaries may be supplemented as stated above. And further more, that we ask our home mission boards to fix the dates for these offerings and circularize our churches concerning the same, and also that one person be chosen for each of our associations and districts to keep this matter before the churches of their respective associations and districts and,

"Be it further resolved, that all churches receiving grants from this fund for the purpose named, be required to raise a minimum salary of \$500 either with or without help from the home mission board, and to pay an average rate of \$4 per member for pastor's salary, except in cases where there are three or more in a family who are members of the church, in such cases the average rate of such families to be \$10."

Dr. Brown supported his resolution in strong terms, appealing that pastors be given a living salary. Some pastors today, he said were receiving as low as a little over \$400, and they had charge of large fields.

Rev. Charles R. Freeman of Canso, made a stirring speech in support of the resolution.

SEWED UP WOUND ON A NEGROES HEART

Philadelphia, Pa., Oct. 22—John Thompson, a negro, has just left the Pennsylvania Hospital well and strong, after surviving the operation of having stitches taken in his heart. Thompson was stabbed in a quarrel several days ago. The knife penetrated deeply into his heart and the hospital doctors had little hope of saving his life. He was operated on within two hours and the wound was sewed up without delay. Not only did he live through the operation but he began immediately to improve and today he was declared as well and strong as before he was wounded.

DAUGHTER OF HON.

W. B. NANTEL WEDS

St. Jerome, Que., Oct. 22—A nuptial event of great social interest took place this morning when Miss Germaine Nantel, daughter of Hon. W. B. Nantel, minister of inland revenue, was wedded to Charles Avila Seguin, of Ottawa, son of Mr. F. O. Seguin of this town. The ceremony was performed at the Roman Catholic Church by Rev. Father Gauthier of St. Faustin, Que., uncle of the bride, who was given away by her father.

Among the wedding presents was a silver mounted handbag from Rt. Hon. R. L. Borden, which the bride carried on her wedding trip.
