FIRES IN GLOUCESTER CO. CAUSES SOME DAMAGE

Losses Will Be in the Neighborhood of \$25,000—Three Hundred Thousand Feet of Lumber Go Up in Smoke—Loss is About Half Covered by Insurance.

Bathurst, Nov. 4—Fires in Gloucester county during the past week have caused losses of about \$25,000.

A portable mill and all the trappings that go to make it an operating asset, together with a quantity of lumber estimated at about 300,000 feet, was destroyed at Miller's Brook near Salmon beach. The owners are the George Eddy Co., Ltd., of Bathurst. Nothing was known of the fire here until the following day, and it appears from all accounts that once the blaze was well under way, nothing that could have been done would have averted the wiping out of the plant.

In speaking of the affair, Chesley Eddy declares that the loss is only half covered by insurance, as he had cancelled some of his policies only a few days before, because he did not think the risk of the fire was great enough at this season to warrant his carrying them further.

The monetary loss is estimated at nearly \$20,000.

Residence Burned.

The residence owned and occupied by Mr. and Mrs. George Allison caught fire in some unaccountable way last Thursday evening while its occupants were out, and before the fire brigade arrived, the interior of the house was totally destroyed. The flames had made such headway before being discovered that they could not be checked, and in consequence the house is a total wreck. The firemen worked indefatigably in their efforts to save the buildings. Fortunately there was no wind and the adjoining houses were not at any time in danger.

Blaze in Mill Yard.

Just as the brigade was through with their task the fire alarm sounded again and the word was flashed across the wires that fire had broken out in the lumber yard of No. 1 mill of the Bathurst Co., Ltd., in West Bathurst where another fire occurred only a few weeks ago. The firemen piled on to their vehicles and made the second venue. In crossing the village bridge the whole yard appeared to be in flames, for the hour was then late and the darkened sky intensified the glow of the fire.

Upon arriving in the yard it was discovered that the outbreak had occurred in that section of the yard abutting upon the dock and in line with the thoroughfare leading through. Instead of the whole yard, with its millions of feet of lumber, being ablaze it was found that the flames were still confined to a few piles. By the expeditious application of water the brigade averted a tremendous conflagration, for the wind, which up till then had been slight, showed a tendency to rise.

The loss in the case of this fire is estimated at between \$2,500 and \$3,000 which represents about seven or eight piles. In the case of the Allison fire the loss is considerably more and it is understood that here also the loss is covered by insurance.

Fire at Burnsville.

Fire broke out in one of the barns of the Gloucester Lumber and Trading Company at Burnsville on Wednesday and the structure and all its contents, which latter comprised a lot of lumbering equipment and a quantity of fodder, were destroyed. It was reported that an extensive loss of lumber had been caused by the fire but this proved to be a mistake, the flames being confined to the barn. The loss has not yet been figured out.

SYSTEMATIC CATARRH

A bad case of Catarrh is not an easy thing to treat and a remedy that makes good deserves great credit. Catarrhzone certainly fixed up Chas. H. Webb, who writes from Woodstock: "For a number of years I was troubled with Systematic Catarrh. Nothing helped me very much. I used Catarrhzone Inhaler and got relief. To build up my system I used Ferrozone. This combination can't be beaten. They made me well." Your case may also be bad, but Catarrhzone will do for you what it did for Mr. Webb. Two months treatment \$1.00, small size 50c. All dealers or the Catarrhzone Co., Montreal.

Sir Georges Tour.

Sir George E. Foster although no longer a cabinet minister is apparently still travelling about in a private car at the people's expense. He is now campaigning in Nova Scotia for the Meighen Government and the Truro News has the following concerning him: Sir Geo. E. Foster and Lady Foster passed thru Truro this morning en route East. His car 102 was attached to No. 5 Sydney.

J. E. Angevine of St. John, Stewart Angevine and E. Douglas Angevine of Hampton are guests at the Queen.

WAY DOWN EAST COMING NEXT WEEK

The Monday, Tuesday and Wednesday play is "Way Down East." D. W. Griffith has climbed to new altitudes of achievement in "Way Down East." Those persons who came to scoff at the idea of revitalizing this old melodrama remained to cheer the sensational concluding scenes where the hero is attempting to rescue the heroine from the ice cake on which she is floating rapidly toward the falls. For excitement Eliza's adventure on the ice in "Uncle Tom's Cabin" was mere child's play in comparison. Of course the rescue of this exhausted girl, a would-be suicide, from the ice filled river is an addendum to the original play, but that does not make it any the less thrilling.

The other sensational feature is the snowstorm near the end of the picture with Lillian Gish battling her way through it and most of the rest of the company searching for her. It certainly had every appearance of being a genuine severe snowstorm. And perhaps it was, with some artificial wind whirling around for good measure.

But the most satisfying quality of this screen masterpiece was its very marked realism. No one overrated and every one in the carefully selected company was true to type. High praise can be given Miss Gish, Richard Barthelmess, who played the young hero, and Lowell Sherman, who was the villain, who deceived the young country girl with a mock marriage, and, in fact, all of the other members of the large company. The screen still has limitations, for all of the humor that was in the old melodrama did not get over so well in the picture. The spoken word still counts.

A Hitch Somewhere.

Hartland Observer: A meeting in the interest of Hon. B. F. Smith the Conservative candidate was announced for Tuesday evening but for some reason was called off.

GUILTY OF ASSASSINATION

The death warrant is passed out every time a corn is treated with Putnam's Corn Extractor. It means the end of the corn. Putnam's lifts out corn's root and branch, and never fails. Refuse any substitute for Putnam's.

MOTHER, QUICK! GIVE CALIFORNIA FIG SYRUP FOR CHILD'S BOWELS

Even a sick child loves the "fruity" taste of "California Fig Syrup." If the little tongue is coated, or if your child is listless, cross, feverish, full of cold, or has colic, a teaspoonful will never fail to open the bowels. In a few hours you can see for yourself how thoroughly it works all the constipation, poison, sour bile and waste from the tender, little bowels and gives you a well, playful child again.

Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful today saves a sick child tomorrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on the bottle. Mother! You must say "California" or you may get an imitation fig syrup.

SERVICE AT THE CHURCHES

St. Paul's Presbyterian

Sunday school 10 a. m.; preaching services 11 a. m. and 7 p. m. Loyal Workers Prayer meeting Monday evening 7:30; Prayer meeting Wednesday evening at 7:30. Pastor Rev. R. W. MacCaul. All are welcome.

A New One.

Pictou Advocate: Dr. Murray told us the other day that he had heard of a flock of chickens being hatched out in a hay mow by the heat of moist hay placed on top of the pile of eggs. The doctor says that he got the story from a reliable man. Whatever the reliability of the doctor's informant we certainly had the yarn from a good source.

Your Home Town Paper What it Can Do for You--

First of all, it can bring to you the NEWS of your own home town. Week after week, it prints in detail the happenings of the community. Faithfully it sets forth the goings and comings of its people, giving careful attention to the homely little items that are ignored in the overworked dailies of the big cities.

It can furnish you with more interesting information about people you know, or used to know than could a dozen private correspondents. The one who writes to you may know only a few of your friends at home—but your Home Town Paper knows them all. It tells you about people you are interested in.

Finally, in a good, hard business sense, your Home Town Paper is of value to you. It keeps you posted as to the industrial and commercial growth of a community which familiarity may have caused you to neglect. It often reveals that keen people see, right in your home town, a mine of golden opportunity. The moral is obvious—
