

NO PROGRESSIVE CANDIDATE NOW THOUGHT LIKELY

**C. N. GOODSPEED
IS NOT CANDIDATE**

Sunbury County United Farmers Said to be Against Putting Up Man—Liberal Campaign.

Clarence N. Goodspeed of this city who was mentioned as a possible Progressive candidate in York-Sunbury after the definite retirement of ex-Warden E. W. Stairs of Southampton, stated this morning that he would not be a candidate. The impression is that there will be no Progressive candidate in this constituency.

Sunbury Against it.

A conference of the members of the Progressive party of Sunbury County was held yesterday according to report current here today. The general opinion was that a candidate should not be put up in this constituency.

Liberal Campaign.

The Liberal campaign in the interests of Col. Osborne will get going at full speed next week. Organization in Fredericton is progressing and there was a large and efficient committee at work last night. Campaign meetings will be advertised in the near future with a big rally at Fredericton to start.

E. J. Miles and E. C. Atkinson are performing the secretarial duties at local headquarters.

Social Event.

Miss Hilda Gregory entertained at six tables of Bridge last evening at her home at Salamanca Miss Louise Sterling was the prize winner.

G. W. V. A. Festival.

There has been a big advanced sale of tickets for the G. W. V. A. Festival at the Armory Monday, night Thanksgiving Day the York Regt. Band is cooperating with the G. W. V. A. Both organization deserves the support of the public.

Was Wrath.

Carlton Sentinel: For carrying fire arms in the woods without a license a local M. P. P., was brought before a magistrate and fined. It was said that he was very angry and among other dire threats promised to upset the government.

Returned to Vancouver

Mr. and Mrs. Willard Kitchen and Miss Kitchen, who have been spending the last month here, have left for their home in Vancouver. During their visit here they have been the honor guests at many social functions.

Holiday Mails.

On Monday Thanksgiving Day there will be special arrangements for the mails. At the post office the stamp, delivery and registered mail department will be opened from ten o'clock to noon. There will be no delivery by carriers about the city but the mail will be collected from the boxes.

To Wed at Winnipeg

Rev. Charles R. and Mrs. McNally have announced the engagement of their daughter, Marion Stuart, to Charles Wesley Roberts of New York city, the marriage to take place at Wallace Lodge, Palmerston avenue, Winnipeg, on Nov. 17.

Death of Little Girl.

Mary A. Cruikshank little daughter of Mr. and Mrs. William Cruikshank of this city died last night after an illness of only a few days' duration with meningitis. The little girl was in her ninth year. There is marked sympathy for the bereaved family which formerly resided in St. John. Besides the parents brothers and sisters survive. The funeral will take place Sunday afternoon with service at Christ-church Cathedral. Interment will be made at Forest Hill Cemetery.

On Long Voyage

Capt. J. A. Read left on Thursday evening for New York where he will take passage by steamer tomorrow for Seattle, Wash., via the Panama Canal. He expects to stop at Colon, Balboa, San Pedro, Los Angeles and San Francisco while en route. Capt. Read's last voyage to sea was during the closing year of the war, when he left St. John for South Africa in command of the schooner Silver Leaf. The vessel, which was an old one, sprung a leak off the coast of Brazil. In trying to reach Barbadoes she ran ashore and became a total wreck. He retired from the sea after the close of the war.

WAR TROPHIES GIVEN THE CITY NOT CARED FOR

**HUN MACHINE GUNS IN
CITY HALL BASEMENT**

**Five Guns Which Arrived in
Summer Used Like Junk—
G. W. V. A. Likely
to Inquire.**

It is probable that the recently re-organized Fredericton Branch of the Great War Veterans' Association will take action in the form of an inquiry concerning the war trophies which were sent to the City of Fredericton. They are five German machine-guns and at present reposing in the basement of the City Hall among old lumber and other discarded articles. The guns arrived during the summer but nothing ever was done about having them mounted or cared for.

Parts Have Been Taken.

Frequenters of the City Hall say that parts of the guns which could be detached have been taken by pilferers as there is no means of keeping the basement closed and on market days it is full of people.

Schools Could Have Them.

One suggestion is that, the four public school buildings of the city could each have a gun as a permanent war trophy and the City Hall have the fifth. Position inside all five of those buildings could be secured for the trophies where they would be protected from the weather.

Saw Heavy Service

At least two of the guns were in heavy service as holes made by shrapnel in the jackets are visible. The dates of capture of the guns and the battalion or other unit to which the capture was credited, are stencilled on the guns in white paint.

Action with regard to these trophies certainly should be taken by the civic authorities or whoever is responsible for them.

Exodus of Students.

Monday being Thanksgiving Day and a holiday makes a long week-end and many students of the city who can reach their homes have taken advantage of it to make a break in the term. Trains last night carried many from Fredericton. They will return on Tuesday.

A. A. Mc Clasky of Montreal is registered at the Barker.

REGISTRATION FOR ELECTION IS HEAVY HERE

**NEW ELECTION ACT
CAUSES INCONVENIENCE**

**Many Women Electors Being
Registered—Interest in the
Election is Becoming
Greater.**

Judging from the registration of electors which has taken place in Fredericton during the week, and particularly within the past day or two there is keener interest in the Federal general election which will take place December 6th, than in any election held in some time. Both A. C. Fleming and J. H. Hawthorne registrars for the two divisions of Fredericton, have been busy and in Devon and other electoral division the same has been true.

Many Women Registering.

The number of women registered is unusually large. This evidently is due to increased interest in matters political either on the part of the women or the political parties which are interested in their votes.

General Complaint.

There is general and loud complaint concerning the provisions of the Election Act which differ materially from those of previous acts. The chief fault found is that there is no means of knowing at the present time, whether or not a name is on the list, except by personal application to the registrars. The last provincial list is supposed to be the basis of the lists for the election but there have been numerous instances of electors whose names were listed in the provincial lists and even for the Federal by-election of May last, not being shown on the lists now in the hands of the registrars.

Revision to Follow.

The period for registration will close this evening. The lists then are to be printed and posted and revision will follow but will be a process attended by some difficulty, greater difficulty in fact than was experienced before. It is putting it mildly to say that the Election Act of the Meighen Government is unsatisfactory.

Delegates at Montreal.

Ex-Ald. Hugh O'Neill and G. T. Feeney left Friday night for Montreal as delegates to a meeting of the Dominion organization of the Self-Determination for Ireland League. Edward O'Connor and M. E. Doochan also went.

What Will Be Worn This Fall?

The New Colors and Fabrics are
Now Here on Display

A VISIT to our Piece-Goods Department is a little trip to fashion land. For, here, in beautiful lengths of velvets, in rich brocades, in serge, duvetyn, velours and a host of other fabrics, one may visualize just the smart frock, dress or suit that one has dreamed of for Fall.

And this Fall you can buy and buy of these exquisite fabrics—you may choose from a myriad of lovely styles just the ones that you love best—and transform them into frocks with all the smartness exemplified by the dresses shown here. All because of a wonderful new invention, the Deltor, which accompanies every new Butterick Pattern.

And it's so easy! In three simple steps—one, professional layout guide that saves you ¼ to 1½ yard of material; two, a picture-and-word set of instructions for putting together; and, three—a host of finishing suggestions—the Deltor saves you money and time and guides you invariably to real Parisian charm.
