Advertising is News

WITHOUT ADVERTISEMENTS this paper would not be as interesting to you, because the information about goods for sale in the stores is news—just that.

Many people read newspapers as much for their advertising columns as they do for other news.

This is particularly true at this time of the year.

Stores are now advertising Spring Wearing Apparel and a host of things that are bought for household use, incident to spring cleaning.

Think of the money that will be spent by women for spring clothing. The new frocks, hats, shoes, lingerie, corsets, gloves, sweaters, neckwear, light wraps and blouses that will be bought.

The same is true of men's buying. Think of the suits, light top coats, hats, shirts, collars, ties, gloves, socks, shoes—the sporting goods and the incidental wearing apparel bought for golf, tennis and so on.

Think of the new things that will be bought for spring cleaning and home convenience at this time. The vacuum cleaners, carpet sweepers, brooms, gas and electric heaters, ranges, washing machines, paints, varnishes, floor wax, cleansing fluids, curtains, upholstery, garden and porch furniture, lawn mowers, garden tools, etc.

Think of the lighter foods coming into use. Cereals, fruits, salads.

All these new demands are incident to the changing season, and they all are Trade Stimulating.

People feel livelier at this time and consequently loosen up their purse strings.

The opportunity for local merchants to get over effective Local Advertising News at this time is so evident that it needs no emphasis.

BOILS SO BAD

HAD TO GIVE UP WORK

From the days of Job up to the present time, boils have been one of the afflictions of the human race.

All the poulticing and lancing you may do will not prevent them from breaking out again.

Boils are simply caused by the bad blood bursting out; and the bad blood must be made pure before the boils will disappear.

Burdock Blood Bitters, which has been on the market for over forty years, is well known as the greatest blood medicine procurable.

It purifies the blood by removing every particle of foul matter from the system and when this is done the boils vanish and you should never be troubled again.

Mr. James Fahey, Newport Island, Que., writes: "I was troubled with boils on my back and neck, so bad that I was obliged to give up work. I tried several remedies, but got no relief. Finally I went to a doctor and he treated me for several weeks, and all without benefit. At last a friend told me of Burdock Blood Bitters, so I decided to give it a trial. I got three bottles, but before I had taken two the boils were all gone. It is eight months now, and I have had no return of the old trouble, and have never felt so well."
