THE CITY COUNCIL OF SYDNEY IS SCORED FOR REFUSING TO REAPPOINT GEORGE R. RIDEOUT

CITIZENS ARE INDIGNANT

Petition Signed by Upwards of
Two Thousand People—An
Alderman Appointed to the
Position. Railroading Meth-
ods Resorted to by Council
—Whole Things Cooked up.

Sydney, N.S., June 21.—In commenting on the action of the City Council in refusing to re-appoint George R. Rideout as inspector under the Nova Scotia Temperance Act the Record Newspaper says editorially:

Whatever the intentions of these men may have been, the action of the majority of the aldermen in the City Council in refusing to reappoint Inspector Rideout will give satisfaction to

Every rum-seller, every boot-legger, every run-runner, every dive-keeper, every proprietor of a house of doubtful repute, every foe of law and decency.

It shows also that the majority of the aldermen of the present Council are indifferent to the expressed desires of foremost reputable organizations representative of all faiths and all classes, regardless of the wishes of leading clergymen of all denominations, defiant of public opinion.

Was "Cooked" Up.

The whole thing had been 'cooked' up before the Council sat. That was manifest. There was a calculated resort to 'railroading' methods that told the story plainly. Men who had asked the Social Service Council to recommend an inspector and had promised to put that nominee in office ignore their pledge did not even bother to attempt speeches of evasion. They went brazenly ahead with the game. Resolutions from bodies which were at least entitled to some courtesy in the treatment of their representations, and petitions signed by half as many electors as voted in the mayoralty contest of this year—and representing many more electors, were treated with the silent contempt which might be expected to be given pieces of blank paper or the communications of crooks.

Satisfactory Features.

The proceeding had only two satisfactory features first was the continued manly and straightforward stand taken by Alderman R.C. Bulley an Alderman M.A. MacKenzie. They have professed to favor strict enforcement of the temperance act and their acts have made good their words. They are men who deserve the thanks of every good citizen. The second satisfactory feature is that at least the people have the other aldermen definitely placed. Thursday night's vote shows exactly where the aldermen stand. Smooth words will no more be of any avail to fool the people. The electors will have the aldermen 'placed' now.

There are people hostile to law and order who believe that the outcome of the Council meeting was a victory for the forces to which they belong. It was. But it was not the final victory which decides the issue. Let there be no mistake about that. This fight goes on. This fight goes on until the City Council does the will of good citizens and does its duty.

HARD CIDER AS A BEVERAGE

Catskill, N.Y., June 21.—The first conviction in Greene county under the new State prohibition act was secured today, when Mendal Pollack, proprietor of a hotel, convicted of selling one glass of hard cider, was sentenced to pay a fine of \$400. Nicholas Sasso and Max Rosenthal, other New Yorkers in business in the county, pleaded guilty to selling liquor and paid fines of \$200 each.

H. B. Lawson and wife of Minto are at the Barker House.

CONVICTION FOR VIOLATING FISHERIES ACT

Case Heard in Queen's County
—J. T. Bell Appointed
Overseer for King's
and Queen's.

H. E. Harrison, Inspector of Fisheries returned Sunday morning from Queen's County where he had been attending the prosecution of an offender against the fisheries laws. M. B. Maskell was the defendant and he was charged with fishing for shad last year during the three years closed period. The reason for the prosecution not taking place at an earlier date was the inability to find a Magistrate efficient to undertake the case. A fine of \$25 and costs of ten days jail was imposed.

A recent appointment of the Civil Service Commission is that of J. T. Bell, of Grand Falls as Fisheries Overseer for the Counties of Kings and Queens. Mr. Bell is a returned man, as are the majority of the new employees of the Department of Marine and Fisheries and will make his headquarters at Gagetown. He succeeds J. A. Goulette in the position.

Last week fisheries officials seized a shad-net and a salmon-net set together for salmon without a license a few miles above the city, at Springhill.

OSCAR WILDE'S ESSAY FOUND

New York, June 21.—The manuscript of Oscar Wilde's "Portrait of Mr. W. H. H." which had been lost twenty-six years is now in the possession of Mitchell Kennerley of 489 Park avenue. It is a 30,000 word script in Mr. Wilde's own handwriting, and is an essay upon the mysterious "W. H." the unknown person to whom Shakespeare inscribed his sonnets, and apparently was a source of poetic inspiration and also agitation.

The essay was an enlargement of an essay of the same title published in Blackwood's Magazine, in July, 1889 which had excited considerable discussion. It disappeared just prior to Mr. Wilde's arrest, April 5, 18'5, when his books were withdrawn from publishers' shelves.

WAS HELD AS A RAFFLES

Northampton, Mass., June 19.—After a vigil of several nights F.H. Metcalf treasurer of the Parr Alpaca Company and Leon Yoerg, manager of the Carew Paper Company, both of Holyoke, captured William Schuetz, alleged gentleman burglar, at the point of a pistol as Schuetz was breaking into the summer cottage of Mrs. Mary A. Lee on the Connecticut River bank near here early today.

Schuetz is said to be highly educated, and it was learned that he has served prison terms in California, New York and Connecticut. While confined in the Westport N.Y. jail recently he won a \$5 prize for the best essay on Americanism.

Carried A Jag.

A stranger carrying a heavy jag collapsed at noon today near the corner of Brunswick and Northumberland streets. Some passers by seeing his plight carried him into a nearby alleyway where he was left to sleep of his jag. Later on he was discovered by a policeman and transferred to the lockup.

Fined For Vagrancy.

Edward Martin, of St. John who was arrested on account of not being able to give a good account of himself was fined \$8.00 and costs. He paid the fine.

WANT UNIFORM MEDICAL STANDARD FOR IMMIGRANTS ENTERING THE DOMINION

Petition Forwarded to the Premiers Conference by the Emigration Committee of the National Council of Women—
Many Cases of Hardship Have Arisen in the Past—Lord Morris Called to London.

(By Dominion News Service.)

London, June 21.—The emigration Committee of the National Council of Women have forwarded to the meeting of premiers through the Secretary of State for the Colonies a petition asking the Empire representatives to discuss the desirability of fixing a uniform medical standard for immigrants into the several dominions. In their petition they instance many cases of the hardships that have arisen in the past out of the refusal of the authorities to permit them to land and they propose that all immigrants should be examined by doctors in the employ of the several Dominion Governments both at the point of embarkation and at the port of arrival.

They point out that under the present arrangements immigrants run the risk of rejection through the examination of three separate doctors and they point out that as the physical standard is higher in the Dominions than it is in Britain immigrants have no assurance that even when approved at the port of embarkation and certified by the ship doctor that they will be permitted to land.

LORD MORRIS TO TESTIFY

Lord Morris, for many years Prime Minister of Newfoundland has been summoned to London to give evidence before the Finlay Embaro Commission according to reliable information obtained by the Dominion News Service.

The evidence of Lord Morris is expected to show that cattle have been imported into Newfoundland from Canada for over a century without any complaint and without any disease being directly traceable to their entry.

PRESS PARTY BROKE UP AT TORONTO TODAY

(Special to The Daily Mail.)

Sudbury, Ont., June 19.—The representatives of the Canadian Weekly Newspapers Association entered on the last stage of their journey on Saturday night when they boarded the C.P.R. special at Port Arthur, shortly after ten o'clock, after having an enjoyable dinner and dance at the Prince Arthur Hotel, as the guest of the Canadian Government railways. The party was met at Fort William by the mayor and representatives of the twin cities where they were loaded into automobiles given an opportunity of seeing the sights of the two cities, being subsequently entertained at the hotel mentioned.

During the evening Miss Hunt, the daughter of the Genial Manager sang two solos which were loudly applauded. Later in the evening in a special coach attached to the train the company were entertained to a series of interesting stories told by Mr. Calder, the official representative of the C. P. R. This morning everybody was up bright and early, the weather being blazing hot and arrangements were made for a short stop at the quiet little station of Missinable where the Rev. A.H. Moore of the News St. Johns Que., conducted a religious service at which all attended. This was the finish of a perfect journey and the party will break up at Toronto in the morning. Everybody expressed themselves as well satisfied with the comforts given them by the railways and in future they would be in a position to better understand the situation.

Late Mrs. Sarah O'Leary.

The death occurred on Saturday morning at the home of her son at Rusiagomis of Mrs. Sarah O'Leary, widow of the late Michael O'Leary. The deceased lady is survived by four sons, two daughters, sixty grand children and twenty-two great grandchildren. The sons are Thomas and John of Rusiagomis, Charles of Sand Point, Idaho, and Hugh of this city. The daughters are Mrs. Bessie Johnston of Rusiagomis, and Mrs. John Fletcher of New Maryland. The funeral took place on Sunday afternoon, Rev. Mr. Bulteel conducting the services. Interment was made at New Maryland.

SCHOOL SUPT. THE TARGET FOR ROTTEN EGGS

Waterville, Me., June 19.—Mayor E.E. Finnmore has offered a reward of \$25 for information that will lead to the apprehension and arrest of the parties who were guilty of an egg-throwing incident on Friday evening when superintendent of schools, W.H. Patten, his wife and another woman were made the victims of a volley of rotten eggs. The affair happened just as Mr. Patten and the women were turning to enter The Raymond, where they live, after attending the graduation exercises of the high school at the City Opera House. The mayor said that such an act was a disgrace to the city.

The miscreants were hidden behind a building connected with the Unitarian church.

Car Released By Customs.

The Mitchell roadster which was wrecked in this city May 20th while running liquor through to Maine points, with the resulting death of Fred Hazlett of Devon who was a passenger, was released by L. C. Macnutt, Collector of Customs at this port on Saturday. The car was in New Brunswick under a tourist license for thirty days, being registered in the State of Maine. The license was in the name of Frank Anderson brother of Guy Anderson of this city who was driving it. Hibbard Bros. of Houlton had a lien on the car and through J. J. F. Winslow of this city had it released. The seizure was made because the car was used for commercial purposes.

Seriously Hurt By Horse.

Alfred Lovejoy of Grand Falls, aged about twenty years, was very seriously injured in Devon on Sunday when a horse which he was leading to water kicked him in the forehead. The accident occurred about 9 a. m. and Lovejoy had not regained consciousness at an early hour this afternoon. Victoria Hospital reports that he is slightly improved. Convulsions followed the injury and the young man's life was despaired of. His condition still is serious. Lovejoy was in the employ of Alex. and Roy Forbes as a teamster for upwards of a year. He recently came from Perth to work for them here.

CROWN FORCES AMBUSHED IN THE STREETS OF DUBLIN; SIXTEEN PERSONS WOUNDED

WARNING OF TIP-BURN ON POTATOES

Serious Disease which Attacks
Young Plants—Bordeaux
Recommended as Pre-
ventive by Dept.

Potato-growers are given warning by the Dominion Department of Agriculture of Tip-Burn on potatoes, a disease which in former seasons has caused serious loss in production. George Partridge of Ottawa, Assistant Plant Pathologist at the Experimental Farm at that city, has issued the following bulletin on the subject.

A trouble which is widely distributed and very prevalent in some seasons, and to which the name "Tip Burn" has been given is to be found among our potato crops. This trouble takes the form of a gradual burning and drying-up of the leaves of the plants, often commencing at a comparatively early stage in their growth and, in many cases, if allowed to go on unchecked, slowly but surely involving the whole of the plants so that they die down a considerable time before the tubers are fully developed.

Confused With Late Blight.

The appearance of this trouble in the fields is often mistaken by growers for Late Blight. There is, however, a marked distinction between the two, for Late Blight may commence by attacking any part of the plants—leaves and stems alike—has a dark, water-soaked appearance and in its early stages, is damp to the touch, while Tip Burn invariably commences at the margin or tips of the leaves and has a decidedly dry appearance and touch with the exception of after rain. It also appears much earlier in the season than Late Blight has ever been recorded and does not cause the death of the plants so rapidly. Nor has it ever proven so destructive as Late Blight, although evidence has been obtained that in seasons when it is severe and where no effort is made to check, a considerable reduction in the yield of marketable tubers, due to the premature death of the plants from this cause, may result.

Cause Not Yet Known.

Investigators of this trouble are not yet in agreement as to the cause. The observations of some have led to the belief that a period of hot, dry weather during the growing season causes the leaves to throw off moisture more rapidly than it can be furnished by the plant, the result being the appearance of Tip Burn. This theory seems, however, to be disputed by the fact that the trouble is not found in the hot regions of the Western States where the temperature often becomes excessive and the air is especially dry.

More recent investigations lead to the belief that this burning of the leaves probably follows the depredations of sucking insects. These investigations are not yet complete, but enough evidence has been produced to serve as a warning to potato growers to keep these insects pests thoroughly under control in an endeavor to avoid Tip Burn.

Bordeaux Mixture Needed.

We have found in our experimental work with potatoes that Bordeaux mixture will to a large extent control this trouble. In 1918, when it was extremely prevalent, we had several plots to which, for the purposes of experiment, Bordeaux mixture was not applied. These plots suffered from a severe attack of Tip Burn and the plants were all killed down by the second week in August, while other plots on the same land, and to which, for the control of Late Blight Bordeaux mixture was regularly and thoroughly applied, suffered to a very slight extent only, the plants remaining green until frost came. Bordeaux mixture acts as a repellent to the Leaf Hopper, as well as a protection to the plants. Many other cases in addition to that referred to have come to our attention, bearing evidence that regular and thorough spraying with this mixture will reduce to a minimum the ravages of Tip Burn.

BOMBS THROWN FROM WINDOWS

Troops and Police Auxiliaries
Rushed to the Scene and
Search Houses and Pedes-
trians. Sinn Fein Campaign
Being Carried on Against
Steamers. Woman Shot.

Dublin, June 19.—A count of the casualties resulting from the ambush of crown forces at the junction of Ryders Row and Capel street last night shows that the affair was more serious than at first reported, one officer, five soldiers and ten civilians being wounded in the fighting.

The attack was carried out by means of bombs thrown and rifle fire opened from nearby windows. Troops and police auxiliaries were rushed to the scene, and when the fight had ended they surrounded the district and searched houses and pedestrians.

About the time this raid was occurring ex-soldier named Pike was shot dead in Drumcondra, a suburb of Dublin, while two other ex-soldiers were shot dead near Birr, King's county.

Armed civilians were discovered late yesterday laying a road mine at Coolbawn by a party of soldiers, who opened fire, killing one and wounding two others.

A police patrol was ambushed near Newmarket-on-Fergus. One policeman was wounded, one of the attacking party, who had been wounded, was captured and another member of the party is believed to have been killed.

Philip Duggan was dragged from his home at Grangeshiggen, County Kildare, by eight armed men and shot dead. His mother, who is seventy years old, was seriously wounded.

The dead body of Patrick Darcy, a school teacher, was found near Corraclare by a police patrol. It was labelled: 'Sooner or later we get them. This spy was tried, convicted and executed by the Irish Republican Army.'

The Sinn Fein campaign against steamers carrying supplies to crown forces, coast guard stations and residences on the countryside continue unabated.

The steamer Rostellan Castle, with supplies consigned to the military forces on Spike Island, was boarded yesterday by twenty armed men in boats at Black Rock, County Cork, and beer, potatoes and cakes were thrown overboard.

Four coast guard stations in County Dublin were burned to the ground, the Wexford county court house was bombed and destroyed and Ravensdale Castle in County Louth, one of the finest mansions in Leinster, was set on fire Saturday morning. The castle had recently been sold by Lord Arran to a Dublin merchant.

HIGH SCHOOL ENTRANCE.

Record Number of Candidates Writing—Began This Morning.

The High School entrance examination began this morning at the Assembly Hall of the Normal School with R. D. Hanson in charge assisted by Mrs. Clifford Creed, G. A. Inch and Miss Lenta Hall. The largest number in the history of the local schools are standing the examinations this year, there being one hundred and fifty-five in their places at the Normal School. Many come from outside points, four from Pennac, two or three from Mougerville, one from Summer Hill, thirty-two from Devon, thirteen from Marysville, as well as many others. In all there are about fifty more than the average number writing the papers.

These examinations will continue until Friday. Medals are given by the Lieutenant Governor for every county with the exception of Victoria and Madawaska, which are combined for this purpose, and it is thought that competition for this medal will be very keen in this county at least. The winner of this medal will be determined by the examinations now being written.
