

For SORE THROAT COLD IN CHEST etc.

Chas. F. Tilton, Fairville, N.B. writes: "I wish to inform you that we consider your MINARD'S LINIMENT a very superior article, and we use it as a sure relief for sore throat and chest. I would not be without it if the price was one dollar a bottle."

MINARD'S "KING OF PAIN" LINIMENT

Yarmouth, N.S. 7

EXPLAINED.

"Pa, what's the difference between an epithet and an epitaph?"

"One is applied to a man before he is dead and the other after, my son."

All the world's a stage—but widowers are shy about responding to encores.

One joy of living in the country is that it doesn't cost anything to turn around.

SENTENCED TO DEATH—NO APPEAL POSSIBLE

The death warrant is passed out every time a corn is treated with Putnam's Corn Extractor. It means the end of the corn. Putnam's lifts out corn root and branch, and never fails. Refuse any substitute for Putnam's. 25c. everywhere.

AROUND THE TOWN

May 1st besides Moving Day is last day for the filing of Federal Income Tax returns. That fact probably is of more importance to many citizens than the fact that the tenancy of yearly rental dates from that date. Express offices banks and post offices, in short any places issuing money orders or their equivalent have been filled with people desirous of paying their taxes and escaping the various penalties and interest charges threatened by the Federal Government. Curses both loud and deep were breathed. Wild questions were asked of anyone who would listen, why the Government could not let the public know what was required of it, why it seemed to be thought that the chief thing was to catch the taxpayer unawares and penalize him, why the Government could not state what was owing it instead of asking the taxpayer to say and pay up at once, why—but no need of going on, you all heard it. Direct taxation is claimed to have its benefits and beauties but the average person cannot see them. He would like the money taken in the most painless manner possible.

Moving Day also is upon us once again. Dwellings in spite of predictions of a few months ago, are at a premium. Householders with premises at all satisfactory are hanging right to them. They are taking no chances. The fact is that there are not enough houses to go around and there is little attempt to increase the supply because building costs are too high. Materials are somewhat cheaper but labor costs are still away up in the air. There are signs however that

they will be easier in some lines before many moons.

"They didn't show the Tenth Episode. They jumped from the Ninth to the Eleventh," was the shrill announcement of a very juvenile movie fan in the lobby of a local picture house recently. "Episode" is pretty good. It is pretty nearly as good as some that are occasionally heard in county councils and similar bodies. Incidentally it proved the statement of the Superintendent of City Schools made recently before the Commercial Club that children are much more interested in the serial pictures than in school work, to the detriment of the latter.

His Worship Mayor Reid was the producer of a pretty good thing at the dinner this week given at the Queen Hotel to General Manager Walsh of the Canadian Manufacturers' Association and Vice President W. S. Fisher of the same body. Secretary Thompson of Amherst speaking on the C. M. A. said that he was well qualified to look after the interests of the Maritime Provinces for he was born in New Brunswick, lived in Nova Scotia and spent his holidays in Prince Edward Island. "Be careful or you will be made a Senator", said His Worship right off the bat, evidently with a thought of Hon. J. A. MacDonald.

The by-election campaign has produced one personal clash in this city so far. No serious results followed but some heated language was exchanged. One of the verbal combatants went so far as to begin to remove his coat. Better counsels prevailed and the incident was closed. There will be numerous opportunities for similar clashes before the 28th prox.

The shipment of liquor from the province of Quebec to other provinces for personal use is to stop on May 1st under the new liquor law of that province. Lately rye whiskey is about the only kind of liquor which could be obtained from Quebec dealers as the great thirst of Ontario had drained the stock of imported liquors completely out. What will be done now by those wishing to import for personal use is not certain although advertisements already are being shown by branches located in Ontario and other provinces, interprovincial trade not being affected by any but Federal enactment.

THE MODERN DRESS

Ye folk who knock the ladies and howl about their dress Because "below" its scanty and "upstairs" even less— Just pause and think what Hamlet remarked some time ago; "There's nothing good or evil but thinking makes it so!" And all of which, dear ladies, we hope right well will strike you! The more that we see of you, the more by heck, we like you!

THE DAILY MISERY OF ILL-HEALTH

Three Years of Suffering Quickly Relieved by "FRUIT-A-LIVES"

MR. GASPARD DUBORD

159 Avenue Pius IX, Montreal.

"For three years, I was a terrible sufferer from Dyspepsia and my general health was very bad. I consulted a physician and took his medicine and faithfully carried out his instructions; but I did not improve and finally the doctor told me I could not be cured.

At this time, a friend advised me to try 'Fruit-a-lives' and I did so. After taking two boxes of 'Fruit-a-lives', I was greatly relieved; and gradually this marvelous fruit medicine made me completely well. My digestion and general health are splendid—all of which I owe to 'Fruit-a-lives'.

NOTHING STIRRING.

"When the millennium comes there will be no more wars, no crime, nothing but peace and contentment everywhere."

"That's going to be a tough time for the moving picture business."

QUIET ACTION.

"That new stenographer of Simpson's is a fast worker."

"Have you seen her perform?"

"No; but I've seen the solitaire engagement ring that Simpson gave her!"

RUBBING IT IN

Jack—Were they discriminating burglars who broke into your place?

Mack—Altogether too much so to suit me. They left behind the talking machine and my wife's pet dog.

A SHINING EXAMPLE

Imagination is a wonderful thing, isn't it?

Yes, I suppose it is; but what made you think of that now?

Oh, I've just been reading the new seed catalogues.

Real Humor.

"Look at that man laugh. He must have just heard a funny story."

"No. He just told one!"

Every dog has his day. People who felt in their bones that the war should not have ended until it ended with Foch's heel on Germany's neck are being vindicated.

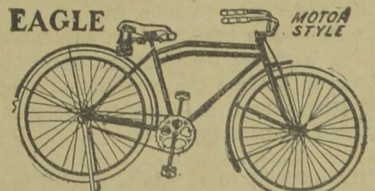

When one reads about a girl who says she wouldn't marry a man earning less than \$10,000 a year, one realizes she is talking for publication only.

The ice man already wears an optimistic smile.

PAIN IN THE LOINS DRIVEN OUT QUICKLY.

That dragging, wearying sort of pain makes life a misery to many people. This pain is due to a passive inflammation of the adjacent tissue. Because every drop rubs in, because it penetrates so deeply, Nerviline gives a wonderful result. More powerful because five times stronger, more penetrating because it strikes through soft tissue, more healing to pain. Nerviline Liniment should be always on hand. Sold everywhere in large 35c. bottles.
