

## CALDWELL TELLS U.F. TO GO IN AND WIN ELECTION

GREAT PICNIC AT MOUTH  
OF KESWICK WEDNESDAY

M. P. for Carleton-Victoria  
Paid Compliment to E. W.  
Stairs—At Lower Mau-  
gerville Today.

About one thousand people were at Mouth of Keswick Wednesday afternoon and evening for the United Farmers picnic which was a pronounced success. In addition to the usual picnic features there were speeches by S. R. Hagerman of Moncton manager of United Farmers Cooperative Limited, C. Gordon Sharpe of Woodstock, secretary, and T. W. Caldwell of Florenceville, M. P. for Carleton-Victoria.

Messrs. Hagerman and Sharpe dealt chiefly with the United Farmers movement from its commercial aspect. They pointed out the benefits already obtained by cooperation and urged that the effort be redoubled in order that further advantages be obtained.

### Political Situation.

Mr. Caldwell made a speech which dealt in vigorous fashion with the political situation of the day. He criticized the Meighen Government for its railway policy and also its policy connected with the Canadian Government Mercantile Marine. Mr. Caldwell pointed out that already the country had met with enormous losses through falling of value of shipping the vessels constructed not representing at the present time more than a fraction of their original cost.

Dealing particularly with Premier Meighen's tariff policy Mr. Caldwell said that it was to be made to service as camouflage to conceal the problem of unemployment, the problem of the railways and numerous other tangles in which the government is.

### Compliments E. W. Stairs.

Mr. Caldwell made direct reference to Ernest W. Stairs who was the United Farmers candidate in York-Sunbury in the by-election held in May last. He congratulated Mr. Stairs upon the fight which he had put up at that time and expressed regret that he had not been elected. The speaker urged that a candidate be put in the field at the coming general election and that the U. F. organization go into the fight to win.

Today the United Farmers of Sunbury County are holding a picnic at Lower Maugeville. Mr. Caldwell will be one of the speakers there.

### Picnic at Grand Lake.

The employees of the Smith Foundry Company and their families are holding their annual picnic at Grand Lake today. The picnickers were transported by motor boat Harry A. Smith of the company providing transportation.

### A New Agency.

Mr. T. A. Niles, proprietor of the Fredericton Steam Laundry has secured the local agency for National Dry Cleaning Limited of Moncton. This concern does dyeing in black and navy blue at reasonable prices. It has the most modern dry cleaning plant in Eastern Canada and executes all orders promptly. The laundry team will call for and deliver all parcels.

### Egg Laying Contest.

The figures in the Experimental farm egg laying contest published early in the week were not official and are subject to correction. The Invicta Farm pen pulled up in the closing day and came out one egg ahead of the pen owned by Mr. W. E. B. Tait of Dorchester. The Invicta Farm pen has 1641 eggs to its credit and Mr. Tait's pen has 1640. The Dorchester's pen is going strong and is pretty sure to pull out this week with a substantial lead over all competitors.

### Arcostook Potato Crop.

Houlton Times: The showers of the last few weeks have wrought many changes in the potato situation in this county. Whereas it looked as though at one time as if the yield would fall short of an average season, facts as far as can be known show that north of Mars Hill the yield will be nearly up to the yearly average with the same excellent quality as in former years. Many of the fields are as green as early in the season and the constant use of Bordeaux is already showing its effect in keeping the tops green while the tubers are growing, while fields where it was not used too frequently show signs of turning brown.
