# WHEN SCIATIC PAINS BURN LIKE FIRE RUB IN 'NERVILINE'

It Kills the Pain, Cures the Suffering  
Destroys Every Trace of  
Sciatica

READ THIS INTERESTING LETTER

"I think you ought to make your claims stronger about the marvellous power of Nerviline on Sciatica and Lumbago." This is how Mrs. A. C. Corrigan opens her letter, written from Victoria. "So many people are suffering and so few get proper treatment that I am anxious that thousands should know of how Nerviline cured me. Sciatica is just about the most awful pain humans are called upon to bear and in my case there was at times the additional misery of Lumbago. Nothing attracts attention to particular forms of suffering like personal experience and that is why I am so enthusiastic about Nerviline. I had the luck to use the right remedy (Nerviline) almost at the beginning and cleaned it right out of my system. But most people use the wrong remedy and get Sciatica in chronic form. Nerviline eases the pain at once and stops the inflammation before it becomes chronic. I say that a liniment that has power enough to kill the pain of Sciatica is a remedy everybody should know about for it would snuff out in a wink little ailments like Neuralgia, Lumbago, Strains, Tired Muscles and inflammation from cold." No home should ever be without Nerviline - get the large 50c. family size; trial size 25c. at all storekeepers and druggists, or The Catarhizone Co., Buffalo, N.Y.

favor of the city bands for the balance due them for open-air concerts.

## PETITIONS.

A petition of Henry W. Currie for relief from assessment was referred to the Appeals Committee.

With regard to the petition of Nathan Squires and H. P. Baird that new streets be opened through their properties from York to Regent streets, Ald. Mitchell moved that the city take the necessary steps to open the streets.

The "hardy annual" the suggestion of the County Council to discuss the reapportionment of the Administration of Justice payment between city and county came up in the form of a communication. The letter stated that a committee of the County Council had been appointed to take up the matter with a similar committee of the City Council.

Ald. Widdall, who had been chairman of a joint committee which previously had met to consider this matter, stated that nothing had been accomplished.

On the motion of Ald. Clark, seconded by Ald. Mitchell, the Administration of Justice Committee was empowered to act in the matter.

## THE EXHIBITION.

Under the head of new business, Ald. Farrell said that it gave him great pleasure to be able to refer to the success of the Fredericton exhibition. Merchants never before had realized the great success of the exhibition until this year. Large numbers of people had been brought to the city and had spent their money freely. Several civic departments had carried out their work in connection with the exhibition in excellent fashion. The officers of the association were to be congratulated. He thought the opportunity to congratulate the secretary an excellent one. Personally, he thought the civic grant of \$2000 well spent and would favor making it an annual grant.

Ald. Mitchell, speaking in the same vein, mentioned the fact that a delegation from the Canadian Manufacturers' Association had visited Fredericton while the fair was in progress and although not having the best opportunity of viewing the exhibition had been very favorably impressed with it. The advertising opportunity had been great.

Mayor Hooper thanked the aldermen for their appreciation. The exhibition had had an attendance which showed that it was well received. The officers of the association would not know for some time how great that would be in spite of the fact that one of the newspapers had informed the public that the surplus would be \$6,000.

Ald. Clark spoke upon the advertising and commercial value of the exhibition. Certain features perhaps, had been too prominent but different people attended fairs to see different attractions.
