

A WOMAN'S HEALTH NEEDS GREAT CARE

When the Blood Becomes Watery a Breakdown Follows.

Every woman's health is dependent upon the condition of her blood. How many women suffer with headache, pain in the back, poor appetite, weak digestion, a constant feeling of weariness, palpitation of the heart, shortness of breath, pallor and nervousness? Of course all these symptoms may not be present—the more there are the worse the condition of the blood, and the more necessary that you should begin to enrich it without delay. Dr. Williams' Pink Pills are a splendid blood-building tonic. Every dose helps to make better blood which goes to every part of the body and brings new health to weak, despondent people. Dr. Williams' Pink Pills are valuable to all women but they are particularly useful to girls of school age who become pale, languid and nervous. There can be neither health nor beauty without red blood which gives brightness to the eyes and color to the cheeks and lips. Dr. Williams' Pink Pills build up the blood as is shown by the experience of Mrs. Jos. E. Veniotte, West Northfield, N. S., who says: "For several years I was in a bad state of health. I was pale and nervous, my appetite was poor, and I suffered from weakness, headaches and a feeling of oppression. I got so nervous that I was afraid to stay in the house alone. All this time I was taking medicine, but it only did not help me, but I was growing weaker. Finally I decided to try Dr. Williams' Pink Pills, and after using six boxes I felt much better. I had a better appetite, slept better and felt stronger. However, I continued taking the pills for a couple of months longer and now I am feeling as well as ever I did. I give all the credit to Dr. Williams' Pink Pills, and hope that my experience may be of benefit to some other weak woman."

You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

If a man accepts your advice, acts upon it, and comes out the little end of the horn you'll hear from him. If he follows your advice and succeeds you won't hear from him.

CHICK WITH FOUR LEGS

Harrisburg, May 15—A little chick with four legs, two of which go forward and the other two backward, caused C. H. Crouse, of Penbrook to think his eyesight had gone bad today. Crouse was relieved when he saw other chicks fleeing from the strange sight.

According to Crouse, who kept the chick under observation after he made the strange discovery the four-legged fowl can travel fairly well except when it becomes excited.

Then the legs fail to work in unison and the chick finally become exhausted from the exertion of trying to go forward with the front legs, while the back legs persist in going the other way.

The Forestry Car.

The demonstration car of the Canadian Forestry Association which is covering the lines of the C. N. R. in New Brunswick was visited by eight hundred people at Doaktown on Thursday. Today it is at Boiestown. The car will arrive in Fredericton at noon Saturday and will be open to the public Saturday afternoon and on Monday. The pupils of the public schools of Fredericton will attend two Fire Protection meetings in the Opera House at 9.30 and 10.30 Monday morning and at 11.30 the Normal School students will attend a similar meeting. Three addresses of five minutes duration are to be given by prominent men. The Department of Lands and Mines is interested in impressing the public with the value of forest preservation.

Lima Beane says the pleasure of contemplation doesn't apply in the case of a cold bath.

In divorce cases the children are the innocent bystanders and we can't think of anything more pathetic.

MANY FAIRIES IN GREEN ISLE

There still are fairies in Ireland declares the Ulster Folklore, which explains by saying: To many, perhaps this statement will be really news. Of course, anyone who has never taken any interest in the matter at all knows that in the days gone by there were plenty of them from one end of the green isle to the other—are not their old haunts, the thorn bushes, their paths, forts, coves and souterrains still to be found in every corner of Ireland just as they have existed since time out of mind?

But it has been the general belief that the fairies themselves long ago, in one fashion or another, had forsaken or been driven from their secret places, the last being placed at as modern a period as the middle of the nineteenth century—the night of the big wind, in fact when they were all supposed to have been blown into the sea with the exception of a few that landed in Scotland.

The error of that belief, however has been scientifically ascertained in a series of investigations pursued by Miss Elizabeth Andrews, F. R. A. I., for a decade or so.

"The belief is general," Miss Andrews says, "that these little people were at one time very numerous throughout the country, but have now disappeared from many of their former haunts. At Ballynahinch I was told they had been blown away 50 years ago by a great storm, and the caretaker at Killybeg said they had gone to Scotland. They are, however supposed still to inhabit the more remote parts of the country, and the old people have many stories of fairy visitors and of what happened in their own youth and in the time of their fathers and grandfathers."

Hydro Work.

Hon. Dr. E. A. Smith, chairman of the N.B. Electrical power commission speaking of the work at Musquash, says he was very well pleased with the progress made, but the commission had requested the contractors to take on even more employees so that the storage dams might be constructed before the dry season. It is his intention to visit Musquash every week until the work is well completed.

Small Fire This Afternoon.

An alarm from box 24 called out the firemen at about two o'clock this afternoon for a small fire at the dwelling in Campbell street occupied by Mrs. John Campbell and her daughter Mrs. Ames. The blaze was in the shingles of a shed and was quickly extinguished.

Every sweet universal sentiment runs the grave risk of being blasted by avaricious commercialism.

Cook's Cotton Root Compound.

THE IDEAL TRAIN FOR BUSINESS MEN.

The Canadian Pacific have announced, effective May 1, a new train service between Montreal and Hamilton and other upper Canadian cities. This train will consist of electric lighted standard sleeping and buffet compartment cars and standard coaches, and will operate between Windsor Street Station, Montreal, Yonge Street Station, Toronto, and T. H. & B. Station in Hamilton.

Train will leave Montreal (Windsor station) daily except Saturday, at 9.30 p. m., arrive at Toronto at 7 a. m. and Hamilton at 8.50 a. m. the following morning. In addition there will be a thorough standard sleeping car from Ottawa (Spark street) at 10 p. m. to Hamilton. Returning, passengers leave Hamilton at 8 p. m., Toronto at 10 p. m., arriving at Montreal at 7.30 a. m., and Ottawa at 7.15 a. m. next morning.

"I'll Tell the World" IT was in the spirit of "pass the word along" that Frank E. Johns, a well-known Montreal traveller, penned the following letter:

"Now I am going to give you an unqualified testimonial. Heretofore I have had a profound contempt for patent medicines, particularly so-called liniments. One day last fall after a hard day's tramp in the bush, I developed a severe pain in my legs and like a man who has never had anything wrong with him physically, I complained rather bitterly. The good little wife says: 'I will rub them with some liniment.' 'Go ahead,' I said, just to humor her. Well, in the comes with a bottle of MINARD'S and get busy. The pain disappeared in a few minutes, and you can tell the world I said so."

TRANS-CANADA LIMITED

QUICKEST TIME ACROSS THE CONTINENT

The Trans-Canada Limited, the fastest train between Eastern and Western Canada and the Pacific Coast, reaches Fort William in 30 hours, Winnipeg in 42, Regina in 53, Calgary in 67, and Vancouver in 92 hours.

PROPERTY DAMAGE

Another risk you run is that your car may injure or destroy property belonging to others. Such accidents are as likely to occur as those involving personal injuries.

There are all sorts of possibilities in this line, ranging from a collision with another vehicle to the breaking of a fence or garage door. Even spattering a woman's gown with mud is sufficient basis for a damage claim.

OUR DAMAGE INSURANCE PROTECTS YOU against such claims, just as effectively as our Liability Insurance does against claims for personal injuries. It covers claims for damages on account of injury to or destruction of property belonging to others, except such as is carried on the car. Call and see us.
