

ROY VOLO PUT ON NEW TRACK RECORD YESTERDAY

Fredericton's Midsummer Harness Meet on the Maine and New Brunswick Circuit opened Tuesday with a new track record set by a local horse. The honor fell to Roy Volo in the 2:12 Mixed Class, taking half the second heat in 2:08 1/4, taking half a second off the time of Peter Farren the previous record-holder. Roy Volo in the first heat also had lowered his own mark. The Problem took one heat from him. The Houlton horse had won at Woodstock and was expected by many to repeat here. In the fourth heat it was noticed that the best did not seem to be brought out of The Problem and it was announced from the officials' stand that a decision on the case of Driver Tingley would be announced before the close of the meet.

Needless to say the win of Roy Volo was very popular. Those who had taken the field against him on the last heat were not satisfied, however.

College Swift was good enough to take the 2:18 Mixed Class in straight heats being the second Provincial winner.

The 2:27 Trot went to Peter Verde the favorite after Nutwood Lou took the first heat. On that heat the parimutuel paid \$9.90 on a ticket.

The Pacing.

The 2:18 presented no startling features. College Swift was the winner each time. Each heat was a contest between College Swift and Don Q. There was a big field of starters and there was much scoring. All eight horses were in it till the end.

In the 2:27 Nutwood Lou made things interesting in the first heat when she beat out the favorite Peter Verde by inches. That was her last heat however, Peter being good enough for first position after that. In a field of nine starters three got the flag the first heat of this race.

The Big Event.

The event of the day was the 2:12 Mixed Class. The Problem on his showing at Woodstock was a favorite with some outside people but the local bettors pinned their faith to Roy Volo. He responded nobly. His first heat was in the excellent time of 2:10 and in the second heat he put on a new track-record 2:08 1/4. In the third heat those looking for a chance in the betting were happy for The Problem captured it. In the third heat Roy Volo still was a hot favorite and won out. After this came the announcement that there would be a decision on the case of Driver Tingley who was up behind The Problem. The track was a trifle heavy as the

result of the heavy rain Tuesday morning. The weather threatened rain but none fell and at times the sun was out.

The band of the York Regt. played during the meet and the attendance did not seem to be greatly influenced by the weather.

The summary:—

2:18 Trot and Pace, Purse \$400.

IDLE ACTORS PUT BLAME ON MOVIES

London, July 19—The theatrical profession in London blames the movies—which means the American movies—for they are the most popular here—for the widespread unemployment among actors which is causing grave concern. Of 5,000 members of the Actors' Association, which represents only a section of the profession, 2,000 are now without jobs, and it is estimated that other thousands, many of them well known, cannot get bookings. The association has decided to call a mass meeting to investigate the situation.

"The number of actors and actresses out of work is unprecedented," says Jack Fortescue. "Men and women standing reputations have been stranded in many cases for four and five months and genuine artists are being barred from the offices of the managers. They are undercut by new entrants whose limelight aspirations have simply overburdened the profession."

There is a movement on foot to afford relief by federating societies, such as those of musicians, actors, variety actors and stage hands, so as to use their coordinated power to better their conditions.

Returning to California.

Arthur H. F. Limerick his wife and child will leave on Wednesday for Taft, Cal., where he is engaged in the oil fields. Mr. Limerick has been visiting here for several weeks. His wife formerly was Miss Edith Inch of Marysville.

The D. S. C. R. is now being removed to St. John and the buildings erected by the Federal Government a few years ago at a cost of \$200,000, more or less, are likely to remain idle for an indefinite period. Last year the garrison, which more early in the war consisted of one non-commissioned officer, was transferred to the Upper Provinces, and John Barleycorn is now on duty at the soldiers' barracks. It is quite evident that the government has no intention of carrying out the promises made prior to the recent bye-election.

Who Goes To Work With You ?

One of two companions leaves the breakfast table with you; help or handicap.

The right food gives you a lift with the day's work.
The wrong food weights you down.

Grape-Nuts

is a help.

It gives balanced nourishment without taxing the digestion as heavy, starchy foods do. It adds energy without taking energy away.

Grape-Nuts with cream or milk contains the essential elements needed by body and brain.

Crisp, sweet, delightful—Grape-Nuts is an ideal dish for breakfast or lunch.
