SAYS HYDRO ELECTRIC DEVELOPMENT ONLY IN ITS INFANCY—MANY EXCELLENT SITES IN N. S. AND N. B.

ENGINEER OF POWER COMMISSION SPEAKS

New Brunswick and Nova Scotia Development Will Eventually be Linked up Under One System—Prediction of Mr. K. H. Smith Engineer of N. S. Commission.

Halifax, July 20—The regularly monthly meeting to the Nova Scotia Electrical Association took place last evening at the Green Lantern. President Murdoch was in the chair, the chief address of the evening being delivered by K. H. Smith, Engineer of the Nova Scotia Water Power Commission on the much debated subject of "Hydro Electric."

However, Mr. Smith did not deal of that phase of the question which has been occupying the attention of the city fathers for the past few months. He did not state whether or not he thought it would be advisable for the city to take over the St. Margaret's Bay development or hand it over to the Tram Company. He confined his remarks to the possibilities of hydro-electric in this Province and in New Brunswick, illustrating his remarks by slides and maps. He pointed out that in the plans of the Nova Scotia Water Power Commission the St. Margaret's Bay development was but one link in a chain which is eventually to cover the whole Province and to link up with the New Brunswick development.

The next source of power which the Power Commission intend to develop in Nova Scotia is that of the Sheet Harbor district, which is intended to serve the industrial centres of New Glasgow, Stellarton, Westville and the surrounding country. Another source that will later be developed is that of the St. Croix near Windsor.

In New Brunswick there are already many excellent sites under investigation, chiefly in the vicinity of St. John, Moncton and Newcastle. Eventually the whole of the Maritimes will be united under one system—a network of lines and branch lines serving the whole of the country and allowing that expansion in the industrial growth of the country which is its right by nature.

The address of Mr. Smith was well received by those in attendance among whom were a number of outside guests not directly connected with electrical interests. A splendid musical programme was rendered by the members of this young but vigorous association.

ENCOURAGING FARM REPORTS FROM KINGS CO

Marsh Hay Very Heavy—Considerable Drop of Apples—New Potatoes Already Have Been Shipped.

Pohn Woods, of the Grain and Seeds Division of the N. B. Department of Agriculture returned to the city yesterday after spending his holidays at his home a few miles above Hampton Village. He reports that there has been a heavy drop of apples in that vicinity this season, and that hay will be about a three quarter crop. Grain looks well, according to Mr. Woods and the recent rain have been in time to help the crop out greatly. Raspberries are beginning to ripen and are found in large quantities, but strawberries are done for this season. Some new potatoes have already been shipped, and are showing up well. Gooseberries and currants are scarce. Hay in that locality is well under way, and the marsh hay crop will be exceptionally good unless rain prevents the harvesting of it. On Mr. Wood's own farm he cut marsh hay over eight feet in length. Mr. Wood's optimistic outlook is quite a treat after the numerous reports of crop failures that have come in from other parts of the province.

COAL PRICES WILL NOT FALL

Montreal, July 19—A leading coal merchant of this city said today that the public must realize that anthracite coal has passed into the luxury class in connection with the fact that buying was never so low as at present owing to the belief that freight rates on the railways would shortly be reduced and consequently coal prices would fall.

This he said, was an entirely erroneous impression.

Today's Races Postponed.

The second day's card for the Fredericton Midsummer Harness Racing Meet is announced today to be postponed until Thursday on account of the track being too heavy as the result of the heavy rain Tuesday night. Roy Volo's time, 2.08 1/4 made in the 2.12 Trot and Pace on Tuesday, not only was a new mark for the horse and the track but also for the Maritime Provinces breaking the Chatham track record of 2.08 1/4 made in 1920 by Peter Farren.

Married Tuesday Evening.

Merville O. Fletcher of Devon and Miss Retta Colwell of Presque Isle, Me., were united in marriage at the Reformed Baptist Parsonage Tuesday evening. They were unattended. Rev. P. J. NEGOTIATIONS FOR SETTLEMENT OF IRISH QUESTION TEMPORARILY SUSPENDED

Report that General Smuts May go to Belfast as an Intermediary—The Last Word Has Not Been Spoken by the Ulsterites—The Irish Delegates are Still Hopeful.

London, July 20—Eamonn De Valera, the Irish Republican leader and colleagues who accompanied him to London for the conference with the premier, Mr. Lloyd George, in an effort to lay the basis of a tripartite conference for a solution of the Irish question, are marking time in anticipation of the conversation of Mr. De Valera and the Premier on Thursday morning.

It is reported that by that time Mr. Lloyd George will have received the approval of the British cabinet.

The spokesman of the Irish delegates today characterized their attitude as "still not unhopeful."

With reference to the statement to the press of Sir James Craig, Ulster premier, in which he declared it only remained now for Mr. De Valera and the British people to come to terms regarding the area outside that of which he is premier, and that the people of Northern Ireland made no claim whatever to "determine" the terms of settlement which Great Britain should make with Southern Ireland, the spokesman said:

"It is not a question of Belfast being subservient to Dublin or vice versa but that both must be subservient to Ireland."

General Smuts, the South African premier, may proceed to Belfast as intermediary, and the fact that the Ulster leader has declared that his services and those of the officials under him "re available at any moment," leads to a hopeful view that the final word of the Ulsterites has not yet been spoken.

THE MEIGHEN GOVERNMENT MAY TAKE THE PLUNGE THIS FALL

Ottawa, July 20—Whatever may be the views of yesterday's elections in Alberta are ultiing in defeat of a progressive Liberal ministry against which no charge of incompetency was levelled, it is admitted here that the result reflects the western mentality and that if Premier Stewart has fared ill Mr. Meighen and his government would fare worse. The fact that not a single Conservative has been returned in the whole province is looked upon as a warning of what the Dominion government may expect.

An impressive growth has already been noted in the opinion that this fall will see a general election. Offers of bets to that effect were made today.

While there have been endeavors to give Mr. Meighen credit for suggesting a disarmament conference the controverting facts are that Senator Borah proposed it about a year ago in the United States senate.

Halifax, July 20—Premier Murray who has completed a quarter of a century in office will be honored in the Legislative Council Chamber this afternoon, when a congratulatory address will be presented to him. YACHTS LEFT TODAY FOR THEIR HAILING PORTS

R. K. Y. C. Sunday Service at Sand Point—Fast Motor Craft Aground Coming Up River.

The fleet of the Royal Kennebecasis Yacht Club which has been lying at anchor off the A and B Club since Monday afternoon left this morning for the lower part of the river. No breeze was blowing and several of the yachts which are without power were taken in tow by the power boats and those yachts which have auxiliary engines. The fleet will stop at Sand Point where the annual yacht service will be held. For the past few years this service has been held at Crystal Beach.

Fast Motor Craft.

The power boat, Migrace, of Bridge water, N. S. which arrived in the city last evening, left this morning for St. John en route for her home port. The Migrace is a speed boat capable of doing some twenty-four miles per hour, and her Skipper took on a pilot at St. John to navigate the river. The pilot evidently was not up to the mark, however, and he ran the boat aground while she was traveling about eighteen miles an hour. The result was that the propeller and shaft were damaged, and the party was forced to put to shore, hoist the stern out of the water, and install a new shaft and set of blades which were carried in case of just such an emergency. The Migrace is the property of W. T. Ritcey, President and General Manager of Acadia Gas Engines, Ltd., of Bridgewater, N. S.

The funeral will be held this afternoon, with service at the house at two o'clock. The services will be conducted by Rev. C. J. Barras, and interment will be made at the Methodist Cemetery.

Serious Cat Fight.

A very serious cat fight, rumored to have started with an altercation over daylight saving, took place on King street yesterday afternoon. The row was so serious that the employees of the Smith Foundry Co. knocked off work to view it. With some difficulty the felines were separated, only to renew the encounter a few minutes later. They were finally chased away, a draw being declared by the by-standers.

LIBERALS WILL HAVE FIFTEEN

Rural Constituencies Went Strong for the Farmers—Mrs. Nellie McClung Won on Liberal Ticket in Edmonton—Not a Straight Conservative Elected.

Calgary, July 20—The Farmers have swept Alberta. At 10 o'clock last night it was apparent that members endorsed officially by the U. F. A. had been elected to at least 38 out of the 61 seats in the legislature of the province. This demonstration of their strength involved the defeat of the Liberal Government headed by Hon. Charles Stewart.

The Liberal group in the next House will number not more than fifteen and perhaps less. Labor elected four and these can be added safely to the voting strength of the forthcoming farmer administration. Four independents also made their way to the Legislature including "Ab" Edwards, editor of the Calgary Eye Opener, who ran second in Calgary.

No straight Conservative was elected. General G. S. Stewart, the winner in Lethbridge, is described as an Independent-Conservative.

Premier Stewart has six colleagues in his cabinet. Three of them were defeated by U. F. A. candidates and three were elected. Hon. Duncan Marshall went down in Olds; Hon. A. McLean in Taber and Hon. George Smith in Camrose; Hon. J. R. Boyle, attorney general, was elected in Edmonton, but defeated by a farmer in Sturgeon. Hon. J. L. Cole won his fight in Grouard and Hon. C. R. Mitchell in Bow Valley.

H. W. Woods, president of the U. F. A., but he worked actively during the campaign on behalf of the farmers. G. Hedley, a former Conservative provincial leader, who accepted a farmer nomination in Okotaka, was elected. Hon. C. S. Pringle, speaker in the last legislature, was defeated in Redcliff.

Two women were elected out of eight nominees. Mrs. Nellie McClung, well known writer, went in with the government ticket in Edmonton, and Mrs. Walter Pearby, a member of the last legislature, was returned for Lacombe.

Edmonton returned five Liberal candidates in a field of 26. Calgary split its vote, sending back two Labor men, two Independents and one Liberal.

Medicine Hat elected a United Farmer and a Labor candidate who ran on a joint ticket against two Liberals.

With thirty-six members the farmers will have two more members in the next legislature than the Liberals had in the last house.

It is a fact that only twelve members elected held office in the old legislature and only seven Liberals out of thirty-four former members are returned, though not all of them were candidates. These seven are Premier Stewart, Hon. Messrs. Boyle, Mitchell and Cote, and Messrs. Walker, Tobin and Mills. Two U. F. O. men, Moore and Headley, sat in the last House, though Headley was there as a Conservative. General Stewart and Pearson and Ross of Calgary complete the twelve.

It is expected that a conference of farmers members elect will be called at an early date to settle the political leadership so that the seats of government may be transferred and the expressed will of the people put into effect without delay.

Latest Returns.

Calgary, July 19—The latest election summary gives the standing of the parties in Alberta as follows: United Farmers—38.

Liberals—15.

Labor—4.

Independent—4.

Miss Myrtle Moffatt and Miss Margaret Edgar left this morning for Charlottetown, P. E. I., where they will spend two or three weeks' vacation.
