FREDERICK HAZLETT LOST HIS LIFE WHEN CAR CRASHED AGAINST TREE NEAR SALAMANCA

Young Devon Man Was Being Given Lift by Guy Anderson and Joseph Toner—Died in Hospital Without Regaining Consciousness—Car was Running Liquor from St. John to Maine Points—Remainder of Liquor Seized by Inspectors and Car Seized by Customs—Toner Injured, Anderson Not Yet Located by Authorities.

The most tragic incident which has occurred in Fredericton in a long time was the fatal accident on the high road near Salamanca station at about four o'clock Friday afternoon when Frederick Hazlett of Devon received injuries which resulted in his death in Victoria Public Hospital a few minutes after he reached that institution. He was in a Mitchell roadster bearing the State of Maine license plate No. 47-676 driven by Guy Anderson of this city and also containing Joseph Toner of Fredericton. Taking a fairly sharp turn in the main road at the foot of Forest Hill, Anderson according to the statement made by Toner, turned out for a car and the wheels striking loose gravel on the outer edge of the curve threw the car out of control. It cut clean through a pole supporting street lighting wires and went off toward the property of W. J. Scott at the right of the road. A big birch tree kept the car from going into a fairly deep gully. Hazlett was thrown out of the car and was caught beneath it and between it and the tree. It is believed that he never regained consciousness after the crash. Toner was thrown out and lay on the ground. Anderson picked him up and carried him a distance according to Toner's statement and then he came to sufficiently to walk. Toner says he knew nothing of the position in which Hazlett was.

Running Liquor to Maine.

The car was carrying a valuable cargo of liquors of high grade chiefly Haig & Haig Scotch Whiskey and Gordon Dry Gin. This fact accounts for the abandonment of the car immediately after the accident. Some of those early on the scene of the accident got away with many bottles of liquor but in spite of theft and breakage prohibition officers secured a considerable quantity. The destination of the liquor is believed to be in Maine.

Hazlett Taken From Wreck.

It was some time before word th main part of the city that the ac-

cident had occurred. Patrolman Ford Yerxa and Sub-Inspector Fraser Saunders with a party of volunteers went to the scene by motor. By that time an effort was being made to move the car by means of a team of horses and a line. Soon afterward at the suggestion of Patrolman Yerxa bystanders tried to lift the car and finely succeeded. Dr. Holden and Dr. Ross, arrived and the injured man was ordered taken to the hospital, a fire department truck being used.

Car and Liquor Seized.

Chief of Police Finley and Sub-Inspector Saunders seized the liquor which was in the car and the few bottles which were scattered on the ground. John Chase of the Customs Department seized the car for violation of Canadian customs regulations. It now is at the Fredericton Garage. The right side and top are smashed and the radiator also is smashed. People who saw the car shortly before the crash say it was travelling at a high rate of speed, and it must have struck the light-pole with terrific force. The seized liquor almost filled three barrels. A cap and overcoat property of occupants of the car, were seized by Chief Finley who also took New Brunswick License plate from the interior of the car. Records show that the plate, which is No. 12,569, was issued to William Coates of Rothesay. How it happened to be in the car is unknown. This particular car has been about Fredericton for at least a fortnight past and had been under suspicion of being used for running liquor from St. John to points in Maine. It evidently was making one of its trips on Friday.

Victim Not Running Liquor.

The victim of the accident was not connected with the rum-running. He had been engaged at Ennisville working on a government construction contract for Oliver Staples. The others gave him a lift in the car as he wished to come home for the week-end. There is marked sympathy for the bereaved relatives who are numerous.
