McBRIDE'S BAD BREAK

Sir Richard McBride at a recent Ottawa Canadian Club banquet, broke all rules of decency and courtesy in order to advertise his allegiance to the Borden naval contribution idea. Sir Richard was not ever thus, but it took him longer to turn a back somersault from the unanimous position of 1909 than such agile politicians as Premier Borden and Hon. Mr. Foster.

In a speech at Vancouver on August 9, 1912, Premier Sir Richard McBride of British Columbia, said:

"Here we have the responsibility of guarding the portals of the Dominion and we should be all the readier to show that we realize the responsibility in this regard and our readiness to act of need rises. There are even now being erected or proposed costly railway terminals and big industries will follow these. Factories and warehouses are springing up. IF WE PROPOSE TO SECURE THE SAFETY OF THESE TREMENDOUS INVESTMENTS WE MUST BE SURE OF ADEQUATE NAVAL STRENGTH."

The same responsibility exists today of guarding the western portals of the Dominion. The same necessity of protecting the tremendous investments on the British Columbia coast exists today. By what species of political legerdemain did Premier Borden induce his picturesquely following from the Pacific Coast to swallow his opinions and common sense in order to join the "Canada Can't" contribution crowd?

A MARKET FOR HAY

The following under the caption of "The Hay Situation," appeared in a recent issue of the Montreal Trade Bulletin and may be of unusual interest to many of the Tory agitators who went from one end of the country to the other shouting with tears in their eyes that if Canadians voted for Reciprocity they were voting for the separation of Canada from the Mother Country. "Canadian farmers are receiving the full benefit of the reduction of \$2.00 per ton in the American tariff already."

It is quite evident from the foregoing paragraph that Canadian farmers are shipping hay to the United States and are getting better prices than they receive at home. But will our preparationist friends claim now that our farmers are disloyal? Not a bit of it, they are as dumb as the proverbial oyster.

In reciprocity the Canadian farmers would not only have had a market in which to sell, but the Canadian consumer would have had a better market in which to buy food stuffs which are not grown in our fair country. The farmers who voted against Reciprocity in the election of nine hundred and eleven are just awakening to the fact that a great mistake was made.

The Foundations Company Limited have completed work on the new pier for the draw-span of the highway bridge. The work was done on a percentage basis and is going to cost the province fifty thousand dollars. What have we to show for this large expenditure of public money? Nothing but a granite pier, which replaces one built at a cost of \$9,000.

Hon. Robert Rogers boasts that he can win elections until he has become known as the "Minister of Buy-Elections!" He was particularly active in the 'Macdonald, Richeu and Chateaugay by-elections, where money was much in evidence, but no one ever heard the Hon. Mr. Rogers ever making a speech in any of these ridings. Hon. Mr. Rogers knows of arguments that speak louder than words, especially in elections and election courts.

OFFENSE ACKNOWLEDGED

The case of William Wall charged with a third offense against the Canada Temperance Act was before the police court this morning. The offense was acknowledged through counsel, P. J. Hughes, but first and second offenses were not admitted. Adjudgment was made till Tuesday morning to permit of certificates of previous convictions being prepared.

WEAKNESS AND PALPITATION OF THE HEART.

When the heart begins to beat irregularly, palpitates and throbs, skips beats, and sometimes seems to almost stop, it causes great anxiety and alarm.

Many people become weak, worn and miserable, and are unable to attend to either social, business or household duties.

Milburn's Heart and Nerve Pills are a specific for all weakness and heart disorders, and are recommended by us with the greatest of confidence that they will do what we claim for them.

Mrs. George Burridge, Cobocook, Ont., writes:—"Just a few lines to let you know what Milburn's Heart and Nerve Pills have done for me. I have been troubled with weakness and palpitation of the heart. I tried many remedies but got none to answer my case like your pills did. I can recommend them highly to all with heart or nerve trouble."

Milburn's Heart and Nerve Pills are 50 cents per box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

EVER HAVE CRAMPS, NAUSEA, VOMITING?

THEN USE NERVILINE

For Stomach Pains and Cramps No Remedy so Prompt as Nerviline

A WESTERNER'S EXPERIENCE RELATED

"It's in an unsettled part of the country like our far west that proves how valuable Nerviline is in the home," writes Mrs. Patrick M. Dehane, from Fort Saskatchewan. "Chills are frequent—a hot drink of Nerviline sends life circulating through the body in three minutes. Cramps or sudden illness at night is one of our terrors. No druggist or doctor is near but if Nerviline is handy you can get relief. The worst cramps Nerviline has cured in my children in half a minute. I don't think any farmer's wife has any right to be without the protection of Nerviline. In our family we use it for a hundred ills and it cures them all. One night one of my kiddies had earache and the other toothache. Without Nerviline no one could have slept—I applied it as directed, and the children's pains disappeared. My husband uses Nerviline for lame back, rheumatism, aching joints and all sorts of pains. It is as good inside as outside and is as much a part of my home as my kitchen stove."

You find a thousand uses for a good family remedy like Nerviline. Get the 50c. family size bottle; it's more economical than the 25c. trial size. Sold by all storekeepers and druggists, or The Catarrhzone Co., Buffalo, N.Y.

THE CHOIR DISROBED

Moncton Transcript—The Methodist people up in Fredericton ought to explain to the general public just exactly what is happening in their Church. It appears that the other day in The Fredericton Methodist Church they had a Thanksgiving service, for which the Church was elaborately decorated with the products of field and orchard. The report in The Wesleyan has this extraordinary statement:—

"To remove sombreness from the scene, the choir disrobed at the morning service."

If this be so, the situation produced would have made even Adam and Eve blush.
