I KNOW
COD LIVER OIL

Is the thing I need but I can't take it on account of its horrible taste. Ever say that? If you did you had in mind the old blue bottle of cod liver oil and its taste and smell really were something to be dreaded.

Nyal's Emulsion

of cod liver oil is a modern scientific remedy palatable and pleasant. You can take Nyal's Emulsion. Anybody can. And everybody should who feels the need of a body builder and strength-giver particularly those who have lung trouble or are in a run-down and weak condition.

Nyal's Emulsion contains pure cod liver oil combined with hypophosphites of lime and soda to strengthen the nervous system. If you want to nourish the body and fortify the nervous system take Nyal's Emulsion.

HALIFAX SOCIALS'

PLAYER FROM PORT

ARTHUR ARRIVES

Press of Ontario Town Crack Him up as Great Goal-Getter--In Good Shape

(Halifax Echo, Saturday.)

Mickey O'Leary is in the city and is a guest at the Acadian Hotel. It will be remembered that Manager Isner obtained his signature to play for the Socials. He was met at the station last night by Roy Isner, after having travelled direct from Port Arthur. The Port Arthur papers have this to say about Mickey:

"Mickey O'Leary, Port Arthur, who last year played centre for the Champions, leaves tonight for Halifax, where he is signed to play with the Halifax Socials in the M.P.H.A. O'Leary has a contract in his pocket for ten weeks, with a salary almost as large as the amount he was given for the entire season with the Port Arthurs last year. He has been training faithfully for the past few days and is already in excellent shape. He says he never felt better. He is an excellent scorer, having been head score getter in the Port Arthur team for two seasons."

Mickey will be warmly welcomed here by the fans who confidently expect that he will make good.

BRESNAHAN'S CLAIM

TO BE ARBITRATED

New York, Dec. 9.—The claim of Roger Bresnahan against the St. Louis Club for alleged breach of contract probably will be settled by an arbitration commission in St. Louis. This was the tentative decision of the board of directors of the National League at its meeting here today.

Bresnahan and his attorneys appeared before the board and presented the claim. The St. Louis Club was represented by President James C. Jones, who also is an attorney. After listening to the arguments for and against Bresnahan's claim for four years' salary the board suggested some sort of peaceful settlement and the attorneys retired for an hour to discuss terms. On their return the tentative arbitration plan was broached and received the sanction of the directors.

The directors officially awarded the pennant for the 1912 season to the New York Giants.

The claim of Umpire Charles Rigler to \$2,200 against the Philadelphia Club for services in signing Pitcher Rixey gave the directors an opportunity to go on record as opposed to umpires acting as scouts for club managers in securing players.

With the exception of John J. McGraw, every manager in the city for the league meeting tomorrow and several trades for players are expected to be made.

McFARLAND REFUSES

New York, Dec. 8.—According to Jack McGuigan, manager of the National Athletic Club of Philadelphia, Packy McFarland, the Chicago lightweight, has refused an offer of \$5000 to box Jack Britton six rounds at the National Club on Christmas Day.

BOUT FOR WELSH

New York, Dec. 9.—The Garden Athletic Club has opened negotiations for a ten-round bout between Freddie Welsh, England's lightweight champion, and either Packy McFarland or Willie Ritchie, who recently won the world's title from Ad Wolgast. Since Ritchie's manager has demanded \$10,000 guarantee for a bout in this city, it is more probable that McFarland will be matched with the Briton.

Welsh and McFarland have boxed three times, a total of fifty-five rounds. If Welsh decided to box McFarland he will sail from England next week, so that the bout can be staged early in January.

His Percentage is .727---Cheney of Chicago Come Five Points Below---New York Giants Have Five of Leading Nine Pitchers---Christy Mathewson Stands Eight in List

New York, Dec. 8.—Hendrix of Pittsburgh, with 24 games won and nine lost, leads the National League pitchers for the season of 1912, as shown by the official pitching records, made public today. His percentage of victory is .727, or 72.7 per cent. He has won 26 and lost 10 games.

Five of the first nine men are members of the pennant winning Giants. Tesreau, Marquard and Ames, a New York trio, stand third, fourth and fifth, respectively. After Richie and Leifield, Chicagoans, next in order, come another Giant pair, Mathewson and Crandall. "Matty's" standing is eighth, with 12 games lost to 23 won and a percentage of .657.

Rucker, Brooklyn's left-handed star, pitched the greatest number of shutouts—six—with Suggs of Cincinnati and O'Toole of Pittsburgh next, each having five whitewashes to his credit.

Alexander of Philadelphia struck out 195 men, the record number for the season.

SPORTS OF ALL KINDS

Marty O'Toole and Chief Wilson of the Pirates are scheduled to be married this month.

Barney Dreyfuss is leaving the proposed spring series between the Pirates and Boston Americans entirely in the hands of Fred Clarke.

The "sharp" fellows in San Francisco worked a scheme at the recent Ritchie-Wolgast scrap that netted them some money. They sold enlarged facsimiles of the \$3 tickets cut from the cards advertising the battle, to those who were not well posted about the real tickets. The doorkeepers did not let any of them get by.

The postponed bout between "Gunboat" Smith of California and Harry Wuerst, the Cincinnati heavyweight, will be boxed in New York next Wednesday night. Jack Harrison the English middleweight will meet Freddie Hicks of Detroit at the same show.

"Mordecai Brown the former Chicago National pitcher who is gaining fame by coaching Frank McCormick granddog of John D. Rockefeller, in the gentle art of twirling is not under reserve to the Louisville club in the American Association to which he was sent by Charley Murphy, according to the latest reports. Brown says his plans for the next season are not made. One of his offers comes from Terre Haute which wants him as manager.

Don't forget that hereafter the old Connecticut League will be known as the Eastern Association.

Detroit is now trying to dispose of Pitcher Joe Lake, whom it bought from the St. Louis Browns last summer for a goodly bunch of coin. Lake was a failure.

"In summing up the season," says the U.N.B. monthly for November with regard to Rugby, "the great drawback seems to have been lack of support on the part of the student body." That pretty nearly fits the situation but if efforts were directed more toward getting promising players in the High and preparatory schools to enter U.N.B. results as far as Rugby endeavors of the Red and Black are concerned might be different.

Aleck McLean, manager of Gilbert Gallant is going after the lightweight for a match with Gallant. Manager McLean has posted a big forfeit for McLean to meet anyone in that class.

Bruce Dixon, captain of the U.N.B. Rugby XV of 1911 had a letter on the football situation at the college on the hill which would have had a big influence on the destinies of the

team of 1912—had the advice contained therein been followed.

A four team hockey league composed of Mount A., King's, Acadia and U.N.B. is now proposed and towards its establishment U.N.B. is working.

There is an interesting situation in the Maritime Professional Hockey League with Moncton threatening to withdraw from the organization if the Halifax clubs do not consent to give the Vics 20 per cent of the receipts of the games played at Halifax.

"RUBE" CRAM MAY LOSE
ARM THROUGH POISONING

Providence, Dec. 8.—"Rube" Cram, one of Brown's best pitchers, is in grave danger of losing the left arm as a result of blood poisoning. Some time ago Cram played in an interfraternity football game and received a cut, as a result of which blood poisoning set in.

The poisoning seems to be growing worse and doubt is being expressed whether the arm can be saved. Cram was ranked after Conzelmann and Warner for the Brunonians last season. He showed great promise of development into a high-class pitcher and much was expected of him next year.

"KNOCKOUT" BROWN WON

New York, Dec. 9.—"Knockout" Brown, the East Side lightweight, defeated Young Reilly, also of this city, in a ten-round bout here tonight. Reilly showed to his best advantage in the seventh and eighth rounds, but Brown easily had the better of the remaining sessions.

SUMNERS BEAT BURNS

London, Dec. 9.—John Y. Summers tonight won the welterweight championship of Great Britain from Sid Burns on points. The fight took place at the National Sporting Club. Both fighters are from London.

To make a cement for mending alabaster melt one part of gelatine in about five parts of water. A more elaborate cement for this purpose is made by mixing the curd formed by mixing one half-pint of vinegar to one-half pint of skimmed milk, with the whites of five eggs. Beat this well together and then stir in sufficient powdered quicklime to form a paste.

STUDENT BODY

CRITICIZED BY

U. N. B. MONTHLY

"Whole-Hearted Enthusiasm and Support" on Part of Students Said to be Lacking in Rugby

(University Monthly.)

As the time for our first intercollegiate struggle in football drew near, practical interest in the team and its work took a most remarkable slump. Every one seemed as interested as usual insofar as the discussion of the prospects for victory or defeat were concerned, but when it came down to getting into one's togs and putting in an appearance at practice each day things went from bad to worse so that at last the coach was unable to gather together enough men to form two teams for purposes of practise. About this time a general meeting was called and coach, captain and manager told the student body just how the matter stood and asked that they either give their active support or allow football to drop altogether. For a few days after this larger turnout were the rule but other things were allowed to interfere again until at the time of writing the turnouts are as poor if not worse, than before.

Now, in any institution such as this, these drastic measures, which it was found necessary to take, point to a very poor spirit indeed. Why is it that the whole-hearted enthusiasm and support of the men of U.N.B. is not brought to bear upon this matter, so that every man in college would give up his time for a few hours each week, during the season, and devote all his energies to the task of evolving a team such as we should have, a winning team. Only one thing will do this, and that is united effort.

There is one other matter which we are sorry to be forced to touch upon in passing. Every one knows and has a hearty contempt for the squealer. We have a coach and have elected our captain and his council by popular vote, so that it is up to the student body to stand behind them and accept their judgment in the choice of a team. Every man is entitled to his own private opinions, but the man who, after a game, endeavors to show his superiority of judgment as to the respective abilities of the different players, to the detriment of men who have done their level best throughout the season, displays not the best of taste. Which ever way fortune swings let us at least give the men who have played the games all the credit that is due them, and refrain from censuring honest efforts.

SERIOUS FIRE

AT SACOA, MAINE

Saco Maine, Dec. 9.—Fire which threatened to wipe out considerable of the business section, early today destroyed three buildings with loss of \$50,000. The fire which was believed to have been incendiary started in a furniture store in the Stearns building. This block was burned and the blaze quickly sprang to the Saco House a two and a half story brick structure. The 25 guests in the hotel escaped with difficulty. After destroying the hotel, the flames swept the wood Kawsy block before they were controlled.
