

LIMIT PLACED ON SEASON'S BAG OF PARTRIDGE

OPEN SEASON FOR
TWENTY DAYS IN OCT.

Birds Have Been Protected for
Three Seasons and Have
Increased to Marked
Extent.

The close season on partridge which has been in effect since 1918, making three full seasons in which it has been illegal to kill partridge, will be removed for twenty days this year, shooting of the birds being permitted from October 1st to October 20th, inclusive of both dates.

Limit on Bags.

A limit is placed upon the number of birds which can be shot. A day's bag is to be not more than six and a season's bag not more than twenty.

Birds Are Plentiful.

The Provincial Government at its last meeting decided to allow a short open season for partridge and proclamation appears in the Royal Gazette of this week. The action was taken because of the great increase in the numbers of partridge which are declared to be plentiful in all parts of the province.

Further C. N. R. Curtailment.

The C. N. R. has notified shippers in Fredericton and other places that after July 21st, next Sunday, there will be only a bi-weekly freight service between Fredericton and New-castle instead of daily. The cause of the curtailment is slack business. With improvement in conditions the daily service will be restored.

To Reduce Regulars

Word has been received from Ottawa that the Permanent Force of Canada will be reduced by 350 men, which is a cut of about 10 per cent. It is not known as yet just how the cut will effect the various corps, as each department will be issued with separate instructions.

Forest Fires Out.

The night's rain was general, extending practically all over the province, and in the opinion of officials of Department of Lands and Mines the forest fires that have been raging for the past few weeks are now all out. They will be watched for further outbreaks however, but a few more days' rain should make even this unnecessary.

School Board Fined

A fine of \$25 and costs was imposed Thursday by Magistrate T. Sherman Peters on a Queens county board of school trustees for failing to heed an order from the Queens County board of health to remove unsanitary conditions which existed in their school. The magistrate in giving sentence, told the school trustees that the trust vested in them was one of the most important duties they would ever be called upon to discharge and said he was inclined to fine them \$200 and costs. At the request of the prosecution, conducted by Dr. William Warwick of St. John, a fine of \$25 was imposed and allowed to stand.
