YORK COUNTY POLITICS DOWN TO A LOW LEVEL

St. John Conservative Organ Wants to Know Why Vacant County Court Judgeship Has Not Been Filled—All the Elements of a Scandal, it Says—A Colored Gentleman in the Woodpile.

(St. John Standard.)

The announcement that the Hon. William Wilson, ex-judge of the York and Sunbury County Courts has been appointed revising barrister in connection with the registration of electors in that constituency calls attention to a situation that is peculiar, to say the least, and one which might perhaps be enquired into with advantage.

Judge Wilson—to him the style by which he is best known—reached

the age of retirement some weeks ago, and early in March last received a notification by wire from Ottawa that he had been retired on full pension. Rumors that he had been retired had reached the Judge's ears, but he had had no intimation of any kind from Ottawa on the subject, and as he was continuing to perform his duties, he deemed it wise to ascertain his position in the interests of the validity of the proceedings then taking place before him. The telegram was in reply to his enquiry.

About a month earlier—it is said on the 10th of February—Mr. A. R. Slipp, K. C., of Fredericton received a wire from Ottawa asking if he would consent to his name going before the Cabinet for the York County Court Judgeship. Judge Wilson not having at that time any notification of his retirement, Mr. Slipp forthwith wired his consent to his name being put forward.

A few days prior to this a convention of the Conservative party in York-Sunbury had been called for the 12th February to select a candidate for that constituency to fill the vacancy caused by the death of Col. H. F. McLeod, and the name of Mr. R. B. Hanson, K. C., who happens to be Mr. Slipp's law partner, was freely mentioned in connection with the candidacy. A certain section of the party, however, had by sole process of reasoning best known to themselves, come to the conclusion that the interests of York-Sunbury had not been properly looked after for some time, and that in order that they should be, it was desirable that a business man should be sent to Ottawa as the constituency's representative. A prospective candidate of that particular persuasion was fortunately to hand in Mr. J. D. Palmer, the President of the Hartt Boot and Shoe Co., and a prominent member of the Canadian Manufacturers' Association, who was known to have entertained political aspirations of sorts for some time. He readily consented to become a candidate and his selection by the convention was looked upon as a foregone conclusion, the wing of the party supporting him pronouncing him to be "the only logical successor" to Col. McLeod.

Everything was looking lovely for the convention from a business man's standpoint, but as the results showed, it turned out to be one of those instances where a well laid scheme went awry. The idea that a business man representative was so much a necessity for the welfare of the constituency did not appear to be as generally held as some seemed to think it was, for Mr. Palmer was beaten two to one on the balloting that took place by Mr. Hanson. The result came as a great surprise to the "business man" section of the party, in fact to use a colloquialism, they got quite a jar.

And just here is where the peculiar part of the situation begins. The urgency which seemed to be apparent in connection with the offering and acceptance by Mr. Slipp of a nomination for the judgeship appeared to die away with the visit to Ottawa of some leading members of the defeated section of the party immediately following the convention, and speculation is now rife as to what is holding the appointment up. County Court business is at a standstill in York-Sunbury and Queens, as a consequence of there being no Judge to attend to it, and great inconvenience is being caused to litigants who have suits pending. Why was Mr. Slipp so urgently called by wire in the middle of February, and Judge Wilson so summarily retired on March 8th, for what now looks like no apparent reason? If there really was no urgency, it was a peculiar course for the Department of Justice to take; if there was urgency, what "eased" the situation?

The whole business seems to contain all the elements of a scandal. That something is holding the appointment up is quite evident; and if this something is due to political influences, it is highly discreditable to all those concerned both at Fredericton and at Ottawa. The position is vacant and badly needs filling, as witness the temporary appointment of Judge Wilson to perform some of the duties appertaining to it; and politics in York County must have come down to a pretty low plane if trafficking in judgeships has become an element in the game.

THE INFLUENCE OF ADVERTISING ON THE PUBLIC MIND

HOW MANY PEOPLE know the names of the highest mountain peaks in the world?

FOR INSTANCE, "Kinchinjanga" is the name of one of the highest mountains in the world. It is 28,156 feet high.

PIKE'S PEAK is only 14,108 feet high—but it gets credit for being higher because it is advertised.

ADVERTISING will bring many unknown things into prominence during the coming years.

NOW IS THE TIME, when so many articles and commodities of trade are flooding already overstocked markets, for the man with goods to sell to let the people know all about it.

THE BEST WAY to let the people know is to advertise in the newspapers.

YOU HAVE SEEN THIS in the Daily Mail—let the public know what you have to sell through the advertising resources of this newspaper.
