Telephone No. 1111 and 1112

Fredericton, N. B., October 15, 1913.

TRUCK WITH THE YANKEES

What will the Borden government do with regard to wheat, flour and potatoes? Under the present Canadian tariff there is a duty of twelve cents a bushel on wheat, sixty cents a barrel on flour and ten per cent. ad valorem on potatoes. The new United States tariff provides that with countries admitting American wheat, flour and potatoes free they shall be put on the American free list. To countries charging a duty on the American product there shall be a countervailing duty of ten cents a bushel on wheat, forty-five cents a barrel on flour and ten per cent. on potatoes.

Wheat is Canada's chief product. It employs two million Canadians, and this year will provide over one-third of the Dominion's exports. Anything which interferes with the flow of this grain from the farm to the ultimate consumer means direct and inevitable loss to the Canadian grain growers—therefore, to Canada. It would be absurd to imagine that Canadian wheat growers need a twelve cents a bushel protection against foreign wheat. It should be as absurd to imagine that Canadian millers need protection for their industry, with the finest wheat in the world at their door and equal opportunity for economical milling and shipping.

Sir William Whyte, one of Canada's greatest transportation experts, declares that there is grave danger of grain congestion between Fort William and Montreal. Grain growers and shippers know that there always has been grain congestion on the Canadian railways every fall.

The remedy is obvious. With the duty taken off Canadian wheat and flour—the two articles in which Canada stands pre-eminent—the way will be open to send Canadian wheat through the States without difficulty and to sell it without taxation in the United States flour centres for mixing with the soft Southern wheat. The result would immediately be better prices for Canadian wheat, a steadier market and better access thereto.

Will the Borden government do anything? The indications are that it will not—it is too firmly under the control of the protected interests. The Canadian duty can only be taken off by parliament. Premier Borden has recently intimated that he sees no reason why parliament should be called until next January. It is announced by government organs that next session will not likely witness any revision of the tariff because Hon. W. T. White is a "strong believer in tariff stability." So is every beneficiary by a high tariff. It is the farmers and the consumers, who have to pay the tax, who agree with the Liberal party's demand for a general scaling down of the tariff. The wheat growers of the west and the potato growers of the east will this fall find in their purses powerful arguments for the speedy return of the Liberal government.

Halifax Chronicle—Mr. Borden is fond of misquoting what Sir Wilfrid Laurier is supposed to have said in 1891. It may be well to remind Mr. Borden that he was an ardent supporter of the Liberal party at that time, led by Sir Wilfrid Laurier, and had only a short time previous thereto penned a highly flattering and commendatory address to the man he now condemns. It was only in 1896 that Mr. Borden joined the Tory party, under pressure, and at a time when decent men were leaving it. There is still in existence the minute book of the Young Men's Liberal Club with Mr. Borden's signature affixed to a declaration that he was a firm supporter and would remain a staunch upholder of Liberal principles. It does not lie in Mr. Borden's mouth to charge anyone with inconsistency when his own record is so vulnerable. It would be interesting if he could be prevailed upon to explain the "pressure" under which he for the first time polled a Tory vote, if he did so, in 1896.

The announcement is made in a local paper that Secretary Blair of the Public Works Department, has been offered a lucrative position with the Foundation Company Limited and now has the matter under consideration. Should he decide to accept it will be looked upon by one section of the Tory camp as a great victory for Mr. Pinder.

GOLDEN WEDDING

(Continued from page eight.)

lives. Mr. Rossborough served several terms in the City Council, as alderman for King's Ward. Besides being prominent in civic politics, he also has been active in the Orange Order. He is a Past County Master and prominent in the Royal Black Knights and the Prentice Boys. He is a stone-mason by trade and though advanced in years, still follows that occupation.

THREE GENERATIONS.

There are three generations of the descendants of Mr. and Mrs. Rossborough. Five children, sixteen grandchildren and eight great grandchildren. The children with one exception and the grandchildren will attend the reunion tonight. The children are Mrs. Oliver Smith, Mrs. J. M. Chappell and Miss Ella Rossborough of this city, R. B. Rossborough of Edmonton, and Mrs. Geo. Chappell of Vancouver. R. B. Rossborough, manager of the Edmonton branch of the Bank of Nova Scotia, has been unable to come east.

Ex-Ald. and Mrs. Rossborough were married in this city October 15, 1863, by Rev. Dr. Brook, minister of St. Paul's Presbyterian Church.

MUNICIPAL ELECTION

(Continued from page one.)

Shediac—A. T. LeBlanc, Liberal, Mugridge, Conservative—a gain of one seat for the Liberals.

Botsford—Allen and Gould, both Liberals, another gain of one. Westmorland—Siddall and Smith, both Conservatives, no change. Sidall had a tight squeeze.

Dorchester—Hickman and Melanson, both Liberals, by about 200 majority.

The road administration was the issue mainly responsible for the Liberal victory, but of course there were other causes of dissatisfaction with the local government. Tonight Liberals are jubilant—and they say good organization all over the province now would mean the defeat of the local government.

HAVING FINE WEATHER.

Mr. F. B. Edgecombe today received the following wireless message from his son-in-law, Mr. R. H. MacCunn, now en route to the Old Country with his bride:

Via S. S. Laurentide, S. S. Gramplan, Belle Isle and Cape Race: F. B. Edgecombe, Fredericton, Fine weather, mid-Atlantic, both well. MacCUNN.

EXTENSION OF

(Continued from page eight.)

which runs through the Old Racecourse has been used to some extent in street making and the Street Department will probably use more this fall in building up the new streets nearby.

MR AND MRS. KITCHEN LEAVING FOR VANCOUVER

Mr. and Mrs. Willard Kitchen will take their departure for Vancouver this evening and it is their intention to reside there in future. They will stop at several cities while en route and expect to reach their destination in about ten days. The departure of Mr. and Mrs. Kitchen and family from Fredericton is deeply regretted on all sides. Mr. Kitchen, who is a successful contractor, has given freely of his time and means for the public good. He has served on the School Board, has been a hospital trustee and one of the bulwarks of St. Paul's Presbyterian Church. His departure is a loss not only to Fredericton but to the Province of New Brunswick, which is proud to claim him as one of its most distinguished sons. The Mail, while regretting Mr. Kitchen's departure from Fredericton, heartily congratulates Vancouver on the valuable acquisition it is making to its citizenship.

COUNCILLORS ELECTION

"The election for councillors took place on Tuesday at Johnston, Queens county, resulting in a great Liberal victory, the leading Liberal candidate defeating the highest Conservative by forty-four votes. The second Liberal was only five votes behind the first." The elections were of keen interest and were hotly contested. The ballot stood: G. M. Thorne (Liberal), 126; S. C. Perry (Liberal), 121; A. H. G. Vradenburgh (Conservative), 88; C. Edwin B. Ivey (Conservative), 73.

WHEN APPETITE FAILS AND DIGESTION IS BAD

There is Danger Ahead for the Man That Neglects Nature's Warning

Dyspepsia Tendencies are Serious and Should Be Treated Accordingly

There is a strong moral in the statement of James Schrum of Pleasant street, Dartmouth, N.S. Like thousands of people he was failing in health because his stomach and digestive organs were out of repair. His vitality was slipping away; he was losing ground every day.

"I could not have held on much longer. I was wasting away simply because no remedy I used gave tone and strength to my stomach. The vital forces of my system seemed dead. I was advised to try Dr. Hamilton's Pills. What hidden weakness they searched out I don't know but in a miraculous way they have made a new man of me. My stomach troubles are cured, rich blood now runs through my veins—clear skin and unmistakable evidences of health and vigor I feel every day. Dr. Hamilton's Pills have certainly mastered the secret of ruring the sickly enervated man and I strongly urge everyone in failing or lost health to use this grand remedy."

Dr. Hamilton's Pills of Mandrake and Butternut are purely vegetable—25c. per box, five for \$1.00, all druggists and storekeepers, or postpaid from the Catarthozone Co., Buffalo N.Y., and Kingston, Ont.

AT THE GEM

A extra good program at the Gem including a two part American entitled "Truth in the Wilderness" featuring Warren Karrison supported by an able cast in a thrilling romance. Also a Majestic drama and a Thanhouser comedy and one other.
