Advertising is News

WITHOUT ADVERTISEMENTS this paper would not be as interesting to you, because the information about goods for sale in the stores is news—just that.

Many people read newspapers as much for their advertising columns as they do for other news.

This is particularly true at this time of the year.

Stores are now advertising Spring Wearing Apparel and a host of things that are bought for household use, incident to spring cleaning.

Think of the money that will be spent by women for spring clothing. The new frocks, hats, shoes, lingerie, corsets, gloves, sweaters, neckwear, light wraps and blouses that will be bought.

The same is true of men's buying. Think of the suits, light top coats, hats, shirts, collars, ties, gloves, socks, shoes—the sporting goods and the incidental wearing apparel bought for golf, tennis and so on.

Think of the new things that will be bought for spring cleaning and home convenience at this time. The vacuum cleaners, carpet sweepers, brooms, gas and electric heaters, ranges, washing machines, paints, varnishes, floor wax, cleansing fluids, curtains, upholstery, garden and porch furniture, lawn mowers, garden tools, etc.

Think of the lighter foods coming into use. Cereals, fruits, salads.

All these new demands are incident to the changing season, and they all are Trade Stimulating.

People feel livelier at this time and consequently loosen up their purse strings.

The opportunity for local merchants to get over effective Local Advertising News at this time is so evident that it needs no emphasis.

UNITED FARMERS WILL

HAVE THIRTY NINE SEATS

Calgary, July 19—Probably within one week, the United Farmer members elect of the Alberta legislature will meet to choose a political leader who in turn will be invited to undertake the formation of the first United Farmer government in this province. Within a fortnight from this time it is expected that Premier Stewart will have handed over the administration to a new prime minister and a new cabinet. There is good authority for these statements, although no action has been taken officially at this time to put into effect the vote of yesterday.

Officials of the United Farmers of Alberta have no precedent, they say, for the steps which have to be taken. It is the general expectation, however, that a call will go from headquarters here for a conference of farmer members-elect with the general officers of the organization. Defeated candidates will not participate in the deliberations.

Word from Edmonton today is that Victoria constituency has left the Lib

eral column, reducing the Liberal representation to fourteen and increasing the United Farmers to thirty-nine. W. Fedun, U. F. A. candidate there, has a majority of thirty nine with all polls heard from. The U. F. A. will contest in the courts the validity of the declared election by acclamation in Whitford of the Liberal candidate.

The election saw the virtual disappearance of the Conservative party from the legislature. The twelve candidates who ran on the straight party ticket were defeated, General J. S. Stewart, victorious in Lethbridge in a contest with a Labor opponent, is termed as an independent Conservative. A. F. Ewing, leader of the provincial conservative party ran next to the five successful Liberals in Edmonton city. The rumor that Hon. Charles Stewart might lead a Farmers government is revived here today, but the Morning Albertan thinks that he would not care to take over the task.

HON. MR. KING

CONGRATULATES

PREMIER OF N. S.

Ottawa, July 19—The following congratulatory message on the completion of his twenty five years of service as premier of Nova Scotia was dispatched to Premier G. H. Murray today by Hon. W. L. Mackenzie King, leader of the Liberal party in Canada.

"On behalf of the Liberal party of Canada permit me to extend to you the heartiest of congratulations upon the completion of twenty five years as premier of the province of Nova Scotia.

"Your leadership of a quarter of a century constitutes a record of honest administration unsurpassed in any of the British self-governing communities and one which is not less a source of pride to Liberals throughout the dominion than of honor to yourself and the Liberals of your province.

"I am sure I am right in believing that, irrespective of party, the people of the provinces will deem it a privilege to join on this occasion with their fellow citizens of Nova Scotia in giving expression to an appreciation which is nation-wide of the qualities of heart and mind which have characterized the many years of your disinterested and distinguished public service.

CHICKENS

IN DEMAND

New York, July 19—Four crates, each containing twenty five chickens, broilers—were scraped off Joe Cortolano's truck when he drove under the elevated railroad structure at 145th street and Third avenue yesterday. The crates broke. The chickens hopped out. The citizens of The Bronx hopped after the chickens. When Joe Cortolano completed his round-up and went on his way his 100 chickens had dwindled to twelve. So that's that!

OLD DEMAND

FOR CLERGY

IS GONE

London, July 16—There is much to discourage men from entering the ranks of the ministry, according to the Bishop of Durham, who moved at a National Church Assembly this week for the rejection of a proposal to vote \$100,000 for the Knutsford Test School for ministerial candidates. The clericals by a large majority decided that the demands of the church did not justify the expenditure.

"The old demand for the clergy has ceased," said the Bishop, "for much that they once did is no longer asked of them. The slums have largely disappeared, and the State has assumed the burden of this and other great works. The conditions of the ministry have become so unsatisfactory that parents largely have ceased to include a clerical career as one of the possible options to be placed before their sons.

"This could be remedied if a more adequate remuneration could be provided. We must contemplate the time when we will get far fewer candidates for the ministry than at present, but these must be better remunerated and have a higher standard of competence.

The Bishop deprecated the use of advertisements to stimulate interest in the vocation saying it would lead to disaster. He thought it would be better to emphasize the demand for sacrifice in the Christian ministry and also to elevate the church in the public esteem.

GUARD AGAINST

FOREST FIRES

Gustave C. Piche, Chief Forester of the Province of Quebec, in a statement given out last week appealed to the public to give more attention to the danger of starting forest fires. He urged that fishermen take great care to see that camp fires are completely extinguished and also requested that they refrain from smoking when walking through the woods.

The drought since the month of April has been exceptional, he said, but still some people did not seem to realize what they were about. He instanced the case of one man in Metane County who was reported a few days ago for burning bush, which is against all regulations in dry seasons. The fact that the crops would be a failure this year aroused the people, but the crops might be excellent next year. Few seemed to realize that a forest once destroyed could not be restored in 100 years.
