QUEEN STREET**MARGARET A. LONG SENT UP FOR TRIAL****Infanticide Case Will be Tried Before Mr. Justice Crockett on Tuesday, the 3rd of May.**

Miss Margaret Anne Long of Milford, St. John County, was sent up for trial Thursday afternoon by Police Magistrate Limerick of this city on the charge of murdering her infant child at the C. P. R. Hotel in McAdam on March 20th. She will be tried before Mr. Justice Crockett of the King's Bench Division at the York Sittings which will open here Tuesday May 3rd.

Only two witnesses were called Thursday, Mrs. Josephine Shaw, and Sheriff J. B. Hawthorne. F. H. Peters clerk of the peace appeared for the prosecution and C. J. Mellday for the defence.

The only salient feature of the evidence brought out today was that Miss Long had asked Mrs. Shaw to go to the bathroom and remove the string from the child's neck. This was obtained by Mr. Mellday in his cross-examination of Mrs. Shaw.

Sheriff Hawthorne.

The first witness was Sheriff Hawthorne. He told of getting a call to go to McAdam on the morning of the twentieth. He drove to Harvey met the coroner there and proceeded to McAdam by train. He empanelled a jury and was present at the inquest. An envelope said to contain the string taken from the child's neck was offered in evidence but was strongly objected to by Mr. Mellday on the ground that it had not come through the proper channel and had passed through so many hands that no one could recognize it.

Mrs. Margaret Shaw.

Mrs. Margaret Shaw stated that she had chummed with the accused for the greater part of the eight years that they had been acquainted. She had gone to McAdam with her and was sleeping with her on the morning of the 20th but was not aware of her condition until she was told by one of the girls that morning. At that time she was in the hotel kitchen. She went up to the bedroom and asked the accused if it was true. Miss Long replied it was and that there was a string around its neck and asked her to go and remove it.

Have Appeared Here

On the C. P. O. S. steamer Empress of France sailing from St. John today a bride and groom well known to Fredericton will proceed on their honeymoon. They are John Villiers Barrett-Lennard, the popular and cultured comedian of the F. Stuart-Whyte productions of recent years, and Miss Mona Warren, of Victoria, B. C. who has been understudying and playing leading parts with Miss Zara Clinton in productions seen in this city. Miss Warren is a niece of Major J. C. F. Hyndman of Victoria, prominent in social circles in that city. The wedding took place in Holy Trinity Anglican church, Toronto, on April 18, with Rev. Ralph Sherman, formerly of Fredericton, officiating. Mr. Barrett-Lennard's brother, Richard Barrett-Lennard was the witness. Their honeymoon will be spent with Mr. Barrett-Lennard's family in Folkestone, England. "Cinderella" was the first Stuart Whyte production seen here. Mr. and Mrs. Barrett-Lennard were both with it.

HAD BAD COUGH FOR THREE YEARS

The constant hacking, racking, persistent cough that sticks to you in spite of everything you have done to get rid of it, is the kind that is dangerous.

The longer the cough sticks, the more serious menace it becomes to your health.

There is no remedy that will relieve coughs—coughs that won't let go like Dr. Wood's Norway Pine Syrup.

It has a healing and soothing action on the air passages, and at the same time acts as a disinfectant of the respiratory organs, destroying the germs that produce serious lung complaints.

Mrs. John Miller, Minburn, Alta., writes: "I had a very bad cough for three years. I went to several doctors and tried different cough medicines, but nothing seemed to help me. One day a friend told me about Dr. Wood's Norway Pine Syrup, and after using several bottles I became completely relieved. I always keep a bottle in the house, and also recommend it to others."

Dr. Wood's Norway Pine Syrup has been universally used for over 30 years and so great has been its success, it is only natural that a great many imitations have been placed on the market. The genuine is put up in a yellow wrapper; 3 pine trees the trade mark; price 35c. and 60c. a bottle; manufactured only by The T. Milburn Co. Limited, Toronto, Ont.

ARGUMENT COMPLETED IN ELECTION CASE**P. J. Hughes Supported Decision of Mr. Justice Barry in the Restigouche Appeal Case.**

The Restigouche election appeal which has arisen out of the irregularities in Restigouche County in the last provincial general election, in which Messrs. D. A. Stewart and H. Diotte were refused seats in the Legislative Assembly after Mr. Justice Barry decided that no candidates had been elected, was completed Thursday afternoon before the Appeal Division of the Supreme Court. Court considers.

Mr. Hughes' Argument.

P. J. Hughes opposing Dr. Baxter who appeared for the defendants, was heard in the afternoon. Taking the Elections Act he pointed out that there were matter obligatory on the sheriff as returning officer which he had in no particular carried out also that there were things which he should not have done which he did. Violations of the provisions of the act were enumerated by Mr. Hughes as follows:—the sheriff was not sworn as returning officer, he appointed no election-clerk, from the proclamation a number of the polls were omitted, Messrs. LaBillois and Duncan were not nominated in the manner prescribed by the Act, after accepting the nomination of six candidates the sheriff gave a certificate that four were nominated and still later a certificate that four were nominated and still later a certificate that six were nominated, deputy returning officers were not all appointed by the sheriff, certified lists of voters were not furnished all polls as required under the Act, two new polls were established.

Mr. Hughes pointed out that it was not the duty of the sheriff as returning officer to administer the oath at the time of the filing of nomination papers unless requested so to do, any justice of the peace having the power. He contended also that Messrs. LaBillois and Duncan were not nominated and cited a case in which it was held that when electors were permitted to cast ballots for candidates not nominated the election was invalidated if sufficient votes had been cast for such candidates to effect the result. Another contention was that the burden was on the other side to show that the irregularities had not affected the result of the election.

Recount Proceedings.

Dealing with the recount proceedings Mr. Hughes said that after Judge McLatchey of the Restigouche County Court had declared that he could make no return because of the confusion, in which he found everything, the proper course would have been to apply to a judge of the Supreme Court to order him to continue the recount proceedings. Application for a recount could be made within eight days of an election. Within two days of the election the sheriff forwarded what purported to be a return to the office of the Provincial Secretary. That was not a proper return because the Act states that on recount the returning officer must wait till he receives the certificate of the judge. In the event of refusal of that judge the returning officer should wait until application is made to a Supreme Court judge to force the County Court Judge to go on. If the County Court Judge refused to go on after that and returned all papers it might be considered an abortive recount and the returning officer might make a return.

Dr. Baxter was heard in reply. Court considers.

burnham will conduct the canvass of the residential portion of the city on the same dates. Separate organizations will be in charge of the campaign in Marysville, Devon and the two counties.

A publicity campaign in connection with the drive has been arranged to acquaint the people with the reasons they are being asked to give generously to the Hospital at this time. The funds, it is explained, are necessary for furnishing and equipping the Fraser Memorial Hospital, and the new Maternity Home, providing a new Contagious Hospital and taking care of a deficit of about \$5,000 in the current revenue account from the past year.
