THURSDAY, MAY 19

A BIG AMERICAN.

The New York Herald pays the following tribute to the late Hon. Franklin K. Lane, secretary of the Interior in President Wilson's Cabinet, who passed away a few days ago.

It has often been said that if Franklin K. Lane, whose untimely death yesterday shocked the people of the whole country, had been born in the United States—he was a native of Prince Edward Island—he would have stood a good chance of becoming President. It is useless to speculate on this, but it is a fact that he possessed the straight-forwardness, the unquestioned honor, the amiability and the gift of leadership which are associated with great political masters. With these characteristics Mr. Lane was a lovable man; he drew to himself the affections of those he met, as well as their respect. He liked men, liked to meet them, to talk with them, to listen to them, and no trace of intolerance or arbitrariness marred his dealings with them. He could laugh at the failings of the great without forgetting or belittling their greatness; he could recognize a gem of wisdom in the mind of a fool without being blinded by it to his folly.

A good and useful citizen, Franklin K. Lane's talents were given to the country in full measure over a long period of years. His services were worthy of his fine mind and his great heart.

The late Franklin K. Lane was a native of Prince Edward Island, and the son of a medical doctor, but the family removed to California when he was three years of age. Before entering politics he had a successful career as a journalist.

Dr. Edwards, M. P., in his speech at Nashwaakisis praised the Meighen Government for rescinding an order of the Board of Commerce fixing the price of sugar. We would advise the doctor to reserve that kind of talk for the marines. Everybody knows that the price of sugar was maintained at the top notch in Canada last year until after the preserving season was over. Then the Board of Commerce, a body composed entirely of officials of the Dominion Government, started the country by making an order fixing the price for the balance of the year at double the selling price in the United States. It is true that the order was afterwards rescinded by the government, but the con didn't come down until after the people were heard from. The government was anxious to help out the big refiners but contracted cold feet.

On two occasions during the present week Premier Meighen has found it necessary to deny from his place in parliament that he directly or indirectly offered a place in his cabinet to Hon. Mr. Veniot. Hon. Mr. Veniot is on record as stating that such an offer was made to him by a prominent conservative and that the latter exhibited to him a letter on the subject signed by Premier Meighen. There is not the slightest doubt but that Hon. Mr. Veniot states what is true.

It is a well known fact that Mr. E. W. Stairs the Progressive candidate in York-Sunbury was offered a nomination for the Legislature in the Conservative interests in October last. He declined to accept it but ran on the Farmers' ticket and went down to defeat. Today some of the very men who urged Mr. Stairs to run for the Legislature on the Conservative ticket are going about telling the people that he lacks the ability to serve the constituency in the Federal Parliament. Constituency thou art a jewel.

That Canada has got pretty far from responsible government is shown by the fact that no less than three members of the Meighen Cabinet have seats in the Senate and are not responsible to the people. The

CREEPS INTO THE SYSTEM JUST LIKE A SERPENT.

Like a thief in the night it steals through the system—that's how Catarrh acts. On't trifle with such a scourge. Time and experience have proved that Catarrhazone is a wonderful remedy for all Catarrhal and Bronchial troubles. You don't take any drugs, you just inhale the sweet soothing vapor of Catarrhazone which is laden with balsamic essences that heal, relieve and ease the sufferer. To strengthen the throat, to sweeten the breath, to stop nasty discharges, to drive out Catarrh, colds and weakness in the throat, use Catarrhazone. Two months' treatment one dollar, smaller size 50c., all dealers, or the Catarrhazone Co., Montreal.

list comprises Hon. Gideon Robertson who recently visited York-Sunbury, Hon. P. E. Blondin and Sir James Longhead. For a time following the resignation of Sir Robert Borden, Mr. Blondin was the only Minister east of Montreal.

The salary paid Hon. T. A. Crerar by the Western Grain Growers' Association of which he is manager, has been made an issue of the campaign in York-Sunbury. It is alleged that Hon. Mr. Crerar is in receipt of \$15,000 a year and on one occasion the company, which is a co-operative organization of western farmers, earned a profit of 1030 per cent. If this is so we would say that Hon. Mr. Crerar is well worth the salary he receives.

It is pretty generally conceded that organizer Irvine had decidedly the best of Dr. J. W. Edwards, M. P., in the joint debate at Nashwaakisis a few nights ago. The windy doctor must have been dumfounded when he saw a group of stalwarts pick up Mr. Irvine and carry him from the hall on their shoulders like a conquering hero. It all happened to in a hitherto Tory stronghold.

Dr. Edwards, M. P., in his Nashwaakisis speech accused the Liberals of supporting Mr. Stairs on the sly. The doctor will find out if he remains in the constituency long enough that hundreds of conservatives are going to vote for Mr. Stairs and they are not going to be anyways sly about it either.

The election in Yamaska, Quebec to fill the vacancy caused by the death of Mr. Gladu will take place on the 28th. The Government candidate is Mr. A. A. Mondou, a fiery Nationalist who sat in Parliament from 1911 until 1917.

The new taxes put on by the Meighen Government hits the poor man in two ways. He buys his flour in 24 lb. bags and has to pay the tax. He buys rolled oats for his porridge and has to pay the tax. He also pays an extra tax on the tea and coffee he drinks.

In connection with the now celebrated Wigmore letter it might be explained that the senior member of the firm of Nagle and Wigmore is Mr. Thomas Nagle of Valley Railway fame.

Emphasis is being laid on the fact that Premier Meighen is to speak in Fredericton on Empire Day. With our Tory friends an election without the old flag would be like the play of Hamlet with Hamlet left out.

FRED. HAZLETT LOST HIS LIFE

(Continued From Page Eight.)

The deceased young man was aged thirty-two years. He is survived by his parents, Mr. and Mrs. Samuel Hazlett seven sisters and three brothers. The sisters are Mrs. Roy Dingee, of Lynn Mass., whom the mother is visiting; Mrs. Herbert Morgan, of Devon; Annie, Susie, Gladys, Valerie and Grace. The brothers are William, of West Enfield, Me., Gordon and Charles of Devon.

Inquest to Be Held.

Dr. B. M. Mullin, coroner, was summoned to Victoria Hospital when death occurred and Chief Finley empaneled the following jury:—H. S. Campbell, foreman; H. B. Colwell, A. McM. Staples, Joseph Walker, E. H. Clarkson, J. Herbert Maxwell, J. Arthur Thompson. The body was viewed and the inquest will begin next Wednesday night.

Police Searched For Anderson.

Last night the police kept a watch for both Anderson and Toner who had disappeared immediately after the crash. At about midnight they received information that Anderson was at his home in Woodstock Road. They went there but were passed on the road by a car which stopped at the Anderson home and took aboard a man who is supposed to be the one wanted. The car then went westward along Woodstock Road at a high speed.

Toner Makes Statement.

This morning the police learned that Toner was at the Anderson home in a battered condition. Toner made a statement which was previously, to the effect that he was stunned by the crash. He also was severely cut and bruised about one eye. That gave rise to a story that he would lose the eye. Toner stated that he and Anderson made their way up the track to the path which goes toward the University. They went up it and circled back, crossing College Road and approaching the scene of the accident by way of the Crockett property. Later they came to the Anderson home.

Liable to Serious Charge.

Those acquainted with the legal aspects of the case state that the death of Hazlett makes the driver of the car liable to a charge of manslaughter because of the fact that the trans-

BOILS SO BAD

HAD TO GIVE UP WORK

From the days of Job up to the present time, boils have been one of the afflictions of the human race.

All the poulticing and lancing you may do will not prevent them from breaking out again.

Boils are simply caused by the bad blood bursting out; and the bad blood must be made pure before the boils will disappear.

Burdock Blood Bitters, which has been on the market for over forty years, is well known as the greatest blood medicine procurable.

It purifies the blood by removing every particle of foul matter from the system and when this is done the boils vanish and you should never be troubled again.

Mr. James Fahey, Newport Island, Que., writes: "I was troubled with boils on my back and neck, so bad that I was obliged to give up work. I tried several remedies, but got no relief. Finally I went to a doctor and he treated me for several weeks, and all without benefit. At last a friend told me of Burdock Blood Bitters, so I decided to give it a trial. I got three bottles, but before I had taken two the boils were all gone. It is eight months now, and I have had no return of the old trouble, and have never felt so well."

B. B. B. is put up only by The T. Milburn Co., Limited, Toronto, Ont.

ST. JOHN MAN SUGGESTED

(Continued From Page Five.)

ly be arranged, but until I had something more definite he did not wish to say more than he would be glad to see me after my interview with you."

To this letter Mr. Wigmore replied on January 10, saying that he regretted having been unable to see the St. John man, but that he would be home again before the end of the month, when he would endeavor to make a personal appointment with him. There, apparently, the correspondence ended. There were no further letters on the subject, it was said, and Hon. R. W. Wigmore said that he had not written to any one nor seen anyone in the matter after that date.

Many things are wrong, but the world must be grateful that the movies have not learned to talk.

portation of liquor was a violation of another law.

Chief Finley stated early this afternoon that he knew nothing of the whereabouts of Anderson.
